The University of Texas at El Paso is America's leading Hispanic-serving university. Located at the westernmost tip of Texas, where three states and two countries converge along the Rio Grande, 94% of our nearly 25,000 students are minorities, and half are the first in their families to go to college. UTEP offers 166 bachelor's, master's and doctoral degree programs at the only open-access, top tier research university in America.

Since 2014, the Hunt Institute for Global Competitiveness at The University of Texas at El Paso has provided economic analysis of the Paso del Norte Region that includes the binational communities of El Paso, Texas; Las Cruces, N.M.; and Ciudad Juárez, Mexico. The mission of the Hunt Institute is to produce high-quality market analysis tools that can strengthen regional and binational cross-border economic and social development.
