

## How to Set Up My VPN: Chrome OS

- 1 Go to the Google Play store on your device and search for GlobalProtect.
  - [Google Play link](#)

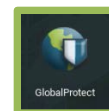

- 2 Click on the add to Chrome button.

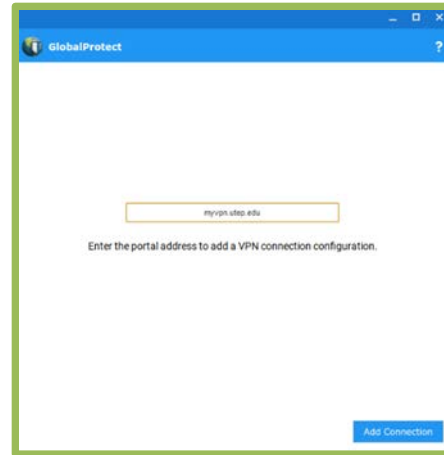

- 3 In the next window click on "Add app" button.

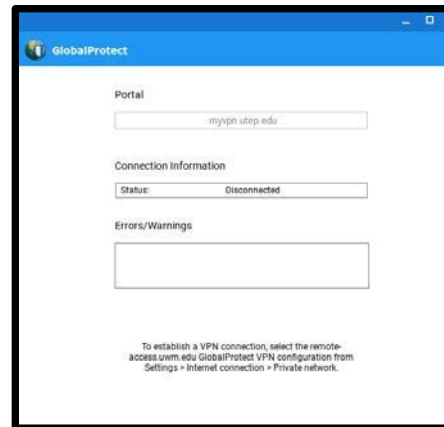

- 4 Open the GlobalProtect application in your application menu.

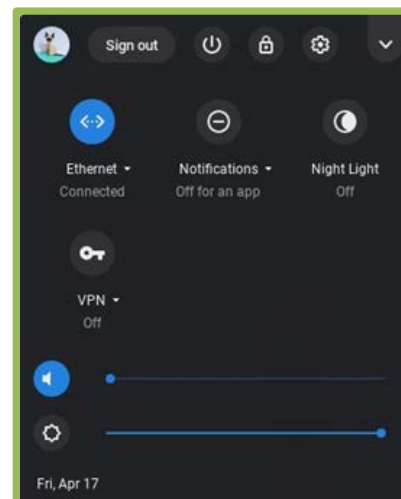

- 5 Enter [myvpn.utep.edu](https://myvpn.utep.edu) for the portal address and select Add Connection.

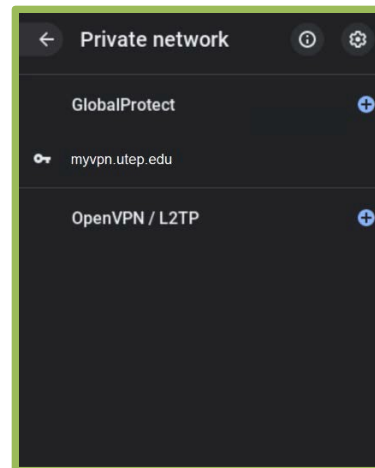

- 6 Verify your configuration is correct then close the application.

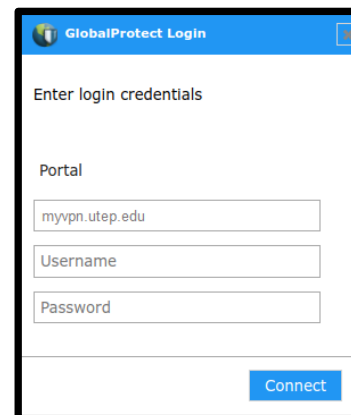

- 7 Go to the bottom right-hand corner, click on the clock, and then select the VPN button.

8 Click on the myvpn.utep.edu option under GlobalProtect

9 Enter your UTEP username and password and select Connect

10 Approve the DUO alert.

✓ You are connected.
