PART III: TITLE IV-E STIPEND AWARD ELIGIBLE POSITIONS

ATTACHMENT: Title IV-E Eligible Positions .................................................................................................... 13
Child Welfare Training Collaborative (CWTC) is the Title IV-E Educational Project housed in the University of Texas at El Paso (UTEP) Department of Social Work. CWTC is a partnership with the Texas Department of Family and Protective Services (DFPS) Children’s Protective Services (CPS) that targets graduate students for a specialized Master of Social Work (MSW) education in children and families with the goal of employment in the state CPS. Eligible CWTC students must apply and be formally admitted into the UTEP MSW Program, meet all curricular and graduation requirements, and complete their MSW degree within the allowable time frame. Applicants must also meet requirements/acceptance by the CPS key players prior to being considered for the UTEP MSW Program. Additional CWTC requirements are outlined in this guidebook.
GUIDELINES FOR CPS EMPLOYEES

A. Eligibility

1. CPS employees who are in a Title IV-E eligible position (See attachment), have been employed for one year from their hire date, and perform their work at a satisfactory level for production (performance) and attendance are eligible to apply for a CWTC stipend.

2. If only limited stipends are available, seniority may be considered as criteria for selection.

3. A CWTC stipend is awarded to a student once they have satisfied all requirements and the agreement is received as approved from CPS State Office (SO) at the beginning of a semester.

4. The student may not receive the full amount of the stipend given that it goes towards their financial aid with UTEP’s Scholarships department.

B. Payback

1. Receipt of a stipend requires a commitment to work in CPS in any region in the state of Texas, and the commitment is based on the number of semesters for which the stipend is received.

2. A semester is either a fall, spring or summer semester.

3. Employees would be committed to four (4) months of employment for every semester that a stipend is awarded and not to exceed the total amount allocated.

4. Employee’s payback (either through CPS employment or through financial repayment) begins immediately after termination of the contract, or graduation from the MSW Program at UTEP.
5. Employees who leave CPS before the end of their payback completion due to termination or resignation will be required to begin cash payback to DFPS immediately. These students must attend an exit interview with Regional Operations Support Administrator (SPA-ROSA) at which time payback arrangements will be made.

6. Students who are in the military reserve and are called to active duty must obtain a formal leave of absence from CPS and the Department of Social Work at UTEP.

C. Administrative

1. Only CPS employees in eligible Title IV-E positions are eligible to apply for the stipend, and must work in eligible IV-E CPS positions upon completion of their MSW degree.

2. CPS employees complete one (1) year of practicum outside of CPS, on their own time, outside of their normal 40-hour work week.

3. CPS employees will abide by work performance requirements and work habits outlined by CPS as a top priority.

4. The student’s academic standing at the end of each semester and upon graduation will be provided to the ROSA-SPA and State Office contract manager as part of the CPS requirements.

5. Students will be pro-active in addressing concerns/challenges with the Practicum Coordinator regarding practicum issues, with the Project Manager regarding overall issues related to the stipend contract or with their respective supervisor and the ROSA-SPA concerning work related areas.

6. CPS employee performance concerns/issues that pose a potential threat/challenge to the stipend contract will be addressed at the different levels of the CPS-CWTC process in an effort to identify any opportunities to adequately address and support the stipend recipient and will also be discussed between the CPS ROSA-SPA and the CWTC Project Manager as deemed appropriate.
Other CWTC Requirements

1. *Students are required to attend each CWTC training offered unless they have received an excused absence in advance from the CWTC Field Practicum Coordinator.*

2. *Students agree to participate in ongoing and post-graduation evaluations of the CWTC program.*
GUIDELINES FOR NON-CPS EMPLOYEES

A. Eligibility

1. Students who are non-CPS employees are now eligible to apply for the student stipend based on availability of stipend slots.

2. Must meet specific criteria as outlined by the state stipend website: https://www.dfps.state.tx.us/handbooks/CPS/Files/CPS_pg_8525.asp

3. Must also receive prior approval from their practicum placement coordinator before beginning the program.

4. If there is limited space available, selection criteria will be based on GPA and other satisfactory academic standing.

5. A stipend is awarded for a specified amount and provided in 2 or 3 separate intervals consistent with the semester, but not to exceed approved total for the academic year.

6. The student may not receive the full amount of the stipend given that it goes towards their financial aid with UTEP’s Scholarships department.

B. Payback

1. Receipt of a stipend requires a commitment to work in CPS in any region of Texas and is based on the number of semesters for which the stipend is received.

2. Stipend must be initiated in first year of MSW program; the student must remain in the stipend program until completion of MSW program.

3. A semester: Fall, spring or summer, shall be considered equal to eight (8) full calendar months for repayment purposes.

4. Part time students may receive may not exceed to total allowable amount of the stipend funds.
5. Students who leave the MSW UTEP Program, drop out of the stipend program, are terminated from the Stipend program or do not work at CPS after graduation, will be required to begin cash payback to DFPS immediately. These students must attend an exit interview with the Regional Operations Support Administrator (SPA-ROSA) at which time payback arrangements will be made.

6. Students who are in the military reserve and are called to active duty must obtain a formal leave of absence from CPS and the Department of Social Work at UTEP.

C. DFPS/CPS Employment Process

1. Students are required to complete a DFPS job application during their last semester two months prior to graduation.

2. CWTC students, who seek employment at CPS after they enroll in the MSW UTEP Program and prior to graduation, may be hired according to existing DFPS hiring requirements. When this occurs, the student will continue under the non-DFPS stipend agreement for the remainder of their academic period.

3. If hired by CPS after the student completes the MSW program, the student will need to complete the Child Protective Services Professional Development training (CPD) training as a CPS employee. The training is 13 weeks in duration and may be offered in any region in Texas, not necessarily in the region where the student is hired.

4. The student will comply with the practicum requirements in accordance with employee performance/work habits and the agency’s code of conduct at all times.

5. The student’s academic standing at the end of each semester and upon graduation will be provided to the ROSA-SPA and State Office contract manager as part of the CPS requirements.
6. Students will be pro-active in addressing concerns/challenges with the Practicum Coordinator regarding practicum issues, with the Project Manager regarding overall issues related to the stipend contract or with their respective supervisor and the ROSA-SPA concerning CPS work related areas.

7. Student concerns/issues that pose a potential threat/challenge to the stipend contract will be addressed at the different levels of the CPS-CWTC process in an effort to identify any opportunities to adequately address and support the stipend recipient, and also be discussed between the CPS ROSA-SPA and the CWTC Project Manager as deemed appropriate.

D. Transition to Practice

1. Graduation Notification: At least one month before graduation, the CWTC Project Coordinator will notify the ROSA-SPA which students are expected to graduate. After graduation, the CWTC Project Coordinator will notify State DFPS Contracts and the ROSA-SPA which students actually graduated.

2. Matching Interests and CPS Title IV-E Title eligible positions: Student interests and preferences, along with available job vacancies will be considered to the extent possible. The CWTC Field Practicum Coordinator will provide information about the program area that the student completed his/her internship to the CPS ROSA.

3. Notification Regarding New Hires: The CPS ROSA will include the CWTC Project Coordinator and CWTC Field Practicum Coordinator in the distribution of the following list when the CWTC student is hired by CPS:

   - The hire date
   - CPD class number
   - New hires’ name
   - Field (CVS, FBSS, etc.) unit number
   - Position number
E. Other CWEP Requirements

1. Students are required to attend each CWTC training offered unless they have received an excused absence in advance from the CWTC Coordinator of Field Education.

2. Students agree to participate in ongoing and post-graduation evaluations of the CWTC program.

Masters of Social Work

Child Welfare Collaboration Training Project (CWTC)

CWTC Student Agreement

I, ________________________________, have received and read the Child Welfare Training Collaboration Project Stipend Agreement, and agree to be bound by the provisions and specific degree plans/requirements. I further understand that the DFPS Stipend Agreement will provide specific contract information about my participation in this educational program, and the UTEP Department of Social Work and CWTC reserves the right to modify information provided in this document. This agreement must be in accordance with the CWTC Practicum Coordinator prior to signing the CPS Stipend Contract. Failure to do so may result in postponement or cancellation of the stipend.
