

BBA-FINANCE/MBA FAST-TRACK PROGRAM

Undergraduate business students majoring in Finance who are interested in pursuing a Master of Business Administration may do so through the “fast-track” program. Students who meet the admission criteria for the UTEP MBA program and have received admission to the BBA-Finance/MBA fast-track program will be allowed to take 12 credit hours of MBA coursework, which will count dually toward the BBA business core and finance major requirements as well as the MBA core and finance concentration requirements. MBA core courses would count toward the business core course in the same discipline. Students are required to have a 3.3 cumulative GPA and 90 credit hours toward their major in order to apply for admission.

The table below lists the MBA core and finance courses which will count dually toward the related business core and finance major courses.

Fast-track students taking full advantage of this program will need only 8 more graduate courses to earn a UTEP MBA after completion of the BBA-General Business degree.*
