<th>SENIOR</th>
</tr>
</thead>
</table>

- **Freshman**
  - Become familiar with your degree plan and view the sample 4-year plan, focusing on degree requirements, course sequences, and prerequisites.
  - Focus on core courses such as MATH 1320, RWS 1301,1302, and PSYC 1301.
  - Aim to earn As and Bs in all core and program prerequisite courses to prepare for grad school.

- **Sophomore**
  - Continue taking core courses and program prerequisites.
  - Take DRSC 1301 this year.
  - Continue earning As and Bs in all program prerequisites for grad school.
  - Decide if you want to pursue a minor with your 20 elective credits.

- **Junior**
  - Progress with your degree plan, focusing on completing program prerequisites this year. This will make you a competitive applicant for graduate programs.
  - Progress in the BS-RHSC Core courses.
  - Complete all remaining core courses this year.
  - Start working on your 27 credits of BS-RHSC electives.

- **Senior**
  - Complete your degree requirements, including BS-RHSC electives and 5 credits of open electives.
  - Refer to your graduation audit to ensure you are aware of all remaining requirements for graduation.

### Academic Advising

- During New Student Orientation, determine if RHSC is the major best suited to your goals during the CHS presentation. You can choose any major to prepare for OT school.
- Meet with your advisor in the Academic Advising Center each semester before registration.
- Get off to a good start! You must maintain a 3.0 cumulative GPA to stay in the RHSC major; a 3.50 is the minimum to be competitive for grad school. Reach out to your professors and utilize tutoring resources to help achieve a solid GPA.
- Ask your advisor about upcoming opportunities to take a required course—DRSC 4311, The Science of Collaboration in Rehabilitation Sciences—as a study abroad course in Spain.
- Ask your advisor about the benefits of joining a learning community.

### Enriching Experiences

- Participate in student organization fairs.
- Complete all remaining core this year. This will make you a good match for your interests and abilities.
- Participate in student organization fairs.

### Life Long Success

- Explore other majors to determine if this major is a good match for your interests and abilities.
- Research career possibilities in Rehab Sciences.
- Discover tutoring resources.
- Engage with your field by learning about professional organizations and conferences such as the American Rehabilitation Counseling Association, the National Rehabilitation Association, and Commission on Rehabilitation Counseling Certification.
- Cultivate healthy lifestyle habits by visiting the Student Recreation Center.
- Visit the University Career Center and begin building your CV.

### Edge Advantages
