WHAT IS IT?

- Supported by the Office of the Provost, the Graduate School will provide summer research support for master’s or doctoral students working on a research project under the direction of a faculty mentor during Summer 2017.

- Each student will be paid up to $3,000 for 10 weeks of work.
WHAT IS IT?

- Students selected will receive a salary of $15.00 per hour for a maximum of 20 hours per week for ten weeks between June 1 and August 31.
- The tracking and documentation of time is in the works, based on state policies and determination of efficiency and benefit to students.
- Enrollment in a minimum of 3-credit hours maybe required, depending on remaining course requirements and departmental policies.
WHAT IS IT?

• It should be noted that this summer assistantship is primarily intended for graduate students not receiving other paid employment opportunities in the summer. While all are welcome to apply, this will be a consideration for selection.
WHAT IS IT?

• Students will attend at least two Graduate Student Professional Development activities sponsored by the Graduate School during this time.
