

UTEP University Career Center Internship Report 2017-2018

The Career Center's Internship Program manages student self-reported work experiences that may or may not be major-related, but still offer students the opportunity to gain valuable work skills. All experiences are included in this report.

Student Participation in all Work Experiences

Number of Students = 698

Number of Work Experiences* = 1050

Average Number of Students per Semester	Average Number of Work Experiences* per Semester
232	350

DEFINITIONS

Cooperative Education (Co-op) Alternating/Parallel: Traditionally an alternating co-op experience typically consists of alternating semesters of full-time study and full-time major-related work (i.e. the co-op attends school full-time for a semester, then works full-time for one semester, returns to school for one semester, returns to work one semester). A parallel co-op experience allows students to attend school and work in a major-related field at the same time. The term co-op and internship are often interchangeable as defined by the employer., but there are still a few employers that continue to have a traditional co-op program.

Fellowship: A major-related work experience for graduate students.

Full-time/Part-time: Off-campus work experience that is not a structured internship.

Intern: A UTEP student currently enrolled in at least one semester during the academic year working in a major-related work experience.

Internship: Semester-long, supervised work experience related to a student's major or career goal for which the student may or may not earn academic credit. The work experience may be part-time or full-time, paid or unpaid, and primarily in an off-campus environment. An important element that distinguishes an internship from a short-term job or volunteer work is that an intentional "learning agenda" is structured into the experience.

UTEP Student Employment: On-campus work experience that is typically not major-related.

Work Experience: Any type of job experience that provides students the opportunity to gain employment skills.

*Students may have one or more work experiences in the academic year.

YEAR-TO-YEAR COMPARISON FOR UNIVERSITY CAREER CENTER PARTICIPANTS

Academic Year	Number of Students	Change	College of Business Admin.	College of Education	College of Engineering	College of Health Sciences	College of Liberal Arts	College of Science	College of Nursing
