Welcome to the University of Texas at El Paso (UTEP)! This undergraduate catalog contains information about UTEP's success in combining academic and research excellence with innovative programs and services, outstanding faculty, and a university-wide commitment to fostering student success. A nationally recognized university with faculty and staff who are dedicated to your academic success, UTEP offers a broad range of academic programs that encourage you to become involved in the discovery and creation of knowledge. UTEP is a friendly place—relationships are easily formed with fellow students, staff members, and faculty.

More than 73 percent of our student population is Mexican-American. About 50 percent are first-generation college students. UTEP is the first-choice institution for most students in our region; 94 percent of freshman students tell us that UTEP was their first or second choice for college. UTEP is also the choice of the region’s top students who enroll in public institutions in Texas: 57 percent of El Paso County’s Top 10 percent high school graduates who are enrolled in public institutions in Texas enroll at UTEP.

UTEP’s achievements extend far beyond the University’s traditional strengths in science and engineering. UTEP has received national acclaim for innovative programs in business, fine arts, education, the humanities, health sciences, and nursing. The Carnegie Foundation ranks UTEP in the Doctoral/Research University/Intensive category, placing UTEP among the top 7 percent of all colleges and universities in the United States.

The following pages of this catalog introduce you to our policies, our degrees, majors and minors, and our curricula. As you review them, we hope you know that our commitment to you is to offer you the highest quality education in a supportive community.

**OUR HISTORY**

Located on the U.S.-Mexico border in the El Paso-Cd. Juárez binational metropolitan area of more than two million people, UTEP is the largest Mexican-American-majority research university in the United States. In this unique multicultural setting, the University offers a rich variety of academic programs and outstanding support services, providing academic excellence for students.

UTEP, the second oldest academic component of The University of Texas System, was established in 1914 as the Texas State School of Mines and Metallurgy to prepare professionals for the mining industry of the southwestern U.S. and Mexico. From its inception, the campus has featured architecture derived from the Himalayan kingdom of Bhutan. UTEP’s unique buildings are the only examples of this ancient architecture in the Western Hemisphere. The motif, characterized by thick, sloped outer walls accented with a band of elaborately carved brickwork, was suggested by Kathleen Worrell, the wife of the college’s first dean, after she saw photographs of Bhutanese monasteries in an issue of National Geographic. Noted El Paso architect Henry Trost designed the first buildings, and architects have continued the theme through more than 90 years of campus expansion.

The college’s curriculum expanded in 1927 with the addition of liberal arts courses. The first Master of Arts degree was established in 1940. The institution was renamed Texas Western College in 1949 and the University of Texas at El Paso in 1967. Since then, enrollment has grown to more than 20,000 students, and the scope of programs has expanded to 81 Bachelor’s, 78 Master’s, 14 Doctoral degrees and 3 combined degrees (Bachelors/Masters or Masters/Masters) all designed to meet the needs of an increasingly industrialized and more diverse West Texas.

**OUR CAMPUS**

UTEP’s unique buildings are the only examples of this ancient architecture in the Western Hemisphere. The motif, characterized by thick, sloped outer walls accented with a band of elaborately carved brickwork, was suggested by Kathleen Worrell, the wife of the college’s first dean, after she saw photographs of Bhutanese monasteries in an issue of National Geographic. Noted El Paso architect Henry Trost designed the first buildings, and architects have continued the theme through more than 90 years of campus expansion.

The 367-acre UTEP campus includes 87 buildings with more than 4 million square feet of space for facilities that support academic excellence. The 125,000 square foot Undergraduate Learning Center features multimedia computer and distance learning technology. The UTEP Library contains more than 1 million resources, the new Collaborative Learning Center with 224 open-access computers, a lobby café, and an extensive art collection. The 362,000 square foot Engineering Sciences Complex houses many research opportunities for students in facilities like the W.A. Reck Center for 3D Innovation with $4 million of equipment, including 17 rapid prototyping machines and facilities for tissue engineering. Nearby, the Biosciences Research Building provides state-of-the-art equipment to address biomedical and environmental problems. Computer laboratories are located across the campus. The Fox Fine Arts galleries, recital halls, and studios present art, theatre, music, and dance programs. Athletic facilities including the Don Haskins Center, the 52,247-seat Sun Bowl Stadium, and the Larry K. Durham Sports Center provide student athletes a range of world class resources including a strength and conditioning center, a sports medicine center, a student-athlete lounge and computer center, locker rooms, coaches offices, meeting rooms, and a “Hall of Champions.”

With its strategic location on the U.S.-Mexico border, UTEP is a nationally recognized leader in creating excellent academic opportunities for the people of the El Paso region and a stimulating context for students from elsewhere to pursue their education. Quality academic programs and a robust research agenda mark UTEP as an innovative force in American higher education for the 21st century.

**OUR MISSION**

The University of Texas at El Paso is dedicated to the advancement of the El Paso region through education, creative and artistic production, and the generation, interpretation, and application and dissemination of knowledge. UTEP embraces its role as an intellectual, cultural and socio-economic asset to the region, offering programs to meet human resource needs and contribute to the quality of life.

As a public university, UTEP is committed to providing access and educational opportunity to the people of the El Paso region and the State of Texas. UTEP’s mission of ensuring access is coupled with a commitment to excellence, reflected in rigorous programs which prepare students to make significant contributions to their professions, their communities and the world.

As a research/doctoral institution, UTEP fosters a climate of scholarly inquiry, with a special focus on applying innovative interdisciplinary approaches to explore and address major issues that confront the multicultural, U.S.-Mexico border region.

**OUR VISION**

The University of Texas at El Paso will be internationally recognized as a preeminent model for urban, public research universities in the 21st century.

UTEP will serve as a gateway to an improved quality of life for people of the Paso del Norte region, which includes far west Texas, northern Mexico and southern New Mexico. UTEP will offer a broad range of undergraduate, professional and doctoral programs that support the workforce needs of the region and the state, and will provide lifelong educational opportunities for area residents.

UTEP will be recognized nationally as the preeminent institution in fostering student participation and success, especially young people, working adults, returning students and minorities from socioeconomic groups that have been traditionally under-represented in U.S. higher education.
Students who attend UTEP come from a varied mix of social, cultural, and economic backgrounds that closely mirror the population of the El Paso/Ciudad Juárez region. Approximately 73 per cent of UTEP’s students are Hispanic, two-thirds work while in college, and over half are first-generation college students. UTEP students typically represent more than 47 states and 74 countries, with about 9 percent coming from Mexico.

ACCREDITATION

The University of Texas at El Paso is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097/telephone number: 404-679-4500) to award bachelor’s, master’s, and doctoral degrees. Information on accreditation by separate accrediting bodies for specific programs is presented in the specific college sections of this catalog.

STATEMENT OF EQUAL EDUCATIONAL OPPORTUNITY

To the extent provided by applicable law, no person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under, any program or activity sponsored or conducted by The University of Texas System, or any of its institutions on the basis of race, color, national origin, religion, sex, age, status as a disabled veteran or veteran of the Vietnam era, sexual orientation, or disability.

DISCLAIMER

This catalog is a general information publication only. It is not intended to nor does it contain all regulations that relate to students. The provisions of this catalog do not constitute a contract, express or implied, between any applicant, student or faculty member and The University of Texas at El Paso or The University of Texas System. The University of Texas at El Paso reserves the right to withdraw courses at any time, to change fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever the proper authorities so determine and will apply to both prospective students and those already enrolled.

## Technology Fee

- **All Students**
- **All Students**
- **$17.25/SCH to a maximum of $258.75**

Fee to provide for development of campus computers and network facilities for students.

## Health Center Fee

- **All Students**
- **All Students**
- **$12.00/semester**

Fee to provide support and medical services to the student population.

## Incidental Fees:

### Variety

- **All Students**
- **Variable**

To defray the cost of providing specific services such as late registration, library fines, add/drop fees, bad check changes, application processing fees, and other services as approved by the governing board.

## Laboratory Fees:

### Variety

- **All Students**
- **Variable**

Mandatory charges for certain laboratory courses; may not be less than $2/semester nor more than $30/semester and must not exceed the cost of actual materials and supplies used by a student.

## Course Fees:

### Variety

- **All Students**
- **$10-$50**

Charges in addition to regular tuition for certain course-related materials and/or for individual instruction.

## Supplemental Fees:

### Variety

- **Students needing specific services**
- **Variable**

To defray the costs of providing certain services to students.

---

* Tuition and fees are subject to change due to legislative and/or institution action and become effective when enacted.

** Non-resident/international students will be assessed the actual cost of education per semester hour as determined by the Texas Higher Education Coordinating Board.

---

1 Resident undergraduate tuition as established by the Texas Legislature and the Board of Regents is $160.20/semester credit hours (SCH); non-residents undergraduate tuition is $438.20/SCH.

2 Required fees, those charged to all students, may be based on semester credit hours or may be per semester. Descriptions of these fees may be found on this page.

3 Averages are given for course-related, laboratory, incidental, and voluntary fees since changes vary according to courses and services chosen. Actual fees are published on the following pages and in the Class Schedules.
Tuition and fees provided in this Catalog represent the figures at the time of publication. Changes in tuition and fee charges may occur after the information is first published; updated information may be obtained from the Student Business Services Office at (915) 747-5116. Tuition and fees are subject to change by regental or legislative action and become effective on the date enacted. The Texas Legislature does not set a specific amount for any particular student fee. The student fees assessed as listed above are authorized by state statute; however, the specific fee amounts and the determination to increase fees are made by UTEP administration and The University of Texas System Board of Regents. Policies governing payment or refund of tuition, fees and other charges are approved by the Board of Regents of The University of Texas System and comply with applicable state statutes.

*This table of Tuition and Required Fees does not include incidental fees, course-related fees, or individual major fees. Please refer to other sections in this catalog.

**Tuition and fees are subject to change due to legislative and/or institution action and become effective when enacted.

In addition to the tuition and fees quoted above, the following must be added as appropriate:

**Supplemental Fees**

**New Student**

Student ID Fee (Miner Gold Card) - $6.00 one time issuance fee

Student ID Replacement Fee - $20.00

Student General Property Deposit - $10.00 per student (one time deposit) fee assessed at the time of the student's initial registration at the University. This fee is refundable to the student at the end of his or her University enrollment less any loss, damage, or breakage caused by the student. A property deposit which remains without call for refund for a period of four years from the date of last attendance at the University will be forfeited and will become the property of the Student General Property Deposit Endowment Fund. Such funds will be invested and the income will be used for scholarship purposes.

**New Undergraduate Student (one-time fee):**

New Entering Undergraduate Resident Student - $180.00

New Entering Undergraduate International Student - $200.00

New Entering Undergraduate Transfer Student - $150.00

**Certain Declared Majors**

Clinical Laboratory Science Major Fee - $180.00 per semester with a declared major in clinical laboratory science.

College of Engineering Major Fee - $60.00 per semester with a declared major within the College of Engineering.

Nursing Major Fee - $107.00 per semester with a declared major in Nursing.

Occupational Therapy Major Fee - $75.00 per semester with a declared major in Occupational Therapy.

Physical Therapy Major Fee - $50.00 per semester with a declared major in Physical Therapy

**International Student (ONLY):**

International Student Services Fee - $25.00 per semester per semester

**Laboratory Fees**

**LIBRARY FEES** - To cover costs associated with handling special items, damaged, and/or overdue books, the library charges the following fees:

**LATE REGISTRATION FEE** - Any student who, with proper permission, registers after the appointed days for registering, will be required to pay a special charge of $20.00 for the late registration process.

**LATE ADMISSION APPLICATION FEE** - A fee of $15.00 will be assessed to applicants who submit applications for admission to the University after the scheduled deadlines.

**INTERNATIONAL STUDENT APPLICATION FEE** - A fee of $65.00 is assessed to all international students who apply for admission to UTEP. Applications not accompanied by a $65.00 check or money order, payable in U.S. funds, will not be considered. An individual who has applied, paid the fee, and been accepted but who does not enroll, will be considered for a refund. Veterans attending the University under an exemption as defined elsewhere in this section are not exempt from payment of this fee.

**INSTRUMENT USERS FEE - Music** - A fee of $15.00 per semester will be assessed to students who wish to use musical instruments that are available through the Music Department.

**INSTALLMENT TUITION DELINQUENCY FEE** - A fee of $15.00 per delinquent payment will be assessed to defray costs associated with handling delinquent installment tuition payments.

**HEALTH INSURANCE FEE** - (A mandatory insurance required of international students holding nonimmigrant visas and living in the United States.) The amount assessed will match the University Texas System Student Insurance Plan premium.

**GRADUATION APPLICATION LATE FEE** - A fee of $15.00 will be assessed to all candidates for graduation who apply for graduation after the regular processing period has been completed. This fee is paid each time an application for degree is filed after the processing period deadline and under no circumstances is subject to refund. Veterans attending the University under an exemption defined elsewhere in this section are not exempt from payment of this fee.

**ADDITIONAL FEES** - Incidental fees for specific courses and services provided by the library:

- **Regular Checkouts**: $0.25/day ($25.00 max)
- **Reserve Items**: $1.00/day-$1.00/hr ($25.00 max)
- **Inter-Library Loans**: $1.00/request plus any charges from the lending library
- **Lost Books**: Cost of book plus $10.00 processing fee and any fines accrued
- **Computer Searches**: 115% of connect time plus any off-line print charges
- **Damaged Book Fee**: $10.00
- **Recall Fee**: $1.00/day ($25.00 max)

*All University College courses offered off-campus $25.00-100.00*

**ADJ/DROP FEE** - A fee of $5.00 is assessed per transaction each time a change is made to the initial registration.

**AUDIT FEE** - A fee of $10.00 per audited course will be assessed to a student who is currently enrolled at the University. For a person who is not enrolled at the University, a fee of $30.00 per course will be assessed.

**CATALOG FEE** - A fee of $3.00 will be assessed to students who request a copy of the University Catalog and pick-up the Catalog in person. A fee of $4.50 will be assessed to students who request that a University Catalog be mailed.

**CERTIFICATION DEFICIENCY PLAN PREPARATION FEE** - A fee of $20.00 is assessed to those pursuing teaching certification to defray administrative costs of processing certification deficiency plans.

**CLINICAL TRACKING & EVALUATION FEE** - A fee of $50.00 will be assessed to defray costs.

**DISSERTATION FEE** - A fee of $55.00 will be assessed to defray costs of microfilming and mailing graduate dissertations.

**DISTANCE EDUCATION FEE** - A fee of $25.00 per semester credit hour will be assessed to defray costs associated with providing distance learning facilities and support for students enrolling in distance learning classes or other off-campus course(s).

**EMERGENCY LOAN PROCESSING FEE** - A fee of $15.00 will be assessed to defray administrative costs incurred in processing and collecting emergency loan payments.

**EQUIPMENT SUPPORT FOR ELECTRICAL AND COMPUTER ENGINEERING** - A fee of $25.00 per semester will be assessed to support the costs of open laboratory operations for Electrical and Computer Engineering and Computer Science.

**GRADUATION FEE** - A fee of $30.00 is required of candidates for graduation. This fee must be paid each time an application for degree is filed and under no circumstances is subject to refund. Veterans attending the University under an exemption as defined elsewhere in this section are not exempt from payment of this fee.

**GRADUATION APPLICATION FEE** - A fee of $15.00 will be assessed to all candidates for graduation who apply for graduation after the regular processing period has been completed. This fee is paid each time an application for degree is filed after the processing period deadline and under no circumstances is subject to refund. Veterans attending the University under an exemption defined elsewhere in this section are not exempt from payment of this fee.

**HEALTH INSURANCE FEE** - (A mandatory insurance required of international students holding nonimmigrant visas and living in the United States.) The amount assessed will match the University Texas System Student Insurance Plan premium.

**IN ABSENTIA GRADUATION FEE** - A fee of $25.00 per semester will be assessed to graduate students who have completed the degree requirements, including submission of the thesis or dissertation, after the semester deadline, but prior to registration for the following semester, and who wish to register for the sole purpose of receiving the degree.

**INSTALLMENT TUITION HANDLING FEE** - A fee of $17.00 per academic term will be assessed to cover costs related to providing the installment payment option.

**INSTALLMENT TUITION DELINQUENCY FEE** - A fee of $15.00 per delinquent payment will be assessed to defray costs of handling delinquent installment tuition payment.

**INSTRUMENT USERS FEE - Music** - A fee of $15.00 per semester will be assessed to students who wish to use musical instruments that are available through the Music Department.

**INTERNATIONAL STUDENT APPLICATION FEE** - A fee of $65.00 is assessed to all international students who apply for admission to UTEP. Applications not accompanied by a $65.00 check or money order, payable in U.S. funds, will not be considered. An individual who has applied, paid the fee, and been accepted but who does not enroll, will be considered for a refund. Veterans attending the University under an exemption as defined elsewhere in this section are not exempt from payment of this fee.

**INTERNATIONAL STUDENT SERVICE FEE** - $25.00 per long semester and $12.50 per summer session is assessed to international students to defray the costs of operating the Office of International Programs and supporting the programs that are unique to international students.

**LATE ADMISSION APPLICATION FEE** - A fee of $15.00 will be assessed to applicants who submit applications for admission to the University after the scheduled deadlines.

**LATE REGISTRATION FEE** - Any student who, with proper permission, registers after the appointed days for registering, will be required to pay a special charge of $20.00 for the late telephone registration process, $30.00 for in-person late registration, and $50.00 on or after the first class day. The fee is to defray the costs of the extra services required to complete the late registration process.

**LIBRARY FEES** - To cover costs associated with handling special items, damaged, and/or overdue books, the library charges the following fees:

**LIBRARY FEES** - To cover costs associated with handling special items, damaged, and/or overdue books, the library charges the following fees:

If students are enrolled only in Distance Learning courses, the following fees are waived under this program: Activity Fee, Health Center Fee, Recreation Fee, Union Fee.

*Distance Learning Tuition and Fees subject to change by action of the Texas Legislation and Texas Higher Education Coordinating Board. Changes will be effective as determined by the governing body.

Tuition for Undergraduate Hours in Excess of 170 or More Credit Hours

A resident student who has attempted 170 or more semester credit hours will be charged a higher tuition rate than is charged to other resident students. The higher tuition rate will be the non-resident rate for any credit hours above 169. The higher tuition rate will not be charged to a student enrolled in:

1. Two or more baccalaureate degree programs at the same time;
2. A double major degree program that requires 130 or more semester credits for completion; or
3. A health professional baccalaureate degree program.

In determining whether the student has previously attempted 170 or more semester credit hours, the following credit hours will not be counted:

1. Semester credit hours earned by the student while the student was classified as a nonresident or foreign student for tuition purposes;
2. Semester credit hours earned by the student 10 or more years before the date the student begins the new degree program under the Academic Fresh Start Program of the Texas Educational Code, § 51.931;
3. Semester credit hours earned by the student before receiving a baccalaureate degree that has previously been awarded to the student;
4. Semester credit hours earned by the student by examination or under any other procedure by which credit is earned without registering for a course for which tuition is charged;
5. Credit for a remedial education course or another course that does not count toward a degree program at the institution; and
6. Semester credit hours earned by the student at a private institution or an out-of-state institution.

For more information, students should contact the Registrar’s Office at (915) 747-5550.
MINER GOLD CARD

The Miner Gold card is the official identification card of the University of Texas at El Paso (University). The Miner Gold card is the property of the University and is non-transferable. All students must carry their Miner Gold card at all times while on University property in order to obtain services.

The Miner Gold card is issued to all students upon enrollment in at least one credit hour. A current photo ID (e.g., license, state ID, passport) must be presented before a Miner Gold card is issued. The Miner Gold card remains active as long as the student is enrolled in courses at UTEP. No article of clothing including a hat or sunglasses will be allowed on the student’s head when the photograph is taken.

All first-time students will be assessed a one-time, non-refundable $6.00 fee. Any card rendered unusable, damaged, lost, or stolen will be assessed a $20.00 fee. A new photo will be taken every time a card is re-issued.

Various debit declining balance plans can be utilized by Miner Gold card holders. Enrollment in these plans is automatic. Participation is optional.

The University reserves the right to modify or change any or all parts of the Miner Gold card at any time. The Miner Gold card must be surrendered to University officials upon request.

For more information: Miner Gold card Office
Academic Services Building, Room 116

Replacement Decal

- With remnants of decal (Fee of $5.00)
- Without remnants of decal (Fee is $20.00)

METHODS OF PAYMENT

Cash, check, Master Card, Visa, American Express, and Discover will be accepted for payment of tuition and fees. The University offers the two following payment methods during long semesters (Fall and Spring) only.

1. Full payment of tuition, mandatory fees and incidental fees at the time of registration.
2. 20% payment of tuition, mandatory and incidental fees at the time of registration, with the remaining balance due in 4 equal installments by the 15th of each month.

Items for which payment CAN be deferred under Method 2 include the following:

- Tuition
- Mandatory Fees (Library Fee, Student Services Fee, Student Union Fee, International Studies Fee, Technology Fee, Recreational Fee)
- Incidental Fees (Laboratory Fees, Course-related Fees (such as Equipment Fees), Supplemental Fee for Fine Arts, Major Fees)
- Discretionary Fee (Health Insurance)
- Optional Fee (Parking Decal Fee)

Items for which payment MAY NOT be deferred include the following:

- Student General Property Deposit
- Discretionary Fee (Liability Insurance)
- Amounts due for financial holds or from prior periods
- Optional Incidental Fees (such as Late Registration, Add/Drop, Installment Tuition Handling Fees, etc.)

The following additional policies will apply to deferral of payments:

1. All student account balances due from prior semesters, including items associated with deferred payment, must be paid in full before a student may begin registration for a subsequent semester.
2. A payment plan selected at the time of registration will be binding and will be applied to any subsequent add/drop activities; however, pre-payment of outstanding balances will be accepted. The University shall assess the Installment Tuition Handling Fee of $17.00 to those students choosing payment Method 2; this charge is payable at the time of registration. An Installment Tuition Delinquency Fee of $15.00 will be assessed at the end of the sixth and eleventh week of classes if the payment due for that period is not paid in full.
3. The Office of Student Business Services will send e-mail notifications as appropriate to students paying tuition and fees under Method 2.
4. The student’s tuition and fees assessment will be based upon the courses for which a student is enrolled on the official census date-12th class day in a long semester. No reduction in amounts due will be made after this date, except for students who officially withdraw up to the end of the refund period as indicated in the Class Schedule. Further, the student is obligated to pay the assessed amounts whether or not class attendance is subsequently interrupted or terminated.
5. A student who fails to provide full payment of tuition and fees, including any late fees assessed, to the University when the payments are due is subject to one or more of the following:
   a. Bar against registration at the institution;
   b. Withholding of grades, degree, and official transcript; and
   c. All penalties and actions authorized by law.

REFUND OF TUITION AND FEES

Refund policies are established by, and are subject to change by, the Legislature of the State of Texas and are applicable to withdrawals and dropped courses. Refunds of tuition, laboratory fees, general fees, and student services fees will be made under the following conditions.

Withdrawals

Students withdrawing during a long semester will be refunded applicable tuition and fees as follows:

<table>
<thead>
<tr>
<th>Prior to the first class day</th>
<th>100%</th>
<th>less $15.00</th>
</tr>
</thead>
</table>
Students withdrawing during a summer term will be refunded applicable tuition and fees as follows:

- Prior to the first class day: 100% less $15.00
- During the first, second, or third class day: 80%
- During the fourth, fifth, or sixth class day: 50%
- After fourth five class days: No Refund

Students withdrawing from a term of more than five weeks but less than ten weeks will be refunded applicable tuition and fees as follows:

- Prior to the first class day: 100% less $15.00
- During the first, second, or third class day: 80%
- During the fourth, fifth, or sixth class day: 50%
- After fourth five class days: No Refund

Students withdrawing from a session or term of five weeks or less will be refunded applicable tuition and fees as follows:

- Prior to the first class day: 100% less $15.00
- During the first, second, or third class day: 80%
- During the fourth, fifth, or sixth class day: 50%
- After fourth five class days: No Refund

Refunds for Students in Title IV Programs

As an institution participating in programs under Title IV of the Higher Education Act of 1965 as amended (“Act”), the University of Texas at El Paso is required to refund unearned tuition, fees, room and board, and other charges to certain students attending the institution for the first time who have received a grant, a loan, or work assistance under Title IV of the Act, or whose parents have received a loan on their behalf under Title IV of the Act, or whose parents have received a loan on their behalf under 20 U.S.C. Section 1087-2. The refund is required if the student does not register for, withdraws from, or otherwise fails to complete the period of enrollment for which the financial assistance was intended. No refund is required if the student withdraws after a point in time that is sixty percent of the period of enrollment for which the charges were assessed. A refund of tuition, fees, room and board, and other charges will be determined for students who withdraw prior to the first class day or one hundred dollars. Refunds are based on the percentage of tuition, mandatory and incidental fees assessed, not on amount paid. Unless students do a complete withdrawal from school prior to the first official class day, the student is responsible for a percentage of total tuition, mandatory and incidental fees assessed. Students should contact the Student Business Services Office at (915) 747-5116 or (915) 747-5105 to address any questions.

Dropped Courses

Refunds of applicable tuition and fees will be made for courses from which students drop within the first twelve class days of a long session semester or an appropriately shorter period for a summer session term, provided the student remains enrolled for that semester or term. Refund of tuition for dropped courses will be made only if the original payment exceeds the established minimum amount.

Refunds of tuition and fees paid on the student’s behalf by a sponsor, donor, or scholarship will be made to the source rather than directly to the student who has withdrawn or dropped courses, if the funds were made available through the University. Students who withdraw or drop courses must, in order to qualify for a refund, surrender all applicable privileges, including identification cards and athletic and cultural entertainment tickets. Refunds provided for above will be granted if applied for by the end of the semester in which the withdrawal or drop was appropriately completed. Refunds for students who owe balances on deferred payment of tuition/fees will be credited to the student’s account, reduced by the amount of any unpaid charges and a reasonable administrative fee not to exceed the lesser of 5% of the tuition, fees, room and board, and other charges that were assessed for the enrollment period, or one hundred dollars.

Refunding for Students in Title IV Programs

As an institution participating in programs under Title IV of the Higher Education Act of 1965 as amended (“Act”), the University of Texas at El Paso is required to refund unearned tuition, fees, room and board, and other charges to certain students attending the institution for the first time who have received a grant, a loan, or work assistance under Title IV of the Act, or whose parents have received a loan on their behalf under Title IV of the Act, or whose parents have received a loan on their behalf under 20 U.S.C. Section 1087-2. The refund is required if the student does not register for, withdraws from, or otherwise fails to complete the period of enrollment for which the financial assistance was intended. No refund is required if the student withdraws after a point in time that is sixty percent of the period of enrollment for which the charges were assessed. A refund of tuition, fees, room and board, and other charges will be determined for students who withdraw prior to the first class day. The refund is the larger of the amount provided for in Section 54.006, Texas Education Code or a pro rata refund calculated pursuant to Section 484B of the Act. If the student charges were paid by Title IV funds, a portion or all of the refund will be returned to these programs.

NOT TO EXCEED BACHELOR’S DEGREE OR 200 HOURS

*Tuition Rebates for Certain Baccalaureate Recipients*

For the surviving spouse or children of certain public peace officers, probation officers, parole officers, jailers, police reservists, fire fighters, and emergency medical personnel, Texas Gov’t Code, §615.0225

- Death occurred in the line of duty as a result of a risk inherent in the duty.
- Must be enrolled full time.

- This information is provided in summary form. For more information, students should contact the Admissions Office and/or refer to Texas Education Code Section 54.201, et seq.
- Must have Regental approval.
- Required fees are those required as a condition of enrollment. They do not include room, board, books, transportation, lab fees, or other course specific fees or optional fees. Last updated May 17, 2006.

TUITION REBATES FOR CERTAIN BACCALAUREATE RECIPIENTS

The Texas Legislature has authorized a $1,000 tuition rebate for students who complete baccalaureate degrees with no more than three credits in excess of those required for their degrees. The purpose of the program is to provide a financial incentive for students to prepare for university studies while completing their high school work, avail themselves of academic counseling, make early career decisions, and complete their baccalaureate studies with as few courses outside the degree plan as possible. Minimizing the number of courses taken by a student results in financial savings to students, parents, and the state.

The Texas Education Code, Section §54.0065, authorizes UTEP to provide a tuition rebate to students who meet all of the following conditions:
The Texas Education Code, Section §54.0065, authorizes UTEP to provide a tuition rebate to students who:

a. Enrolled at UTEP for the first time in the fall semester of 1997 or later;

b. Have requested a rebate for semester credit hours achieved toward their first baccalaureate degree;

c. Have been Texas residents, have attempted all course work at a Texas public institution of higher education, and have been entitled to pay resident tuition at all times while pursuing the baccalaureate degree;

d. If enrolled for the first time in fall 2005 or later, graduate within four calendar years with a four-year degree or within five calendar years with a five-year degree if the degree is in architecture, engineering, or any other program determined by the Board to require more than four years to complete;

e. Have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree in the catalog under which they were graduated. Hours attempted include transfer credits, course credit earned exclusively by examination (except that, for the purposes of this program, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted), courses dropped after the official census date, for credit developmental courses, optional internship and cooperative education courses, and repeated courses. Courses dropped for reasons that are determined by UTEP to be totally beyond the control of the student shall not be counted; and

f. Have applied for rebates prior to receiving their baccalaureate degrees.

Teaching Certificates

For purposes of the $1,000 tuition rebate, students concurrently earning a baccalaureate degree and a Texas teaching certificate, required teacher education courses shall not be counted to the extent that they are over and above the free electives allowed in the baccalaureate degree program.

Tuition Rebates

Tuition rebates shall be reduced by the amount of any outstanding student loan, including an emergency loan, owed to or guaranteed by the state, including the Texas Guaranteed Student Loan Corporation.

For more details about the Tuition Rebate Program, eligibility, and responsibilities, students should contact the Registration and Records Office, Academic Services Building, Room 123 (915-747-5544). Further information on the Tuition Rebate Program can be found on the following websites:

1. www.thecb.state.tx.us/rules/13/13F.htm
2. www.capitol.state.tx.us

TUITION LIMIT IN CASES OF CONCURRENT ENROLLMENT

When a student registers at more than one public institution of higher education at the same time, tuition charges shall be determined in the following manner:

1. The student shall pay the full tuition charge to the first institution at which he is registered; and in any event he shall pay an amount at least equal to the minimum tuition specified in this code.

2. If the minimum tuition specified in this code for the first institution at which the student is registered is equal to or greater than the minimum tuition specified in this code for the second institution at which the student is registered concurrently, the student shall not be required to pay the specified minimum tuition charge to the second institution in addition to the tuition charge paid to the first institution, but shall pay only the hourly rates, as provided in this code, to the second institution.

3. If the minimum tuition specified in this code for the first institution at which the student is registered is less than the specified minimum tuition charge at the second institution (that is, if the second institution has a higher minimum tuition charge specified in this code), then the student shall first register at the institution having the lower minimum tuition and shall pay to the second institution only the amount equal to the difference between his total tuition charge at the second institution and his total tuition charge at the first institution, but in no case shall the student pay to the second institution less than the hourly rates as provided in this code.

4. If a student is considered to be a Texas resident and therefore qualified to pay Texas resident tuition rates by one institution at which he is registered, that student shall be considered a Texas resident at each of the institutions at which he is concurrently registered for the purposes of determining the proper tuition charges. Nothing in this subsection shall be so construed as to allow a nonresident to pay resident tuition except at institutions covered by Section 54.006 of this code.

GENERAL DEBTS OF STUDENTS OR ORGANIZATIONS

The University is not responsible for any debts contracted by individual students or by student organizations. The University will not assume the role of collection agency for any organization, firm, or individual to which students may owe money, nor will the University adjudicate disputes between students and creditors over the existence or amounts of debts.

DEBTS OWED TO THE UNIVERSITY

In the event of non-payment of debts owed to the University, one or more of the following actions may be taken by the University:

■ Bar against registration
■ Withhold the student's grades and official transcripts
■ Withhold a degree to which the student might otherwise be entitled
■ Delinquent accounts will be referred to a Collection Agency and Credit Bureau
■ Other penalties and actions authorized by law

RETURNED CHECKS

A student who pays the University a check, draft, or money order for services or goods which is not subsequently honored by payor's bank and the fault is not that of the bank, and who does not pay the University the amount due within ten class days after receiving written notice that the bank has refused payment, may be subject to disciplinary action. A student who pays tuition and fees with a check, draft, or money order which is not subsequently honored by payor's bank, the fault not being that of the bank, may be withdrawn from the University for non-payment of tuition and fees if the student fails to pay the University the check amount due plus a $30.00 returned check fee within ten class days after receiving written notice, student's check will be referred to the County Attorney for collection. All check writers whose check is returned will be assessed a $30.00 fee for each check not honored by payor's bank. This assessment is subject to change without prior notice.

On-Campus Housing Expenses

Department of Residence Life
Miner Village
2401 North Oregon Street
El Paso, TX 79992
(915) 747-5352
housing@utep.edu

UTEP offers some of the finest and most affordable on-campus housing facilities available. Opened in Fall of 2001, Miner Village provides a state of the art living environment designed to help students succeed academically. Located a brief 5 minute walk from the UTEP Library, most academic buildings and the Sun Bowl Stadium, Miner Village offers many opportunities for students to get involved on-campus.

Students may choose from four different styles of apartments: efficiencies for one or two students or two bedroom and four bedroom units. Each bedroom is a private room and all apartments feature high speed internet, cable television connections and private telephone lines. They are fully furnished (Living room: couch, chair, coffee table, end table, kitchen table and chairs. Bedroom: bed, dresser, desk and desk chair).

One low monthly payment includes all utilities (electricity, refrigerated air, gas, water, sewer and trash removal), high speed Internet, basic cable television and a parking permit.

To reserve a space, students must submit a Miner Village application and a $200 deposit. A $30, once a year telephone maintenance fee is required upon check-in. Variable lease options are available which enable students to live at Miner Village during the academic year only or on a year round basis if they choose.
Residency for Tuition Purposes

The Office of Admissions and Recruitment is responsible for determining residency status of students for tuition purposes. The Office is guided by the Texas Education Code, the Rules and Regulations for Determining Residence Status of the Texas Higher Education Coordinating Board, and University regulations. Under the State statutes and regulations, a student or prospective student is classified as a resident of Texas, non-resident, or foreign student.

- A resident is an individual who is either a U.S. citizen, national, permanent resident alien, or an alien who has been permitted by Congress to adopt the U.S. as his or her domicile while in the United States and who has otherwise met the State requirements for establishing residency for tuition purposes.
- A non-resident is a citizen, national, or permanent resident of the U.S. or an alien who has been permitted by Congress to adopt the U.S. as his or her domicile while in this country and who has not met the State’s requirement for establishing residency for tuition purposes.
- A foreign student is an alien who is not a permanent resident of the U.S. or has not been permitted by Congress to adopt the U.S. as his/her domicile.

While these State requirements for establishing residency are complex and should be referred to in each particular circumstance, they generally require that an independent individual (18 years of age or older) establish a domicile in Texas and reside in the State for a period of 12 months prior to the census date of the academic term in which the person is enrolled. For minors and dependents, the parents or court-appointed legal guardian must have established a domicile and meet the residency requirements. The minor or dependent must be eligible to be claimed by the parent or court-appointed legal guardian on their federal income tax.

An individual may also be classified as a Texas resident if the individual (1) graduated from a public or private high school or received the equivalent of a high school diploma in Texas; and (2) resided in Texas for at least three years as of the date the person graduated from high school or received the equivalent of a high school diploma; and (3) continuously resided in Texas for one year prior to the census date of the academic term in which the person is enrolled. An individual is classified as a Texas resident until the individual establishes a residence outside of the state of Texas.

The following visa holders are eligible to establish a domicile in the United States and have the same privilege of qualifying for Texas residency as U.S. citizens: A-1, A-2, A-3, E-1, E-2, G-1, G-2, G-3, G-4, G-5, H-1B, H-4, dependents of H-1B, L-1, K-1, K-2, K-3, K-4, L-1a, L-1b, L-2, NATO 1-7, O-1, O-2, O-3, dependents of O-1, R-1, R-2, V, OP-1, I-551, or I-688/AB visas that have not expired. In order for these cardholders to be eligible for resident tuition, residency must be established.

An individual who is classified as a non-resident or foreign student may qualify, under certain exceptions, for resident tuition rates and other charges while continuing to be classified as a non-resident or a foreign student.

Military

Certain military personnel, spouse and dependent children, are eligible to pay resident tuition rates as provided through Texas Education Code Section 54.058 (b)-(c). These provisions provide for nonresident members of the U.S. Armed Forces, members of Texas units of the Army or Air National Guard, or Commissioned Officers of the Public Health Service who are assigned to duty in Texas to pay the resident tuition rate for themselves, their spouses and dependent children. To qualify, the student must submit a statement once a year from an authorized officer in the services, certifying that he or she (or a parent or court-appointed legal guardian) will be assigned to duty in Texas at the time of enrollment and is not a member of the National Guard or Reserves who will be in Texas to attend training with Texas units.

In addition, Texas Education Code Section 54.058 (d) also provides resident tuition rates for a spouse or dependent child of a member of the Armed Forces of the United States, who is not assigned to duty in Texas but who has previously resided in Texas for a 6 month period if the member has provided at least one year preceding the first day of the term or semester a document with the applicable military service that is in effect on the first day of the semester. The document must indicate the member’s permanent residence address in Texas and designates Texas as the member’s place of legal residence for the purpose of income tax purposes. In addition, the member provides documentation that he or she has been registered to vote in Texas for the entire year preceding the first day of the semester and satisfies at least one of the following requirements: 1) has owned real property in Texas for the entire year preceding the first day of the semester and 2) has had an automobile registered in Texas for the entire year preceding the first day of the semester or at least one year preceding the first day of the semester executed a will that has not been revoked or superseded indicating that the member is a resident of Texas and deposited the will with the county clerk of the county of the member’s residence under Section 71, Texas Probate Code.

Other Exceptions

Waivers of non-resident tuition for non-residents and foreign students are available for:

- Participants in the Academic Common Market
- Residents of the eight New Mexico counties that border on Texas
- Recipients of competitive University scholarships of $1,000 or more
- Students whose families transferred to Texas as part of the State's plan for economic development
- U.S. Foreign Service Officers assigned to posts in Mexico
- Mexican citizens with demonstrated financial need
- Military stationed in Texas and their dependents
- NATO forces stationed in Texas and their dependents
- Teaching and research assistants and their dependents
- Higher education teachers and professors and their dependents
- Registered nurses enrolled in postgraduate nursing degree programs
STUDENT RESPONSIBILITIES

Reclassification as a Non-Resident

Persons who have been classified as residents of Texas will be reclassified as non-resident students whenever they report, or there is found to exist, circumstances indicating a change in legal residence to another state. If students who have been classified as residents of Texas are found to have been erroneously classified as a result of an omission or falsification will be reclassified as non-residents and will be required to pay the difference between resident and non-resident fees for the semesters for which they were erroneously classified.

Reclassification as a Resident

Persons classified as non-residents upon first enrollment may request reclassification. In order to have residence status reconsidered, students must complete the Core Residency Questions and submit it with the appropriate documentation regarding residency to the Office of Admissions and Recruitment prior to the first day of class of the semester for which the change is sought. After the form and documentation are reviewed, students are notified in writing of the residence decision.

If students have been erroneously classified as non-residents and subsequently prove to the satisfaction of the University’s residency official that they should have been classified as resident students, they will be reclassified as residents of Texas and will be entitled to a refund of the difference between the resident and non-resident fees for the semesters in which they were erroneously classified.

All students are expected to pay the tuition assessed on or before the payment date for each semester as established by the University. All residence questionnaires and forms verifying non-resident tuition exemption status must be submitted prior to the first day of class of the term for which the change is sought. To prevent any delay in enrollment, students are encouraged to submit all forms at least two weeks before registration. Students should consult the Class Schedule for specific information concerning the submission of non-resident exemption forms.

Non-Compliance with Institutional Rules and Regulations

If students have obtained residency classification by virtue of deliberate concealment of facts or misrepresentation of facts, they may be required to repay the difference in tuition rates and may be subject to appropriate disciplinary action, in accordance with the rules and regulations of The University of Texas at El Paso. For questions on residency or to update residency status, please contact the Office of Admissions and Recruitment at (915) 747-5860.

- University Honors Program
- Other Honors Programs

Student Life Policies and Procedures
- Student Conduct
- Prohibited Conduct
- Illegal Substances Policy
- Disruptive Acts Policy
- Hazing Policy
- Solicitation
- Student Travel Policy
- Compulsory Inspection of Vehicle
- Immunization Requirement
- AIDS, HIV, and Hepatitis B Infection Policy
- Bacterial Meningitis
- Student Right-to-Know and Campus Security Act
- Student Grievance Procedures
- Equal Educational Opportunity
Current regulations are applicable to every student enrolled, regardless of the date of admission. Interpretations or explanations contrary to the regulations stated below are not binding upon the University.

**STUDENT RESPONSIBILITIES**

Students are responsible for being aware of:

1. The current academic regulations and calendar of the University
2. The general and specific degree requirements in their major fields
3. Policies that apply to registration
4. Their academic status, including eligibility to re-enroll. An ineligible student who enrolls will be dropped from all courses.

General academic regulations are contained in this section of the catalog. Registration policies, procedures, and schedules can be found in this section and in the Class Schedule. Degree requirements and those specific to a given major are located in the appropriate college and departmental sections. Additional information can be obtained from the academic deans, department chairpersons, and departmental academic advisors. Students are bound by the academic regulations in effect at the time of each registration, including those recent changes that appear in the Class Schedule.

**CLASSIFICATION OF STUDENTS**

Classification is based on the total number of UTEP and transfer semester hours earned:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0-29 hours</td>
</tr>
<tr>
<td>Sophomore</td>
<td>30-59 hours</td>
</tr>
<tr>
<td>Junior</td>
<td>60-89 hours</td>
</tr>
<tr>
<td>Senior</td>
<td>90 or more hours</td>
</tr>
</tbody>
</table>

**REGISTRATION**

Registration is a process every student must successfully complete each semester. Although every effort is made to advise students academically, final responsibility for registration rests with the student. Students can attend only those classes for which they are officially enrolled. A student is not enrolled in a course and will not receive a grade unless the proper tuition and fees are paid by the deadlines published in the Class Schedule or unless arrangements have been made for deferral of payment with the Student Business Services Office. After registration, enrollment can be verified by the Registration and Records Office.

**Late Registration**

Any student who, with proper permission, registers after the scheduled days for regular registration will be required to pay $20.00 for the late telephone and Web registration process, $30.00 for in-person late registration, and $50.00 on or after the first day of class. A new student will have the late registration fee waived as long as registration is made prior to the first day of class for the term. Late registrants are subject to the same regulations and course requirements as students who enroll on time. Each class missed because of late registration will be counted as an absence, and class or laboratory work missed will be counted as a zero unless the instructor grants permission to make up the work.

Any student who has been withdrawn and has his schedule reinstated after census day will be assessed a $200 reinstatement fee.

**Auditing Courses**

Courses may be audited under the following provisions:

1. Students should complete an Audit Registration form for each course to be audited after classes begin and prior to Census Day of the long semester. This form must be signed by the instructor teaching the course and by the department chair and then taken to Student Business Services in the Academic Services Building for payment.
2. No grades will be assigned and no credit will be awarded for audited courses. The extent of class participation is at the discretion of the instructor.
3. Credit by examination for audited courses will not be permitted unless tuition and all appropriate fees are paid before the exam is taken.
4. The following courses cannot be audited: clinical, laboratory (organized laboratory classes), studio activity (such as art, piano, woodwinds, dance classes, etc.), any physical activity class (such as PE or Dance), individual instruction, private lessons, or courses specified in the degree plan. It is the student’s responsibility to verify that the course being audited is not within the excluded categories. Audit Registration fees will not be refunded for a class in an excluded category.
5. Audit-only students must purchase a Library community user card and a parking decal to park on UTEP property. Other student benefits such as tickets to events, student health services, access to the Swimming and Fitness Center, or a Miner Gold Card are not available to audit-only students. Existing student IDs will not be activated for any semester in which a student is in an audit-only status.
6. Audit fees:
   a. $10.00 per course for students concurrently enrolled at UTEP.
Dropping Courses and Complete Withdrawals

Students may drop individual courses or completely withdraw from the University as described below. Refer to the on-line Academic Calendar at: www.utep.edu/calendar or to the Class Schedule to identify the dates during which adds, drops, withdrawals, and pass/fail registration changes may occur.

Student-Initiated Drops

It is the student's responsibility to officially drop a course that he/she no longer wishes to take. Failure to do so may result in a grade of "F" on the student's academic record.Athletes must receive permission from the Miner Athletic Advising Center before dropping a course. International students with F or J visas must receive permission from the Office of International Programs before dropping a course.

Administrative Drops

During registration periods for upcoming semesters, students will be dropped from registered courses for failure to meet prerequisites or corequisites after final grades have been posted for the current semester and before the beginning of late registration for next semester. A student may petition the department chair of the course in question for an exception to this policy. Students must complete a form (available from the department chair of the course to make use of campus resources before deciding to drop a course. Once the six-drop limit has been reached, subsequent course drops will be recorded with grades of "F".

First-time, first-year students must meet with their academic advisor (or department chair of their major if they do not have an advisor) before dropping a course. The advisor will determine if the drop will count toward the six-drop limit prior to the course drop deadline. After the course drop deadline, the faculty member will determine if the drop will count toward the six-drop limit.

There are exemptions that may allow a student to drop a course without having it counted toward the six-drop limit, but it is the student's responsibility to demonstrate good cause. Exemptions for good cause may include, but are not limited to:

1. A severe illness or other debilitating condition that affects the student's ability to satisfactorily complete the course;
2. The student's responsibility for the care of a sick, injured, or needy person if provision of that care affects the student's ability to satisfactorily complete the course;
3. The death of a person who is considered to be a member of the student's family or who is otherwise considered to have a sufficiently close relationship to the student that the person's death is considered to be a showing of good cause*;
4. Active duty service as a member of the Texas National Guard or armed forces of the United States of either the student or a person who is considered to be a member of the student's family or who is otherwise considered to have a sufficiently close relationship to the student that the person's active military service is considered to be a showing of good cause.
5. A change in the student's work schedule that is beyond the student's control and that affects the student's ability to satisfactorily complete the course,
6. Other good cause as determined by the University in consultation with the advisor; or
7. Other reason as described by the student.

*The Texas Higher Education Coordinating Board has specified "family member" to include spouse, child, grandchild, father, mother, brother, sister, grandmother, grandfather, aunt, uncle, nephew, niece, first cousin, step-parent, step-child, or step-sibling. "Sufficiently close relationship" includes a relative within the third degree of consanguinity plus close friends including, but not limited to, roommates, housemates, classmates, or others identified by the student and approved by the institution.

The Course Drop Form contains the exemption request and should be submitted to the advisor no later than the last day of class for the semester in question. Appeals to the denial of an exemption request may be made to the student's academic dean.

A UTEP drop that counts toward the six course drop limit is noted on the academic transcript by a grade of WC. Transfer work that counts toward the limit is noted by a grade of "W".

For further information, contact the Registration and Records Office, 123 Academic Services Building, or call (915) 747-5544.

Complete Withdrawal from All Courses for the Semester

Students who withdraw from all courses for the semester must do so in person through the Registration and Records Office. Students who cannot drop in person may submit a fax with signature or an e-mail using their UTEP e-mail account. Athletes must receive permission from the Miner Athletic Advising Center before dropping all classes. International students with F or J visas must receive permission from the Office of International Programs before dropping all classes.

Students who drop all courses for the semester re-enroll based on their last academic standing as described in the Standards of Academic Performance section of this catalog.

Complete withdrawal from all courses for a semester does not count toward the six-drop limit for first-time, first-year students who enter Fall 2007 or thereafter. A student who withdraws from all classes for the semester immediately loses access to services and privileges available to enrolled students.

Complete Withdrawal Due to Academic Performance

After final grades have been posted for the current semester, and before late registration begins for the next semester, students whose academic standing makes them ineligible for re-enrollment will be withdrawn from all their classes for the next semester. For further details, refer to the Standards of Academic Performance section in this catalog.

Complete Withdrawal Due to Medical Reasons

A student who must withdraw completely due to medical reasons must submit a letter to the Student Business Services Office from the attending physician, clinical psychologist, or licensed clinical practitioner on official letterhead with an original signature, stating the date(s) within the semester that the student was under medical care and that the student must withdraw due to the medical condition. This letter must be submitted within the semester (or no later than 90 days after the end of the term for which the withdrawal is being requested) if the student is unable to act on his or her own behalf, a representative may do this for the student.

Complete Withdrawal Due to Medical Conditions of a Family Member

A student who must withdraw completely due to a medical condition of an immediate family member must submit a letter to the Student Business Services Office from the family
member’s attending physician, clinician, psychologist, or licensed clinical practitioner. The letter must be submitted on official letterhead with an original signature, state the date(s) within the semester that the student’s immediate family member was under medical care, and confirm that the student must withdraw to attend the immediate family member’s medical condition. This letter must be submitted within the semester (or no later than 90 days after the end of the term for which the withdrawal is being requested). If the student is unable to act on his or her own behalf, a representative may do this for the student. “Immediate family member” may be defined as a husband, wife, parent, sibling, child, legal guardian, or grandparent; other relationships may be considered on a case by case basis.

Complete Withdrawal Due to Death of a Family Member

A student who must withdraw because of the death of an immediate family member must submit an official death certificate to the Student Business Services Office during the semester (or no later than 90 days after the end of the term for which the withdrawal is being requested). “Immediate family member” is defined as a husband, wife, parent, brother, sister, son, daughter, legal guardian, or grandparent. Once documentation has been received, the student will be withdrawn and grades assigned.

Complete Withdrawal Due to Death of Student

Upon the death of a student, the student’s parent, spouse, or legal guardian must submit an official death certificate to the Student Business Services Office within the semester (or no later than 90 days after the end of the term) so that the student can be withdrawn from all classes and grades assigned. Information concerning a refund can be found in the Refund of Tuition and Fees section of this catalog.

Complete Withdrawal Due to Active Military Service

Students who have to withdraw because they have been called to active military service must provide a copy of their military orders covering the affected semester to the Student Business Services Offices. Grades will be assigned as described below. Military personnel may select one of the withdrawal options below according to the Texas Education Code, Sec. 54.006:

1. Receive a refund of the tuition and fees paid for the withdrawn semester (see NOTE below);
2. If eligible, receive grades of Incomplete (I) from instructors, with the notation “Withdrawn – Military” appearing on the academic transcript (see section on Incomplete or In-progress Work in this catalog); or
3. Receive an appropriate final grade or credit if the instructor determines that a substantial amount of coursework has been satisfactorily completed and sufficient mastery of the course material has been demonstrated.

Grade Assignment for Drops and Withdrawals

Grades will be assigned as follows when a student drops a course or completely withdraws from the University.

1. If a student drops a course before the official census date of a semester, neither the course nor a grade will appear on the student’s academic record.
2. If a student drops a course after the census date but before the student-initiated course drop deadline listed in the Class Schedule, a grade of “W” will be assigned.
3. If the student drops after the student-initiated course drop deadline, instructors will determine a grade of “W” or “F” for each course. A grade of “W” is considered only under exceptional circumstances and must be approved by the instructor and department chair for the course. An student may petition for a grade of “W” in writing with the necessary supporting documentation.

Financial information concerning drops and withdrawals can be found in the Refund of Tuition and Fees section of this catalog.

STUDENT EDUCATIONAL RECORDS

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g and the Texas Public Information Act, Texas Government Code, § 552.001 et seq, are federal and state laws that provide students with the rights according to FERPA and the procedures for exercising their rights.

Definitions

A “student” is an individual who is attending or has attended The University of Texas at El Paso. It does not include individuals who have been admitted but have not attended. “Attendance” includes attendance in person, by correspondence, online, and during periods when the student is working under a work-study program.

“Education Records” include records directly related to a student that are maintained by the University. Education records do not include:

- Records of instructional, administrative, and educational personnel that are in the sole possession of the maker (i.e. file notes of conversations), are used only as a personal memory aid, and are not accessible or revealed to any individual except a temporary substitute
- Records of the University campus police
- Student medical and counseling records created, maintained, and used only in connection with provision of medical treatment or counseling to the student, that are not disclosed to anyone other than the individuals providing the treatment. (While a student may not inspect his or her medical records, these records may be reviewed by a physician of the student’s choice)
- Employment records unrelated to the student’s status as a student
- Alumni records.

“Directory Information” means information in a student’s education record that would not generally be considered harmful or an invasion of privacy if disclosed. UTEP designates the following minimum information as directory information: student’s name; local and permanent address; e-mail address; telephone number; date and place of birth; field of study; dates of attendance; enrollment status; student classification; degrees, certificates and awards (including scholarships) received; photographs; participation in officially recognized activities and sports; weight and height of members of athletic teams; and the most recent previous educational agency or institution attended.

“University official with a legitimate educational interest” is a person employed by the University in an administrative, supervisory, academic, or support staff position (including law enforcement unit and health staff), a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent), a member of Board of Trustees; or a person assisting another University official in performing his or her tasks; who needs to review an education record in order to fulfill his or her professional responsibility.

Disclosure of Education Records

Disclosure without Prior Consent of the Student

The University will not disclose personally identifiable information from a student’s education records without prior written consent of the student, except as authorized by FERPA. FERPA authorizations for release without consent include the following:

Disclosures Information (Information as defined above) may appear in public documents and may otherwise be disclosed without student consent unless a student
Leerecy inmums. Lericay inmums ane nenea acme may apeare in public documents and may otherwise be disclosed without student consent unless a student submits a written request to the registrar during the first 12 days of class of a long semester, the first day of the summer interterm, or the first four class days of a summer session, to withhold directory information from disclosure. Requests to withhold directory information must be filed by the student for only the current enrollment period, therefore, a request to withhold directory information must be filed each semester or term in the Registration and Records Office.

University Officials. University officials with legitimate educational interests in the student’s education records are allowed access to student education records. Inter-institutional disclosures may be made between institutions that administer or participate in joint programs or activities, in accordance with legitimate educational interest criteria. For example, if a student is concurrently enrolled in one component of the University of Texas and in another institution, or in two components of the University, or receives services from one component of the University and from another institution, or from two components of the University (or UT System), information from the student records of that individual may be disclosed by one University component to the other, or by the University component to the other institution, without obtaining the written consent of the student in accordance with legitimate educational interest criteria. This provision includes institutions participating in UT TelesCampus Programs.

Other Institutions. The University may release a student’s education records to officials of other educational institutions in which that student seeks or intends to enroll or is enrolled.

Audit or Evaluation of Federal or State Education Programs. Authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of Education, or a state or local education authority may have access to student records in connection with the audit and evaluation of federal or state supported education programs, or in connection with the enforcement of federal law which relates to such programs.

Financial Aid. The University may release a student’s education records to persons or organizations in connection with that student’s application for, or receipt of financial aid, but only to the extent necessary for such purposes as determining eligibility, amount, conditions, and enforcement of terms or conditions of such financial aid.

State and Local Officials Pursuant to Statute Concerning Juvenile Justice. The University may release education records to state and local officials that are authorized by statute to access student education records to efficiently serve the student.

Organizations Conducting Studies. The University may release a student’s education records to organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, if such studies are conducted in a manner which will not permit the personal identification of students and/or their parents by individuals other than representatives of the organization, and the information will be destroyed when no longer needed for the purposes for which the study was conducted. The term “organizations” includes, but is not limited to, federal, state, and local agencies, and independent organizations.

Accrediting Organizations. The University may release a student’s education records to accrediting organizations in order to carry out their accrediting functions.

Parents of Dependents. Parents of a student who is a dependent for federal tax purposes, as defined by Section 152 of the Internal Revenue Code of 1954, may have access to that student’s education records without prior consent of the student. Parents may demonstrate the tax dependency of a student only by submitting to the University a copy of their most recently filed federal income tax return. Alternatively, a student may demonstrate tax dependency, and thus allow parental access to the student’s records without prior consent of the student, by submitting to the University a signed statement of his or her tax dependency. If a dependent student’s parents are divorced, both parents may have access to the student’s records, so long as at least one parent claims the student as a dependent.

Judicial Order or Subpoena. Information concerning a student shall be released in response to a judicial order or lawfully issued subpoena. The University will make reasonable efforts to notify the student of an order or subpoena before compliance with it. However, the University shall not notify a student of a subpoena if it is from a federal grand jury or is for law enforcement purposes, and it provides that the University shall not disclose to any person the existence or contents of the subpoena or any information furnished in response to the subpoena.

Financial Aid. The University may disclose student information to persons in an emergency in order to protect the health and safety of the student or others in the University community.

Disciplinary Hearing Results

Disclosure to Victims: The University may disclose to an alleged victim of any crime of violence (as that term is defined in Chapter 1, Section 16 of Title 18, United States Code), or a non-forcible sex offense, the final results of any disciplinary proceeding conducted by the University against the alleged perpetrator of such crime or offense, regardless of whether the alleged perpetrator was found responsible for violating the University’s rules or policies with respect to such crime or offense.

Disclosure to Third Parties: The University may disclose the final results of any disciplinary proceeding against a student who is an alleged perpetrator of any crime of violence or non-forcible sex offense (as those terms are defined in 34 C.F.R. §99.39), if the student is found responsible on or after October 7, 1998, for violating the University’s rules or policies with respect to such crime or offense. Such disclosure shall include only the name of the student, the violation shall be disclosed in response to a judicial order or lawfully issued subpoena. The University will make reasonable efforts to notify the student of an order or subpoena before compliance with it. However, the University shall not notify a student of a subpoena if it is from a federal grand jury or is for law enforcement purposes, and it provides that the University shall not disclose to any person the existence or contents of the subpoena or any information furnished in response to the subpoena.

Education records may be disclosed to the U.S. Attorney General or his or her designee in response to an ex parte order concerning an authorized investigation or prosecution of domestic or international terrorism, without prior notice to the student.

Health and Safety. The University may disclose student information to persons in an emergency in order to protect the health and safety of the student or others in the University community.

Disciplinary Hearing Results

Disclosure to the Student

The student has the right, on request to the appropriate University official, to review all materials that are in the student’s education records, except:

- Financial information submitted by the student’s parent
- Confidential letters and recommendations associated with admissions, employment or job placement, or honors, to which the student has waived rights of inspection and review (the University is not required to permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975, provided those letters were collected under established policies of confidentiality and were used only for the purposes for which they were collected)
- Education records containing information about more than one student, in which case the University will permit access only to that part of the record that pertains to the inquiring student.

The Vice President for Business Affairs is the official custodian of UTEP records, and that office maintains a list of those individuals responsible for education records, which are maintained at the campus locations listed below. Requests for access to specific student records should be made in writing to the University official responsible for the particular record. Records covered by FERPA will be made available within forty-five days of the request.

1. Academic Records
   - Admissions Office: Director
   - Graduate School: Dean
   - Registration and Records: Registrar
   - College, Division, Department, and Faculty Offices

2. Student Services Records
   - University Counseling Services: Director
   - Student Activities Center: Director
   - Student Services: Dean of Students

3. Financial Records
   - Business Office: Vice President for Business Affairs
   - Financial Aid Office: Director
   - Scholarships Office: Director

       Students may request copies of their education records and this policy. These copies will be made at the student’s expense at rates authorized by the Texas Public Information Act, except that all official transcripts will cost $5.00. Official copies of academic transcripts will not be released for students who have a delinquent financial obligation or financial “hold” at the University.

Disclosure with Prior Consent of the Student

With the student’s prior consent, the University will release personally identifiable student information in education records or allow access to those records. Such consent must be written, signed and dated, and must specify the records to be disclosed, the party to whom the records are to be disclosed, and the purpose of the disclosure. Research papers and thesis authorized by the student will be made available to interested members of the public.
Record of Disclosures

The University will maintain with the student's education records a record for each disclosure request and each disclosure, except disclosures:

- To the student himself or herself
- Pursuant to the written consent of the student
- To University officials with legitimate educational interests
- Pursuant to a law enforcement subpoena and the issuing court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed or the order is concerning an authorized investigation or prosecution of domestic or international terrorism
- Of directory information.

Requests to Amend Records

A student who believes that his or her education records are inaccurate or misleading, or that the records violate his or her privacy rights, may informally discuss amendment of the record with the University office concerned with the particular record. If agreement is reached with respect to the student's request, the appropriate records will be amended. [Note: The substantive judgment of a faculty member about a student's work, expressed in grades and/or evaluations, is not within the purview of this right to seek amendment of education records.] If the record is not amended pursuant to the student's request, the University will inform the student of its decision and of the student's right to request a formal hearing.

The request must be made in writing to the UTEP Vice President for Business Affairs who, within a reasonable period of time after receiving such request, will inform the student of the date, place, and time of the hearing. A student may present evidence relevant to the issues raised and may be assisted or represented at the hearing by one or more persons of the student's choice, including attorneys, at the student's expense. The hearing officer that will adjudicate such challenges will be appointed by the President. The decision of the hearing officer will be final, will be based solely on the evidence presented at the hearing, and will consist of a written statement summarizing the evidence and stating the reasons for the decision, and will be delivered to all parties concerned. If the decision is in favor of the student, the education records will be corrected or amended in accordance with the decision of the hearing officer. If the decision is unsatisfactory to the student, the student may place with the education records a statement commenting on the information in the records or a statement setting forth any reasons for disagreeing with the decisions of the hearing officer, or both. The statement will be placed in the education records, maintained as part of the student’s records, and released whenever the records in question are disclosed. Students who believe that the adjudications of their challenges were unfair or were not in keeping with the provisions of the Act may request in writing, assistance from the President of the institution.

Disclosure for Directory Information to the Texas Higher Education Coordinating Board (the State of Texas Educational Governing Entity)

FERPA allows, with the student’s consent, for the Texas Higher Education Coordinating Board to disclose the number of semester credit hours that the student has taken at UTEP to other institutions of higher education for the purpose of confirming these hours for transfer and related issues. Students may have all Directory Information withheld by notifying the Registration and Records Office in writing each semester during the first 12 days of class of a long semester, or the first day of the minimester, or the first four class days of a summer session. Requests to withhold Directory Information will be honored by the University for only the current enrollment period; therefore, a request to withhold Directory Information to THECB must be filed each semester or session in the Registration and Records Office.

Collection of Personal Information

With few exceptions, under Sections 552.021 and 552.023 of the Texas Government Code, students are entitled at their request to receive and review the information UTEP collects about them. Under Section 559.004 of the Texas Government Code, they are entitled to have The University of Texas at El Paso correct information about them that has been collected and is incorrect, in accordance with the procedures set forth in the University of Texas System Business Procedures Memorandum 32. The information that The University of Texas at El Paso collects will be retained and maintained as required by Texas records retention laws (Section 441.180 et seq. of The Texas Government Code) and rules. Different types of information are kept for different periods of time.
COURSE INFORMATION

Texas Common Course Numbering (TCCN) System

The University of Texas at El Paso participates in the Texas Common Course Numbering (TCCN) System, which was developed to facilitate the transfer of general academic courses among Texas colleges and universities. Common courses are those freshman and sophomore level courses taught throughout Texas which correspond with the general description of courses or category of courses included in the Lower Division Academic Course Guide Manual. A UTEP course determined to be equivalent to a course listed in the Guide has the common course number listed below the UTEP course title in the individual course description of this catalog and a Texas state symbol is to the left of the course prefix and number. Students interested in transferring can refer to the common course number in each college or university catalog to determine course transferability among institutions.

Course Numbering System

Each course offered by The University of Texas at El Paso is identified by a four-digit course number. The first number indicates the level: 0 = developmental, 1 = freshman, 2 = sophomore, 3 = junior, 4 = senior, 5 or 6 = graduate. The second number indicates the semester credit hour value of the course. The last two numbers identify the course within its particular department.

- Lower-Division Courses are designated by a 1 or 2 as the first digit of the course number.
- Upper-Division/Advanced Courses are designated by a 3 or 4 as the first digit of the course number. The student should refer to the departmental and college requirements for specific conditions, if any, imposed on registration in advanced courses.
- Graduate Courses are designated by a 5 or 6 as the first digit of the course number.

Maximum Course Load

A student is permitted to register each term for the maximum number of semester credit hours listed below. Written permission from the academic dean must be obtained to take more than the maximum load. Students must have a grade point average above 2.0 to request permission.

Students who are not eligible to enroll without conditions, who are on academic probation or academic suspension/dismissal, who have been readmitted or reinstated from such conditions, or who are in the START Program will have course load conditions imposed by their advisor or dean. Students should see the section entitled Standards of Academic Performance.

Enrollment Verification

For enrollment verification to financial aid, scholarships, loan agencies, insurance companies, etc., the following categories will be followed. Students are encouraged to enroll in the appropriate number of credit hours as required/specified by the agencies. Veteran students are recommended to consult with the campus Veterans Affairs Office.

Maymester and Wintermester:
Students may repeat courses at UTEP under either of the following conditions:

1. A maximum of four courses attempted on a Pass/Fail basis may be used to fulfill degree requirements, as free electives only. Such courses may not be reserved for graduate credit.
2. Not more than two such courses may be taken in a long semester or one in a summer session.
3. Courses taken on a Pass/Fail basis may not be counted toward the minimum residency requirements.
4. To obtain credit for the course, the student must meet the minimum standard and do all assigned work required for the grade of “A,” “B,” “C,” or “D.”
5. No course graded Pass/Fail may be used to fulfill any degree requirement in the College of Engineering.
6. Business majors may not take any course offered by the College of Business Administration on a Pass/Fail basis.
7. Enrollment in graduate courses must be approved prior to registration by the graduate advisor of the department, the undergraduate dean, and the Dean of the Graduate School.

To enroll on a Pass/Fail basis in courses that are not normally graded Pass/Fail, a student must:

1. Obtain a Pass/Fail form and approved signature from the academic dean of his/her college.
2. Submit the approved form to the Records Office by the submission deadline listed in the Class Schedule.

Election of the Pass/Fail option is irrevocable after the submission deadline. Pass/Fail courses are not included in the grade point average calculation. There is no assurance that Pass/Fail courses will be accepted as transfer credit by another institution.

Reservation of Work by Undergraduates for Graduate Credit

Ordinarily, undergraduates are not eligible to take graduate courses. A student who already has a baccalaureate degree is not eligible to reserve courses for graduate credit, but it is possible for seniors to register in graduate courses in their last semester under the following conditions:

1. The undergraduate must need no more than 12 semester hours (or six semester hours in summer session) of work to complete all requirements for the first baccalaureate degree and must have a grade point average of at least 3.0 in junior and senior-level courses.
2. These 12 hours (or less) must all be completed in the same semester or summer session in which the graduate courses are taken.
3. Total registration for all work must not exceed 15 semester hours (or 9 hours in a summer session).
4. Enrollment in graduate courses must be approved prior to registration by the graduate advisor of the department, the undergraduate dean, and the Dean of the Graduate School.
5. This option is limited to one term.

An undergraduate cannot count credit for graduate courses toward the baccalaureate degree. It will be reserved for credit toward a graduate degree. A form for reserving courses is available in the Graduate School. Approval to reserve work for graduate credit neither constitutes nor implies admission to any graduate program.

Repetition of Courses

Students may repeat courses at UTEP under either of the following conditions:

1. Repetition of UTEP freshman level courses (1xxx). If a grade of “A,” “B,” “C,” “D,” or “F” is earned when the course is repeated for the first time, the previously earned grade is automatically excluded from the GPA calculation. Both grades earned remain on the academic record and the record will be annotated with the symbol (E-Excluded) next to the first grade. The last grade earned is the official grade for the course.
2. Repetition of UTEP freshman level courses (1xxx) after the first time and repetition of non-freshman level courses (2xxx, 3xxx, 4xxx). All grades earned remain on the academic record and are included in the GPA calculation. Exceptional circumstances may be reviewed by the student’s academic dean in consultation with the appropriate faculty member. Grade replacement and GPA recalculation may not occur after graduation.

A grade received as a result of disciplinary action is not eligible for grade replacement for GPA recalculation. The record will be annotated with the symbol (D) next to the grade.

Note: Students are cautioned that courses taken at UTEP and repeated at another college or university are not eligible for GPA recalculation, even if it is the first-time repetition of freshman-level courses (1xxx). Transfer courses are not calculated in a student’s UTEP GPA.

Class Attendance

The student is expected to attend all classes and laboratory sessions. It is the responsibility of the student to inform each instructor of extended absences. When, in the judgment of the instructor, a student has been absent to such a degree as to impair his or her status relative to credit for the course, the instructor may drop the student from the class with a grade of “W” before the course drop deadline and with a grade of “F” after the course drop deadline.

Limits on Undergraduate Course Enrollment

In most instances, a student may enroll in an undergraduate class a maximum of three times; further enrollment requires PERMISSION OF THE STUDENT’S ACADEMIC DEAN. A student may enroll more than three times in a variable-topic, studio, performance, workshop, or other course that is identified as “may be repeated for credit.” This includes enrollments that result in a grade of “W,” “F,” “D,” or “P.” It does not apply to courses taken prior to a student’s re-enrolling under “Option 2” as described under the Reinstatement After Extended Absence or Academic Fresh Start portions of this catalog. Individual colleges may have more restrictive policies.

A student may not enroll in a course in which a grade of “C” or higher has been previously earned (except for a variable-topic, studio, performance, workshop, or other course that is identified as “May be repeated for credit”). Moreover, a student may not enroll in a course in which he or she has an unresolved grade of “I.”
Excused Absences for University-Recognized Activities

Students who will be absent while representing the University in officially recognized University activities (sports, band, professional conferences, etc.) must notify the Dean of Students not less than ten days prior to the absence. The Dean of Students will provide the student with a letter of excuse for the professors. It is the student’s responsibility to give the letter to the professors prior to the official recognized activity. Students following these procedures will be permitted to make up both assignments and examinations in consultation with faculty.

Absence for Religious Holy Days

“Religious holy day” means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code. Section 51.9111 of the Texas Education Code and 19 Texas Administrative Code 4.4 related to absences by students for observance of religious holy days states that the institution shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. The student must provide written notice to the instructor of each course that he/she will be absent for a religious holy day not less than 10 days prior to the absence. If a student and an instructor disagree about the nature of the absence being for the observance of a religious holy day as defined therein, or if there is similar disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the Provost or his/her designee. The student and instructor shall abide by the decision of the Provost or his/her designee.

Military Leave

Section 51.9111, Texas Education Code, and 19 Texas Administrative Code 4.9 provides that students be excused from scheduled classes or other required activities if the student is called to and participates in active military service for a reasonably brief period and that the student shall be allowed to complete an assignment or exam within a reasonable time after the absence. The excused absence is permitted only if the student will not miss more than 25% of the total number of class meetings or the contact hour equivalent (not including the final examination period) for the specific course or courses in which the student is enrolled at the beginning of the period of active military service.

Students called to active military service must provide a copy of their military orders to the instructor of each course. Further information is available under Complete Withdrawal Due to Active Military Service.

Absence from Examinations

A student absent from a test during the semester is graded zero unless another policy is set by the instructor.

Dead Day

This specific day will be scheduled one day after the last day of classes during the fall and spring semesters. The following policy will be observed:

1. No classes will be held on this day, except classes which meet once a week on that day.
2. Make-up exams should be left to the discretion of each individual instructor.
3. All student work (i.e., research papers, lab reports, term paper, etc.) should be due prior to this day.
4. If a comprehensive final is given, no new material, quizzes, or exams should be given two calendar days prior to Dead Day, and attention should be given to review of semester material. Implementation of this recommendation is to be left to the discretion of the individual instructor.

Final Examinations

Exemption from final examinations may not be given. Final examinations are scheduled to be two hours, forty-five minutes in length and take place during the final examination period. It is the policy of the University to administer a second final examination in a course. It is also University policy that students shall not have more than two final examinations in a single day. In the unlikely event that the examination schedule results in a student having three final examinations on a single day, the faculty member upon the request of the student shall reschedule the second of that student’s three examinations.

Academic Integrity

The University of Texas at El Paso prides itself on its standards of academic excellence. In all matters of intellectual pursuit, UTEP faculty and students must strive to achieve excellence based on the quality of work produced by the individual. In the classroom and in all other academic activities, students are expected to uphold the highest standards of academic integrity. Any form of academic dishonesty is an affront to the pursuit of knowledge and jeopardizes the quality of the degree awarded to all graduates of UTEP. It is imperative, therefore, that the members of this academic community understand the regulations pertaining to academic integrity and that all faculty insist on adherence to these standards.

Any student who commits an act of academic dishonesty is subject to discipline. Academic dishonesty includes, but is not limited to, cheating, plagiarism, collusion, the submission for credit of any work or materials that are attributable in whole or in part to another person, taking an examination for another person, and any act designed to give unfair advantage to a student or the attempt to commit such acts. Proven violations of the detailed regulations, as printed in the Handbook of Operating Procedures (HOP), and available in the Office of the Dean of Students and on the homepage of the Dean of Students at www.ute.purdue.edu, may result in sanctions ranging from disciplinary probation, to a failing grade on the work in question, to a failing grade in the course, to suspension or dismissal, among others.

GRADERS AND GRADE POINT AVERAGES

</tbody>
</table>

Courses in which the above grades were earned are included in the grade point average (GPA), which is calculated as follows: (1) determine grade points by multiplying the number of semester hours each course is worth by the grade point value of the grade received; (2) divide the total number of grade points earned by the total number of semester hours attempted in which the above grades were earned. (Total Grade Points/Total Attempted Hours = GPA)
Incomplete or In-Progress Work

Assignment of the grade "I" is made only in exceptional circumstances and requires the instructor to file an outline of the work to be completed and the time span (not to exceed one calendar year) allowable for completion with the academic dean. In no case may repetition of the course be assigned as work to be completed. If the work has not been completed at the end of the specified time, the "I" will be changed to an "F." A student may not enroll in a course in which he/she has an unresolved grade of "I." The grade of "I" (in progress) is limited to specific courses in which re-enrollment is required. This includes all thesis courses (5398-5399, 6320-6321), graduate internships, and certain undergraduate courses.

Grade Changes

All student-initiated grade reviews and grade appeals shall be made no later than one year after the official grade has been released to the student; for a student who has graduated, the deadline is three months following the semester in which the degree was awarded.

Any student may request that the faculty member review and re-evaluate a grade previously given. The student may then seek assistance from the department chair or the academic dean in obtaining a grade review.

After a grade review, a formal grade appeal process is available in cases in which a student wishes to appeal a grade assigned by the instructor. The formal appeal shall be officially filed with the Student Welfare and Grievance Committee no later than one year after the official grade has been released to the student; for a student who has graduated, the filing deadline is three months following the semester in which the degree was awarded. See Student Life Policies and Procedures section-Student Grievance Procedures in this Catalog for additional information.

Grades may be changed as a result of (1) grade change initiated by the instructor and approved by the appropriate department chair; (2) grade change initiated by the department chair for cases in which the instructor cannot be contacted and there exists clear and convincing evidence for a grade change; (3) grade change due to disciplinary action imposed by the Dean of Students or Hearing Officer for violation of university rules; or (4) action taken by the Student Welfare and Grievance Committee in grade appeal procedures.

Grades determined as a result of actions taken in items (3) or (4) above are final and not subject to change. No other grade change shall occur without the consent of the instructor. The Registrar shall notify the student and the instructor of any change of grade.

College/Major Academic Standing

Selected colleges or majors may also require students to maintain a 2.0 GPA for courses taken within the college or within the major. A student whose college/major GPA falls below a 2.0 after completing nine additional hours of work in the college/major in which the student has a minimum of one semester. A student who is on suspension from a college/major may continue to enroll in the University if the student changes majors and meets the GPA requirements of the new college/major. A change to a new major in the same college will require permission from the dean. A student who wishes to re-enroll in the same college after a suspension must submit a Petition for Reinstatement to the College/Major to the student's academic dean. If the petition is approved, the student will be permitted to re-enroll under academic probation, plus any special conditions which may be imposed by the academic dean. It is recommended that students who are suspended from the college/major receive career counseling through the University Counseling Center.

Students who have been suspended for a period of one semester and have been allowed to re-enroll in that college/major must attain a GPA of 2.0 in the college/major after the completion of nine additional hours of course work in the college/major (or the designated college/major probationary period) and pass all courses in which the student has a minimum of one semester. A student who is allowed to re-enroll after this suspension and does not achieve a 2.0 GPA in the college/major (or the designated college/major probationary period) will be dismissed from the college/major. A change of major may be required if the student wishes to continue to enroll in the University.

Any appeal from the regulations governing academic performance shall be directed to the dean of the college in which the student is a major, who is empowered to grant relief in unusual circumstances if the circumstances warrant such action. This policy is in addition to the policies concerning academic standing within the University. Any penalties concerning eligibility to re-enroll arising from the University's academic standing policy shall take precedence over any provisions within this policy.

Standards of Academic Performance

Undergraduate students are expected to maintain a cumulative grade point average (GPA) of at least 2.0 (“C” average) for all work attempted at UTEP, and at least a GPA of 2.0 for all course work required in the major field of study. These are University-wide minimum requirements for the conferral of any bachelor’s degree, but higher minimum standards of performance are required in some programs.

When final grades of each term are posted to the student academic record, both term GPA (for the semester or session just ended) and cumulative GPA (for all work attempted at UTEP) are included. In addition, designations appropriate to the student’s past academic performance and eligibility to re-enroll at the University are included. These designations are as follows:

* U* Unsatisfactory
* F* Unsatisfactory
* D* Satisfactory
* C* Satisfactory
* B* Satisfactory
* A* Satisfactory
* CR Transfer credit or credit by examination
* W Withdrawal
* U Incomplete
* S Unsatisfactory, in a Pass/No-Pass course
* P In Progress
* N Temporary administrative grading notation often meaning not reported by the faculty or some other administrative problem

TWC Assigned to a dropped undergraduate transfer course taken at another Texas public college or university, counts toward the Six Course Drop Limit.

Midterm Grades for Freshmen

A mid-semester, all students with fewer than 30 cumulative semester hours will receive midterm grades. The midsemester grade report is designed to give beginning students an early indication of their academic progress. Midterm grades are not recorded on the student’s academic record, computed in the cumulative grade point average, or in the academic standing.

Incomplete or In-Progress Work

Assignment of the grade "I" is made only in exceptional circumstances and requires the instructor to file an outline of the work to be completed and the time span (not to exceed one calendar year) allowable for completion with the academic dean. In no case may repetition of the course be assigned as work to be completed. If the work has not been completed at the end of the specified time, the "I" will be changed to an "F." A student may not enroll in a course in which he/she has an unresolved grade of "I." The grade of "I" (in progress) is limited to specific courses in which re-enrollment is required. This includes all thesis courses (5398-5399, 6320-6321), graduate internships, and certain undergraduate courses.

Grade Changes

All student-initiated grade reviews and grade appeals shall be made no later than one year after the official grade has been released to the student; for a student who has graduated, the deadline is three months following the semester in which the degree was awarded.

Any student may request that the faculty member review and re-evaluate a grade previously given. The student may then seek assistance from the department chair or the academic dean in obtaining a grade review.

After a grade review, a formal grade appeal process is available in cases in which a student wishes to appeal a grade assigned by the instructor. The formal appeal shall be officially filed with the Student Welfare and Grievance Committee no later than one year after the official grade has been released to the student; for a student who has graduated, the filing deadline is three months following the semester in which the degree was awarded. See Student Life Policies and Procedures section-Student Grievance Procedures in this Catalog for additional information.

Grades may be changed as a result of (1) grade change initiated by the instructor and approved by the appropriate department chair; (2) grade change initiated by the department chair for cases in which the instructor cannot be contacted and there exists clear and convincing evidence for a grade change; (3) grade change due to disciplinary action imposed by the Dean of Students or Hearing Officer for violation of university rules; or (4) action taken by the Student Welfare and Grievance Committee in grade appeal procedures.

Grades determined as a result of actions taken in items (3) or (4) above are final and not subject to change. No other grade change shall occur without the consent of the instructor. The Registrar shall notify the student and the instructor of any change of grade.

College/Major Academic Standing

Selected colleges or majors may also require students to maintain a 2.0 GPA for courses taken within the college or within the major. A student whose college/major GPA falls below 2.0 after completing nine additional hours of work in the college/major will be placed on probation within the college/major. This minimum shall be nine hours unless specified differently on the degree requirements for the college/major.

If the student's college/major GPA remains below a 2.0 after completing nine additional hours of course work in the college/major (or the designated college/major probationary period) and satisfies the applicable probationary period, the student will be placed on suspension from the college/major for a minimum of one semester. A student who is on suspension from a college/major may continue to enroll in the University if the student changes majors and meets the GPA requirements of the new college/major. A change to a new major in the same college will require permission from the dean. A student who wishes to re-enroll in the same college after a suspension must submit a Petition for Reinstatement to the College/Major to the student's academic dean. If the petition is approved, the student will be permitted to re-enroll under academic probation, plus any special conditions which may be imposed by the academic dean. It is recommended that students who are suspended from the college/major receive career counseling through the University Counseling Center.

Students who have been suspended for a period of one semester and have been allowed to re-enroll in that college/major must attain a GPA of 2.0 in the college/major after the completion of nine additional hours of course work in the college/major (or the designated college/major probationary period) and pass all courses in which the student has a minimum of one semester. A student who is allowed to re-enroll after this suspension and does not achieve a 2.0 GPA in the college/major (or the designated college/major probationary period) will be dismissed from the college/major. A change of major may be required if the student wishes to continue to enroll in the University.

Any appeal from the regulations governing academic performance shall be directed to the dean of the college in which the student is a major, who is empowered to grant relief in unusual circumstances if the circumstances warrant such action. This policy is in addition to the policies concerning academic standing within the University. Any penalties concerning eligibility to re-enroll arising from the University's academic standing policy shall take precedence over any provisions within this policy.

Standards of Academic Performance

Undergraduate students are expected to maintain a cumulative grade point average (GPA) of at least 2.0 (“C” average) for all work attempted at UTEP, and at least a GPA of 2.0 for all course work required in the major field of study. These are University-wide minimum requirements for the conferral of any bachelor’s degree, but higher minimum standards of performance are required in some programs.

When final grades of each term are posted to the student academic record, both term GPA (for the semester or session just ended) and cumulative GPA (for all work attempted at UTEP) are included. In addition, designations appropriate to the student’s past academic performance and eligibility to re-enroll at the University are included. These designations are as follows:

* U* Unsatisfactory
* F* Unsatisfactory
* D* Satisfactory
* C* Satisfactory
* B* Satisfactory
* A* Satisfactory
* CR Transfer credit or credit by examination
* W Withdrawal
* U Incomplete
* S Unsatisfactory, in a Pass/No-Pass course
* P In Progress
* N Temporary administrative grading notation often meaning not reported by the faculty or some other administrative problem

TWC Assigned to a dropped undergraduate transfer course taken at another Texas public college or university, counts toward the Six Course Drop Limit.
Eligible to Re-enroll

A student whose cumulative GPA is 2.0 or higher is eligible to re-enroll.

Academic Probation

A student whose cumulative GPA falls below 2.0 will be placed on academic probation. A student on academic probation must have permission to re-enroll. Students in an entering student program should seek this permission from their entering student advisor. Other students should seek this permission from their academic dean. A student will remain on academic probation as long as the term GPA is at least 2.0 and the cumulative GPA is below 2.0.

Academic Suspension for One Semester

A student on academic probation whose term GPA is below 2.0 will be placed on academic suspension for one semester. A student thus suspended MAY NOT re-enroll at the University until one long semester or full summer session has elapsed.

Academic Suspension for One Year

A student on academic probation who has already been placed on academic suspension for one semester, and whose term GPA is less than 2.0, will be placed on academic suspension for one year. A student thus suspended MAY NOT re-enroll at the University until one full calendar year has elapsed.

Academic Suspension for Two Years

A student who has been placed on academic suspension for one year and whose semester and cumulative GPA is below 2.0 will be placed on academic suspension for two years. A student thus suspended MAY NOT re-enroll at the University until two full calendar years have elapsed.

Re-enrollment Following Academic Suspension

A student wishing to re-enroll after his/her academic suspension period is over must submit a Petition for Reinstatement with the academic dean of the previous major or, if the student is selecting a new major, the dean of the intended new major. If reinstated, the student will be permitted to re-enroll under academic probation, plus any special conditions of the Petition for Reinstatement.

Any appeal from the regulations governing academic performance shall be directed to the dean of the college in which the student is a major, who is empowered to grant relief in unusual cases if the circumstances warrant such action. Any student who attempts to circumvent the academic performance regulations is subject to disciplinary action.

Reinstatement of Students after Extended Absence

At the time of reinstatement to the University after an absence of at least two academic years, a student has the option of:

1. Continuing with the academic record and GPA as they stand, and completing all remaining requirements for graduation; or
2. Beginning anew, with no courses attempted earlier at UTEP counted toward the degree, nor counted in the cumulative GPA calculations. This option may be elected only once.

If Option 1 is chosen, the GPA will be computed according to rules in force at the time of re-entry. If Option 2 is chosen, notation will be made in the student's record indicating that portion of the record which is to be involved in computing requirements for graduation. There is no assurance that courses attempted prior to this option will be accepted as transfer credit by another institution. In either case, all courses taken and grades earned will remain on the official academic record. Pursuit of the degree under either option does not exempt the student from the provisions of the "seven-year rule" (students should refer to the Catalog Requirements section).

If the student was not eligible to re-enroll at the end of the last period of enrollment at the University, submission of a Petition for Reinstatement with the academic dean of either the previous or intended major is required at the time of reinstatement. The petition will specify which of the two options has been chosen.
General Requirements for Undergraduate Degrees

General academic regulations may be changed at any time. All students, regardless of when originally enrolled, are required to abide by current academic regulations.

RESIDENCE

Work counting toward the degree must be completed in residence at the University as follows:
1. A total of at least 25% of the semester hours (a minimum of 30 semester hours)
2. Twenty-four of the last 30 semester hours
3. Twelve semester hours of advanced courses in the major subject must have been completed not more than three years prior to the date of graduation

CATALOG GRADUATION REQUIREMENTS

In order to graduate, a student must fulfill the specific course and degree requirements of the catalog in effect at the time of his/her admission, or of any subsequent catalog in effect during his/her enrollment with the approval of the academic dean, provided that the required courses are still being offered. A student must complete all requirements within seven years or be subject to the degree requirements of a subsequent catalog. The seven-year period begins with the year the catalog was issued, regardless of the student's first semester of enrollment. Students entering the University for the first time during a summer session are subject to the requirements of the catalog for the next fall term, or of a later catalog.

A student transferring from a Texas two-year institution may select a catalog that was in effect prior to the first semester of enrollment at UTEP, as long as the student was following UTEP's degree plan while enrolled at the community college.

DEGREE PLAN

Students are advised to obtain and follow their major’s degree plan when they first enroll at the University. Students are required to select a major and file a degree plan with the academic dean of that major by the time they complete 60 semester hours.

CHANGE OF MAJOR

A student who wishes to change majors must obtain permission of the dean of the college of the new major.

CONCENTRATIONS AND MINORS

Students interested in pursuing a concentration or minor in an area of study should refer to the college curriculum in the catalog or consult with their major advisor for further details.

COMPLETION OF FRESHMAN-LEVEL COURSES

All freshman-level courses that are required by specific course number must be completed before the student has completed 90 hours toward the degree. No credit for these freshman-level courses will be granted toward fulfilling the minimum credit hour requirements for the degree even though the courses must be completed.

ONE-HOUR COURSES

No more than six one-hour courses may be counted toward completion of the minimum total hours required for a degree (unless degree requirements specify otherwise), except with specific approval of the academic dean.

MAJOR EXAMINATIONS

At the discretion of the department concerned, a comprehensive examination may be required in the major subject under the following conditions:
1. Four hours written, or three hours written and one hour oral.
2. The department fixes the time and place, and supervises the examination.
3. In case of failure, the student may take another examination on a date determined by the department.

GRADE POINT AVERAGE REQUIRED FOR GRADUATION

A minimum grade point average of 2.0 must be achieved in all course work at The University of Texas at El Paso and in all transfer work counted toward the degree. The UTEP cumulative grade point average consists of all grades earned at this institution regardless of their applicability toward a degree. Transfer credits may be counted toward meeting degree requirements, but transfer grades and grade points do not enter into UTEP grade point average calculations. A minimum grade point average of 2.0 is required in the major.
degree requirements, but transfer grades and grade points do not enter into UTEP grade point average calculations. A minimum grade point average of 2.0 is required in the major. This is intended as a University-wide minimum and does not prevent a college from requiring a higher GPA in specific majors or programs, provided appropriate approvals have been obtained.

GRADUATION

Degrees are conferred at the end of each long semester (December, May) and each summer session (July). Formal commencement ceremonies are held in May for all candidates who complete degree requirements during the spring semester and in December for fall candidates.

Summer candidates may participate in the May commencement ceremony if no more than 6 hours are needed to complete the degree during the summer session. Summer candidates names will not appear in the May program. Summer candidates who do not participate in May commencement may participate in December commencement. Summer graduates’ names will only appear in the December program.

Students must apply for graduation and pay the appropriate fee in order to be considered candidates for graduation. The application process begins with the academic dean and should be initiated during the next-to-last semester or session and completed no later than the published deadline in the Class Schedule. Summer candidates participating in May commencement must complete the application process by the published deadline for May graduation. The paid graduation application form will be collected by the Student Business Services Office for processing by the Registration and Records Office.

SECOND BACHELOR’S DEGREE

Applicants for a second baccalaureate degree must complete at least 24 semester hours at The University of Texas at El Paso, in addition to those counted toward the baccalaureate degree requiring the higher number of semester hours of credit. These additional hours must include at least 6 advanced hours in the major subject of the second degree. A student working toward a second bachelor’s degree will register as an undergraduate senior.

A student who earned the first bachelor’s degree at another institution must complete at least 30 hours at UTEP, including completion of the legislative requirements of 6 hours of American History and 6 hours of Political Science covering the Constitutions of the United States and Texas.

POSTHUMOUS DEGREE

A posthumous degree may be awarded only if the student was enrolled in courses that would have allowed the student to complete all work for the degree, and if the student had the appropriate grade point average in the required areas. For further information, individuals may contact the appropriate dean’s office.
UNIVERSITY HONORS PROGRAM

Honors House
Hawthorne Street
(Behind the Academic Advising Center Bldg.)
Phone: (915) 747-5858
https://www.utep.edu/honors

COORDINATOR: Terri S. Ramirez

The University Honors Program offers students a richer, more intense and challenging academic experience, as well as closer, more personalized contact with faculty and fellow students. Enrollment in Honors classes is limited to 20, and students must apply to participate in the program. To be eligible, entering freshmen must have graduated in the top 10% of their high school class or have obtained a 1030 on the SAT or 22 on the ACT. A cumulative 3.3 grade point average is the criterion for admitting current or transfer students.

Participants must complete a minimum of one Honors course per year and maintain a 3.3 GPA to remain active in the program.

The program offers two options: the University Honors Degree or the University Honors Certificate. Both options are described below.

University Honors Degree
Candidates earn Honors in the areas specified below and complete either 6 hours of upper-division Honors credit or a 6-hour Honors Senior Project in their major. Recipients of the University Honors Degree must complete Honors courses in the following areas:

ENGL 1311-1312  At least 3 hours of English must be taken for Honors credit.
Entering freshmen who place beyond ENGL 1312 take an Honors sophomore or upper-division English course.

HIST 1301-1302  At least 3 hours of History must be taken for Honors credit.

POLS 2310-2311  At least 3 hours of Political Science must be taken for Honors credit.

8 hours of courses given by the departments of Biological Sciences, Chemistry, Geological Sciences, or Physics. At least 3 hours of science must be taken for Honors credit.

6 hours of upper-division work for Honors credit. Three of these hours may be satisfied through approved independent study.

OR

A 6-hour Honors Senior Project (HON 4395-4396). In several departments, completion of the Honors Senior Project may also qualify the student for Departmental Honors recognition: Political Science, Psychology, History, Chemistry, Biological Sciences, Geological Sciences, and Physics.

AND

Additional Honors credits as required to bring the total to 30 hours; the hours may be earned by enrolling in Honors sections or by contracting for Honors credit in non-Honors courses.

With approval of a student's departmental advisor and the University Honors Program Director, a maximum of 6 of these 30 hours may be taken on a Pass/Fail basis. Credits obtained on this basis may be used only for elective credit if approved by the student's academic department. Courses taken on a Pass/Fail basis are disregarded in determining the grade point average, thereby encouraging Honors students to enroll in a course for which they might otherwise feel inadequately prepared.

Completion of the above requirements with a cumulative GPA of 3.3 or higher at the time of graduation entitles the student to receive the University Honors Degree. The notation "University Honors Degree" will be added to the permanent academic record and the diploma, and all Honors courses completed will be designated with (H).

University Honors Certificate
Students who wish to pursue a less comprehensive Honors curriculum may elect to obtain the University Honors Certificate by completing 18 hours of Honors course work. At least 6 hours must be upper-division, and 3 of these may be by approved independent study. A maximum of 3 Honors hours may be taken on a Pass/Fail basis, with the same restrictions described for such courses in the University Honors Degree option. Upon graduation with a cumulative GPA of 3.3 or higher, the notation "University Honors Certificate" will appear on the permanent academic record and on the diploma, and all Honors courses completed will be designated with (H) on the transcript.

Honors Contract Credit
Honors Program members enrolled in a non-honors section of a course may arrange for special additional work under the supervision of the instructor. If the contract work is completed and evaluated as Honors quality by the instructor and a grade of "A" or "B" is earned for the course, Honors credit for the class will be awarded. Detailed guidelines and contracts are available at the Honors House.

Honors Transfer Credit
If an Honors course is completed elsewhere, at an institution accredited by the Association for Colleges and Schools, and transfers as the equivalent of a course offered at UTEP, the Honors course will be counted toward hours needed to earn the University Honors Degree or Certificate. If the Honors course completed elsewhere transferred to UTEP as TR (transfer elective), then the course must be evaluated on an individual basis by the Honors Director in consultation with the Honors Advisory Committee and a decision made based on course content. A minimum of 50% of the credits required for the Honors Degree or Certificate must be completed at UTEP.

Honors Recognition at Commencement

This catalog is archived. For the current UTEP catalog, please visit catalog.utep.edu.
Undergraduate honors, in the form of academic and departmental honors, may be awarded to students who have completed at least twelve college credit hours and have earned a minimum semester grade point average of 3.5. This honor is noted on the student's academic record.

**Academic Honors**

A student who wishes to earn academic honors must complete a senior thesis, senior project, or other special requirement, depending on the department. A departmental faculty member directs the project or thesis. The director, along with a departmental honors committee, judges the student's work, and outside referees may be consulted if deemed appropriate. Students may include departmental honors credits with University honors credits, upon consultation with the University Honors Program Director, in order to earn Honors with Distinction.

**Dean's List**

At the end of each fall and spring semester, the Registration and Records Office prepares a Dean's List for each undergraduate college of all full-time undergraduate students who have completed at least twelve collegiate hours and have earned a minimum semester grade point average of 3.5. This honor is noted on the student's academic record.

**Departmental Honors Program**

At the end of each fall and spring semester, the Registration and Records Office prepares a Dean's List for each undergraduate college of all full-time undergraduate students who have completed at least twelve collegiate hours and have earned a minimum semester grade point average of 3.5. This honor is noted on the student's academic record.

**National Student Exchange Program**

UTEP is a member of the National Student Exchange (NSE) Program that is a consortium of more than 170 state-supported colleges and universities. The program offers students the opportunity to broaden their academic and cultural awareness in different geographic settings across the United States and its territories and Canada. Students are able to enroll at a host university for up to one academic year and pay in-state tuition rates.

To qualify, a student must be full-time at the time of the application and the semester prior to the exchange, have a minimum cumulative grade point average of 2.5, and be a sophomore or junior at the time of the exchange. For more information, interested individuals should contact the NSE Coordinator at the Honors House at (915) 747-5858 or log onto http://www.buffalostate.edu/nse.

**OTHER HONORS PROGRAMS**

**Departmental Honors Program**

A student who wishes to earn departmental honors must complete a senior thesis, senior project, or other special requirement, depending on the department. A departmental faculty member directs the project or thesis. The director, along with a departmental honors committee, judges the student's work, and outside referees may be consulted if deemed appropriate. Students may include departmental honors credits with University honors credits, upon consultation with the University Honors Program Director, in order to earn Honors with Distinction.

**Dean's List**

At the end of each fall and spring semester, the Registration and Records Office prepares a Dean's List for each undergraduate college of all full-time undergraduate students who have completed at least twelve collegiate hours and have earned a minimum semester grade point average of 3.5. This honor is noted on the student's academic record.

**Academic Honors**

The University of Texas at El Paso offers three opportunities for students to achieve special recognition for academic performance at graduation. Graduation with any of these honors adds a special distinction to academic records and diplomas and may enhance the prospects for graduating seniors to enter graduate and professional schools or the job market. To be eligible for the following recognitions and/or programs, candidates must be among the most able and intellectually curious of students and must meet minimum GPA requirements.

Upon graduation, honors in the following categories will be awarded for each baccalaureate degree conferred upon students who have completed at least sixty (60) of the total required credit hours for their degrees at The University of Texas at El Paso:

1. **Summa Cum Laude (Highest Honors)** will be awarded to students who attain a minimum UTEP grade point average of 3.90.
2. **Magna Cum Laude (High Honors)** will be awarded to students who attain a minimum UTEP grade point average of 3.80, but who do not qualify for Highest Honors.
3. **Cum Laude (Honors)** will be awarded to students who attain a minimum UTEP grade point average of 3.50, but who do not qualify for High or Highest Honors.

**The following section was amended by the Faculty Senate in the Spring of 2009 as follows:**

In computing the minimum grade point average for academic honors at graduation, only grades earned at UTEP applied to the degree will be included.

Those students who are graduating from UTEP but who have not completed at least sixty (60) of the total required credit hours for their degrees will be considered for award of honors under the following conditions:

1. Their academic performance at UTEP reflects a level of academic achievement meeting the standards above; and
2. Their level of academic achievement at prior institution is congruent with their performance at UTEP.

In such instances, the Registrar's Office will identify eligible students and review their academic records from their prior institutions. If a student's aggregate GPA from all institutions attended is commensurate with the standards stated above, the student will be eligible for honors appropriate to that aggregate GPA. In no case, however, will the student be eligible for honors beyond that level reflected in the GPA earned at UTEP.

Requirements for honors for a second degree are the same as for the first degree, except that the student must complete thirty (30) hours beyond the original baccalaureate requirements.

Honors cords worn at commencement recognize the following academic achievements:

**University Academic Honors**

- **Highest Honors**
- **High Honors**
- **Honors**

**College Colors**

- College of Business Administration: Olive Drab
- College of Education: Lt. Blue
- College of Engineering: Orange
- College of Liberal Arts: Royal Blue
- College of Health Sciences: Salmon
- College of Science: Golden Yellow
- School of Nursing: Apricot
- University College: Wine

**University Honors Program**

- **Honors Certificate**
- **Senior Thesis/Project**

**Honors Degree**

The Honors Degree candidate is recognized at commencement by the wearing of a gold stole. The Honors Certificate candidate is recognized at commencement by the wearing of a lilac cord. Students completing a senior thesis/project are recognized at commencement by wearing a dark green cord.
Detailed policies and procedures affecting student life are printed in the Handbook of Operating Procedures (HOP) student section and are available on the Internet at http://hoop.utep.edu. The handbook supplements the rules and regulations of the Board of Regents and covers student conduct and discipline, use of University facilities, student organizations, educational records, and student publications. The Rules and Regulations of the Board of Regents of The University of Texas System are at http://www.utsystem.edu/bor/rules. The President has delegated responsibility for the administration of student discipline (academic dishonesty and general misconduct) to the Dean of Students.

STUDENT CONDUCT

While enrolled at the University, a student neither loses the rights nor escapes the responsibilities of citizenship. Any student who engages in conduct that is prohibited by the Board of Regents’ Rules and Regulations or University rules, or by federal, state, or local law is subject to discipline whether such conduct takes place on or off campus or whether civil or criminal penalties are also imposed for such conduct. All students are expected and required to obey the law, to show respect for properly constituted authority, and to observe correct standards of conduct.

The University of Texas at El Paso administers student discipline according to established procedures of due process. Procedures are defined and described in the Rules and Regulations of the Board of Regents, Rule 50101, and in the Handbook of Operating Procedures (HOP).

Students should check with appropriate departments whose policy or regulation is of concern. If necessary, students need to refer to the rules in the Regents’ Rules (http://www.utsystem.edu/bor/rules) and the HOP. The Office of the Dean of Students can assist on this matter. This set of rules is available at http://hoop.utep.edu.

OTHER PROHIBITED CONDUCT

Computer usage violations, use of alcoholic beverages, dishonesty, gambling, defacing of property, endangering the health or safety of others, use of obscene and threatening language, altering of records, possession or use of firearms, failure to respond promptly to official notices, etc. will subject the student to disciplinary action.

Penalties, which may be imposed in conjunction with the approved disciplinary procedures, include the following: written warning, disciplinary probation, withholding of grades, withholding of official transcript or degree, restriction, failing grade, denial of degree, suspension and expulsion, revocation of degree and withdrawal of diploma, or other penalty as deemed appropriate under the circumstances. In addition, certain privileges may be withdrawn consistent with the severity of the offense and the rehabilitation of the student. These penalties may be imposed singularly or in any combination upon individuals, groups, or organizations.

ILLEGAL SUBSTANCES POLICY

The use, possession, or sale of any illegal drugs or narcotics including any amount of marijuana on the campus of the University is a violation of Regents’ Rules and Regulations and of University policies governing student conduct, as well as a violation of State Law. In addition to possible criminal prosecution, student offenders will be subject to disciplinary action by the University. The minimum disciplinary penalty that will be imposed is suspension from the University for a specified period of time and/or suspension of rights and privileges.

DISRUPTIVE ACTS POLICY

The obstruction or disruption of any teaching, research, administrative, disciplinary, public service, or other authorized activity on campus or under the authority of the University or on property owned or controlled by the University is prohibited and will subject the student or group of students to disciplinary action.

HAZING POLICY

Hazing in state educational institutions is prohibited by both state law (Sections 51.606 and 37.151 et seq., Texas Education Code) and by the Regents’ Rules and Regulations (Rule 50101). Individuals or organizations engaging in hazing could be subject to fines and charged with criminal offenses. Additionally, the law does not affect or in any way restrict the right of the University to enforce its own rules against hazing.

The law defines hazing as any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or obtaining the right of the University to enforce its own rules against hazing.

Hazing includes but is not limited to:

1. Any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity.
2. Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to an unreasonable risk or harm or that adversely affects the mental or physical health or safety of the student;
3. Any activity involving consumption of food, liquid, alcoholic beverage, liquor, drug, or other substance which subjects the student to an unreasonable risk of harm or which adversely affects the mental or physical health of the student;
4. Any activity that intimidates or threatens the student with ostracism; that subjects the student to extreme mental stress, shame, or humiliation; or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution; or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subsection;
5. Any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Penal Code.

Activities which under certain conditions constitute acts that are dangerous, harmful, or degrading, in violation of Rules include but are not limited to:

- calisthenics, such as sit-ups, push-ups, or any other form of physical exercise;
- total or partial nudity at any time;
Operators of Vehicles:
In addition to those provisions in Item 3.a., each vehicle owned or leased by the University must be subject to scheduled periodic service and maintenance by qualified persons and
Service and Maintenance:
is longer than the maximum provided by federal or state law or regulations or guidelines promulgated by the university, whichever is lower, without scheduled rest stops or overnight
Operators of motor vehicles shall comply with all laws, regulations, and posted signs regarding speed and traffic control and shall not operate the vehicle for a continuous period that
Legal Operation of Vehicle and Driving Schedule:
Each operator of a motor vehicle shall have a valid operator’s license and be trained as required by law to drive the vehicle that will be used.
License and Training:
16-05-02, including, but not limited to, provisions concerning vehicle passenger capacity.
or state law or regulations, whichever is lower. Where applicable, all travel participants are required to comply with The University of Texas System Business Procedure Memorandum
Passenger Capacity:
Occupants of motor vehicles shall use seat belts or other approved safety restraint devices required by law or regulation at all times when the vehicle is in operation.
Seat Belts:
• the eating or ingesting of unwanted substance;
• the wearing or carrying of any obscene or physically burdensome article;
• paddleswats, including the trading of swats;
• pushing, shoving, tackling, or any other physical contact;
• throwing oil, syrup, flour, or any other individual interrogation;
• forced consumption of alcoholic beverages either by threats or peer pressure;
• lineups intended to demean or intimidate;
• transportation and abandonment (road trips, kidnaps, walks, rides, drops);
• confining individuals in an area that is uncomfortable or dangerous (hot box effect, high temperature, too small);
• any type of personal insult that is demeaning or of personal benefit to the individual members;
• wearing of embarrassing or uncomfortable clothing;
• assigning pranks such as stealing, painting objects, harassing other organizations;
• intentionally messing up the house or room for clean up;
• demeaning names;
• yelling and screaming; and
• requiring boxing matches or fights for entertainment.

The University regards any form of hazing as a major violation, and any individual and/or registered student organization participating in such activities will be held responsible for those actions. According to the law, a person can commit a hazing offense not only by engaging in a hazing activity, but also by soliciting, directing, encouraging, aiding, or attempting to aid another in engaging in hazing; by intentionally, knowingly, or recklessly allowing hazing to occur; or by failing to report first-hand knowledge that a hazing incident is planned or has occurred in writing to the Dean of Students or other appropriate university officials. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under this law.

An organization can commit a hazing offense if the organization condones or encourages hazing or if an officer or any combination of members, pledges, or alumni of the organization consents or assists in the commission of hazing.

In an effort to encourage reporting of hazing incidents, the law grants immunity from civil or criminal liability to any person who reports a specific hazing event in good faith and without malice to the Dean of Students or other appropriate university officials, and it immunizes a person from participation in any judicial proceeding resulting from that report.

SOLICITATION
In general, solicitation is prohibited in any building, structure, or facility of the UTEP campus. Certain university activities are permitted as defined in the Handbook of Operating Procedures. This handbook is available for review in the Office of the Dean of Students and on the homepage of the Dean of Students at https://studentaffairs.utep.edu/dos.

STUDENT TRAVEL POLICY

Purpose
It is the policy of The University of Texas at El Paso (UTEP) to promote safe travel by students who participate in certain university organized and sponsored activities or events.

Policy and Procedure
1. This policy is applicable to student travel undertaken by one or more currently enrolled students to reach an activity or event that meets all of the following criteria:
   a. An activity or event organized and sponsored by the university. An activity or event is considered to be organized and sponsored if it has been planned and funded by the University and approved in writing by the designated administrator. The types of activities and events covered by this policy include course related field trips, recreational sports, club trips, departmental sponsored trips, the activities of sponsored student organizations, and meetings of academic organizations where a student is officially representing the University, and
   b. The activity or event is located more than 25 miles from the University; and
   c. (i) Travel to the activity or event is funded and undertaken using a vehicle owned or leased by the University; or
   (ii) Attendance at the activity or event is required by a registered student organization and approved in accordance with this Policy.
2. Registered student organizations that require their members to travel 25 miles or more from the University to attend an activity or event covered by this policy must obtain prior written approval for the proposed travel by the designated administrator.
3. The following provisions will apply to all travel covered by this policy:
   a. All Motor Vehicle Travel.
   Seat Belts:
   Occupants of motor vehicles shall use seat belts or other approved safety restraint devices required by law or regulation at all times when the vehicle is in operation.
   Alcohol and Illegal Substances Prohibited:
   Occupants of motor vehicles shall not consume, possess, or transport any alcoholic beverages or illegal substances.
   Passenger Capacity:
   The total number of passengers in any vehicle at any time it is in operation shall not exceed the manufacturer’s recommended capacity or the number specified in applicable federal or state law or regulations, whichever is lower. Where applicable, all travel participants are required to comply with The University of Texas System Business Procedure Memorandum 16-05-02, including, but not limited to, provisions concerning vehicle passenger capacity.
   License and Training:
   Each operator of a motor vehicle shall have a valid operator’s license and be trained as required by law to drive the vehicle that will be used.
   Proof of Insurance, Inspection, and Safety Devices:
   Each motor vehicle must have a current proof of liability insurance card and State inspection certification, be equipped with all safety devices or equipment required by federal or State law or regulation, and comply with all other applicable requirements of federal or state law or regulations.
   Legal Operation of Vehicle and Driving Schedule:
   Operators of motor vehicles shall comply with all laws, regulations, and posted signs regarding speed and traffic control and shall not operate the vehicle for a continuous period that is longer than the maximum provided by federal or state law or regulations or guidelines promulgated by the university, whichever is lower, without scheduled rest stops or overnight stops.
   b. Travel Using a Vehicle Owned or Leased by the University.
   Service and Maintenance:
   In addition to those provisions in Item 3.a., each vehicle owned or leased by the University must be subject to scheduled periodic service and maintenance by qualified persons and comply with all applicable requirements of The University of Texas System Business Procedure Memorandum 16-05-02.
   Operators of Vehicles:
What are the symptoms of bacterial meningitis? The symptoms may develop severe health problems or disabilities. Bacterial meningitis strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

**Symptoms of Bacterial Meningitis**

- High fever
- Headache
- Nausea
- Vomiting
- Stiff neck
- Rash or purple patches on skin
- Light sensitivity
- Confusion and sleepiness
- Lethargy
- Severe headache
- Vomiting
- Seizures

**Note:**

There may be a rash of tiny, red-purple spots caused by bleeding under the skin. These can occur anywhere on the body.

---

**IMMUNIZATION REQUIREMENT**

The health and safety of students is paramount to the University. Although certain immunizations are required only of students enrolled in specific health-related courses and programs, all students are strongly encouraged to obtain them for their own protection. Students may obtain information regarding the consequences of outdated immunizations for certain diseases, the age groups most vulnerable to these vaccine preventable diseases, and local providers of immunization services from the Student Health Center located on campus. Immunizations are available at the Student Health Center. To obtain information call (915) 747-5624.

In accordance with State law, the following immunizations are required for all students enrolled in health-related courses which will involve direct patient contact in medical or dental care facilities or who come in contact with human biological fluids or tissue. Students enrolled at UTEP are charged a reasonable fee for all immunizations.

- Measles: proof of two doses of measles vaccine administered on or after the first birthday and at least 30 days apart or proof of immunity.
- Mumps: proof of one dose of mumps vaccine administered on or after the first birthday or proof of immunity.
- Rubella: proof of one dose administered on or after the first birthday or proof of immunity.
- Tetanus/diphtheria: proof of one "booster" dose of tetanus/diphtheria (within 10 years);
- Hepatitis B virus (HBV): proof of serologic immunity to HBV or certification of immunization with a complete series of Hepatitis B vaccine. Students will be required to present a letter or other suitable written certification.

**Note:** Some colleges or academic departments may require additional immunizations. Certain exemptions are allowed from the immunization requirements. For further information, students should contact the Student Health Center or the academic department responsible for the courses or programs requiring immunizations.

A form on which the required immunizations can be documented is available from the Admissions Office or the Student Health Center. Since most secondary schools are required by law to maintain similar records, a copy of the high school immunization record may be submitted.

The Student Health Center is responsible for maintaining a record of those students who comply with these requirements and may recommend the placement of an administrative hold on records if they have not been met. The Student Health Center provides the required immunizations for all academic programs; however no X-ray screening is available. The HB vaccine is also available for a nominal charge for students enrolled in medical-related programs.

**AIDS, HIV, AND HEPATITIS B INFECTION POLICY**

The University of Texas at El Paso recognizes Acquired Immune Deficiency Syndrome (AIDS), Human Immunodeficiency Virus (HIV), and Hepatitis B Virus (HBV) as serious public health threats and is committed to encouraging an informed and educated response to issues and questions concerning AIDS, HIV, and HBV. To demonstrate its commitment, UTEP has adopted a policy and procedural steps to protect both the rights and well being of those students, employees, and patients who may be infected with HIV or HBV as well as to prevent the spread of infection. No individual with HIV or HBV infection will be discriminated against in employment, admission to academic programs, health benefits, or access to facilities. Students with HIV or HBV infection may attend all classes without restriction, as long as they are physically and mentally able to participate and perform assigned work and pose no health risks to others. All information regarding the medical status of UTEP, faculty, staff, and students is confidential.

A complete copy of the “AIDS, HIV and Hepatitis B Infection” policy can be found in the institutional Handbook of Operating Procedures (HOP) available in the Dean of Students Office, the Library, and the Student Health Center. This policy is applicable to all students of UTEP as they pursue their academic (and clinical) endeavors. An educational pamphlet on HIV infection developed by the U.S. Department of Health and Human Services and the Public Health Service will be made available to all students from the Student Health Center.

**BACTERIAL MENINGITIS**

This information is being provided to all new college students in the state of Texas. Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast—so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease affects the Americas each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

**What are the symptoms?**

- High fever
- Rash or purple patches on skin
- Light sensitivity
- Confusion and sleepiness
- Lethargy
- Severe headache
- Vomiting
- Stiff neck
- Nausea
- Seizures

---

These words are from off-the-shelf, and may need more work before use. Please review and make necessary modifications.
There may be a rash of tiny, red-purple spots caused by bleeding under the skin. These can occur anywhere on the body. The more symptoms, the higher the risk, so when these symptoms appear, seek immediate medical attention.

How is Bacterial Meningitis diagnosed?
- Diagnosis is made by a medical provider and is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood tests.
- Early diagnosis and treatment can greatly improve the likelihood of recovery.

How is the disease transmitted?
- The disease is transmitted when people exchange saliva (such as by kissing, or by sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions.

How do you increase your risk of getting Bacterial Meningitis?
- Exposure to saliva by sharing cigarettes, water bottles, eating utensils, food, kissing, etc.
- Living in close conditions (such as sharing a room/suite in a dorm or group home).

What are the possible consequences of the disease?
- Death (in 8 to 24 hours from perfectly well to dead)
- Permanent brain damage
- Kidney failure
- Learning Disability
- Hearing loss, blindness
- Limb damage (fingers, toes, arms, legs) that requires amputation
- Gangrene
- Coma
- Convulsions

Can the disease be treated?
- Antibiotic treatment, if received early, can save lives and chances of recovery are increased. However, permanent disability or death can still occur.
- Vaccinations are available and should be considered for:
  - Those living in close quarters
  - College students 25 years old or younger
  - Vaccinations are effective against 4 of the 5 most common bacterial types that cause 70% of the disease in the U.S. (but does not protect against all types of meningitis).
  - Vaccinations take 7-10 days to become effective, with protections lasting a minimum of 8 years.
  - The cost of the vaccine varies, so check with your health care provider.
  - Vaccination is very safe; the most common side effects are redness and minor pain at the injection site for up to two days.
  - Vaccination is available at the UTEP Student Health Center, on a walk-in basis.
  - The City County Health Department, Immunization Outreach at 591-2050
  - Pro Action-Tillman Health Center at 533-3414

How can I find out more information?
- Contact your own health care provider.
- Contact your Student Health Center at 747-5624
- Contact your local or regional Texas Department of Health Office at 834-7853.
- Contact websites: http://www.cdc.gov/ncidod/dbmd/diseaseinfo; http://www.acha.org

STUDENT RIGHTS-TO-KNOW AND CAMPUS SECURITY ACT

In compliance with the Jeanne Clery Disclosure of Campus Security Police and Campus Crime Statistics Act of 1998, the University of Texas at El Paso collects specified information on campus crime statistics, campus security policies, and institutional completion or graduation rates. Pursuant to the federal law, alleged victims of violent crime are entitled to know the results of campus student disciplinary proceedings concerning the alleged perpetrators. UTEP makes timely reports to the campus community on crimes considered to be a threat to students and employees, and crimes are reported to campus police or local police agencies.

Every October, UTEP publishes and distributes an annual report of campus security policies and crime statistics to all current students and employees, provides copies of the report to applicants for enrollment or employment upon request, and submits a copy of the report to the Secretary of Education upon request. The annual campus crime statistics report references crimes which occur on the campus, property owned or controlled by UTEP or within a contiguous geographic area of the institution. Statistics for off-campus buildings or property owned by student organizations that are registered by the institution are also reported when such statistics are available from local police departments.

In addition, UTEP publishes in the annual security report its policy regarding sex-related offenses, including sexual assault prevention programs, education programs to promote awareness of sex offenses, administrative disciplinary procedures and sanctions for offenders, and counseling and student services for victims.

UTEPA annually calculates and discloses institutional completion or graduation rates for undergraduate students to all prospective and current students. The federal requirement for calculation of a completion or graduation rate applies only to institutions of higher education that admit undergraduate students who are enrolling for the first time at an institution of higher education and have not enrolled previously at any other institution of higher education. Prior to the offer of athletically-related student aid to a potential student athlete, UTEP provides certain information on graduation rates specified by the Act to the prospective student and to the student’s parents, guidance counselor, and coach.
provides certain information on graduation rates specified by the Act to the prospective student and to the student’s parents, guidance counselor, and coach.

Further information concerning Student Right-To-Know and Campus Security can be found at the following web site: www.campussafety.org and at https://admin.utep.edu/police.

STUDENT GRIEVANCE PROCEDURES

Grade Appeals

A student may challenge his/her grade as determined by a member of the faculty of the University during or within one year after the end of any credit course, qualifying or comprehensive examination, for which the student has been enrolled or three months following the term the graduate degree was awarded. A challenge to a grade may be pursued only on the basis of malice, bias, arbitrary, or capricious grade determination, or impermissible discrimination. In no event shall a challenge be pursued on the basis of the standards employed in setting grades, so long as those standards are employed impartially.

The student should first attempt to resolve the question through consultation with the faculty member who assigned the grade. The student should then attempt to resolve the question through consultation with the administrator(s) to whom the faculty member reports. Having failed to resolve the matter after consultation with both the faculty member and her/his supervisors, the student may consult with and/or file a challenge with the Chairperson of the Student Welfare and Grievance Committee. Students should contact the Dean of Students for specific information or download a copy of the grievance form and instructions on the Dean of Students web page at https://studentaffairs.utep.edu/dos and click on Student Conduct.

Non-Academic Grievances

Non-academic grievances of policies and procedures of University departments related to matters other than discrimination, such as the application or interpretation of student policies, must be initiated by making an effort to resolve the matter with the individual involved in the interpretation or decision. If the matter is not resolved, it must be submitted in writing to the Provost or his/her designee within 10 working days of the questioned decision or interpretation.

EQUAL EDUCATIONAL OPPORTUNITY

To the extent provided by applicable law, no person shall be excluded from participation in, denied benefits of, or be subject to discrimination under any program or activity sponsored or conducted by the University of Texas at El Paso on the basis of race, color, national origin, religion, sex, age, veteran status, disability, or sexual orientation.

Complaints regarding discrimination should be reported to the University’s Equal Opportunity Office. The University’s full policies, including complaint resolution procedures, are available in the Handbook of Operating Procedures and on the webpage of UTEP’s Equal Opportunity Office. Inquiries regarding applicable policies should be addressed to the University’s Equal Opportunity Office, Kelly Hall, 3rd Floor, or at (915) 747-5662 or eoaa@utep.edu.

Admissions and Recruitment

UNDERGRADUATE ADMISSION

The Office of Admissions and Recruitment assists students with enrollment in the University. It provides students with information about admission requirements and procedures, financial resources, academic program offerings, and general information about the University. In addition, this office determines the students' eligibility for admission and evaluates transfer credit according to standards set by Texas law, the Board of Regents of the University of Texas System, and UTEP faculty.

All prospective students are encouraged to apply online through Apply Texas. This electronic application is used by all Texas public universities and can be found at www.applytexas.org. Admission applications are also available at the following locations:
1. Office of Admissions and Recruitment
2. www.utep.edu/admit
3. Counseling offices of most El Paso area high schools
4. El Paso Community College campuses
5. UTEP East Side Book Store

Application Dates and Fees

Applications for admission and all supporting documents are due by the following priority dates:

<table>
<thead>
<tr>
<th>Fall</th>
<th>Spring</th>
<th>Summer</th>
</tr>
</thead>
<tbody>
<tr>
<td>May 1</td>
<td>October 1</td>
<td>March 1</td>
</tr>
</tbody>
</table>

Applications received after the priority date will incur a non-refundable $15 late application fee. All checks must be made payable to The University of Texas at El Paso.

All applications and documents from international students must be received by the priority date and must be accompanied by a non-refundable $65 check or money order in U.S. dollars made payable to The University of Texas at El Paso.

Admission Policies and Procedures

The requirements for undergraduate admission to the University are described below and are based on the students’ prior academic preparation. Students, whose academic background does not satisfy the requirements for regular or provisional admission, may be considered under UTEP’s reviewed admission process.

Secondary Admission Requirements: Admission to the University does not assure admission into any programs that may have secondary admission requirements. Students should consult with the appropriate department to determine what other requirements must be met.
The following first-year and transfer admission sections apply to citizens, permanent residents of the United States and to those international students completing high school or college studies in the United States. Students completing high school or college studies in foreign countries should refer to the section on International Student Admission for admission and testing requirements.

First-year Admission Documents Required

- Applicants who have never attended another college or university or have never earned college credit through non-traditional methods (i.e. military credit or credit from specialized schools) should apply for admission as freshmen. Students who have earned college level credits by participating in a dual enrollment program or have earned credit by examination (IB, AP, CLEP) while in high school also are considered freshmen.

- Students must submit all admission documents, outlined below, directly to the Office of Admissions and Recruitment. Official transcripts must be sent directly from the schools attended, and official test scores must be sent directly from the appropriate testing agency. All transcripts in languages other than English or Spanish must be accompanied by an English translation prepared by the educational institution, an American Consulate, or a certified English translator. All documents submitted to the University become part of the official files of the University and cannot be released or returned to you or another institution.

Documents Required: Freshmen applicants must submit the following:
- Application for admission found at www.applytx.org
- Official* SAT (Scholastic Assessment Test), ACT (American College Test), or ACCUPLACER score report.
- Official high school transcript indicating adequate high school preparation, rank, and graduation (actual or expected) date. To be considered official, academic transcripts must be mailed directly from the issuing high school to the Office of Admission and Recruitment.
- $15.00 late application fee if applying after the priority deadline
- International Baccalaureate transcript, if applicable
- GED certificate if the applicant did not graduate from high school
- Official* score report(s) verifying AP (Advanced Placement), CLEP (College Level Examination Program), SAT II Subject Exams, DSST (DANTES Subject Standardized Tests), or UTEP departmental examination scores; military AARTS or SMART transcript, if applicable
- * SAT, ACT or ACCUPLACER Test scores recorded as part of the high school transcript are also considered official. All other test scores must be sent to the Office of Admissions and Recruitment directly from the testing agency.

High School Preparation

- All new first-year students applying to UTEP within five years of graduation from a recognized Texas high school must have completed the Recommended High School Program. The Recommended Program consists of 24 credits, including 16 credits in the core areas. Graduates from non-Texas or private high schools, must meet the 16-credit core requirement, in addition to any other requirements set by their high schools.

SUBJECT CREDITS*

Note: One year's work in a subject counts as one credit; a semester's work counts as a half credit. (The Recommended High School Program also includes credits in Health and Physical Education, Fine Arts, Speech, Technology Applications, and Electives.)

- Students entering Texas Public Universities in 2011 and thereafter are required to complete four (4) credits of Mathematics. Students may satisfy the requirement above if their official high school transcript or diploma states that they completed the portion of the recommended curriculum that was available, but were unable to complete the remainder of the curriculum solely because courses necessary to complete it were unavailable as a result of course scheduling, lack of enrollment capacity, or another cause not within the students' control.

ADMISSION PATHWAYS

There are four pathways to admission for first-time, first-year students who wish to attend The University of Texas at El Paso.

Path 1: Top 10% Graduates

- Individuals are admissible to UTEP as first-time, first-year students if they graduated from a Texas high school in the top 10% of their graduating classes and submit all required credentials. After admission, students must take the ACCUPLACER to determine first-semester course placement in reading, writing, and mathematics and must register for these courses with the approval of their advisors. Applicants who are not in the top 10% of their graduating classes may qualify for admission based on their high school rankings and standardized test scores, ACCUPLACER scores, or through UTEP’s Reviewed Admission Programs.

Path 2: High School Rank and Test Scores

Texas high school graduates and all graduates of out-of-state high schools are admissible as first-time, first-year students if they meet any of the criteria listed below:

<table>
<thead>
<tr>
<th>HS Rank in Class</th>
<th>Minimum SAT Combined Score</th>
<th>OR</th>
<th>Minimum ACT Composite Score</th>
</tr>
</thead>
<tbody>
<tr>

* No HS rank, GED, unaccredited HS, or home
Testing Requirements for Students Whose High School Language of Instruction Was Not English

After admission, students must take the ACCUPLACER to determine first-semester course placement in reading, writing, and mathematics and must register for these courses with the approval of their advisors. Applicants who do not meet these criteria may qualify for admission based on their ACCUPLACER scores or through UTEP’s Reviewed Admission Programs.

Path 3: College Readiness

Graduates of public high schools in Texas Educational Service Center Region 19 take the ACCUPLACER placement examination in their junior or senior years as a component of the El Paso Region College Readiness Initiative (CRI). If they qualify to take UTEP college-level courses in English and mathematics, they are admitted as first-time, first-year students. All required credentials, including required test scores, must be submitted to complete their admission files. The ACCUPLACER scores required to take college-level courses are as follows:

- Reading: 78-120
- Writing: Essay = 5 + Sentence Skills = 60-120 or Essay = 6-8
- College Math: 20-80

Graduates of private high schools, home schools, public schools outside of Region 19, or those who have GEDs can also take the ACCUPLACER and be admitted to UTEP using the College Readiness standard. This may be done at UTEP, El Paso Community College, or ACCUPLACER test sites around the country. To find an ACCUPLACER test site outside of El Paso, check with college and university testing offices in your area or call the College Board toll-free at (866) 607-5223. Students are encouraged to begin math and English requirements during the first semester of enrollment and continue until complete.

Although taking and submitting the ACT or SAT is not an admissions requirement for Top 10% students and students choosing the College Readiness path, students are strongly encouraged to take the ACT and SAT to ensure eligibility for scholarships and other types of merit-based financial assistance.

Applicants who do not meet these criteria may qualify for admission through UTEP’s Reviewed Admission Programs.

Path 4: Reviewed Admission Programs

First time, first-year students who do not meet the admission requirements as stated above are eligible for admission through the University’s Reviewed Admission Programs. The Reviewed Admission Program and the START Program offer mathematics and English courses eligibility for scholarships and other types of merit-based financial assistance.

After admission, students must take the ACCUPLACER to determine first-semester course placement in reading, writing, and mathematics and must register for these courses with the approval of their advisors. Applicants who do not meet these criteria may qualify for admission based on their ACCUPLACER scores or through UTEP’s Reviewed Admission Programs.

Applicants who do not meet the requirements for first-year admission described above or whose individual circumstances are highly unusual with respect to their academic record, the strength of academic preparation, types of courses taken, and grades earned in specific courses. Performance on standardized tests is also considered. Applicants may submit additional material or an essay for consideration in evaluating their potential for success at UTEP. Such material can document, for example, the applicant’s work experience; achievements, honors, and awards; responsibilities while attending school, including child or elder care or other major responsibilities; bilingual proficiency; socioeconomic background; residency status; involvement in community and extra-curricular activities; whether the applicant is a first-generation college student; commitment to a particular field of study; strengths and talents that might not be apparent from the academic record, and experiences in surmounting obstacles in pursuit of higher education. Letters of recommendation from high school teachers, counselors, supervisers, and activity leaders are also appropriate.
High school instruction in a language other than English. Graduates of a high school outside the United States must demonstrate proficiency in English that will enable the pursuit of university-level work successfully. Students whose high school education was not in English must take the TOEFL. A minimum score of 500 on the paper-based exam, 73 on the computer-based exam, and 61 on the Internet exam is required. The UTEP school code for the TOEFL is 6825.

High school instruction in Spanish. Those students who completed their high school education in Spanish and do not pass the TOEFL with the minimum scores required should take the PAA. A minimum score of 1,000 is required. Students admitted on the basis of the PAA must enroll as a Programa Interamericano Estudiantil (PIE) major in the College of Liberal Arts and enroll in bilingual and ESOL (English for Speakers of Other Languages) courses. Once ESOL 16 10 has been completed with a grade of "C" or better, students may change majors.

Graduates of U.S. High Schools Five or More Years Ago
First-year applicants who graduated from high school five or more years ago are not required to take an SAT or ACT test. However, the ACCUPLACER placement test is required to determine academic placement in English and math courses. The ACCUPLACER can be taken locally at UTEP, at El Paso Community College, or at ACCUPLACER test sites around the country. To find an ACCUPLACER test site outside of El Paso, check with college and university testing offices in your area, or call the College Board toll-free at (866) 607-5223.

In addition, a TOEFL or PAA may be required if students completed high school education in a language other than English.

Students with Non-traditional High School Preparation
Students who did not graduate from high school. Students who received a high school equivalency certificate are eligible for admission with an average standard score of 45 or higher on the GED (Test of General Educational Development). The ACCUPLACER placement test is required to determine academic placement in English and math courses. The ACCUPLACER can be taken locally at UTEP, at El Paso Community College, or at ACCUPLACER test sites around the country. To find an ACCUPLACER test site outside of El Paso, check with college and university testing offices in your area, or call the College Board toll-free at (866) 607-5223.

Students who completed the Spanish version of the GED with an average standard score of 45 or higher, must also submit scores of 1,000 or higher on the PAA. Students who meet the Spanish GED and PAA requirements will be admitted into the Programa Interamericano Estudiantil (PIE).

Graduates of unaccredited high schools. Students who graduated from high schools that are not accredited by one of the accrediting agencies recognized by the State of Texas may be considered in the Reviewed Admissions process. In addition to the documents required for first-year admission, students should also provide as much supporting information as possible, including an academic profile of the school that attended.

Home schooled students. Students who are home schooled may seek admission through the Reviewed Admissions process. In addition to the documents required for first-year admission, information about the curriculum used and as much supporting information as possible (such as awards, honors or recognitions received) should also be submitted.

TRANSFER ADMISSION
The University welcomes applications from qualified individuals who have begun their college work at other accredited institutions of higher education. Transfer counselors are available in the Admissions and Recruitment Office to assist you with the admissions application and course transferability information. Additional assistance is provided regarding orientation, financial aid, scholarships, testing, and academic advising.

Transfer Admission Requirements
Applicants who have completed a minimum of 12 college-level hours are eligible for admission to UTEP if they have completed a minimum of 12 semester hours of college-level work with grades of "C" or better and have maintained a minimum overall 2.0 (C) grade point average.

Applicants who have completed fewer than 12 college-level hours are eligible for admission to UTEP if they have earned grades of "C" or better in all courses taken, maintained a minimum cumulative 2.0 GPA, and meet the requirements for first-year admission.

Application Documents
Transfer credit used toward a degree at UTEP must be from institutions declared on the applications admission. Failure to provide complete information will be considered grounds for denial of admission, denial of transfer credit, cancellation of registration, or appropriate disciplinary action. Students must submit official transcripts from all colleges or universities attended directly to the Office of Admissions and Recruitment.

Documents Required. To be considered official as a transfer student, you must submit the following, as applicable:

- Application for admission
- Complete, official transcripts from EACH college or university attended. All transcripts in languages other than English or Spanish must be accompanied by a certified English translation. In order to be considered official, academic transcript must be mailed directly from the issuing institution to UTEP's Office of Admission and Recruitment.
- Official SAT or ACT scores and an official high school transcript (required of students who graduated from high school within the past 5 years and have not earned 12 semester hours of transfer credit) and
- Official TOEFL or PAA scores (may be required of students whose high school education was in a language other than English).
- Suspension periods: The University honors suspension periods imposed by other colleges and universities. Students ineligible to return to a previous institution or whose official records will not be released, are not eligible for admission to UTEP.

Transfer students who do not meet the requirements for transfer admission described above, may seek admission as outlined in the Reviewed Admissions section of this catalog.

TRANSFER POLICIES
Evaluation of Transfer Credit
Once admitted to the University as a transfer student, the Office of Admissions and Recruitment will provide students with a generic evaluation of courses that are transferable to the University. Credits transfer into the University in several ways, including as elective credits. Acceptance of transfer credit by the University does not constitute approval of the credit for use toward a particular degree program. The applicability of transfer courses toward a degree is determined by the academic dean or the major or his/her designate. Students should request a degree plan from their academic department or dean's office by the time 60 semester hours have been earned. Transfer credits are awarded according to the following policies:

1. Transfer credit is generally awarded for academic courses completed at regionally accredited or nationally recognized institutions, or from institutions that are candidates for regional accreditation if the credit was earned during the candidacy period.
2. In general, only academic courses that are comparable in content to those offered at UTEP are transferable, and transfer credit carries the same value as work completed at UTEP. Whenever possible, equivalent course numbers are given; if there are no numerical equivalents, elective (TR) credit is given.
3. Only courses with grades of "A", "B", "C", "D", "Credit," or "Pass" are evaluated, and quarter hours are converted to semester hours by multiplying the quarter hours by two-thirds.
4. Courses classified below freshman level by the sending institution are not transferable.
5. Courses from two-year lower division institutions transfer as lower division credit.
6. Undergraduate courses from four-year institutions transfer as lower division credit.
7. Graduate-level coursework is not transferable as undergraduate credit.
8. There is no limit on the total number of hours that can be transferred from other institutions. However, a maximum of 66 semester hours of credit from two-year lower
9. Grades earned at other institutions are not averaged into the UTEP grade point average. A transfer grade point average is not computed, and only credit hours transfer to the University.
10. Equivalent transfer credit for engineering courses is granted only for work completed at ABET-accredited institutions.
11. Equivalent transfer credit for upper division business courses is granted only for work completed at AACSB-accredited institutions.
12. Completion of the core curriculum, or blocks within the core, at another Texas institution is considered as completion of the core, or appropriate blocks within the core, at UTEP.
13. Individual core courses completed at another Texas institution will be designated as core courses at UTEP.
14. UTEP does not award university credit for professional certificates or life experience.

Resolution of Transfer Disputes
If the University refuses to accept lower-division credit earned at another Texas public institution of higher education, students and the institution where the credit was earned will be given written notice that the transfer credit was denied. If the denial of transfer credit is contested, the University will attempt to resolve the issue with the student and the sending institution according to applicable rules and guidelines of the Texas Higher Education Coordinating Board. If the dispute is not resolved to the student’s satisfaction or to the satisfaction of the sending institution within 45 days of the initial notification, the University will notify the Coordinating Board of the denial of the transfer credit and the reason for the denial. The Coordinating Board will resolve the dispute and notify all involved parties of its findings.

Questions concerning the evaluation of transfer credit should be referred to the Office of Admissions and Recruitment. UTEP students who have difficulty having UTEP credit accepted at other Texas public institutions should contact the Director of Admissions and Recruitment at UTEP for initiation of the transfer dispute resolution process.

Individual Review
Applicants who do not meet the requirements for transfer admission described above or whose individual circumstances are highly unusual with respect to their academic credentials may apply to be reviewed on an individual basis. This review gives consideration to the applicant’s high school and college record, the strength of academic preparation, types of courses taken, and grades earned in specific courses. Performance on standardized tests is also considered. Applicants may submit additional material or an essay for consideration in evaluating their potential for success at UTEP. Such material can document, for example, the applicant’s work experience, achievements, honors, and awards; responsibilities while attending school, including child or elder care or other major responsibilities; bilingual proficiency; socioeconomic background; residency status; involvement in community and extra-curricular activities; whether the applicant is a first-generation college student; commitment to a particular field of study, strengths, and talents that might not be apparent from the academic record, and experiences in surmounting obstacles in pursuit of higher education. Letters of recommendation from high school teachers, counselors, supervisors, and activity leaders are also appropriate.

INTERNATIONAL STUDENT ADMISSION

The University welcomes applications from qualified international students whose academic backgrounds indicate a high probability of success in desired academic programs. First-year applicants must complete high school preparation, or its equivalent, that would qualify them for admission to recognized universities in their home country. Transfer students must have completed credits at institutions recognized by the appropriate authority in the country where the institution is located.

All admission credentials will be evaluated on the basis of the admission requirements described below. Students who have attended other colleges or universities in the United States or abroad should also refer to the Transfer Policies section of this catalog for additional information about the transferability of credit.

Documents Required: The University must receive complete, official, or school-certified transcripts of high school and university work sent directly from each institution attended. If the original documents are in the student’s possession, copies certified by the school, college, university, or U.S. Consulate may initially be submitted and the originals should be presented to the Office of Admissions and Recruitment for validation when students arrive on campus. All transcripts in languages other than English or Spanish must be accompanied by certified English translations. International applicants must submit the following documents to be considered for admission to UTEP:

- Application for admission, accompanied by a $65 application fee paid in US dollars
- Satisfactory SAT, ACT, PAA, or TOEFL scores as described below
- Complete, official high school transcript
- Complete, official transcripts from EACH college or university attended (transfer applicants)

International students must also submit the following documents in order to meet financial certification requirements as set by U.S. Citizenship and Immigration Services regulations to receive an I-20 “Certificate of Eligibility for Non-Immigrant Student Status”:

- Signed and completed Certification of Financial Resources form
- Appropriate documentation verifying source and availability of funds. Acceptable documents include but are not limited to Bank statements, scholarship award letters, educational benefits certification from employer, etc. For additional information regarding acceptable documentation please contact the Office of International Programs at (915) 747-5564 or at ip@utep.edu.

International First-Year Admission
Secondary school or high school graduates whose academic credentials would make them eligible for admission to recognized universities in their home country will be considered for admission to UTEP if all other admission requirements are met. Applicants must present a cumulative grade average equivalent to a 3.0 on a 4.0 scale, or a 7.0 on a 10.0 scale in addition to the applicable test scores as described below.

International Transfer Admission
Applicants will be considered for admission to the University as transfer students if they have completed academic work at colleges or universities recognized by the appropriate authority in the country where the institution operates. A minimum overall grade point average of 2.0 or its equivalent is required. Applicants must be eligible to return to all previous institutions attended. During the application process, students must list all postsecondary institutions attended. Failure to do so may result on the denial or withdrawal of any admission offer previously tendered. Students transferring to the UTEP from another U.S. college or university MUST notify their current International Student Advisor of their plans to transfer. Students transferring 12 or more transferable credits from another US institution are exempt from the ACT or SAT testing requirement listed below. To receive a waiver of the TOEFL requirement transfer students must have completed at least one reading/writing-intensive course at the freshman level or above at another US institution with a grade of C or better. Pre-freshman level or developmental coursework will not be reviewed when determining TOEFL waivers.

International Student Test Score Requirements
All international students who have not earned a baccalaureate degree from a college or university in the United States must submit entrance examination scores. All test scores must be official and submitted directly to the Office of Admissions and Recruitment from the testing agency. The UTEP school codes are 6829 for the SAT, 4223 for the ACT, and 6829 for the TOEFL. Students who have successfully completed the University’s English Language Institute meet the English proficiency requirement for regular admission.

High school instruction in English. Students whose high school education was completed in English must take the SAT or ACT. An SAT score of 900 or higher on Reading Comprehension and Math sections, or a composite ACT score of 18 or higher, is required for admission. Students whose high school education was not in English are required to take the TOEFL; a minimum score of 550 is required on the paper-based exam, 173 on the computer-based exam, and 61 on the Internet exam.

High school instruction in Spanish. The PAA (Prueba de Aptitud Academica) should be taken if the student’s education was in Spanish and they do not pass the TOEFL.
HSHS instruction in Spanish. The PAA (Prueba de Aptitud Académica) should be taken if the student’s primary language is Spanish and they do not pass the IELTS; a total score of 1,000 is required in the PAA. If you are admitted on the basis of the PAA, you will enroll in the bilingual Programa Interamericano Estudiantil (PIE) program. Students must enroll in ESOL (English for Speakers of Other Languages) courses. Once ESOL 1610 has been completed with a grade of "C" or better, you may change into your major of choice.

The Student Assessment and Testing Web site at www.utep.edu/testing contains information about test dates and registration. If your academic background is unusual or is not described above, you should contact the Office of Admissions and Recruitment to determine which test is most appropriate.

International Student Financial Aid

Financial assistance for our international students is limited. After admission and before an I-20 (Certificate of Eligibility for Non-Immigrant Student Status.) can be issued, international students must furnish a certification of financial responsibility (CPR) documenting the source and amount of funding available to cover the cost of attendance while enrolled at the University. Citizens of Mexico who meet the requirements of the PAAE (Programa de Ayuda Estudiantil) Program may qualify to pay Texas resident tuition. For additional information, contact the Office of International Programs at (915) 747-5664. To learn more about financial assistance, contact the Office of Financial Aid at (915) 747-5204.

A mandatory insurance required of international students holding nonimmigrant visas and living in the United States. The amount assessed will match the University Texas System Student Insurance Plan premium.

Special Admissions Programs

Programa Interamericano Estudiantil (PIE)

Programa Interamericano Estudiantil is a bilingual instruction program designed for students from Spanish-speaking countries who wish to attend UTEP but who need to improve their English. We welcome your application if you scored 1000 or higher on the PAA. The Programa Interamericano coordinates first-level content courses taught in Spanish (for example, U.S. History) that students may take while enrolling in ESOL (English for Speakers of Other Languages) courses to increase your English language proficiency. Once ESOL 1610 has been completed with a grade of "C" or better, students may change into their major of choice, and use the courses taken toward their graduation requirements. To further assist students academically, academic advising is required every semester in the Academic Advising Center.

Summer Guest Program

Students currently pursuing a degree at another institution, and who wish to continue their studies at UTEP during the summer, may be admitted as a Summer Guest (transient) Student. To be considered for admission as a Summer Guest, students must submit the following:

- Summer Guest application
- Official transcripts showing a minimum of 12 semester hours of college level work with a minimum cumulative GPA of 2.0
- Official transcripts are needed to verify prerequisite requirements for the summer courses students intend to take at UTEP. A new application must be submitted for every subsequent summer enrollment along with updated official transcripts. Students who wish to be admitted to the University on a regular basis must apply for admission as a transfer student.

For transfer admission information, please contact the Office of Admissions & Recruitment at (915) 747-5890.

Junior Scholars Program

The Junior Scholars Program is a cooperative effort between The University of Texas at El Paso and El Paso area public and private schools that allows qualified students to enroll in regular University courses while attending high school. Hours earned will count as University credit and some courses may also be approved to apply toward high school graduation requirements. For more information on this program, contact Student Success Programs at (915) 747-5858.

Early Admission Program

The University’s Early Admission Program allows students to enroll concurrently in high school and University courses if they are in their last semester of high school and meet the requirements for first-year admission. Students interested in early admission, must also submit a letter of recommendation from their high school counselor or principal. Continued high school enrollment is a condition of the Early Admission Program. For more information, contact the Office of Admissions and Recruitment at (915) 747-5890.

Flexible Admission Program (FLEX)

The Flexible Admission Program is designed for our first-time, non-traditional students who have never attended a college or university and who do not intend to pursue a degree at the time of admission. FLEX students, may take selected basic courses to meet their personal educational objectives or to complete courses in a particular field for professional reasons. FLEX Program applicants must meet the following criteria:

- Be at least 23 years of age,
- Be a citizen or permanent resident of the United States,
- Have had no previous college or university experience,
- Complete the undergraduate application for admission.

Once admitted under this option, students are subject to the same tuition, fees, and regulations as degree-seeking students. A maximum of 30 semester hours may be accumulated while in the FLEX Program, and the Director of Admissions must approve any FLEX enrollment beyond 30 hours. Students who choose to change from FLEX to degree-seeking status are required to meet all the requirements for regular admission. The late application fee does not apply to you as a FLEX applicant. Admission into a non-degree program such as FLEX excludes you from participation in federally-funded financial aid programs.

German Abitur Program

German NATO forces stationed at Ft. Bliss often have children whose high school education has been interrupted by their family’s move to the United States. UTEP has developed a 60-hour academic curriculum that the German Ministry of Education considers to be equivalent to completion of the diploma required for admission to higher education in Germany (Abitur). Students who complete this curriculum at UTEP can be considered for admission to German universities when they return home. In order to participate in the Abitur program, students must apply for admission, submit documents showing completion of a United States high school diploma or its equivalent, provide a statement of financial support, and submit satisfactory TOEFL, SAT, or ACT scores as determined by the Admissions Office. Abitur students will be advised by the Academic Advising Center during their enrollment at UTEP.

Academic Fresh Start Program

An applicant for undergraduate admission who is a Texas resident may choose to enter UTEP under the Academic Fresh Start statute, Texas Education Code, §51.931, by submitting the Academic Fresh Start Acknowledgement Form to the Office of Admissions and Recruitment. Once the request has been processed, the institution will not consider any credit or grades taken 10 or more years prior to enrollment in the admissions decision. Courses excluded for Academic Fresh Start purposes are not:

- Considered as transfer credit
- Counted toward a degree
- Counted in the cumulative GPA calculation
- Used to remove any existing high school deficiencies
- Used to meet prerequisite requirements

For returning students, these courses and grades will remain part of their official UTEP academic record, and notation will be made on your transcript indicating the portion of the
Credit by Examination Policies

We recognize academic achievement acquired outside the classroom and are pleased to offer university credit for the courses listed below based on successful performance on the International Baccalaureate, College Entrance Examination Board’s Advanced Placement (AP) Examinations, College Level Examination Program (CLEP) tests, SAT II Subject Tests, DSST (DANTES Subject Standardized Tests), and departmental examinations. These tests, cut-off scores, and testing policies have been approved by the academic colleges and departments teaching the respective courses. There may be other areas in which departmental examinations maybe given for credit; contact the appropriate academic departments for the availability of such examinations.

Credit by Examination Policies

1. Credit by examination is available to our enrolled and formerly enrolled UTEP students unless credit has been earned for a higher level course in that subject area or a grade other than “W” has been received in the course.

2. Official score reports must be sent directly to the Admissions Office from the testing agency.

3. Departmental test results and recommendations, with the approval of the department chair and the academic dean, must be sent directly to the Records Office.

4. If you have received credit by examination at another institution and have completed more advanced work in that subject area with a grade of “C” or better, credit will be allowed based on the basis of the other institution’s transcript. Otherwise, official score reports must be submitted directly to the Admissions Office from the testing agency.

5. Credit earned by examination satisfies degree requirements in the same way as credit earned by classroom instruction. There is no limit to the amount of credit that may be earned by examination, and credit by examination can be used to meet prerequisites for higher-level courses.

6. Credit earned by examination does not fulfill the UTEP degree requirement for completion of 30 semester hours in residence.

7. Credit earned by examination is recorded as a grade of “CR”. It is included in hours earned, but not in the grade point average calculation.

8. Credit by examination is recorded on the official UTEP academic record after your first enrollment at the University.

9. Changes in credit by examination policies, tests, and cut-off scores become effective the semester after the changes are approved.

*SL = Standard Level; HL = Higher Level  ** CR = Elective Credit

<table>
<thead>
<tr>
<th>Credit for Non-Traditional Educational Experiences</th>
</tr>
</thead>
</table>
| Credit for non-traditional educational experiences is awarded based on American Council on Education (ACE) recommendations published in the National Guide to Educational Credit for Training Programs and the Guide to the Evaluation of Educational Experiences in the Armed Services when such recommendations are similar to courses offered at UTEP. Used course equivalents are given for lower division ACE recommendations where applicable. Lower-division or advanced elective credit will be given for other ACE recommendations where appropriate. Your academic dean or department will determine the applicability of elective credit to your degree plan. Official records verifying course completion from the appropriate agency or from the ACE Registry of Credit Recommendations must be submitted to the Admissions Office. If an Army/American Council on Education
Registry Transcript System (AARTS) or Navy Sailor/Marine American Council on Education Registry Transcript (SMART) transcript is not available to verify your military experience, official copies of the certificates of completion must be submitted.

Go Centers

Go Centers are a Texas Higher Education Coordinating Board initiative for prospective college students to increase postsecondary admission and enrollment. Their purpose is to raise awareness among students and their families about the benefits of higher education and how to be academically and financially prepared, and they serve as one of the points of coordination between the College for Texans efforts and local schools. Go Centers are located in local area high schools and staffed by UTEP Students with the assistance of high school counselors. The Centers have information regarding admission to colleges and universities, financial aid, scholarships, and other materials necessary to help foster the idea that higher education is attainable, affordable, and can be achieved.
This catalog is archived. For the current UTEP catalog, please visit catalog.utep.edu.

Financial Aid

204 Academic Services Building
Phone: (915) 747-6204
Fax: (915) 747-9631
financial@utep.edu
www.utep.edu/financialaid

DIRECTOR: Raul H. Lerma

The Office of Student Financial Aid assists qualified students to meet the costs of college education. No person is excluded from participating on the basis of race, color, national origin, religion, sex, age, veteran status, disability, or sexual orientation. We welcome inquiries by mail, e-mail, telephone and visits. Appropriate forms are available at El Paso area high schools in the counselors’ offices and at our office.

FINANCIAL AID POLICY

The amount and type of financial assistance provided through educational loans, grants, and college work-study follow existing federal, state, and local regulations and policies governing financial aid programs. Priority is given to our undergraduate students with documented need, who meet academic eligibility criteria, who are enrolled on a full-time basis (12 hours or more), and whose applications are received by the priority date of March 15.

Financial aid awards are based on financial need and academic merit. To apply, you are required to submit the Free Application for Federal Student Aid (FAFSA) to determine your financial need for the aid period. The cost of attending the University is your student budget. Your financial resources, combined with those of your parents if you depend on them, are called your student/family contribution. Financial assistance for you includes all non-Title IV Scholarships, grants, loans, or other assistance not received under Title IV, for example Veterans Educational Benefits. The difference between your student budget, family contribution, and financial assistance determines your financial need. For a detailed breakdown of direct and indirect educational costs, students should contact the Financial Aid Office for written material.

APPLICATION PROCESS

March 15 is the application submission priority date for each school year. All forms and required documents are due and must be completely processed by the Office of Student Financial Aid by this date for you to be considered for the maximum aid available. You should be aware that the processing of financial aid documents may take at least four weeks. Late applications will be considered on the basis of available funds.

Information that we obtain from your need analysis is used to determine your financial need and the types of awards for which you are qualified. Awards fall into two categories: (1) gift aid, which includes grants and (2) self-help funds, which include the College Work Study Program and long-term educational loans. The amount of aid awarded, combined with the student’s resources (your student/family contribution), cannot exceed your student budget.

Once documented need is established, the Office of Student Financial Aid will make every effort to meet your need. The financial aid award will be packaged from a variety of sources and will be based on the financial need, program eligibility, and availability of funds. In some instances, your total award may be less than your documented need due to fund limitations, program eligibility requirements, or other factors.

If you wish to apply for financial assistance for the spring semester, you will be considered based on the availability of funds after we receive your financial aid documents.

You should refer to the Tuition and Fees Emergency Loan section of this catalog for non-need emergency loan fund programs.

If you are subject to Selective Service registration, you are required to file a statement indicating whether you have registered for or are exempt from service registration, in order to be eligible to apply for federal or state financial aid.

SATISFACTORY ACADEMIC PROGRESS (SAP) CRITERIA

The University of Texas at El Paso is mandated to establish minimum standards of “satisfactory progress” for our students receiving financial assistance. This requirement applies to your entire academic history, whether financial aid was received or not. It also applies to all types of aid: grants, loans, and work-study. The standards for determining progress include three measurements: grade point average, measurable progress, and accumulated hours, as described below.

Grade Point Average

Grade point average (GPA) is the quantitative measurement used for academic work at this University. For financial aid purposes, you must maintain at least a 2.0 GPA as an undergraduate student, 2.5 as a candidate for certificate/endorsement, and 3.0 as a graduate student.

Measurable Progress

Measurable progress is the completion of 75% of attempted hours each academic year. An academic year is defined as two long semesters plus the summer session. Should you attempt to repeat courses to improve your GPA, we caution you that, in some cases, previously earned hours remain on your record but are NOT counted toward total hours earned and therefore could affect their measurable progress. In addition, the following grades do not contribute to credit hours completed:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>F-Failure</td>
<td></td>
</tr>
<tr>
<td>N-No Grade</td>
<td></td>
</tr>
<tr>
<td>P-F/P-Pass/Fail</td>
<td></td>
</tr>
<tr>
<td>I-Incomplete</td>
<td></td>
</tr>
<tr>
<td>P-In Progress</td>
<td></td>
</tr>
<tr>
<td>W-Withdrawal</td>
<td></td>
</tr>
<tr>
<td>U-Unsatisfactory</td>
<td></td>
</tr>
</tbody>
</table>

Accumulated Hours

Our students receiving aid at UTEP are allowed 170 attempted undergraduate hours to complete a baccalaureate degree. As a Master's candidate, you are allowed 45 attempted and are allowed 80 attempted hours as a Doctoral candidate to complete your degree. Transfer hours, as well as all UTEP hours, are used in determining attempted hours. You are responsible for determining the courses in which you should enroll to comply with this requirement.
Special Consideration

1. **Non-Degree Seeking** - To be considered for financial aid, you must be enrolled in a degree granting program.

2. As a student enrolled in an elementary or secondary teacher certification program required by a state you may only apply for a Stafford Loan.

3. **Second Degree Seeking** - As a student who is enrolled in a program which leads to a second undergraduate or graduate degree, you are eligible to apply for state grants and a Stafford Loan and is subject to satisfactory progress requirements.

4. **Transfer Students** - Financial aid eligibility of our transfer students is identical to that of UTEP students with comparable credit hours. All transfer hours accepted by the Admissions Office will be added to UTEP hours whether they are used in the current degree plan or not.

5. **Option II/Academic Fresh Start** - As a student who chooses Option II or Academic Fresh Start, we caution you that previous semesters in which you received financial aid affect your measurable progress.

**Appeal Process**

An appeal process is available to you if you are ineligible for continued aid and may have had extenuating circumstances that prevented your completion of satisfactory progress. If there are grounds for an appeal, you must submit an appeal application, a degree plan if you have completed sixty (60) hours or more, and a typed explanation of the circumstances which brought about the ineligibility and actions that have taken place to remedy the situation, to the Office of Student Financial Aid.

An appeal is not available if you have already attempted or will reach 150% of the total number of hours required for the degree.

All documents are to be presented to a Student Financial Aid Administrator (FAA). If your appeal is denied by the FAA, it may be forwarded to the Financial Aid Internal Review (FAIR) Committee at your request. The committee meets monthly and makes its recommendations to the Director of the Office of Student Financial Aid, who will make the final decision. The appeal decision is made available within a week. If you are planning to appeal, you should be prepared to pay your own registration fees in the event that the appeal is denied or is approved after the deadline for paying registration fees.

**GRANTS AND LOANS**

- **Grants**

  - **Pell Grant**: The Federal Pell Grant Program is an aid program designed to assist our eligible students in pursuing their first undergraduate degree by providing them with a foundation of aid to help pay the cost of attending school. If you have applied for the Federal Pell Grant, you will receive a Student Aid Report (SAR) within six weeks of applying. Our undergraduate students must apply each year for the Federal Pell Grant. You must maintain satisfactory academic progress in order to remain eligible for the program.

  - **Supplemental Educational Opportunity Grant (SEOG)**: The Federal SEOG is available for our students who are enrolled, in good academic standing, making satisfactory academic progress, and who demonstrate exceptional financial need. Priority will be given to you if you are enrolled full-time and observe the application submission deadlines.

  - **Academic Competitiveness Grant (ACG)**: The Academic Competitiveness Grant is a federal grant available to you during your first and second years in college. You must be a U.S. citizen, federal Pell eligible, enrolled full-time, and have completed a rigorous secondary school program of study.

  - **SMART Grant (National Science and Mathematics Access to Retain Talent)**: The National SMART Grant is a federal grant available to you during your third and fourth years of college. You must be a U.S. citizen, federal Pell eligible, in your third or fourth year in four-year degree programs, enrolled full-time in eligible majors, and hold a minimum cumulative 3.0 GPA on a 4.0 scale in the program.

  - **TEACH (Teacher Education Assistance for College and Higher Education) Grant**: The TEACH Grant provides up to $4,000 a year in grants for undergraduate and graduate students who intend to teach full-time in high-need subject areas for at least four years at schools that serve low income families. Recipients who do not complete the teaching requirements must repay the grant as a Direct Unsubsidized Loan under the Direct Loan Program.

  - **Leveraging Educational Assistance Partnership Program (LEAPP)**: This is a state-matched grant awarded based on financial need. You may be graduate or undergraduate students and must be enrolled at least part-time. It is necessary to file a separate application for this grant.

  - **Texas Public Education Grant (TPEG)**: This grant provides financial assistance to our undergraduate and graduate students with financial need who are enrolled at least half-time.

  - **Student Employment (Federal College Work-Study Program)**: The Federal College Work-Study Program provides jobs for you if you have documented financial need and wish to earn part of your educational expenses while going to school. Jobs cannot exceed nineteen hours per week at both on-campus and off-campus worksites and range from clerical worker to research assistant. You are paid at the prevailing minimum wage rate, as prescribed by federal law. Both graduate and undergraduate students demonstrating financial need are eligible for participation in this program as long as you are enrolled on a full-time basis.

    - As a student who chooses Option II or Academic Fresh Start, we caution you that previous semesters in which you received financial aid affect your measurable progress.

  - **Academic Fresh Start**: You must be enrolled in a course of study at least half-time. Loans may not be released and remaining loan amounts will be canceled if you drop below half-time. Repayment is made on a monthly basis, over a period not exceeding ten (10) years. You should refer to the Financial Aid Web site for repayment information. Specific descriptions of the various loan programs will be described below.

- **Loans**

  - The Office of Student Financial Aid offers assistance to you through various long-term loan programs. If you are a first-time recipient of a long-term loan, you are required to attend Pre-Loan Counseling or Review Sessions prior to receipt of loan funds.

  - The long-term educational loans available through the Financial Aid Office have many repayment benefits of which you should be aware. All of these loans defer payment while you are enrolled in a course of study at least half-time. Loans may not be released and remaining loan amounts will be canceled if you drop below half-time. Repayment is made on a monthly basis, over a period not exceeding ten (10) years. You should refer to the Financial Aid Web site for repayment information. Specific descriptions of the various loan programs will be described below.

  - Loan repayment begins at the end of a grace period or after you cease to enroll half-time. If payment is not made after the grace period, the loan is in default. The lending agency can then take necessary action to obtain payment to include use of a collection agency or court action. If this type of action is taken, you are required to repay the entire loan plus costs of collection.

  - **Federal Perkins Loan**: This loan requires evidence of financial need for eligibility. The interest is 5% and does not accrue while you are enrolled at least half-time. There are provisions for partial cancellation and deferment for designated public service. The Perkins Loan is dependent upon the availability of funds.

  - **Federal Subsidized Stafford Student Loan**: This loan requires evidence of financial need for eligibility and is offered through participating lending institutions. The Federal Government will pay the interest as long as you are enrolled at least half-time. Under this plan, you are responsible for selecting a bank or lending institution that participates in the Federal Family Education Loan Program. This loan is available for both undergraduate and graduate students.

  - **Federal Unsubsidized Stafford Student Loan**: Unlike the Federal Subsidized Stafford Loan, this loan does not require evidence of financial need for eligibility. In addition, you are responsible for the interest on the loan while in school.
Tuition and Fees Loans: These loans are available to you if you need assistance in meeting the costs of tuition and fees. They are available to our resident, non-resident, and international students, and documentation of need as described elsewhere in this section is not required for these loans. The loan must be repaid during the semester in which it is obtained and there is a 5% annual interest charged. You should refer to the current Class Schedule for availability dates. Tuition and fee loans may be applied for at: https://loans.utep.edu.

Emergency Book Loans: Emergency book loan funds are available to assist you if you are temporarily in need of funds for books. You are eligible as a regularly enrolled student if you do not have an outstanding emergency loan or previous semester balance. Loans must be repaid during the semester in which the loan is obtained. There is a $250 limit for book loans. A $10 service charge is added to each loan. The website is https://loans.utep.edu. The funds are deposited in your Miner Gold Card to be used at the Campus Bookstore.

Hazlewood Act Exemption

The Hazlewood Act exempts eligible Texas veterans and their children from the payment of tuition and fees, other than property deposit and student services fees, subject to the following provisions. This exemption does not apply to fees for services or items that are not required for general enrollment or for specific courses that you may take. Eligible veterans or children who are entitled to receive both federal and state veterans’ educational benefits for the same semester can do so only if the value of the federal benefit is less than the value of your tuition and fees, less property deposit and student services fees.

To be eligible to receive the Hazlewood Act Exemption as a veteran, you must demonstrate that you were a resident of Texas at the time of entry into the service; were classified as a Texas resident for tuition purposes for the semester for which the exemption was requested; were honorably discharged from the service; have no federal veterans’ educational benefits, or if so, the value of the benefits is less than the value of tuition and fees, less property deposit and student services fees, for the relevant term; are not in default on an educational loan made or guaranteed by the State of Texas and are not in default on a federal loan if that default is the reason that you cannot use your federal veterans’ benefits; have attempted fewer than 150 hours, and have followed the application procedures required by these provisions. In addition, you must have served in the Armed Forces or in certain auxiliary services during the Spanish-American War, World War I, World War II (except those who were discharged because they were over the age of 38 or because of a personal request), the Korean War, or served at least 181 days during the Cold War, Vietnam, Grenada and Lebanon, Panama, Persian Gulf War, the National Emergency by Reason of Certain Terrorist Attacks, and any future national emergency declared by law.

As a child of a veteran, you are eligible for the Hazlewood Act Exemption if you are classified as a resident of Texas for the semester for which the exemption is requested and you must demonstrate that you are a dependent of a member of the U.S. Armed Forces who was a resident of Texas upon entry into the service and who died while in the service, is missing in action, whose death was caused by service-connected injuries, or who became totally disabled for purposes of employability as a result of a service-related injury, and have no federal veterans’ educational benefits based on the death or disability of a veteran parent.

To obtain this exemption as a veteran, you must complete the Hazlewood Act Exemption Application, available in the Financial Aid Office. A copy of your Certificate of Release or Discharge from Active Duty (DD-214) and proof of current status regarding eligibility for federal veterans’ educational benefits must be submitted. As a child of a veteran applying for the exemption, you must submit the application, along with proof regarding eligibility for federal benefits on the basis of the parent’s service-related death or disability, and documentation that the parent was a resident of Texas when he or she entered the service. It is highly recommended that you complete the Free Application for Federal Student Aid (FAFSA) to determine Pell eligibility, obtain student loan history, and expedite the awarding process. For complete information, contact the Financial Aid Office.
The University of Texas at El Paso has an excellent scholarship program designed to attract and retain bright scholars. These competitive scholarships are awarded for academic merit and are intended to recognize you for outstanding academic accomplishments and future potential. Academic scholarships are offered to our qualified first-year students, college transfers, and currently enrolled undergraduate and graduate UTEP students. The awards are made possible through the generosity of foundations, corporations, community groups, and philanthropic individuals. Scholarships vary in amount and type of award and are given to the most qualified applicants.

Scholarship Requirements

If you are a high school student, you are considered for awards based on your high school cumulative grade point average (GPA), class rank, SAT or ACT scores and, to a lesser degree, extracurricular achievements. If you are currently enrolled, have transferred from another university, or are a graduate student at UTEP, you must have a 3.0 cumulative GPA and must be enrolled full-time to be considered for a scholarship. As an undergraduate student, you must submit a statement of educational goals and objectives (minimum of 250 words) along with your application. As first-year and transfer student, you must also submit an academic transcript with your scholarship application. If you are a first-year student and have followed the recommended high school curriculum, you should make sure that your transcripts are noted as such, since this could qualify you for additional funding. A large number of scholarships require you to demonstrate financial need as determined by completing the Free Applications for Federal Student Aid (FAFSA).

Priority Deadlines

All of our students complete one application, which is used to award all institutional scholarships. Complete applications must be received by the Office of Scholarships by the dates below:

- November 1 Priority Deadline (high school seniors only)
- March 1 Second Round (high school seniors only)
- June 1 Current UTEP and transfer students

Late applications are accepted and kept on file. They are considered on the basis of available funds in all categories awarded. An non-awarded or late scholarship application is kept on file as long as you enroll full-time each fall and spring semester and maintain a minimum 3.0 cumulative GPA.

General Scholarships

Many of the general scholarships have specific requirements such as classification, financial need, major, or Texas residency. You normally receive one academic scholarship; however, you may also be eligible for outside scholarships, service awards, and/or research awards. You may also be eligible for aid from state and federal need-based programs.

Scholarship Programs

The following programs include the University’s most prestigious awards. Most are reserved for our first-year students with outstanding academic credentials.

PRESIDENTIAL SCHOLAR PROGRAM:

PRESIDENTIAL EXCELLENCE

$14,000 awards over a four-year period ($3,500 per year)

Initial eligibility (Student must meet at least two of the first three requirements):

- High school average of 96 on a 100-point scale
- Top 3% of high school graduating class
- 1220+ SAT (combined math and reading only) or 27+ ACT test scores
- Evidence of exceptional leadership abilities and achievements
Renewal requirements:

- 3.25 cumulative GPA the first year
- 3.50 cumulative GPA each year thereafter
- Full-time enrollment at UTEP during fall and spring semesters
- Completion of at least 30 credit hours over 12 months

PRESIDENTIAL

$10,000 awards over a four-year period ($2,500 per year)

Initial eligibility: Same as Presidential Excellence (Demonstration of leadership abilities and achievements is not required)
Renewal requirements: Same as Presidential Excellence

ACADEMIC SCHOLARSHIPS:

$4,000 awards over a four-year period ($1,000 per year)

Initial eligibility:

- High school average of 93 on a 100-point scale
- Top 5% of high school graduating class
- 1140+ SAT (combined math and reading only) or 25+ ACT test scores

Renewal requirements:

- 3.0 cumulative GPA
- Full-time enrollment at UTEP during fall and spring semester

MERIT SCHOLARSHIPS:

$3,000 awards over a four-year period ($750 per year)

Initial eligibility:

- High school average of 90 on a 100-point scale
- Top 10% of high school graduating class
- 1030+ SAT (combined math and reading only) or 22+ ACT test scores

Renewal requirements:

- 3.0 cumulative GPA
- Full-time enrollment at UTEP during fall and spring semester

EPCC TRANSFER SCHOLARSHIPS:

$2,000 awards over a two-year period ($1,000 per year)
Initial eligibility:

- Students transferring to UTEP from EPCC during the upcoming fall semester or the prior spring semester are eligible to apply.
- Minimum 3.0 cumulative GPA
- Minimum of 45 transferable credit hours from EPCC at time of transfer

Renewal requirements:

- 3.0 cumulative GPA
- Full-time enrollment at UTEP during fall and spring semester

Athletic Aid and Academic Scholarships

If you are an academic scholarship recipient who participates in intercollegiate athletics, you must comply with NCAA governing rules, which may limit dollar amounts and methods of disbursement. Please contact the Athletics Compliance Office at (915) 747-8607 for additional information.

Service Awards

Service awards are scholarships based on participation in university organizations including music groups, athletic teams, and others. To apply for these awards, contact the sponsoring department.

Non-Resident Waivers

If you are a non-resident and you receive a competitive scholarship of $1,000 or more per year, you qualify for resident tuition rates for each semester in which the scholarship is awarded to you. To qualify for the waiver, you must have competed with Texas residents for the scholarship and the award must be administered by the Office of Scholarships.

Renewal Information

Renewal letters are mailed in June after spring grades are posted. Please note the following:

- It is your responsibility to know whether or not scholarship requirements have been met.
- It is your responsibility to know whether summer school enrollment is required to complete hour requirements
- Scholarship funds will not be applied toward tuition and fees until the conditions of a conditional renewal, pending summer grades, are met.

Appeal Process

If you do not meet necessary scholarship requirements for renewal, you may submit an appeal to the Undergraduate Scholarship Committee. The required forms are available at the Office of Scholarships and must be submitted by the specified deadline. You may only appeal once for any reason of non-renewal, including GPA and credit hours.

Graduate Scholarship Information

Graduate scholarships are merit-based awards available from the UTEP Graduate School, academic departments, and external sources. As a graduate student, you are also encouraged to access databases that are available through the Internet in order to identify scholarship and fellowship opportunities. For more information, you should contact the Graduate School at (915) 747-5491.

International Students-Scholarships

Our international students are encouraged to submit an application to the Office of Scholarships for scholarship consideration. For additional scholarship opportunities, you should contact the Office of International Programs.

Additional resources may be available through corporate and organizational scholarships. For additional information, please visit the Office of Scholarships website at https://www.utep.edu/scholarships.
Student Assessment & Testing

The Student Assessment & Testing Office serves as the test administration center for college admissions, assessment and placement tests, several state and national professional and certification test programs. The office also provides proctoring services for correspondence tests along with information about testing services for various state-wide and national testing programs.

Our prospective and current UTEP students can also save time and money by taking advantage of credit-by-examination programs offered, which include the College-Level Examination Program (CLEP) and (DANTES Subject Standardized Tests) DSST. The UTEP credit-by-examination testing policy is described in the Admissions section of the catalog.

As a student with a disability, you should inquire about special testing accommodations. Arrangements can be made through the Disabled Student Services Office.

ADMISSIONS TESTS

The Student Assessment and Testing Office administers the ACT (American College Test), TOEFL (Test of English as a Foreign Language), PAA (Prueba de Aptitud Académico) and the MAT (Miller Analogies Test). Scores from ACT, TOEFL, and PAA/institutional examinations can only be used for admission to UTEP. Please refer to the Admission section of this catalog for information about admission test score requirements. Contact the Student Assessment & Testing Office for information on admission test dates and registration procedures.

TEXAS SUCCESS INITIATIVE (TSI)

As an entering student, you must satisfy the Texas Success Initiative (TSI) assessment requirement before enrolling in classes at UTEP. This can be done by taking the ACCUPLACER, or one of the accepted assessment exams. For additional information about the Texas Success Initiative, refer to the Academic Advising Center section of this catalog. Minimum Passing TSI Assessment Standards:

1) ACCUPLACER: Reading Comprehension-78; Elementary Algebra-63; Sentence Skills-80; and Written Essay-6
2) ASSET: Reading Skills-41; Elementary Algebra-38; Writing Skills (Objective)-40; and Written Essay-6
3) COMPASS: Reading Skills-81; Algebra-29; Writing Skills (Objective)-59; and Written Essay-6
4) THEA Reading-220; Mathematics-230; Writing-220

The minimum passing standard for the written essay portion of all tests is a score of 6. However, an essay with a score of 5 will meet this standard if you meet the objective writing test minimum score.

ACCUPLACER PLACEMENT TESTS (MATH, ENGLISH, READING)

All of our entering students who do not have college-level credit in math, English, or reading-intensive courses must take the ACCUPLACER test for course placement in those areas. The ACCUPLACER is also used to meet the Texas Success Initiative (TSI) basic skills assessment requirement. You can meet both testing requirements by taking the ACCUPLACER, which is given by UTEP's Student Assessment & Testing Office and in most El Paso area high schools.

Transfer students who have college-level credit in math, English or reading-intensive courses may be exempt from placement testing, but you must still satisfy the TSI. The Admissions Office determines which tests must be taken or if exemptions apply.

Placement scores are subject to change, and score reports will provide the most current course placement information. ACCUPLACER math test scores expire two years after the test date if no college math credit is earned, and you must retake the math placement test. Contact the Student Assessment & Testing Office or the Academic Advising Center for current information.

TEXAS HIGHER EDUCATION ASSESSMENT (THEA)

The Texas Higher Education Assessment (THEA) or Quick THEA is used to meet teacher preparation requirements. For additional information on teacher preparation and certification requirement contact the College of Education. Contact the Student Assessment & Testing Office for information on THEA, Quick THEA test dates, and registration procedures.

ESOL PLACEMENT TESTS

The COMPASS/ESL test is required if your secondary education was not in English and you took the TOEFL (and scored less than 600) or the PAA for admission. If you enroll in the ESOL Program, you are expected to complete the appropriate sequence of courses. You may repeat the COMPASS/ESL if you have not enrolled in an ESOL course during the 12 months following their initial testing, or with approval of the ESOL Coordinator. Contact the Student Assessment and Testing Office for information on COMPASS/ESL test dates and registration procedures.

Academic DepartmentAL Placement Tests
Departmental placement examinations are based on policies set by individual departments. These tests may be required by departments for enrollment in specific courses. They also allow you to start higher in a course sequence if you have acquired expertise in an area. You should meet with your academic advisors to determine whether departmental tests are available in specific areas and which placement tests, if any, are required. Contact the Student Assessment & Testing Office for information on placement test dates and registration procedures. The following is a list of the departmental placement tests administered by the Student Assessment & Testing Office.

*Note: Minimum scores required for course placement are subject to change. For current information, contact the Student Assessment and Testing Office. Test fees are non-refundable and non-transferable. Fees must be used during the current fiscal year.*
New Student Orientation

107 Academic Services Building
Phone: (915) 747-6752
Fax: (915) 747-5841
Orientation Website: https://academics.utep.edu/orientation
Orientation Registration:
http://orientation.utep.edu

DIRECTOR: Jaime Mendez

Success in college is determined not only by the quality of your academic work, but also by how quickly you make the transition and fit into your new home on campus. UTEP’s New Student Orientation program is designed to help you start making those connections. Sessions are offered throughout the year at no cost to you. Programs offered include Freshman and Transfer Orientation and Parent Information Sessions. Services offered during the sessions include Miner Gold Card, Parking & Transportation, Financial Aid, UTEP Technology, College-Specific Advising and Campus Involvement. The program’s main goal is to make sure the incoming student’s transition is a positive and effective experience.
Military Services

The Military Services Office provides one-stop services for military students, veterans, dependents, and civilian employees at military bases. Services include assistance with:

- admissions documents, including residency;
- financial aid and Hazelwood documents;
- GoArmy admissions, degree plan, residency, registration, and grade posting;
- UTEP registration and withdrawals;
- tuition and fees payment processing;
- Department of Veterans Affairs documents, including creating and maintaining records that support certification of your status with the Department of Veterans Affairs.

Servicemembers Opportunity Colleges (SOC)

The University of Texas at El Paso participates in the Servicemembers Opportunity Colleges’ Concurrent Admissions Program. If you plan to join the military and want to attend UTEP when your service is complete, you may apply for admission prior to enlistment and designate UTEP as your home institution. Credit earned while in the military can be transferred to UTEP and you can work closely with advisors to develop your degree plan prior to your arrival on campus. Contact the military services office for additional information.
Registration and Records

123 Academic Services Building
Phone: (915) 747-5544
Fax: (915) 747-8764
registrar@utep.edu
www.utep.edu/register

REGISTRAR: Miguel Sifuentes

The Registration and Records Office houses several functions: 1) Scheduling coordinates faculty and classroom assignments; and 2) the Records Office maintains your student records and all registration transactions, including enrollment verifications, transcript requests, graduation applications, and diplomas.

For detailed information concerning registration and student academic records, consult the Academic Regulations section of this catalog under General Academic Information.

- University Counseling Center
- Women’s Resource Center
The University of Texas at El Paso offers a wide array of services for students to ensure that student needs, concerns, and interests are addressed.

Adelante Child Development Center
Phone Number: (915) 747-5270
Website: https://studentaffairs.utep.edu/childcare

Child care is available for children of all students, staff, and faculty of the University. The Adelante Child Development Center is located at 1825 Hawthorne and is managed and operated by Adelante Childcare, Inc. Children aged three months to 12 years are accepted, depending on space availability (hourly, daily, weekly care available; Summer Camp for school age children). Age appropriate early childhood developmental programs are offered in the curriculum. The Adelante Child Development Center is licensed by the Texas Department of Protective and Regulatory Services. Financial assistance is available for qualifying parents through Child Care Services.

Campus Cultural Programs
Website: www.utep.edu

Each year departments across campus sponsor hundreds of cultural events including concerts, music theatre productions, plays, art exhibits, ballet and dance performances, films, and lectures.

Theatre and dance productions are performed in the Wise Family Theatre, the Studio Theatre in the Fox Fine Arts Center, and the Magoffin Auditorium. University Dinner Theatre productions are presented in the Student Union West Building. Music activities such as the University's Symphony Orchestra, Symphonic Band, Opera, Jazz Bands, Pandemonium Steel Drums, Choral and Chorus, Jazz Singers, and chamber groups are held in the Fox Fine Arts Center's Recital Hall or the Magoffin Auditorium. Faculty, student, and touring art shows are exhibited in the Stanlee and Gerald Rubin Center for Contemporary Art, the Glass Gallery in the Fox Fine Arts Center, and the Student Union Gallery in the Union East Building. A film series is also presented annually in the Student Union East Building.

Lectures and a variety of other public programs are part of the yearly schedules of all UTEP Colleges, Academic Departments and Centers as well as the University Centennial Museum and Chihuahuan Desert Gardens. The Student Development Center provides a wide-variety of student programming ranging from lectures to artistic performances.

Disabled Student Services Office (DSSO)
Phone Number: (915) 747-5148 Voice/TTY
Website: www.utep.edu/dsso

The Disabled Student Services Office (DSSO) provides a program of support to students with physical, or mental impairments, as well as those who become temporarily disabled due to an injury or recent surgery, and to women with "at risk" pregnancies.

DSSO provides the following services as accommodations: note taking, sign language interpreters, reader services, priority registration, use of adaptive technology, alternative test formats, testing accommodations and advocacy.

Students requiring accommodations must schedule an intake interview with the Director of DSSO and provide medical and/or diagnostic documentation verifying a disability. The documentation must clearly state symptoms and limitations that adversely affect academic performance. All information provided to DSSO is treated as confidential. Students should be aware that faculty members are not obligated to provide accommodations without proper notification from DSSO.

If a student has, or suspects they have, a disability that is adversely affecting academic performance, he/she should contact the Disabled Student Services Office immediately to discuss available options.

El Paso Centennial Museum/Chihuahuan Desert Gardens
Phone Number: (915) 747-5565
Website: www.utep.edu/museum

The El Paso Centennial Museum was built in 1936 with funds allocated by the Commission for the Texas Centennial Celebration. As the University's museum, it serves students and the El Paso/Juarez communities. The mission of this natural and cultural history museum is to preserve, document, exhibit, and educate about the Southwest and Mexico. Noteworthy collections pertaining to Geology, Anthropology, Archaeology, Paleontology, Ornithology, and Mammalogy include rocks, crystals, minerals, pottery, stone tools, shell jewelry, and baskets. The Chihuahuan Desert Gardens, dedicated in 1999, are located on the west side of the museum. They contain plants of the region in settings that can be adapted for area businesses and homes. Basic museum and special project classes are offered to UTEP students. Temporary exhibits, lectures, gallery talks, youth classes, adult workshops, and volunteer activities are educational offerings. The Museum is free and open to the public.

Food Services
Phone Number: (915) 747-5628
Website: www.admin.utep.edu/sodexho

UTEP Food Services strives to provide the best quality food at the most convenient locations. Students, staff and faculty members are encouraged to visit one of the many food venues located throughout campus.

*B* - Breakfast available
*E* - Open during evening hours

UTEP Union East Building 2nd Floor (Food Court)

*B* Chick-Fil-A (deli)

- *B* *E* Miner Stop (grab and go)

College of Education 2nd Floor
- *B* *E* Café a la Cart (grab and go)

College of Health Sciences
- *B* Healthy Corner (grab and go)

Swimming and Fitness Center
- *E* Gold rush (energy stop, smoothies, grab and go)

Miner Meals are dollars placed on the Miner Gold card that are held in reserve exclusively for food purchases. With Miner Meals, students, faculty, and staff can receive an automatic 10% discount on all food purchases. Miner Meals can be purchased in $50 increments at Student Business Services, located on the first floor of the Academic Services Building.

UTEP Catering Services offers a full range of services for banquets, receptions, meetings, conferences, and private functions. A dynamic menu is designed to meet the diverse needs of any group and function.

UTEP Concessions provides a variety of tasty options at sporting and special events. From traditional hot dogs to local favorites, your cravings are sure to be satisfied.

Intercollegiate Athletics
Phone Number: (915) 747-5347
Website: www.utepathletics.com

UTEP is an NCAA Division I school and is a member of Conference USA. Sponsored sports are football, men's and women's basketball, men's and women's cross country, men's and women's golf, men's and women's indoor track and field, men's and women's outdoor track and field, women's tennis, women's rifle, women's soccer, women's softball, and women's volleyball.

Football is played in the 52,247-seat Sun Bowl Stadium, which is located on campus and nestled in the southern tip of the Rocky Mountains; men's and women's basketball plays in the 11,767-seat Don Haskins Center; and women's volleyball plays at Memorial Gymnasium, which seats 3,000 people. Soccer plays at the University Soccer Field with the Rocky Mountains as a backdrop. The track program runs at Kidd Field, which seats 15,000 people. Teams nationally ranked in recent years include men's basketball, football, men's golf, cross country, indoor and outdoor track and field and women's rifle.

International Programs
Phone Number: (915) 747-5664
Website: https://studentaffairs.utep.edu/oip

The Office of International Programs serves as the primary source of information and assistance for the international community at UTEP. Its services include:
- Advising for international students and scholars on immigration, financial cross-cultural and personal issues
- PASE (Programa de Asistencia Estudiantil) program administration: a Texas initiative for a waiver of out-of-state tuition for Mexican nationals who can prove financial need
- International and multicultural activities on campus highlighting the multicultural nature of El Paso and UTEP through cultural events and presentations involving UTEP's diverse population

The Office is located in the Union East Building, Room 203.

KTEP Public Radio
Phone Number: (915) 747-5152
Website: www.ktep.org

KTEP 88.5 FM broadcasts news, information, and cultural programming 24 hours per day for the University as well as El Paso, Southern New Mexico, and Juarez. KTEP is a member of National Public Radio and Public Radio International. The station trains UTEP students in broadcasting, and students can work at the station either as interns or volunteers. KTEP is equipped with the latest in digital broadcast technology. KTEP began broadcasting in 1950 and was the first FM station in El Paso and one of the first in the Southwest. A quarterly programming guide is available by calling (915) 747-5152.
Miner Village
Phone Number: (915) 747-5352
Website: www.utep.edu/housing

While there are several offices and departments on campus that are devoted to student success, there is only one that welcomes students home! Since 2001, the dedicated Housing and Residence Life staff of Miner Village has served the students of UTEP in one of the most modern facilities in the state of Texas. All apartments are fully furnished, with local telephone service, basic cable, refrigerated air, and internet connections. There are laundry facilities, a sand volleyball court, and off-campus restaurants and stores in walking distance.

Whether you are a student-athlete with a busy season ahead, an international student visiting the United States for the first time, or an El Paso native looking for a new experience away from home, Miner Village offers its residents a unique on-campus environment...and the skills needed to be a responsible student, roommate, and citizen.

Professional and Public Programs
Phone Number: (915) 747-5142
Website: www.utep.edu/pace

The role of the PACE is to offer a variety of continuing education and professional development opportunities, along with credit course offerings. Professional and Continuing Education consists of ten major program areas:

1. Credit Courses are designed to meet the needs of students at various stages of their careers and education attainment levels. All credit courses are accredited and are transferable to degree programs at UTEP.
2. Community Programs offer short courses quarterly for personal and professional enrichment for adults and youth.
3. Career Development Programs offer courses that provide individual professional growth.
4. Business, Manufacturing, and Professional Programs offer opportunities for individuals of varying levels of experience from both the public and private sectors to develop new skills, meet license or certification renewal requirements, and update knowledge.
5. Technology Education Programs provide critical training for a broad range of computer software and user levels to the general public and business community.
6. The English Language Institute (ELI) conducts intensive English training on a full-time basis for the TOEFL to enter UTEP.
7. Faculty and Staff Training and Development provides training offerings to University employees through the One-Stop Training Shop offered in collaboration with the University’s Human Resource Services office.
8. Summer Athletic Camps: PACE oversees the athletic camps offered by the various UTEP NCAA Athletic programs.
9. Advanced Placement Summer Institute trains area teachers and administrators to prepare students for the AP exam.

10. The Center for Lifelong Learning (CLL) is an educational program planned and operated by and for individuals fifty years of age or older. The CLL provides learning opportunities for those eager and willing to learn and take an active role in renewing or expanding their education and enriching their lives.

For more information contact PACE at (915) 747-5142 or visit the office at Miners’ Hall, Room 108.

Recreational Sports
Phone Number: (915) 747-5103
Website: www.utep.edu/rsd

The Recreational Sports department provides an opportunity for each member of the University community to voluntarily participate in a wide variety of sports and leisure activities:

- Intramural Sports Program offers approximately 40 activities for men and women with a valid UTEP ID
- Outdoor Adventure Program offers equipment rental and outdoor trips to UTEP students, staff and faculty
- Challenge Course is a half day or full day team development program
- Fitness Programs are non-credit exercise classes offered to UTEP students, staff and faculty at a minimal fee
- Sports Clubs are available for registered UTEP students who may want to participate in extramural competition
- Open Recreation provides the use of sport facilities for leisure play. Equipment is provided with a valid UTEP ID
- Swimming and Fitness Center consists of an exercise room with cardio machines, weight machines, free weights and two swimming pools.

For further information visit the Recreational Sports website or call Memorial Gym at (915) 747-5103 or the Swimming and Fitness Center at (915) 747-8100.

Special Events
Phone Number: (915) 747-5481
Website: www.utep.edu/events

There is no business like show business! For over a decade the Office of Special Events has been dedicated to bringing quality entertainment to the UTEP and El Paso communities.

The office operates as a full production house in the booking of the following UTEP special event facilities: Sun Bowl Stadium, Don Haskins Center, and Magoffin Auditorium. A variety of events are presented each year. Past events include Juanes, Aerosmith, Linkin Park, Fleetwood Mac, Cher, Shakira, The Eagles, Ricky Martin, NSYNC, The Rolling Stones, HBO’s Oscar de la Hoya Fight, WWE, and international soccer Pumas vs. Tigres among many, many others.

The Office of Special Events is also responsible for the programming of the Wednesday Music Café FREE Concert Series, the Union Exhibition Gallery and the Art and Foreign Film series, host of the Cinema Nox Film Society of El Paso, the only art film society in the city.

Student Development Center
Phone Number: (915) 747-5670
Website: https://studentaffairs.utep.edu/sdc

The Student Development Center (SDC) is a one-stop clearinghouse of information and resources for UTEP students involved, or who want to become involved, in campus life. The SDC provides students with opportunities to get involved in leadership activities, campus activities, health awareness, diversity initiatives, student organizations and Greek Life.

The Student Development Center works with over 200 student organizations on campus. These organizations are categorized as follows: Academic/Professional, Advocacy, Graduate, Greek, Governing, Honorary, International, Professional, Recreational, Religious/Spiritual, Service, Special Interest, Social, and School/Community Spirit. The SDC provides a variety of programs to enhance student organizations through personal consultations, publications and workshops. Please visit the SDC website for more information on the Student Development Center.
The University Career Center, as part of the Division of Student Affairs, provides programs and services designed to foster the career development of UTEP students and alumni from all academic disciplines. Toward this end, the Department provides the following services:

- Career Advising
- Resource Center (career development literature, employer information, and on-line resources)
- Career Development Activities and Workshops (resume writing, interviewing, job search correspondence, etc.)

Website: www.utep.edu/careers
Phone Number: (915) 747-5584

The University Bookstore is responsible for having required academic textbooks and supplies for students. The Bookstore also provides the University community a large variety of reference books, school and office supplies, computer software and accessories, calculators, UTEP apparel and gift items, commencement apparel and invitations, magazines, book buy-backs, special book and software orders, specialty plaques, and computer hardware orders. The University Bookstore is managed and operated by Follett Higher Education Group.

Website: www.utep.edu/bookstore
Phone Number: (915) 747-5594

The Student Health Center (SHC) is located directly across from the Library and offers confidential health care services to all University students presenting a valid UTEP ID. FREE services include: office visits, nutritional counseling and HIV/AIDS testing (which is done every Wednesday from 11:00 a.m. - noon). Laboratory tests, pap smears, vaccinations and many other services are provided at reduced rates.

Referrals outside the Student Health Center for stitches, x-rays, specialists, etc. are at the student’s own expense. All emergencies are referred to local hospitals. Minor illness, injury or health concerns are treated by the SHC’s professional staff.

Student insurance is available and recommended for every student without insurance coverage. Information on student health insurance may be obtained by calling: (888) 344-6105.

Website: www.utep.edu/dsso
Phone Number: (915) 747-5624

The Student Government Association (SGA) is the official voice of the student body. The SGA maintains an open channel of communication between the student(s) and university administration by voicing to the University administration the concerns of the student body and informing students about changes in policy that will affect campus life and student activities. SGA’s goal is to make every student’s college experience a complete one – developing them both academically and personally.

SGA takes pride in the diversity of the student body and is dedicated to providing assistance to and support for all student organizations and campus activities whenever possible. Recognizing the campus’ unique diversity, SGA works to assure that every student or group of students is treated with respect and dignity in order to maintain an atmosphere of tolerance and understanding among all members of the campus community.

Website: https://studentaffairs.utep.edu/sga
Phone Number: (915) 747-5584

The Union Building is the community center for the University of Texas at El Paso. Its primary goal is to provide services and facilities for the university community in support of the academic and student development mission of the University.

As the “epicenter” of the campus, the Union Building not only serves as a gathering place but also provides an atmosphere that fosters the exchange of ideas representing the diverse backgrounds of members of the university community.

The Union Services office is located in the Union Building, Room 307.

Website: www.utep.edu/union
Phone Number: (915) 747-5711
Resume Reviews
Job Listings and Referrals (part-time student employment, cooperative education and internship opportunities, and professional employment)
Cooperative Education/Internship Program (career-related experience for college students)
On-Campus Interviews
Career Fairs

Students are encouraged to visit the University Career Center early in their university career to develop a personalized career-development action plan. Career counseling services are offered by the University Counseling Center.

University Counseling Center
Phone Number: (915) 747-5302
Website: www.utep.edu/counsel

The University Counseling Center provides free and confidential services in Spanish and English to currently enrolled UTEP students. Services include career counseling to help students clarify their academic or career goals and overcome obstacles to learning and decision making. The Center also provides personal counseling to address issues that can affect a student’s ability to perform optimally in his or her academic and professional endeavors. Lastly, the University Counseling Center provides educational workshops, outreach programs, and self-help resources on everything from stress and time management to self-esteem and relationship issues. Hours of operations are 8:00 a.m. – 5:00 p.m., Monday through Friday with extended hours (open until 7:00 p.m.) during the fall and spring semesters on Mondays and Tuesdays.

Women’s Resource Center
Phone Number: (915) 747-5291
Website: https://studentaffairs.utep.edu/wrc

The Women’s Resource Center (WRC) empowers women to achieve their holistic (personal, academic, professional and spiritual) goals, promote social justice through education programs, support groups, and a safe environment to foster health and wholeness in all people. The WRC provides students with a library of books, magazines, videotapes, and health-related brochures as well as access to a computer lab. There is also a microwave, refrigerator, and telephone designated for student use. The WRC’s knowledgeable staff offers community resource information and networking opportunities. These services are available to women and men who identify as allies, including staff, faculty, and families.

The WRC is a welcoming space for Lesbian, Gay, Transgender, Queer and Intersex (LGBTQI) community members. It is committed to promoting an environment free from hatred and discrimination based on sexual orientation, gender identity, or gender expression. The WRC empowers everyone to be authentic and share their experiences. Students will find understanding and acceptance here.
This catalog is archived. For the current UTEP catalog, please visit catalog.utep.edu.
Instructional Support Services (ISS) serves as an academic resource and campus support unit for UTEP faculty, students, and staff engaged in asynchronous and distance delivered instruction. The services of the ISS office are focused on technical production, instructional design and pedagogical guidance and training-development programs for faculty engaged in the design and adaptation of instructional materials for fully-online and hybrid courses at a distance as well as classes and meetings convened through interactive video conferences. Through its new Faculty Instructional Technology (F.I.T.) Lab, the ISS office provides UTEP faculty with state-of-the-art professional development and training opportunities. The F.I.T. Lab offers a well-equipped self-service computer lab in which faculty can develop digital materials for instruction and research, as well as provides walk-in services and assistance to faculty in learning instructional technologies including access to a broad selection of specialized production software.

Distance Learning and Hybrid Courses

ISS is committed to providing graduate and undergraduate students, who are unable to take advantage of a traditional class schedule, with appropriate opportunities to participate in the learning process through the use of alternative media and methods for the delivery of instruction in a distance learning environment. ISS offers distance learning opportunities in hybrid and completely on-line formats for the UTEP campus. Through ISS the UTEP campus is also an active partner of the UT System TeleCampus (http://www.telecampus.utsystem.edu). At their website you will find: online study programs, and courses, a digital library, free online student tutorial services, 24/7 technical support “helpdesk”, links to various administrative and regent offices throughout the UT System and full program descriptions for the available online courses and degrees of the UT TeleCampus. Students are required to abide by the host university policies, procedures, and requirements regarding the course selection process, and student qualifications. Additional new on-line courses and program degree study options are routinely being added at UTEP and as a result, interested students are encouraged to consult the ISS website at UTETP for the most recent information: http://iss.utep.edu.

The Mediated and Distance Learning Group (MDL) at ISS also works in cooperation with UTEP faculty across the six academic colleges in the design, delivery, course management, and evaluation of distance education and online instructional programs. It also promotes and implements campus policies and practices to appropriately guide the growth and development of all UT distance education programs. In carrying out its mission, the ISS office collaborates with public and private institutions to meet the expanding needs for higher education and workforce retooling in the region. MDL and ISS staff works with UTEP faculty to develop instructional programs that integrate a variety of technology-based and electronic digital media materials, face-to-face instruction, World Wide Web (WWW), Internet, interactive videconferencing, CD-ROM, and other telecommunications technologies for teaching and learning.

Administrative offices for ISS are located in the Undergraduate Learning Center, Suite 308 and can be contacted by phone at (915) 747-6675.
The Border Biomedical Research Center (BBRC), developed and supported by grants from the National Institutes of Health, was established in 1992 as a basic biomedical research center in Infectious Diseases, Toxicology, and Neurological and Metabolic Disorders. The mission of the BBRC is to enhance the capability for biomedical research at the University of Texas at El Paso relevant to the Border region and to promote the progress of minority scientists in biomedical research. The BBRC’s Core Facilities in Analytical Cytology, Cell Culture, Biomolecule Characterization and DNA Sequencing and Analysis all have state-of-the-art instrumentation. The BBRC also has an active Statistical Consulting Laboratory, and a modern Bioinformatics Laboratory. The BBRC will soon move to new facilities following completion of the new Biosciences Research Building. For more information visit the BBRC Web site at https://www.utep.edu/bbrc.

The Center for Civic Engagement (CCE) at the University of Texas at El Paso is to engage faculty and students in the community through community-based teaching and learning in order to enhance student learning, promote civic engagement and actively improve the El Paso-Cd. Juarez Region.

The mission of the Center for Civic Engagement (CCE) is to build capacity for researchers in health disparities; create a technology transfer sub-center for Spanish-speakers; and promote knowledge transfer to both practice and policy.

The Border Biomedical Research Center (BBRC) was developed and supported by grants from the National Institutes of Health. The mission of the BBRC is to enhance the capability for biomedical research at the University of Texas at El Paso relevant to the Border region and to promote the progress of minority scientists in biomedical research. The BBRC’s Core Facilities in Analytical Cytology, Cell Culture, Biomolecule Characterization and DNA Sequencing and Analysis all have state-of-the-art instrumentation. The BBRC also has an active Statistical Consulting Laboratory, and a modern Bioinformatics Laboratory. The BBRC will soon move to new facilities following completion of the new Biosciences Research Building. For more information visit the BBRC Web site at https://www.utep.edu/bbrc.

The Center for Effective Teaching and Learning (CETaL) is a resource for University faculty. CETaL provides faculty with workshops, confidential consulting on issues of course and curriculum design, assessment and documentation of effective teaching, the opportunity for faculty mentoring, and a library of teaching and learning materials. Through these services, faculty can document their teaching effectiveness.

CETaL seeks to cultivate an environment where teaching is highly valued and where teachers strive continually to improve their effectiveness. It is a scholarly center working to find, document, report, and help advance the best teaching practices at UTEP and elsewhere. In addition, CETaL aids faculty in conducting scholarly research on teaching, curriculum, and other issues related to teaching and learning.

CETaL is a resource for those who understand that teaching is a complex and interactive process among many parties in a variety of environments, and that it can be taught, improved, and evaluated.

The Center for Environmental Resource Management (CERM) coordinates faculty and student research addressing the environmental problems affecting the border region of the southwestern United States and northern Mexico, including hazardous waste, air quality, water availability and quality, ecology, environmental health, the built environment, environmental risks, sustainability, and policy issues. Students receiving support through CERM get hands-on experience on research projects addressing a variety of issues such as management of water resources, measurement and characterization of air pollution, methods of containment and remediation of soil-borne and water-borne contaminants, development and implementation of energy efficient technologies, and community-based training programs, as well as opportunities to conduct surveys and field studies to restore and maintain environmental health. CERM also coordinates education, outreach and policy development programs, as well as UTEP’s doctoral program in environmental science and engineering. CERM provides the research infrastructure needed to support major University environmental programs including the Energy Center, the Rio Bosque Wetlands Park, Indio Ranch Research Station, and the Southwest Center for Environmental Research and Policy Consortium (SCERP). In 2007, CERM received a Texas Environmental Excellence Award from the Texas Commission on Environmental Quality.

The Center for Inter-American and Border Studies (CIBS) coordinates UTEP’s degree programs in Latin American and Border Studies. These include the undergraduate major and minor, and an interdisciplinary minor. CIBS also conducts research and assists other units with research on the Border, in Mexico, and Latin America. Recent projects have focused on issues such as Border demography, Border health, Border governance, and Border economics. CIBS sponsors events and publications addressing Border and Latin American issues, and works to forge linkages between UTEP and other institutions and agencies in the Border region, in Mexico, and in Latin America.

The Center for Research on Educational Reform (CRER) conducts broad-based and multidisciplinary research on issues of educational reform in the public schools and in higher education. The university-wide Center builds on more than a decade of K-16 educational reform efforts at the University of Texas at El Paso. A significant element of the Center’s work is research that addresses critically important questions about the impact of these and similar reform efforts. Major initiatives of the Center include the National Science Foundation Grant (NSF) to the Center for Inter-American and Border Studies (CIBS) and the National Science Foundation Grant (NSF) to the Institute for Manufacturing and Materials Management (IMM). The Center for Effective Teaching and Learning (CETaL) is a resource for University faculty. CETaL provides faculty with workshops, confidential consulting on issues of course and curriculum design, assessment and documentation of effective teaching, the opportunity for faculty mentoring, and a library of teaching and learning materials. Through these services, faculty can document their teaching effectiveness.

CETaL seeks to cultivate an environment where teaching is highly valued and where teachers strive continually to improve their effectiveness. It is a scholarly center working to find, document, report, and help advance the best teaching practices at UTEP and elsewhere. In addition, CETaL aids faculty in conducting scholarly research on teaching, curriculum, and other issues related to teaching and learning.

CETaL is a resource for those who understand that teaching is a complex and interactive process among many parties in a variety of environments, and that it can be taught, improved, and evaluated.

The Center for Environmental Resource Management (CERM) coordinates faculty and student research addressing the environmental problems affecting the border region of the southwestern United States and northern Mexico, including hazardous waste, air quality, water availability and quality, ecology, environmental health, the built environment, environmental risks, sustainability, and policy issues. Students receiving support through CERM get hands-on experience on research projects addressing a variety of issues such as management of water resources, measurement and characterization of air pollution, methods of containment and remediation of soil-borne and water-borne contaminants, development and implementation of energy efficient technologies, and community-based training programs, as well as opportunities to conduct surveys and field studies to restore and maintain environmental health. CERM also coordinates education, outreach and policy development programs, as well as UTEP’s doctoral program in environmental science and engineering. Recent projects have focused on issues such as Border demography, Border health, Border governance, and Border economics. CIBS sponsors events and publications addressing Border and Latin American issues, and works to forge linkages between UTEP and other institutions and agencies in the Border region, in Mexico, and in Latin America.

The Center for Research on Educational Reform (CRER) conducts broad-based and multidisciplinary research on issues of educational reform in the public schools and in higher education. The university-wide Center builds on more than a decade of K-16 educational reform efforts at the University of Texas at El Paso. A significant element of the Center’s work is research that addresses critically important questions about the impact of these and similar reform efforts. Major initiatives of the Center include the National Science Foundation Grant (NSF) to the Center for Inter-American and Border Studies (CIBS) and the National Science Foundation Grant (NSF) to the Institute for Manufacturing and Materials Management (IMM).
The Institute for Manufacturing and Materials Management (IM³) serves as both a focal point for UTEP’s diverse manufacturing efforts and as a conduit for University resources to area manufacturers. IM³ offers a range of programs and services in the following areas: (1) The Texas Manufacturing Assistance Center (TMAC) provides technical solutions to industrial problems ranging from design-for-manufacturing to supply-chain qualification to pollution prevention; (2) IM³ assists manufacturers in filling both long and short-term workforce development gaps through a number of programs including K-12 and university student outreach programs; industrial arts program development; and student internship programs in regional industry settings; (3) the Institute assists area Economic development agencies by identifying industry sector gaps and facilitating strategic planning; and (4) IM³ provides support for the manufacturing education program funded by the Society of Manufacturing Engineers.

INSTITUTE FOR POLICY AND ECONOMIC DEVELOPMENT (IPED)

The mission of the Institute for Policy and Economic Development (IPED), located at The University of Texas at El Paso, is to provide leadership and coordination in providing objective analysis and interpretation of public and private policy research, to address issues of importance to the people of the Paso del Norte and Camino Real, and to ensure that economic development proceeds in a rational and sustainable fashion. The Institute’s interdisciplinary approach to research design, data collection, and analysis provides the Institute’s clientele with objective, timely information that forms the framework needed for public policy investigation in areas such as economic development, technology and business development, and trade and transportation.

MATERIALS RESEARCH AND TECHNOLOGY INSTITUTE (MRTI)

The Materials Research and Technology Institute (MRTI) administers the University’s multi-disciplinary Ph.D. program in Materials Science and Engineering (MASE); fosters interdisciplinary research across the Colleges of Science, Engineering, Business and Liberal Arts; and supports the Ph.D. programs in Environmental Science and Engineering, Chemistry, and Biology. MRTI also fosters the development of intellectual property by UTEP faculty, staff, and students and helps develop industrial partnerships and new businesses based on UTEP intellectual property. Key MRTI activities include the Department of Energy-funded UTEP/Stanford Gateway Program, which gives UTEP faculty and students access to the Stanford Synchrotron Radiation Laboratory; Mayan Pigments, Inc., which is commercializing complex organic/inorganic materials developed by UTEP researchers; and Refinery Science Corporation, which is working to convert heavy petroleum feed stocks to useful transportation fuels, among other projects.

W.M. KECK CENTER FOR 3D INNOVATION

The W.M. Keck Center for 3D Innovation (Keck Center) is an advanced engineering, manufacturing, and biomedical laboratory focused on multi-disciplinary research. Originally funded through a $1 million grant from the W.M. Keck Foundation, the newly renovated 6,100-square-foot facility is the only one of its kind in the world. The facilities house more than $4 million in research infrastructure, including 17 rapid prototyping machines with combined infrastructure for advanced manufacturing, cardiovascular hemodynamics (experimental fluid mechanics), and tissue engineering (including scaffold fabrication, polymer synthesis, and cell culture capabilities). The lab uses rapid prototyping technologies to fabricate functional end-use products and patient-specific anatomical shapes for use in pre-surgical planning, surgery, medical device development, cardiovascular flow research, tissue engineering and more.
All undergraduates at The University of Texas at El Paso are required to complete a 42-semester credit hour core curriculum before receiving a baccalaureate degree. For degree plans that terminate with a post-baccalaureate degree, without completing the baccalaureate degree, undergraduates are required to complete the core curriculum before enrolling in graduate-level courses.

CORE BLOCKS AND COURSES

The core curriculum consists of nine components, or blocks. Each block has a required minimum number of semester credit hours. The minimum number is also the maximum number of hours that may be applied toward the core requirement. Any additional hours may apply toward degree requirements. The courses that may be used to satisfy the block requirements are listed with their Texas Common Course Number (TCCN) in brackets. The core curriculum requirement does not preclude the counting of core courses toward other degree requirements. Students are advised to consult particular degree requirements for their major before selecting courses to meet core curriculum requirements.

I. Communication (nine hours) The objective of the communication component is to enable the student to communicate effectively in clear and correct prose or orally in a style appropriate to the subject, occasion, and audience.
   A. English Composition (six hours):
      1. For students whose secondary education was in English:
         a. ENGL 1311 Expository English Composition [ENGL 1301] and ENGL 1312 Research and Critical Writing [ENGL 1302] or
         b. ENGL 1311 Expository English Composition [ENGL 1301] and ENGL 1313 Writing About Literature or
         c. ENGL/COMM 1611 Written and Oral Communication and ENGL 1312 Research and Critical Writing [ENGL 1302]
      2. For students whose secondary education was not in English:
         ESOL 1311 Expository English Composition for Speakers of ESL [ENGL 1306] and ESOL 1312 Research and Critical Writing for Speakers of ESL [ENGL 1307]
   B. Speech (three hours):
      COMM 1301 Public Speaking [SPCH 1315] or COMM 1302 Business and Professional Communication [SPCH 1321]

1. COMM/ENGL 1611 may be used to satisfy both the ENGL 1311 and COMM 1301 requirements.

II. Mathematics (three hours) The objective of the mathematics component is to develop a quantitatively literate college graduate. Every college graduate should be able to apply basic mathematical tools in the solution of real-world problems.
   Select one course from the following (only three hours apply toward the required 42):
   MATH 1319 Math in the Modern World [MATH 1333] or
   MATH 1320 Mathematics for the Social Sciences [MATH 1324] or
   MATH 1508 Precalculus [MATH 2412]
2. A higher level course in the calculus sequence may be substituted.
3. TCCN MATH 1314 will also satisfy this requirement.

III. Natural Sciences (six hours, a minimum of two semesters of lecture and one semester of laboratory) The objective of the study of the natural sciences is to enable the student to understand, construct, and evaluate relationships in the natural sciences, and to enable the student to understand the bases for building and testing theories. The courses listed are for non-majors; the major courses in the discipline may be substituted for the non-major sequence.
   Select one sequence from the following (only six hours apply toward the required 42):
   1. ASTR 1307 Elementary Astronomy of the Solar System [PHYS 1311] and ASTR 1308 Elementary Astronomy of Stars and Galaxies [PHYS 1312] or
      a. ASTR 1107 Astronomy Laboratory [PHYS 1111] or
b. ASTR 1108 Astronomy Laboratory II [PHYS 1112]

2. a. BIOL 1303 Introductory Biology [BIOL 1308] and

BIOL 1304 Human Biology and

(1) BIOL 1103 Introductory Biology/Laboratory [BIOL 1108] or
(2) BIOL 1104 Human Biology Laboratory (nonmajor-track) or

b. BIOL 1305 General Biology [BIOL 1306] and

BIOL 1107 Topics in Study of Life I [BIOL 1106] and

(1) BIOL 1306 Organismal Biology [BIOL 1307] and

BIOL 1108 Organismal Biology/Laboratory [BIOL 1107] or
(2) BIOL 2311 Human Anatomy and Physiology I [BIOL 2301] and

BIOL 2111 Human Anatomy and Physiology Lab I [BIOL 2101] or
(3) BIOL 2313 Human Anatomy and Physiology II [BIOL 2302] and

BIOL 2113 Human Anatomy and Physiology Lab II [BIOL 2102]

3. a. CHEM 1407 Introductory Chemistry [CHEM 1406] and

CHEM 1408 Introductory Chemistry [CHEM 1408] (nonmajor-track) or

b. CHEM 1305 General Chemistry [CHEM 1311] and

CHEM 1105 Laboratory for CHEM 1305 [CHEM 1111] and
CHEM 1306 General Chemistry [CHEM 1312] and

CHEM 1106 Laboratory for CHEM 1306 [CHEM 1112]

4. ESCI 1301 Introduction to Environmental Science [ENVR 1301] and

ESCI 1101 Environmental Science Laboratory [ENVR 1101] and

a. BIOL 1306 Organismal Biology [BIOL 1307] and

BIOL 1108 Organismal Biology/Laboratory [BIOL 1107] or

b. BIOL 1303 Introductory Biology [BIOL 1308] and

BIOL 1103 Introductory Biology Laboratory [BIOL 1108] (nonmajor-track) or
c. GEOL 1313 Introduction to Physical Geology [GEOL 1303] and

GEOL 1103 Laboratory for GEOL 1313 [GEOL 1103] or
d. GEOL 1311 Principles of Earth Sciences [GEOL 1301] and

e. GEOG 1306 Physical Geography [GEOG 1301] and

GEOG 1106 Laboratory for Geography 1306

5. a. GEOL 1311 Principles of Earth Sciences [GEOL 1301] and

GEOL 1312 Principles of Earth Sciences [GEOL 1302] or

b. GEOL 1311 Principles of Earth Sciences [GEOL 1301] and

e. GEOG 1306 Physical Geography [GEOG 1301] and

GEOG 1106 Laboratory for Geography 1306 or

b. PHYS 2420 Introductory Mechanics [PHYS 2425] and

PHYS 2421 Fields and Waves [PHYS 2426]

IV. Humanities (three hours) The objective of the humanities component is to expand students’ knowledge of the human condition and human cultures, especially in relation to behaviors, ideas, and values expressed in works of human imagination and thought. Through study in disciplines such as literature and philosophy, students will engage in critical analysis and develop an appreciation of the humanities as fundamental to the health and survival of any society.

Select one course from the following:

1. ENGL 2311 English Literature [ENGL 2322]

2. ENGL 2312 English Literature [ENGL 2323]

3. ENGL 2313 Introduction to American Fiction [ENGL 2342]

4. ENGL 2314 Introduction to American Drama [ENGL 2343]

5. ENGL 2318 Introduction to American Poetry (TCCN applied for)
V. Visual and Performing Arts (three hours) The objective of the visual and performing arts component is to expand students' knowledge of the human condition and human cultures, especially in relation to behaviors, ideas, and values expressed in works of human imagination. Through study in disciplines of the visual and performing arts, students will form aesthetic judgments and develop an appreciation of the arts as fundamental to the health and survival of any society.

Select one of the following:

1. ART 1300 Art Appreciation [ARTS 1301]
2. ARTH 1305 History of World Art I [ARTS 1303]
3. ARTH 1306 History of World Art II [ARTS 1304]
4. ARTS 3320 Whole Arts
5. DANC 1304 Dance Appreciation [DANC 2303]
6. MUSL 1321 Introduction to Music History
7. MUSL 1324 Music in Western Societies [MUSI 1306]
8. MUSL 1327 Jazz to Rock [MUSI 1310]
9. THEA 1313 Introduction to Theatre [DRAM 1310]
10. FILM 1390 Introduction to the Art of the Motion Picture [DRAM 2366]

VI. United States History (six hours) The objectives of the history component are to expand students' knowledge of the origin and history of the U.S., their comprehension of the past and current role of the U.S. in the world, and their ability to critically evaluate and analyze historical evidence. U.S. history courses (three hours must be Texas history):

1. HIST 1301 History of the U.S. to 1865 [HIST 1301]
2. HIST 1302 History of the U.S. since 1865 [HIST 1302]

VII. Political Science (six hours) The objectives of the political science component are to expand students' knowledge of the origin and evolution of the U.S. and Texas political systems, focusing on the growth of political institutions, and on the constitutions of Texas and the United States; and to enhance their understanding of federalism, states rights, and individual civil liberties, rights, and responsibilities.

1. POLS 2310 Introduction to Politics [GOVT 2305]
2. POLS 2311 American Government and Politics [GOVT 2306]

VIII. Social and Behavioral Sciences (three hours) The objective of the social and behavioral science component is to increase students' knowledge of how social and behavioral scientists discover, describe, and explain the behaviors and interactions among individuals, groups, institutions, events, and ideas. Such knowledge will better equip students to understand themselves and the roles they play in addressing the issues facing humanity.

Select one course from the following:

1. ANTH 1301 Introduction to Physical Anthropology and Archeology [ANTH 2301]
2. ANTH 1302 Introduction to Cultural Anthropology [ANTH 2351]
3. ECON 1301 Basic Issues in Economics [ECON 1301] or ECON 2303 Principles of Economics [ECON 2301] or ECON 2304 Principles of Economics [ECON 2302]
4. GEOG 1310 Cultural Geography [GEOG 1302]
5. LING/ANTH/ENGL 2320 Introduction to Linguistics [TCCN applied for]
6. PSYC 1301 Introduction to Psychology [PSYC 2301]
7. SOCI 1301 Introduction to Sociology [SOCI 1301]

IX. Institutionally Designated Option (three hours) The objective of the institutionally designated option component is to develop the critical thinking skills and academic tools required to be an effective learner. Special emphasis is placed on the use of technology in problem solving, communications, and knowledge acquisition.

UNIV 1301 Seminar in Critical Inquiry [EDUC 1300] or
UNIV 2350 Interdisciplinary Technology and Society [TCCN applied for],

“C” RULE

All courses used to satisfy the core curriculum must be completed with a grade of “C” or better. This also applies to courses transferred from another institution.

TRANSFER STUDENTS

Students who transfer without completing the core curriculum at another Texas institution of higher education, but who have completed blocks within the core, shall receive credit in UTEP’s core curriculum for each of the blocks successfully (“C” or better) completed in the core curriculum of the sending institution. If a student has successfully (“C” or better) completed the 42-hour core at another Texas institution of higher education, that core shall be substituted for The University of Texas at El Paso’s core curriculum. Such a transfer student shall receive credit for each block within the core curriculum and shall not be required to take additional courses to satisfy UTEP’s core curriculum. However, courses listed in UTEP’s core curriculum may be required as a prerequisite to a course or as a degree requirement for the major.
This catalog is archived. For the current UTEP catalog, please visit catalog.utep.edu.
The Academic Advising Center helps you develop class schedules and degree plans related to your career and life goals that reflect your interests, abilities, and values. This advising model helps you take your transitions, new roles, and new responsibilities into account as you make both short- and long-term curricular and co-curricular decisions.

The Center provides advising services to:

- General Studies (undecided majors) students
- Texas Success Initiative (TSI) students
- START (provisionally admitted) students
- Programa Interamericano Estudiantil (PIE) students
- Pre-Nursing students
- UT Austin Coordinated Admission Program (UTCAP) students
- Junior Scholars
- Summer Guest students
- Transfer students
- German Abitur Program students
- College of Liberal Arts: Selected lower division Liberal Arts majors are assisted in course selection based on degree requirements
TEXAS SUCCESS INITIATIVE (TSI)

The Texas Success Initiative (TSI) is designed to ensure that students entering a Texas public college or university are prepared for college-level math, writing, and reading-intensive courses. As an entering student, you must take the Texas Higher Education Assessment (THEA) or an approved alternative test prior to enrolling in college-level courses at a Texas public college or university. The Texas Success Initiative replaces the Texas Academic Skills Program (TASP). If you have not successfully completed the TSI requirement, you will be advised every semester at the Academic Advising Center.

You are exempt from the TSI if you meet one of the following criteria:

- Students with an ACT composite score of 23 with a minimum of 19 on the English and/or mathematics sections*

- Students who score 1070 on the SAT with a minimum of 500 on the English and/or math sections*

- Students who score 1770 on the TAKS test, with a Texas Learning Index (TLI) of 86 on the math test and 89 on the reading test*

- Students who took the eleventh grade exit-level Texas Assessment of Knowledge and Skills (TAKS) with a minimum scale score of 2200 on the math section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection of a 3*.

- Students who have associate's or bachelor's degrees.

- Students enrolled certificate programs of one year or less at public junior colleges, public technical institutes, or public state colleges.

- Students on active duty as members of the armed forces, the Texas National Guard, or reserve forces for at least three years before enrolling.

- Students honorably discharged, retired, or released from active duty as members of the armed forces, Texas National Guard, or reserve forces after August 1, 1990.

- Students who are not seeking a degree or a certificate.

- Students who transfer to UTEP from a private or accredited out-of-state institution of higher education and who have satisfactorily completed a minimum of 12 college level hours with a grade of "C" or better and have an overall 2.0 GPA.

* SAT and ACT scores are valid for 5 years from the date of testing. TAKS and TAKS tests are valid for 3 years from the date of testing.

To satisfy TSI requirements as an entering student, you may take the ACCUPLACER, which also serves as a placement test for math and English courses. You may also take the THEA, the Quick THEA, or Computer-Administered THEA. If you do not pass one or more sections of the test, you will be advised by the Academic Advising Center into an appropriate developmental course(s) according to UTEP's Developmental Education Accountability Plan.

You will complete the TSI when you have passed the reading, writing, and math sections of THEA or ACCUPLACER, or when you have received a "C" or better in a college-level writing, math, and reading-intensive course. Reading-intensive courses include HIST 1301 and 1302, POLS 2310 and 2311, SOCI 1301, and PSYC 1301.

Education majors must take and pass all sections of THEA or Quick THEA (not ACCUPLACER), for acceptance into the teacher certification program.

Our students with disabilities should inquire about special testing accommodations.

For further information about the Texas Success Initiative, visit the Academic Advising Center, or call (915) 747-5290. For information concerning TSI testing, refer to the Student Assessment and Testing section of this catalog.
Developmental Education Program

205 Education Building
(915) 747-5993

DEVELOPMENTAL ENGLISH
DIRECTOR: Cheryl Baker Heller
LECTURERS: Berta, Blystone, Peschka, Scofield, Shaffer, Spence, Storey-Gore

The Developmental English Program prepares you for college-level work in reading and writing. The program consists of ENGL 0111, 0310, and 0311. Detailed information about each course can be found in the English Department section of this catalog.

DEVELOPMENTAL MATHEMATICS
DIRECTOR: Denise Lujan
LECTURERS: Abdelfattah, Beard, Dodge, Harvey, Johnson, McGlasson, Moschopoulos, Schoessler, Solis, Sosa, Viramontes

The Developmental Mathematics Program prepares you for college-level work in mathematics. The program consists of MATH 0310 and 0311. Detailed information about each of the courses can be found in the Mathematical Sciences Department section of this catalog.
Entering Student Program (ESP)

344 Undergraduate Learning Center
Phone: (915) 747-7618
Fax: (915) 747-6496

DIRECTOR: Dorothy Ward
ASSISTANT PROFESSORS: Hamed

The Entering Student Program is designed to assist you with transitioning to the university and to help increase your opportunities for academic success. The Entering Student Program offers two courses—UNIV 1301 and UNIV 2350—that make up Block IX of the UTEP Core Curriculum, and we administer learning communities for both general and special populations.

As an academic unit within University College, the Entering Student Program is home to CircLES and University Studies.

CircLES (Circles of Learning for Entering Students)

Circles of Learning for Entering Students (CircLES) is a comprehensive retention program targeting our first-year and first-time transfer students in the sciences, engineering and mathematics (SEM). The goals of CircLES are to increase retention, improve academic performance, and add value to your education through the creation of an environment in which you make connections with the university, the colleges, faculty, upper-division students, and your peers. In the first year, CircLES emphasizes a learning environment in which you can be successful and begin to develop lifelong learning habits. There are four major foci within the CircLES Program, all coordinated by the Director of the Entering Student Program. Areas of focus include: 1) a mandatory college-specific orientation program in the summer prior to matriculation; 2) mandatory placement in learning communities (clusters) in the first year; 3) strong developmental advising and early intervention. Upon completion of the pre-engineering or pre-science program requirements, you may request a change of major into a selected engineering or science department.

Since its inception, the CircLES program has become recognized as a model on campus and elsewhere for creating a strong foundation for you, to help you springboard toward a successful college and (eventually) professional career.

DIRECTOR: Jaime Mendez

University Honors Program

The University Honors Program offers you a richer, more intense and challenging academic experience, as well as closer, more personalized contact with faculty and fellow students. Enrollment in Honors classes is limited to 20 students. You must apply to participate in the program. To be eligible as an entering first-year student, you must have graduated in the top 10% of your high school class or have obtained a minimum 1030 SAT or 22 ACT score. A cumulative 3.3 grade point average is required for our current or transfer students. As a participant, you must earn Honors credits in a minimum of one course per year and maintain a minimum 3.3 GPA to remain active in the program. The program offers three University Honors Program recognitions: the University Honors Degree, the University Honors Certificate, and the Honors Senior Thesis. Review the Academic Honors section of this catalog for descriptions of the Honors Degree and Certificate.

Junior Scholars Program

The Junior Scholars Program is a cooperative effort between The University of Texas at El Paso and El Paso area public and private schools that allows qualified students to enroll in regular university courses while attending high school. Hours earned in this way will count as university credit and some courses may also be approved to apply toward high school graduation requirements. Program requirements for the Junior Scholars Program are as follows:

1. Currently in grades 9-12
2. Minimum SAT total of 1030 or ACT Composite of 22
3. Completion of university required placement examinations

National Student Exchange

UTEP is a member of the National Student Exchange (NSE) Program, a consortium of more than 170 colleges and universities. The program offers you the opportunity to broaden your academic and cultural awareness in different geographic settings across the United States and its territories and Canada. You are able to enroll at a host university for up to one academic year and pay in-state tuition rates.

To qualify, you must be a full-time student at the time of the application and the semester prior to the exchange, have a minimum 2.5 cumulative GPA, and be a sophomore or junior at the time of the exchange. For additional information, log on to http://www.nse.org.

Student Leadership Institute

UTEP provides abundant opportunities for you to develop leadership skills. The University College coordinates the Student Leadership Institute, which is a unique year-long experience that prepares you for employment in a variety of on-campus positions. Training topics include time management, communication skills, leadership theory, UTEP history, risk-taking, and group management. The Student Leadership Institute runs from September through April.

University Studies Courses

University 1301 and University 2350 are courses taught by faculty and staff from various departments across campus. University 1301: Seminar in Critical Inquiry is a discipline-based, theme-driven course designed to engage students in the University community. Enrollment in University 1301 is restricted to students with fewer than thirty hours of earned credit the semester in which they are taking the course. University 2350: Interdisciplinary Technology and Society is designed to engage students in a critical examination of technology and its effects. Entering students must take either University 1301 or University 2350 to satisfy Block IX of the Core Curriculum. By successfully completing either of these courses, students gain credit toward graduation. The course descriptions identify the innovative nature of the two courses.

For descriptions of University Studies Courses, please click here.

UNIVERSITY LEARNING COMMUNITIES

University Studies also coordinates learning communities for entering students. Learning communities connect students through linked courses. Students enrolled in learning communities attend two, three, or more courses together; for example, a “community” of students might be enrolled together in an English and a history class. Sharing courses in this way increases students’ opportunities to make friends, form study groups, work closely with faculty, and connect ideas across courses. Look in the class schedule for a list of learning communities offered each semester.

College of Business Administration

College of Business Administration
Accounting
Economics and Finance
Information and Decision Sciences
Policies Concerning Admission to and Completion of BBA Degree Programs

1. Students entering the College of Business Administration will be designated as Pre-Business majors until they have completed the requirements for admission to a major option program offered by the College. In order to declare as a Pre-Business major, the student must file a degree plan in the Office of the Dean.

2. Admission to a major option program is limited to those students who meet the following requirements:
   a. Completion of the Non-Business Foundation Requirements and the Business Foundation Requirements as described in the "Undergraduate Course of Study" for the Bachelor of Business Administration.
   b. Completion of the following courses (or their equivalent) with a minimum grade of "C": ACCT 2301 and ACCT 2302; ECON 2303 and ECON 2304; ENGL 1311, 1312 and ENGL 3355; MATH 1320 and MATH 2301; QMB 2301.
   c. An overall GPA of 2.0 or greater in all hours attempted.

3. Upon completion of requirements in item 2, the student will be admitted to one of the major option programs offered by the College of Business Administration. Upon admission, the major code will be changed from Pre-Business to the major option code for the program.

4. Enrollment in the upper-division level courses offered by the College of Business Administration is restricted to those students who have been admitted to one of the BBA major option programs. Concurrent enrollment in lower-division courses in item 2-a and upper-division business courses is allowed only once upon written permission of the Office of the Dean. Upper-division business courses taken by a Pre-Business major without written permission of the Undergraduate Advisor will be counted as business electives only, and other approved upper-level business courses will be designated to complete the degree requirements.

5. A freshman-level course may be repeated once and the latter grade substituted for a previous grade in the student's grade point average (GPA) calculation. Grades and attempted hours for other repeated courses will be used in computing the GPA.

6. Only those transfer credits with a grade of "C" or better will be accepted for credit toward the BBA degree. Courses taken at two-year institutions or as a requirement for a two-year degree are accepted by the College of Business Administration as transfer credits for lower-division courses only. Courses taken at four-year accredited institutions and designated as lower-division courses may be accepted as upper-division credits if the course is taught at the upper-division level at UTEP and has received additional validation from the Office of the Dean. Transfer credit for upper-division business administration courses is restricted to AACSB accredited curricula. Transfer credit for courses from institutions outside the United States will be evaluated independently. The applicability of transfer credits to the degree plan is determined by the Office of the
7. To complete the degree, a student must comply with the following:

- Complete the required course of study as outlined below.
- Follow University academic regulations as stated elsewhere in this catalog.
- Earn a 2.0 GPA in all courses attempted within the College of Business Administration.

Note: Accounting majors must also earn a 2.0 or better GPA average in ACCT 3321 and accounting courses listed in the Accounting Option Requirement.

8. A graduating senior must file an application for the degree with the Office of the Dean before the semester of graduation. Students are responsible for setting an appointment to clear for graduation during announced times.

9. Students working toward the BBA degree may not enroll on a pass/fail basis in any course taught in the College of Business Administration.

10. Six of the last 30 hours needed to complete the BBA degree may be taken at another university; however, the student must receive written approval from the Office of the Dean before enrolling at the other institution.

11. MGMT 4300, Strategic Management, may be taken only during the semester or summer term in which the degree is to be conferred. Approval of the Undergraduate Advisor is required for enrollment in this course.

12. Non-BBA students wishing to take upper-division business courses must be advised in the College of Business Administration. Students wishing to take upper-division courses must have junior standing (60 credit hours) and a 2.0 cumulative GPA and must have completed the stated prerequisites for the course.

13. Students must complete 50 percent or more of their College of Business Administration credit hours at UTEP.

14. Students may pursue more than one major option by completing all requirements, including Major Option Requirements, for all major options selected.

Major in Economics in Liberal Arts

Students may obtain a BA degree with a major in Economics from the College of Liberal Arts. Students should refer to the Department of Economics for details. Students pursuing the BA in Economics may not minor in Business.

Minors in Business and Economics

Students who are not majoring in Business may obtain minors in Business and Economics in four areas: General Business, Accounting, Economics, and Management. Students should check with their major advisors for further details.

**General Business Minor** - CIS 2320 and 15 hours from BLAW 3301, ACCT 3309 or 2301, MKT 3300, MGMT 3303, FIN 3310, and ECON 3320 or CIS 3345. Students electing this minor field must complete ECON 2304 (fulfills Social and Behavioral Sciences requirement) and MATH 1320, 2301, or STAT 2380 (fulfills Mathematics/Statistics requirement).

**Accounting Minor** - ACCT 2301 and 2320, CIS 2320, and nine hours from ACCT 3321, 3322, 3323, 3327, 4301, 4305, or 4328. Students electing this minor field must complete ECON 2304 (fulfills Social and Behavioral Sciences requirement) and MATH 1320, MATH 2301, or STAT 2380 (fulfills Mathematics/Statistics requirement).

**Economics Minor** - ECON 2303 and 2304, ECON 3302 or 3303, and nine hours from ECON 3300 or 4300 level courses. Students electing this minor field must complete MATH 1320, MATH 2301, or STAT 2380 (fulfills Mathematics/Statistics requirement).

**Management Minor** - CIS 2320, ACCT 2301, and 12 hours from BLAW 3301, MGMT 3303, MGMT 3311, MGMT 3320, MGMT 4325, and SCM 3321. Students electing this minor field must complete ECON 2304 and MATH 1320, MATH 2301, or STAT 2380 (fulfills Mathematics/Statistics requirement).
The Department of Accounting at the University of Texas at El Paso shares with the University its fundamental mission to provide the highest quality education to citizens of El Paso and the West Texas region. The Bachelor of Business Administration-Accounting (BBA-Accounting) degree is designed as an in-depth study of the basic topics of accounting and is intended to provide students with the knowledge and skills necessary for entry into accounting positions in public, private, and governmental or other not-for-profit organizations, as well as the educational background necessary for entry into a graduate program. The BBA-Accounting concentration and the Master of Accountancy degrees are accredited by AACSB International—the Association to Advance Collegiate Schools of Business. The BBA-Accounting concentration does not provide the total number of hours of coursework necessary to be academically qualified as a candidate for the Uniform CPA Examination in the State of Texas.

Course Information

For course descriptions, please click here and select Business (BUSN), Management (MGMT), or Marketing (MKT).
This catalog is archived. For the current UTEP catalog, please visit catalog.utep.edu.
In order to be admitted to the program, candidates must have:
1. A bachelor's degree with a 2.50 GPA.
2. Submitted an application for admission to post-baccalaureate coursework at the Graduate School.
3. Submitted required scores on all portions of the THEA.

In order to finish the program and to be recommended for certification, candidates must complete the course of studies and field-based program component specified in the certification plan and pass the appropriate state certification tests (TExES), and any other established requirements.

Additional Certification Levels, Fields, and Supplements

Texas-certified teachers who wish to add another level of certification and/or a new field of specialization or endorsement must submit a copy of their State certificate(s) and have a new plan prepared at the COE Advising, Recruitment and Career (ARC) Center, Education 412. Teachers who are already certified may add any level of certification or field of specialization available to early childhood, middle, secondary, and all-levels UTEP students. The state provides certified teachers with an opportunity to add new certification levels and specialization fields by challenging the TExES tests in those areas (H.B. 2185). There are also supplementary certificates offered in Bilingual Education and English as a Second Language (ESOL).

Out-of-State Teachers

Teachers with valid out-of-state teaching certificates who are seeking a Texas certificate must contact the Texas State Board for Educator Certification (SBEC) directly in order to have their credentials evaluated. Information is available on the SBEC website (http://www.sbec.state.tx.us). Teachers with expired out-of-state teaching certificates must either contact the state in which they were certified to upgrade their certificate before contacting SBEC, or follow the procedure established for candidates who have a bachelor's degree and desire an initial Texas certification.

Admission to Teacher Education

Undergraduate students who wish to become early childhood, middle grades, secondary, or all-levels teachers in Texas should have an unofficial degree and certification plan prepared as soon as possible. Pre-education students begin the advising process during the New Student Orientation (NSO) session during the summer preceding the first semester of freshmen classes. Advising continues for pre-education students (individuals who have 0-45 hours of course credits) at the UTEP Academic Advising Office, located on Hawthorne Street. After completing 45 hours, the student is advised at the COE Advising, Recruitment, and Career (ARC) Center, located in the Education Building, EDU 412. Once the student has completed 45 hours, a copy of the degree plan must be filed in the COE Advising, Recruitment, and Career (ARC) Center. The degree plan will become official once the student has fulfilled all the requirements for admission to teacher education. Acquity of the plan must be filed in the Advising, Recruitment, and Career (ARC) Center for the College of Education, Room 412. To be admitted to teacher education, students must fulfill the following criteria:

1. Complete ENGL 1131 and 1312 and COMM 1301 with a grade of "C" or better in each course.
2. Complete MATH 1319 or a higher level math course with a grade of "C" or better.
3. Provide required passing scores on the Texas Higher Education Assessment (THEA) examination: 220 in writing, 230 in math and 250 in reading. To register for the test, contact the Student Assessment and Testing Office in the Academic Advising Building.
4. Complete 60 semester hours of college work with a cumulative GPA of 2.50 or better.
5. Provide an unofficial degree and/or certification plan filed in the Advising, Recruitment, and Career (ARC) Center.
6. Meet with advisor and apply for admission to the Teacher Education Program, Education 412.

Note: To receive initial Texas teacher certification, students must be free of felony convictions.

Until admitted to teacher education, students indicating intent to become teachers will be classified as pre-education students. According to University policy, students must remain in good standing to progress toward the completion of a degree program (see the appropriate catalog section under Academic Standards). In addition, students may be barred from enrolling in professional education courses if their suitability for the teaching profession is found to be unacceptable.

Field-Based Teacher Preparation Requirements

Teacher preparation students are expected to spend a significant amount of time in specially selected schools (partner schools and professional development schools) while they complete their professional development courses. Admission to teacher education is required to participate in the field-based teacher preparation program.

The Texas State Board for Educator Certification (SBEC) regulates the certification of educators to teach Texas public school children. Before an individual can be certified, SBEC must verify that the applicant has met all the necessary background checks and fulfilled the required criteria. The Texas Education Code requires the Texas Department of Public Safety (DPS) and the Federal Bureau of Investigations (FBI), the agency conducts statewide criminal history background checks on all applicants for educator certification. Students pursuing educator preparation should be aware that some criminal histories may lead to the denial of certification as a teacher. Students may obtain additional information from SBEC, http://www.sbec.state.tx.us/SBECOnline.

Texas public school districts require applicants for student teaching or field experiences to undergo a criminal history background check prior to placement in the school district. School districts may deny placement of students with a criminal background. If a school district denies a placement or other field experiences for this reason, the UTEP College of Education may attempt to assist the student in obtaining a placement in an alternate district. Students should be aware, however, that if they are unable to obtain a placement they will not meet UTEP's requirements for a teaching degree or teacher certification.

Description of the Early Childhood, Middle Grades and Special Education Field-Based Programs

The early childhood, middle grades and special education field-based programs consist of two semesters in which students take site-based university courses in partner or professional development schools and complete Internship I and Internship II. A description of the two semesters follows.

Early Childhood, Middle Grades and Special Education Internship I

Education students, who are now called interns, are grouped in cohorts of approximately 35 interns and assigned to elementary or middle grades professional development schools or partner schools where they spend three to six months per week engaged in student teaching. During Internship I, interns also take education courses that require practice in school classrooms. Many of these education courses are taught on site in elementary or middle grades professional development schools. In this semester, the major concepts and skills required in the field-based program are introduced and interns become familiar with the pupils, the teams of teachers, and the community of the partner schools to which they are assigned. The semester has an emphasis on role induction.

Internship I takes place in the fall or spring semesters. Interns are usually assigned to their student teaching classrooms one week prior to the start of UTEP classes. They normally begin the internship on the first day of teacher in-service or soon after and attend for 15 weeks.

Early Childhood, Middle Grades and Special Education Internship II

During Internship II, interns spend at least three full days per week throughout the semester student teaching in professional development schools or partner schools and one day per week taking education courses that require classroom practice. Many of these education courses are taught on site in elementary or middle grades professional development schools. The emphasis on role induction continues during Internship II while interns work with pupils and educators. Interns assist teachers mainly through small group work and begin to experience whole class instruction. Interns demonstrate that they can synthesize the knowledge, values, and experiences of earlier semesters in developing an effective teaching style. Proficiency in all program competencies is assessed during this time.

Internship II takes place in the fall or spring semesters. Interns are usually assigned to their practice teaching classrooms one week prior to UTEP classes starting, normally on or soon after the first day of teacher in-service and attend 3 full days for 15 weeks.
Description of the Secondary and All-Leveis Field-Based Program

The overall goal of the secondary and all-leveis teacher preparation program is to assist preservice teachers in acquiring the essential competencies required to assume the role of practitioners. The secondary and all-leveis programs have one internship semester that is offered in the fall or spring semester. Faculty from the College of Liberal Arts, College of Science, and College of Health Sciences participate actively with Education faculty in the preparation of secondary and all-leveis teachers, by teaching some of the methods courses in their respective disciplines.

SCED 3211 - Curriculum Planning in the Secondary School is taught on site at various professional development school campuses and requires intensive field experiences that help secondary and all-leveis students apply their theoretical understandings to actual practice in schools. This course should precede the internship semester.

In the internship semester, secondary and all-leveis interns assist classroom teachers at a partner school with small group work and begin to experience whole class instruction. Interns demonstrate that they can synthesize the knowledge, values, and experiences of earlier semesters in developing an effective teaching style. Proficiency in all program competencies is assessed. Interns practice teaching at schools 4 ½ days a week throughout the 15-week semester and spend the remaining half-day of the week taking an education course that requires classroom practice.

The secondary and all-leveis internship takes place in the fall or spring semesters. Interns are usually assigned to their practice teaching classrooms one week before UTEP classes start, normally on or soon after the first day of teacher in-service, and attend all day.

Application for Graduation and Certification

Students must apply for graduation during the first month of the semester in which they intend to complete all degree requirements. A graduation fee is required.

Students who are seeking certification must register for and pass the appropriate State certification examinations (TExES). Students apply for certification once they complete all the requirements, including the appropriate TExES tests. A fee is required for the Texas Certificate.

In order to be recommended for degree and/or certification, a student must:

- Complete the courses listed in the degree and certification plan with an overall GPA of at least 2.0.
- Have a 2.5 GPA or better in the teaching field specialization.
- Have a 2.75 GPA or better in professional education courses.

Note: To receive initial Texas teacher certification, individuals must be free of felony convictions.

Early Childhood (EC-4), Middle Grades (4-8), and All Levels Generic Special Education (EC-12) Programs

Students who wish to become early childhood, middles grades, or all-leveis generic special education teachers and receive an initial Texas teacher certification complete the Bachelor of Interdisciplinary Studies (BIS) offered in the College of Education.

Bachelor of Interdisciplinary Studies (BIS)

The BIS degree requires that all students complete: I) A General Education Core, II) An Interdisciplinary Major, and III) A Professional Education Studies component. Students enrolled in the BIS will choose from three certification levels: Early Childhood Grades Education (EC-4), Middle Grades Education (4-8), and All Levels Special Education EC-12.

There are three specializations within the Early Childhood Grades Education (EC-4) program:

#1 - Early Childhood Education: Generalist
#2 - Early Childhood Education: Bilingual Education Generalist
#3 - Early Childhood Education: Bilingual Education Generalist (Head Start)

There are six specializations within the Middle Grades Education (4-8) program:

#4 - Middle Grades Education: Generalist
#5 - Middle Grades Education: Bilingual Education Generalist
#6 - Middle Grades Education: English Language Arts-Reading and Social Studies
#7 - Middle Grades Education: Mathematics and Science
#8 - Middle Grades Education: English Language Arts-Reading
#9 - Middle Grades Education: Mathematics

There is one All Levels (EC-12) Generic Special Education specialization:

#10 - All Levels Generic Special Education

For degree plans, please click here and select “Bachelor of Interdisciplinary Studies.”

For more information please consult the College of Education Advising, Recruitment, and Career (ARC) Center, Room 412 in the College of Education Building, (915) 747-5571.

Secondary School Teacher Preparation Programs

Students who intend to become secondary school teachers and receive an initial Texas teacher certificate will complete a bachelor's degree outside the College of Education. These students major in the subject area they desire to teach and complete a minor in Secondary Education. For example, a student who intends to teach high school Spanish would seek a Bachelor of Arts degree in the College of Liberal Arts with a major in Spanish and a minor in secondary education.

Students desiring to become secondary school teachers must have a degree plan and copy of their certificate plan filed in the College of Education Advising, Recruitment, and Career (ARC) Center located in Education 412. The College of Education Advising, Recruitment, and Career (ARC) Center verifies that students have fulfilled the required scores in the state-mandated test of basic skills (THEA) and have completed all the requirements to be admitted to teacher education. Enrollment in EDPC 3360 requires admission to Teacher Education.

The application process for admission to Teacher Education may be initiated as soon as the student completes 60 hours and a copy of the student's degree and certification plan is submitted to the COE Advising, Recruitment, and Career (ARC) Center, Education 412. (Students should refer to the Admission to Teacher Education section above.)

Students who wish to enroll in the fall internship semester must apply in February of the prior semester in the COE Advising, Recruitment, and Career (ARC) Center. Students who wish to enroll in the spring internship semester must apply in September of the prior semester.

List of Approved Secondary Specialization Fields

The University is approved by the Texas State Board for Educator Certification to offer the following fields for secondary certification (students should consult an advisor in their area of specialty for the selection of fields and scheduling of courses):

- Early Childhood Education: Bilingual Education Generalist
- Early Childhood Education: Generalist
- Early Childhood Education: Head Start
- Middle Grades Education: Bilingual Education Generalist
- Middle Grades Education: English Language Arts-Reading and Social Studies
- Middle Grades Education: Mathematics and Science
- Middle Grades Education: Mathematics
- Middle Grades Education: Reading
- Middle Grades Education: Social Studies
- Middle Grades Education: Spanish
- Middle Grades Education: Special Education
- Secondary School Teacher Preparation Programs
All-Levels Teacher Preparation Programs

Students who wish to be certified in Texas to teach all-levels (grades EC-12) Art, Music or Theatre Arts complete a bachelor’s degree in the College of Liberal Arts and a minor in education. Students who wish to become all-levels Physical Education or Health Sciences teachers complete a bachelor’s degree in the College of Health Sciences and minor in Education.

Candidates for all-levels teacher certification must have a degree plan and copy of their certification plan filed in the Advising, Recruitment, and Career (ARC) Center in the College of Education, located in the Education Building (ED 412). For more detailed information, students should see the advisors designated to prepare all-levels degree plans in the departments of Art, Music, Theatre Arts, Health Promotion and Kinesiology.

For degree plans, please click here select your desired major and indicate a secondary education minor.

Course Information

For course descriptions, please click here and select Bilingual Education (BED), Early Childhood Education (ECED), Educational and Career Technology (EDCT), Educational Technology (EDT), Middle School Education (MSED), Reading Education (RED), Secondary Education (SCED), Science Education (SIED), or Teacher Education (TED).
Engineers enjoy one satisfaction that not everyone can claim—they can point to tangible evidence of their efforts. Every modern structure, computer, jet aircraft, power-generating plant, or new automobile design is a lasting testimonial to the engineers responsible for it. Thus, to a great extent, our current standard of living and high level of technology are due to the diligent and innovative efforts of engineers. Future accomplishments could help increase energy and food supplies, develop more contamination-free power plants, aid in medical science's fight against disease, and expand our computational and design skills beyond imagination. A noted researcher once summarized the engineer's career satisfaction by pointing out that while scientists "explore what is," engineers "create what never has been."

The future for engineering graduates remains very bright. Our rapid pace of technological and industrial developments has established an ever-increasing need for highly talented and qualified professional engineers. In addition, the increasing demand for goods and services has imposed new challenges to present and future engineers. To provide these things and, at the same time, conserve resources and minimize environmental impact, engineers must recognize that solutions to long-standing societal problems are only found by thorough planning and study. With a capacity for problem solving, engineers may be the best-qualified persons to address society's problems.

The complexities of today's economy and environment are such that all resources must be used in an optimal manner. Thus, the College of Engineering, through its curricula, strives to educate and train engineers who have the desire to learn and the breadth of vision to formulate and solve the problems of today and tomorrow. It is expected that a student who applies himself or herself and successfully completes one of the engineering or computer science programs will not only be technically prepared but also broadly educated, and thus ready to make a significant contribution.

The College offers many programs of study that should be selected on the basis of personal ambitions, interests, and abilities. The student may choose the traditional BS degree and also consider advanced research-oriented graduate programs leading to the MS and PhD degrees. Within the College, the undergraduate programs in civil, electrical, industrial, mechanical, and metallurgical and materials engineering are accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, Maryland 21202-4012; telephone: (410) 347-7700. The breadth of modern computer technology is covered by BS and MS degrees in Computer Science and a computer engineering concentration in Electrical and Computer Engineering. The program leading to the BS in Computer Science is accredited by the Computing Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, Maryland 21202-4012; telephone: (410) 347-7700.

To recognize outstanding achievement and encourage professional activities, each program has one or more active student sections of the appropriate professional and honor societies. Additionally, there are campus chapters of professional societies that cover all fields of engineering. Participation in these groups provides a valuable educational and professional experience and students are encouraged to participate to the extent of their eligibility.

College Vision Statement

The Vision of the College of Engineering at the University of Texas at El Paso is to change the face of engineering.

College Mission Statement

The Mission of the College of Engineering at the University of Texas at El Paso is access to excellence.

Mathematics Preparation

In addition to the usual preparatory work, applicants to the College of Engineering are expected to have at least two years of algebra, one year of geometry, and one semester of trigonometry or Pre-Calculus in preparation for their freshman year.

Transfer Course Work

A student may transfer a maximum of 68 semester hours, limited to lower-division courses, from two-year junior or community colleges. A maximum of 100 semester hours of courses is transferable from accredited U.S. colleges and universities. Transfer credit for engineering courses is restricted to ABET-accredited curriculum or is awarded on the basis of departmental recommendation. Transfer students may be required to take competency exams and/or take specified courses that the department feels they must have in order to establish the quality of their degree. Credit for upper division engineering courses will be given only on the basis of departmental recommendation.

The academic records of all transfer students are reviewed by the College of Engineering to determine eligibility for admission into an engineering program. International students must meet the additional requirement of an overall minimum GPA of 3.0 in mathematics, chemistry, physics, and engineering for all institutions attended.

All transfer credit that is to be applied toward undergraduate engineering degree requirements must be approved by the Dean of Engineering. Transfer credit evaluation should be completed when the student transfers to the College or before completion of the lower-division requirements.

Change of Major

1. All petitions for change of major to or within the College of Engineering are subject to the approval of the head of the program gaining the student.
2. Any student enrolled in a non-engineering program at the University may change his or her major to a program in the College of Engineering if he or she has demonstrated an aptitude for the engineering or computer science profession and is qualified to enroll in MATH 1411 in his or her first semester of engineering or computer science.
3. Any student enrolled in an engineering program at the University may change his or her major to another program in the College of Engineering if he or she has a minimum overall GPA of 2.0 and earned a minimum GPA of 2.0 in the semester previous to applying for the change of major.
4. All students entering the College of Engineering must follow the catalog (or a later catalog) that is in effect at the time of their transfer.

Lower-Division Program

1. A student entering the College of Engineering must complete the designated lower-division course block prior to enrolling in the upper-division engineering or computer science sequence or any junior/senior classes. The lower-division course block is comprised of English, science, engineering, and mathematics courses listed in the
The College of Engineering provides an opportunity for qualified students to participate in a five-year bachelor/master of science degree program. The program is structured to allow qualified engineering students to enter a graduate research or design program during the senior year of the bachelor's degree. During this fourth year, the student may reserve certain courses for graduate credit, work actively on a research project for nine months, or be considered for employment as a teaching or research assistant at the appropriate salary. Both the bachelor's and master's degrees can be completed in five academic years.

Graduate Study

The traditional Master of Science (MS) degree is available in civil engineering, computer engineering, computer science, electrical engineering, industrial engineering, manufacturing engineering, mechanical engineering, and metallurgical and materials engineering. This degree is research-oriented, normally requiring a thesis and up to 27 hours of graduate course work. The Master of Science in Environmental Engineering (MSEE) and the Master of Engineering in Environmental Engineering (MEnE) are also offered. Ph.D. degrees are offered in civil engineering, computer engineering, computer science, materials science and engineering, and environmental science and engineering.

Students who rank high in their undergraduate class should give serious consideration to developing their full intellectual potential in engineering by continuing with advanced studies at the graduate level. For those students interested in the practice of professional engineering, the Master of Science in Engineering (MSEE) degree should be given serious consideration. The program involves 33 hours of coursework without a thesis. Possible areas of specialization include business management, operations research, computer science, and others. Graduate programs are more fully discussed in the Graduate Catalog.

Civil Engineering

2018 Engineering Science Complex
(915) 747-5464
civilengineering@utep.edu

PROGRAM CHAIRPERSON: Wen-Whai Li
PROFESSORS EMERITI: Howard G. Applegate, Herbert H. Bartell, David Rozendal
PROFESSORS: Ferregut, Li, Nazarian, Oey, Oseguera, Tarquin, Turner, Walton
ASSOCIATE PROFESSOR: Carrasco, Cheu, Tandon
ASSISTANT PROFESSORS: Shokouhi

The Department of Civil Engineering at the undergraduate level is broadly based and provides courses in the major divisions of Civil Engineering.

Vision
The Department of Civil Engineering strives to graduate highly qualified engineers, maintain nationally recognized research and provide quality professional and community service to the region and the world.

Mission
The Department of Civil Engineering of The University of Texas at El Paso through its faculty, staff, students, and constituents works together to acquire, generate, share, and use knowledge in the different fields of Civil Engineering to make the El Paso/Ciudad Juarez region and the world a better place to live.

The Department accomplishes its mission through both undergraduate and graduate programs. The Department contributes to the quality of these programs by generating research opportunities that create synergy among faculty, students, and practicing professionals. We contribute to the quality of life of society through innovation in the generation, sharing, and use of knowledge. We will continue to be leaders in procuring external funding for research and teaching. Faculty work together within the department and with other departments in the University to provide multidisciplinary opportunities for both students and faculty.

The Civil Engineering Department recruits, retains and graduates individuals with high professional and ethical standards to work in government and private organizations. The faculty is committed to increasing and improving the quality of our graduates. The result of our work is reflected in the continuing improvement of the quality of life in El Paso and the surrounding regions, through the impact that our graduates have on these communities.

Educational Objectives:
1. Graduates will be educated in the fundamental concepts of engineering and science to create intellectual curiosity in order to provide for a successful career and lifelong learning.
2. Graduates will be able to design effective civil engineering systems.
3. Graduates will have the ability to function on multidisciplinary teams.
4. Graduates will serve as productive members of society and the profession by recognizing the social, ethical, environmental and political implications of engineering decisions.
5. Graduates will be able to communicate effectively to technical and non-technical audiences.
6. Graduates will have exposure to real-life problems including hands-on experience.

Degree Plans
For a degree plan, please click here and select “Bachelor of Science in Civil Engineering.”

Course Information
For course descriptions, please click here and select Civil Engineering (CE).
Computer Science

The Department of Computer Science at the undergraduate level is designed to provide a strong base in programming and problem solving skills, a theoretical understanding of computer science, and practical experience in applying the computer to the solution of problems. Specialization is provided through numerous upper-division electives.

Vision
The vision of the Department of Computer Science is to provide computer science programs of the highest quality through a participatory approach to education, research, and service to the community.

Mission
The department will provide its students with:

- a strong foundation for study and practice
- advanced knowledge of techniques, methodologies and tools
- personal skills and professional attitudes; and
- a culture that actively involves them inside and outside the classroom and that will enable them to succeed and thrive as computer scientists and in society.

The department will advance the field of computer science by supporting its faculty and students with a culture that:

- encourages exemplary, internationally recognized research
- involves graduate and undergraduate students
- fosters internal and external collaboration
- attracts external funding

The department will serve the local, national and international communities by developing, refining, applying, and transferring approaches to education that encourage students to pursue their education to their full potential. The department will serve as a leading model of education in this process.

Educational Objectives
The overarching educational objective of the B.S. in Computer Science program at UTEP is to produce graduates who will be in a profession or in a graduate program that utilizes their technical expertise, the foundation of which was obtained at UTEP. Specifically, graduates of UTEP’s undergraduate program in Computer Science will be able to:

1. use the theoretical and technical computer science knowledge to specify requirements, develop a design, and implement and verify a solution for computing systems of different levels of complexity;
2. convey technical information in both oral and written formats;
3. work in teams;
4. apply a professional code of ethics in the daily practice of their profession; and
5. stay current in their profession.

Electrical and Computer Engineering

CHAIR: Patricia Nava

PROFESSORS EMERITI: Michael Austin, Glenn A. Gibson, Jack Smith

ASSOCIATE PROFESSOR EMERITUS: Samir Manoli

PROFESSORS: Flores, Liu, Nava, Pierluissi, Riter, Schoder, Starks, Williams

ASSOCIATE PROFESSORS: Cabrera, Lush, Mbye, Nazran, Sarkodie-Gyan, Usevitch, Zubia

ASSISTANT PROFESSORS: Gonzalez, MacDonald, Quinones, Rosiles, von Bonires, Yao

LECTURERS: Granda, Pallares, Rubio, Woo

ADJUNCT PROFESSORS: Abedin, Goldman, Brower

ADJUNCT ASSOCIATE PROFESSORS: Mireles, Moussavi

The BS Degree in Electrical Engineering consists of 128 semester credit hours divided into a lower division, providing diverse courses over a broad base of technical subjects, and an upper division providing more specialized courses.

Vision

We, the Faculty of Electrical and Computer Engineering, commit ourselves to providing quality baccalaureate, masters, and doctoral programs to a diverse student population. We envision capitalizing on the bi-national location of our Institution and the collective strengths of our students and staff to create and maintain educational and research collaborations of the highest quality with faculty, institutions and industrial partners in the U.S., Mexico, and Latin America. We aspire to be a new model for engineering education that is committed to the ideals of excellence and access.

Mission

The Electrical Engineering Program will:

- Dedicate itself to providing its students with the skills, knowledge and attitudes that will allow its graduates to succeed as engineers and leaders.

- Maintain a vital, state-of-the-art research enterprise that provides its students and faculty with opportunities to create, interpret, apply and disseminate knowledge.

- Prepare its graduates for life-long learning to meet intellectual, ethical and career challenges.

- Recognize and act upon the special mandate to make high quality engineering education available to the residents of El Paso and the surrounding binational metroplex.

Educational Objectives

As individuals and as members of teams, our graduates will be able to:

- Demonstrate the ability to formulate, analyze, and solve electrical and computer engineering problems.

- Demonstrate the ability to apply the design process to engineering problems.

- Communicate effectively with those inside and outside of electrical and computer engineering.
Exhibit social and professional responsibility in a global context.

Degree Plan

For a degree plan, please click [here](#) and select “Bachelor of Science in Electrical Engineering.”

Concentrations

Each list of courses permits the student to develop a concentration or pursue a particular career objective. In following a particular list, students will complete an in-depth program of current interest to Electrical Engineering. Interested students should select a concentration prior to completion of the junior year, and plan their course of study in order to satisfy any prerequisites for courses within their chosen concentration. Most concentration courses are offered only once each academic year.

Computer Engineering

The computer engineering concentration is concerned with the organization, design, and use of digital hardware. Students who satisfy the requirements of this concentration have the opportunity to be prepared to work in both the design and application of modern computing systems. To fulfill the requirements of this concentration, a student must take the first two courses and select another two from the remaining courses and associated laboratories shown below.

Please note that all 3000 and 4000-level courses have a general prerequisite that includes Junior standing.
Industrial Engineering

101 Engineering Science Complex
(915) 747-5450
meandie@utep.edu

Program Chairperson: Rafael S. Gutierrez
Professors Emeriti: Thomas M. McLean
Associate Professors: Contreras, Gutierrez, Pennathur
Assistant Professors: Pan, Tseng, Zhang

The Industrial Engineering Curriculum is designed for students who desire to enter industry or pursue advanced studies. The curriculum provides a broad range of courses in the areas of human interface design and management, plant design, operations research, production and inventory control and quality control.

Vision
The industrial Engineering Program strives to graduate industrial engineers of the highest quality and to conduct state of the art research.

Mission
The Industrial Engineering Program makes a high quality, relevant engineering education available to all residents of the El Paso bi-national region. The department dedicates itself to providing students with a set of skills, knowledge and attitudes that will permit its graduates to succeed and thrive as engineers and leaders.

Educational Objectives

1. Prepare all students for jobs in the marketplace and success in the bi-national setting.
2. Prepare and motivate students to engage in graduate level studies.

Degree Plan

For a degree plan, please click [here](#) and select “Bachelor of Science in Industrial Engineering.”

Course Information

For course descriptions, please click [here](#) and select Industrial Engineering (IE).

International Manufacturing Certificate

This program is an applied internship in a local manufacturing plant where the student applies the international manufacturing management and engineering fundamentals from IMS 4360 and 4361. The student will intern in a manufacturing facility and work on problems ranging from testing and inspection, design, quality, production and inventory control, maintenance, purchasing, planning and scheduling, safety and ergonomics, tooling, to accounting, etc. Students will have an industry mentor, a faculty mentor, and a field engineer helping with problems. The mid-term and final examinations will consist of a written report and presentation to the faculty mentor and industrial partner based on the research/design/analysis performed in the industrial department in which the student worked.
Mechanical Engineering

The Mechanical Engineering curriculum is designed for students who desire to enter industry or pursue advanced studies. The curriculum provides a broad range of courses in the areas of thermal sciences, fluid mechanics, mechanical design and manufacturing.

Vision
The Mechanical Engineering Program strives to graduate mechanical engineers of the highest quality and to conduct state of the art research.

Mission
The Mechanical Engineering Program makes a high quality, relevant engineering education available to all residents of the El Paso bi-national region. The department dedicates itself to providing students with a set of skills, knowledge and attitudes that will permit its graduates to succeed and thrive as engineers and leaders.

The Program strives to:
- Prepare its graduates to pursue lifelong learning, serve the profession and meet intellectual, ethical and career challenges.
- Maintain a vital, state-of-the-art research enterprise to provide its students and faculty with opportunities to create, interpret, apply and disseminate knowledge.

Educational Objectives:
1. Prepare all students for jobs in the marketplace and success in the bi-national setting.
2. Prepare all students to pass the Fundamentals of Engineering (FE) Examination.
3. Prepare and motivate students to engage in graduate level studies.

Degree Plans
For a degree plan, please click here and select “Bachelor of Science in Mechanical Engineering.”

Course Information
For course descriptions, please click here and select Mechanical Engineering (MECH).

Please note that all 3000 and 4000-level Mechanical Engineering courses have a general prerequisite that includes Junior standing.
Metallurgical and Materials Engineering

The Metallurgical and Materials Engineering curriculum is a broad-based program designed to provide a basic education in metallurgical and materials engineering. The student can specialize in one or more areas in the junior and senior year by taking appropriate elective courses. The program is well suited for a career in industry or as a basis for graduate study. Courses related to advanced materials topics are also available.

Vision

Our vision is to provide a modern Metallurgical and Materials Engineering Program of the highest quality.

Mission

We will emphasize learning and applying metallurgical and materials engineering fundamentals, spanning all major classes of materials. We will offer students opportunities to explore the whole gamut of applications, from advanced microelectronic technology to the basic infrastructure on which we all depend. The B.S. degree program in Metallurgical and Materials Engineering will serve two broad purposes: 1) to provide sufficient grounding for a graduate to perform effectively, over time, in industry or other employment; and 2) to provide opportunity for all types of students, while maintaining a high level of excellence in all graduates. It will sharpen communication skills, both oral and written. It will also provide basic engineering skills for problem-solving and lifelong learning. We will maintain a balance between the applied and theoretical aspects, and will strive to provide pre-professional employment (either research experiences or internships).

Educational Objectives:

(The following objectives are ranked in order of decreasing importance. 1= most important)

1. Students completing the B.S. program will be competitive with graduates of similar, ABET-accredited programs nationally.
2. The program will continue to make significant contributions to the minority B.S. degree pool in metallurgical and materials engineering or related fields.
3. Our Department will provide materials and process fundamentals for other engineering disciplines to show the value-added of multidisciplinary efforts.
4. A significant proportion of our graduates will secure admission to a graduate program. The Department will take a pro-active stance in helping its students.
5. The Department will take the lead in the development and innovations of CircLES, with emphasis on engineering design issues, student team development, and engineering multidisciplinarity.

Degree Plan

For a degree plan, please click here and select “Bachelor of Science in Metallurgical and Materials Engineering.”

Concentrations

Each list of courses permits the student to develop a focus or pursue a particular career objective. In following a particular list, students will complete an in-depth program of current interest in Metallurgical and Materials Engineering. Most concentration courses are offered only once each academic year. The student must complete all the requirements for concentration 1 or all the requirements for concentration 2.

Concentration 1: General Metallurgical and Materials Engineering

This concentration provides students with a program of study that emphasizes the major areas of metallurgical and materials engineering. This concentration is intended for students with a broad interest in metallurgical and materials engineering. Students choosing this concentration follow the curriculum outlined above.

Concentration 2: Manufacturing

This concentration utilizes electives in the traditional metallurgical and materials engineering program along with other appropriate program modifications to allow a graduate to perform a variety of professional duties in manufacturing arenas especially involved with materials selection and design, materials processing, environmental concerns, production failures and materials degradation, and a range of materials and processes quality control. This concentration prepares a student for advanced study in manufacturing engineering, materials science and engineering, or other related engineering areas. In addition to the requirements shown in the degree plan, the student must work on a manufacturing related project during Senior Design (MME 4419).

Course Information

For course descriptions, please click here and select Metallurgical and Materials Engineering (MME).

Please note that all 3000 and 4000-level Metallurgical and Materials Engineering courses have a general prerequisite that includes Junior standing.
The College of Health Sciences

The College offers a Ph.D. in Interdisciplinary Health Sciences designed to respond to the growing national shortage of doctorally-trained professionals in health-related fields and to address significant health research needs related to communities in the United States-Mexico border region.

Health profession programs are offered which lead to the Bachelor of Science in Clinical Laboratory Science (Medical Technology), the Bachelor of Science in Health Promotion, the Bachelor of Science in Kinesiology, the Bachelor of Social Work, the Master of Public Health, the Master of Science in Kinesiology, the Master of Science in Speech-Language Pathology, the Masters in Occupational Therapy, and the Masters in Physical Therapy.

The Bachelor of Science in Clinical Laboratory Science is accredited by the National Accrediting Agency for Clinical Laboratory Sciences. The Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education. The Physical Therapy Program is accredited by the Commission on Accreditation for Physical Therapy Education. The Bachelor of Social Work Program is accredited by the Council on Social Work Education. The master’s degree in Speech-Language Pathology is accredited by the Council on Academic Accreditation of the American Speech, Language, and Hearing Association and is required in order to qualify for national certification by the American Speech, Language, and Hearing Association and for Texas licensure to practice as a speech-language pathologist.

The College is located approximately one mile from the main UTEP campus, at 1101 North Campbell Street, and is housed in a large, modern building which includes classrooms, laboratories, faculty offices, and lounges for both students and faculty. The Independent Learning Center facilitates independent learning by students through the use of audio-visual programs, programmed units, and laboratory computers. Training and support on instructional software development are available to all interested students and faculty. Equipment reservation and checkout are also available to students and faculty from the College of Health Sciences.

The Simulation Laboratory provides an opportunity for students to practice skills before direct contact with patients or clients in clinical settings. The Speech, Hearing, and Language Clinic provides a community service as well as the first clinical practicum experience for Speech-Language Pathology students.

The El Paso/Las Cruces/Ciudad Juárez international border community, with a population of more than one and a half million, provides a wide variety of clinical experiences for both students and faculty of the College. Hospitals and other health care agencies throughout the area are utilized for student and faculty clinical practice. In addition, the El Paso City-County Health Department and a number of voluntary agencies provide patient care opportunities for learning. Agencies such as the Pan American Health Organization, the U.S. Immigration and Naturalization Service, and customs and consular offices on both sides of the border provide the student with unique learning experiences in the control and prevention of disease.
Clinical Laboratory Science Program

1101 N. Campbell Street, Room 717
(915) 747-8214
clsc@utep.edu

PROGRAM COORDINATOR: Lorraine Torres
PROFESSOR EMERITA: Gail W. Ackall
ASSOCIATE PROFESSOR: Dominguez
CLINICAL ASSISTANT PROFESSOR: Saleh
INSTRUCTORS: Lewis, Torres

Bachelor of Science in Clinical Laboratory Science

The Clinical Laboratory Science Program (CLS), formerly Medical Technology, is designed to prepare graduates to function as professional members of the health care team. Their services are utilized in hospitals, clinics, and private laboratories, as well as in business and industry. Clinical Laboratory Scientists perform a variety of immunological, biochemical, molecular, and microbiological procedures that aid in the diagnosis, treatment, and prevention of disease. Computerized databases, electronic charting, and sophisticated laboratory techniques such as flow cytometry, DNA fingerprinting, PCR, and two dimensional electrophoresis help ensure the accuracy and precision of their work. The University of Texas at El Paso's Clinical Laboratory Science Program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (8410 West Bryn Mawr, Suite 670, Chicago, IL. 60631).

Students completing core and pre-professional courses must apply for the professional phase of the program in the spring semester. Applicants must have a minimum CGPA of 2.0 and a 2.5 GPA in math and sciences and pass a background check. University and clinical faculty will interview all applicants. A limited number of clinical sites are available; therefore, students will be selected to enter the professional phase once a year in the Fall semester. Depending on the number of clinical affiliates available in any one year, there is a possibility that the student will be required to attend clinical preceptorships out of the El Paso area at the student’s expense.

All lower-division coursework must be completed prior to enrolling in the professional Clinical Laboratory Science courses. Before enrolling in the clinical practicum, all students must show evidence of professional liability insurance, health insurance, current CPR certification, a recent physical examination, and current immunizations, including Hepatitis vaccinations. In order to engage in clinical practicums, which are a crucial element in the curriculum, CLS students must undergo and pass a background check.

A grade of "C" or higher must be earned in each CLS class. If a student earns less than a "C," the student must withdraw from the program and reapply the following year.

All students must perform within limits of safe practice. Students who are deemed unsafe by faculty will be dropped and will receive an "F" in the clinical course. The Safe Practice and Procedure Policy for students is posted on the Official Bulletin Board in the College and in the Clinical Laboratory Science Program Office. All work performed by students during the clinical practicum is under the direct supervision of clinical faculty and countersigned by them.

As a professional, the student must exhibit a commitment to the welfare of patients. The faculty in the program reserves the right to refuse the opportunity of a student to perform tests or procedures on patients if the student gives evidence of unsafe and/or ineffective laboratory techniques.

Students graduating from The University of Texas at El Paso are eligible for two national certification examinations: Students passing the American Society of Clinical Pathologists (Chicago, IL) exam may use the initials MT after their name; students passing the National Certification Agency (Washington, DC) exam may use CLS (Clinical Laboratory Scientist) after their name.

Degree Requirements for a Bachelor of Science in Clinical Laboratory Science

University Core Requirements 45 semester credit hours
Pre-Professional Courses 20 semester credit hours
CLSC Professional Program 55 semester credit hours
Total 120 semester credit hours

Degree Plans

For a complete degree plan, please click here and select "BS in Clinical Lab Science."

PROFESSORS: Shedlin, Weigel
ASSOCIATE PROFESSORS: Armijos, Cruz, Duarte-Gardea, Smith, Thompson, Tomaka
ASSISTANT PROFESSOR: Rosenthal
LECTURER: Rascon-Lopez

Bachelor of Science in Health Promotion

The Health Promotion Degree prepares graduates to function as health professionals in health education and health promotion settings such as community health agencies, public health agencies, private business, and public schools. Students complete a common core of courses in Health Promotion and then select a minor in Community Health, Education, or other approved areas. The curriculum is designed to provide a broad general educational base as well as the basic skills, experiences, and professional competencies specific to the practice of health education/health promotion. Other professional responsibilities include acting as a resource person in health education and communicating the health and health education needs, concerns, and resources of a community. Graduates of this 128-semester hour program function in planning, implementing, evaluating, and coordinating health education programs and activities in a variety of settings. The curriculum prepares graduates to successfully complete the National Exam for the Certified Health Education Specialist (CHES) credential. The Health Promotion Program received national approval by SABPAC-

Transfer Students

Certified Allied Health professionals should see the Health Promotion Department Chair for a degree plan. Students may receive transfer credit for up to 62 semester hours earned in the student’s associate degree program. Professional foundation courses may account for up to 24 semester hours of this total transfer.

LECTURERS: Baquera-Shaw, Gamboa, Torres

Bachelor of Science in Kinesiology

The Bachelor of Science in Kinesiology requires (1) a general university core, (2) program prerequisites (3) Kinesiology core, (4) program concentration, (5) minor field of study and (6) possibly electives. Students wishing to obtain a teaching certificate must select the Physical Education Concentration and the Education Minor. Students interested in a career in the fitness industry or in graduate study in exercise science, physical therapy, or similar fields should select the Exercise Science Concentration.

Students who already have a bachelor's degree in some other field and who wish to pursue a teaching certificate to teach physical education should refer to the College of Education section of this catalog. Students desiring to pursue a Master of Science in Kinesiology should consult the Graduate Catalog.

Degree Plans
For complete degree plans, please click here and select “BS in Kinesiology.”

Course Information
For course descriptions, please click here and select Kinesiology (KIN).

Physical Education Activity Courses (PE)

It should be noted that physical education activity courses often involve strenuous physical activity and/or participation in activities with inherent risk of personal injury. Students are advised to review their physical condition, and consult with a physician if appropriate, before enrolling in these courses. The University is not responsible for illness or injury resulting from participation in these courses.

The following activity courses, all of which are co-educational, are offered by Professional and Public Programs located in Miner’s Hall, Suite 108. These courses are open to all students. Equipment and lockers are provided. There is a fee charged for participation in these courses that is used for the provision and maintenance of equipment.

Course Information
For course descriptions, please click here and select Physical Education (PE).
UTEP-UT Austin Cooperative Pharmacy Program

1100 N. Stanton, Suite 301
(915) 747-8519

PROGRAM/DIRECTOR: José O. Rivera
REGIONAL DIRECTOR, EL PASO INTERNSHIP PROGRAM: William A. Klein III
PROFESSOR: José O. Rivera
CLINICAL ASSOCIATE PROFESSOR: Rivera
CLINICAL ASSISTANT PROFESSORS: Amaya, Loya, Salcido, Sias
COORDINATORS: Ho, Reilly, Rudder

The University of Texas at Austin College of Pharmacy, in cooperation with The University of Texas at El Paso, offers a six-year curriculum leading to the Doctor of Pharmacy (Pharm.D.) degree. This program offers a course of study in the pharmaceutical and clinical sciences designed to provide the community with pharmacists who are scientifically trained and clinically competent to deliver a full spectrum of pharmaceutical services in all areas of practice.

The Pharm.D. degree is designed to prepare men and women whose abilities and career aspirations suggest significant potential for innovative leadership in pharmacy practice. In addition, this degree will prepare students to practice pharmacy in contemporary settings, such as community or hospital pharmacy, long-term care facilities, or in the pharmaceutical industry. This objective is met through a balanced program of study in pharmacoeconomics, pharmaceutical and natural products chemistry, pharmacology, therapeutics, pharmacy administration, natural and social sciences, and the humanities, as well as a structured clinical and professional practice experiential program. In addition, the curriculum is aimed at inculcating an understanding of the basic sciences sufficient to prepare the student for graduate study in the pharmaceutical sciences.

The Cooperative Pharmacy Program is designed to facilitate access to the UT College of Pharmacy in Austin by providing opportunities to fulfill pre-pharmacy requirements in El Paso.

The Cooperative Pharmacy Program. Students program provides highly qualified high school seniors conditional admission to The University of Texas College of Pharmacy and supplements the usual application process for admission to the UT College of Pharmacy. A select number of students will be chosen to enroll in the program each year. In addition to exceptional academic potential, these students should also have been exposed to or have good knowledge of the pharmacy profession. Students selected for this program attend UTEP for approximately two years to complete their pre-pharmacy curriculum (e.g., organic chemistry, calculus, and physics) and, after obtaining required criteria, will move to Austin to attend the College of Pharmacy for approximately two years. The final two years of the six-year curriculum will be completed in El Paso, and successful candidates will receive their degrees from The University of Texas at Austin College of Pharmacy, in cooperation with the Cooperative Pharmacy Program at UTEP.

Applications by Early College High School students will be considered in the same manner as other high school students with the exception that their pre-pharmacy curriculum may include additional upper-division science courses tailored to individual student needs.

Further information about the program can be obtained by calling (915) 747-8519. The program office is located at 1100 N. Stanton, Suite 301, El Paso, TX 79902. Web Site: http://chs.utep.edu/pharmacy/home.html.
Rehabilitation Sciences

Occupational Therapy

1101 N. Campbell, Room 500
(915) 747-7270
ot@utep.edu

DIRECTOR: Karen Funk
PROFESSOR EMERITA: Gretchen Schmalz
ASSISTANT PROFESSORS: Haltiwanger, Leech
CLINICAL ASSOCIATE PROFESSOR: Funk
CLINICAL ASSISTANT PROFESSOR: Capshaw

Occupational Therapy is a dynamic profession and an integral part of modern comprehensive health care. Occupational therapy is the use of purposeful activity or interventions designed to achieve functional outcomes which promote health, prevent injury or disability, and which develop, improve, sustain or restore the highest possible level of independence of any individual who has an injury, illness, cognitive impairment, psychosocial dysfunction, mental illness, developmental or learning disability, physical disability, or other disorder or condition. It includes assessment by means of skilled observation or evaluation through the administration and interpretation of standardized or non-standardized tests and measurements. Occupational Therapy services are provided in a variety of settings, ranging from medical facilities to community health agencies, schools, and private practice.

The Occupational Therapy Program offers a Master's Degree in Occupational Therapy. While acceptance into the Master's Degree Program does not require prior completion of an undergraduate degree, the competitive nature of the admissions process makes it imperative that interested undergraduates follow a traditional undergraduate major (e.g., Health Promotion, Kinesiology, Biology, Psychology, Social Work, Anthropology, etc.) as they complete the program prerequisites and electives. In addition, undergraduates should be aware of the University Core Curriculum and its requirements as they plan a course of study that may lead to consideration for admission to the Master's Degree in Occupational Therapy. Candidates with a bachelor's degree will be given preference.

NOTE: In order to engage in clinical rotations, which are a crucial element in the curriculum, Occupational Therapy students must pass a background check. Therefore, applicants accepted to the Occupational Therapy Master’s Degree program will be required to undergo and pass a background check prior to matriculation.

Degree Requirements

- The Bachelor of Science in Occupational Therapy is no longer offered in the United States.

- Students interested in pursuing a Master’s in Occupational Therapy will be designated as Pre-Occupational Therapy (P-OT). Students are encouraged to select a program and complete the degree requirements for a major which is closely aligned to the Occupational Therapy Program (e.g., Health Promotion, Kinesiology, Biology, Psychology, Social Work, Anthropology, etc.).

- When planning a course of study that may lead to consideration for the Occupational Therapy Program, students must take courses that apply to the University Core Curriculum, meet requirements for a regular academic major, and satisfy specific program prerequisites.

Degree Plan

For a degree plan of prerequisite courses, please click here and select “Pre-OT.” For a degree plan of graduate requirements, please select “MS in Occupational Therapy.”

Additional Requirements for Admission

1. Completion of the University Core Curriculum prior to beginning the Masters degree Program in Occupational Therapy unless the applicant already holds a baccalaureate degree.
2. A minimum overall GPA of 3.0 (on a four-point scale).
3. A minimum GPA of 3.0 (on a four-point scale) on the occupational therapy prerequisites.
4. Three letters of recommendation (preference for occupational therapists or instructors)
5. Graduate record Examination (GRE) scores.
6. International students (when English is not the official or first language) must have a minimum score of 213/550 on TOEFL.
7. Completed application for the Graduate School.
8. Official transcripts of all colleges or community colleges attended.
9. Graduate application processing fee ($15 US for permanent residents, $65 International applicants).
10. Completion of an official interview of all eligible candidates.
Completion of the above requirements makes a student eligible for selection but does NOT guarantee admission to the Occupational Therapy Program. The final selection is competitive and based on academic course work and the other requirements.

**Admissions Process**

1. Obtain an Application for Graduate Admission from the UTEP Graduate School.
2. Complete at least 90 hours of required prerequisite work as an undergraduate student with a minimum cumulative GPA of 3.0 and a minimum of 3.0 in the Occupational Therapy prerequisite courses work.
3. Submit an Application for Graduate Admission with the required fee and a written plan for prerequisite course completion.
4. Arrange to take the Graduate Record Examination (GRE) and have the official scores sent to the UTEP Graduate School. International applicants must arrange for the TOEFL score to be sent to the Graduate School.
5. Submit official transcripts of all course work and three confidential letters of reference.
6. If prerequisites are not completed when application is submitted, subsequent transcripts must be submitted as soon as they are available.
7. Interviews for qualified applicants will occur on the UTEP campus when applications are complete.
8. Letters of admission will be sent from the UTEP Graduate School as students are selected and until the class is filled.

See the Graduate Catalog for more detailed information about the Occupational Therapy Program.

Physical Therapy prerequisite courses work.

For more detailed information about the Occupational Therapy Program, contact:

**Physical Therapy**

1101 N. Campbell, Room 500
(915) 747-8207
pt@utep.edu

DIRECTOR: Mary Carlson
ASSOCIATE PROFESSOR: Carlson
CLINICAL ASSOCIATE PROFESSORS: Dillon, Ryberg
ASSISTANT PROFESSORS: Ko, Sipla
LECTURERS: Fisher, Walker

Physical Therapy is a health profession whose primary purpose is the promotion of optimal physical function. Physical therapists apply scientific principles to prevent and treat acute and chronic movement disorders. Physical therapy encompasses areas of specialization and includes the development of new approaches to more effectively meet existing and emerging health care needs. Other areas in which physical therapists participate include research, education, and administration.

The Physical Therapy Program is making curricular revisions. The class that enrolled in the Fall of 2008 will be the last class to receive the Master of Physical Therapy Degree. Please periodically check the program website for new developments in the Physical Therapy Program: http://www.utep.edu/pt.

**Admissions requirements** include an earned bachelor’s degree and 49 semester hours of prerequisites. The Required Course List is attached. Note that a minimum overall GPA of 3.0 on four point scale, and a minimum GPA of 3.0 in prerequisite courses are required. In addition, 50 clock hours of volunteer or paid experience in a physical therapy setting is required, and must be supervised by a licensed physical therapist. The Graduate Record Exam (GRE) is also required, and while there is no minimum score required, the score will be considered in the competitive admissions process. All science (biology, chemistry, physics) and math courses must have been completed in the last 10 years.

**Prerequisite Courses**

Forty-nine semester hours are required prerequisite courses. These courses must meet specified conditions and include:

Although not required, it is recommended that students volunteer in an occupational therapy setting to gain knowledge and core values of the profession.

**Selection Criteria**

Inquiries may be made to:

**Occupational Therapy Program, UTEP College of Health Sciences**

1101 N. Campbell, El Paso, Texas 79902-0581
(915) 747-8207, ot@utep.edu

All applications, supporting documentation, transcripts, and test scores should be sent to:

Graduate School, The University of Texas at El Paso
223 Academic Services Building, El Paso, Texas 79968
(915) 747-5491, gradschool@utep.edu

Letters of admission will be sent from the UTEP Graduate School as students are selected and until the class is filled.

The Graduate Record Examination (GRE) is also required, and while there is no minimum score required, the score will be considered in the competitive admissions process. All science (biology, chemistry, physics) and math courses must have been completed in the last 10 years.

**Selection Criteria**

Completion of the above requirements makes a student eligible for selection but does NOT guarantee admission to the Occupational Therapy Program. The final selection is competitive and based on academic course work and the other requirements.
Selection Criteria

Completion of the above requirements makes a student eligible for selection but does NOT guarantee admission to the Physical Therapy Program. The final selection is competitive and based on academic course work and the other requirements.

Admissions Process:

There are two deadlines for submission of admission packets each year. To be considered for Fall interviews, all materials must be received by November 1. To be considered for Spring interviews, all materials must be received by February 1.

Students should apply when they are within 2 semesters of completion of course requirements for admission. Our objective is to fill the class with students who complete all course requirements by the end of the Spring Semester of the year for entrance into our program. Completed applications will be reviewed semiannually in November and February. Interviews for qualified applicants will be scheduled in November and February/March for qualified applicants. Following the November interviews, exceptionally well-qualified students will be immediately accepted to the program. Other qualified applicants will be placed in a “pool”, will remain in competition for class slots, and will be compared to subsequent applicants in March. The application process will close February 1 for all admissions. Applications remain open for one year (i.e., from date application fee is received by Graduate School). To continue to be considered after one year, one must reapply.

All applications, supporting documentation, transcripts, and test scores should be sent to:

Graduate School (Physical Therapy), The University of Texas at El Paso
223 Academic Services Building
500 W. University Ave.
El Paso, Texas 79968
(915) 747-5491
gradschool@utep.edu

Inquiries may be made to:

Physical Therapy Program
UTEP College of Health Sciences
1101 N. Campbell
El Paso, TX 79902-0581
(915) 747-8207
pt@utep.edu

See the Graduate Catalog for more detailed information about the Physical Therapy Program.

Speech-Language Pathology

The Program in Speech-Language Pathology offers an innovative five-year plan that culminates with the Master of Science Degree. Students who complete the plan fulfill academic course work and clinical practicum requirements for the Texas License, as well as the Certificate of Clinical Competence in Speech-Language Pathology. The plan includes 97 semester credit hours of undergraduate course work and 33 required semester hours, in addition to registering for five semesters of clinical practicum (15 semester hours), all of which may be completed in five years. Undergraduate students selecting this program will be designated as pre-Speech-Language Pathology majors.

Students with a BS/BA in Speech Language Pathology from another university are encouraged to apply for admission to the Graduate program. Since the plan of study culminates with the Master of Science Degree, undergraduates should be aware of the following:

1. A GPA minimum of 3.0 in upper-division preparatory SPLP undergraduate courses and acceptable GRE scores on the Verbal, Quantitative and Written section are required for acceptance into the Graduate School. A GPA higher than 3.0 may offset low GRE scores; high GRE scores may enhance consideration. A description of the Master of Science program is in the Graduate Catalog. Admission is competitive. The number of students admitted each year is dependent on available program resources.

2. Undergraduate students must take the GRE and apply to the Graduate School prior to the completion of the prescribed 97 undergraduate hours.

3. Students whose grades in SPLP courses do not appear to demonstrate the potential for success in Graduate School should discuss the advisability of continuing in the Speech-Language Pathology program with their advisor prior to beginning the third year.

4. In order to engage in clinical rotations, which are a crucial element in the curriculum, Speech Language Pathology students must pass a background check. Therefore, applicants accepted to the Master of Science in Speech Language Pathology program will be required to undergo and pass a background check prior to matriculation.

Degree Requirements

- The Bachelor of Science in Speech Language Pathology is not offered.

- Students interested in pursuing a Master of Science in Speech Language Pathology will be designated as Pre-Speech Language Pathology (PSHL).
Students with a BS/BA in Speech Language Pathology from another university are encouraged to apply for admission to the Graduate program.

**Degree Plans**

For a degree plan that includes program prerequisites, please click [here](#) and select “Pre-Speech Language Pathology.” For a graduate degree plan, please select “MS in Speech Language Pathology.”

**Speech-Language Pathology Minor for Bachelor of Arts (Liberal Arts) Students:**

SPLP 1312, SPLP 4309 (6 hours), and 12-13 hours selected from SPLP 2111, SPLP 2313, SPLP 2320, SPLP 3310, SPLP 3312, and SPLP 4312. For students pursuing admission to the MS in Speech Language Pathology, the SPLP course(s) not selected as a part of the minor (totaling 3-4 hours) may be used as elective credit in the Linguistics major. These students will be advised jointly by Linguistics and Speech-Language Pathology programs.

**Course Information**

For course descriptions, please click [here](#) and select Speech-Language Pathology (SPLP).
This catalog is archived. For the current UTEP catalog, please visit catalog.utep.edu.
For a complete degree plan, please click here and select “Bachelor of Social Work.”

2. Transfer Students

A maximum of 66 semester hours is transferable to a UTEP degree program from a two-year institution.

1. A student may transfer up to 30 semester hours from a CSWE accredited BSW degree program:
   a. An introduction to social work course (three hours);
   b. Up to six hours of social policy;
   c. Up to six hours of HBSE;
   d. Up to nine hours of practice; and
   e. Up to three hours of research courses.

2. Students must complete at least 25% of the semester credit hours needed for graduation (a minimum of 32 hours) in residence.

3. Students must complete 24 of the last 30 semester credit hours needed for graduation in residence.

4. Students must complete 12 advanced hours in their major in residence within 3 years of graduation.

BSW Admissions Application Process

1. Admissions Application: All students who wish to apply for the BSW Degree Program must complete an admissions application available from the Social Work Program office. A completed application includes:
   a. Completed application form
   b. Copy of official transcripts
   c. Writing sample as specified on the application for admission
   d. Two letters of professional reference
   e. Signed statement of understanding and adherence to NASW Code of Ethics
   f. Completed Transfer Credit Evaluation form, if applicable

2. Applications Reviews: Applications may be submitted at any time. Admissions applications are individually reviewed by the BSW Admissions Committee. Students are notified of faculty decisions by mail.

3. Admissions Criteria:
   Students’ eligibility for admission will be based on the following criteria:
   a. A completed application form.
   b. Discussion of formal admission to the program with a UTEP Social Work faculty member or attendance of orientation to the profession and the program presented by the UTEP Social Work Program.
   c. Student GPA of 2.0 or better
   d. Attainment of grades of “C”
   e. 11 hours of Social Work course work completed at UTEP.

4. Admissions Decisions: The following decisions are made on admissions application folders by the Admissions Committee:
   a. Clear Admission: Application is accepted with no problems.
   b. Conditional Admission: Application is accepted with a GPA or other condition. In order to remain in the BSW degree program following conditional admission, students are required to post a 2.5 GPA on coursework the succeeding semester, with no grade of “D” or “F” on the degree plan. Students who post less than a 2.5 GPA in the succeeding semester following conditional admission will not be allowed to enroll in social work practice courses.
   c. Denied Admission: Application is not accepted. Students denied admission should see their advisor and may reapply the following admissions cycle.

   A designation other than clear admission requires a meeting of the student with the faculty advisor. The purpose of the meeting is to design a plan to address any outstanding concerns in the file.

Progression Through Professional/Advanced Professional Courses

Although students may identify themselves as Social Work majors at any time and apply for formal admission to the program as described above, students should begin taking the professional course sequence in the fall semester.

Field Instruction

During their professional (senior) year, students complete their field practicum, working 16 hours per week in an approved social service or health care agency under the supervision of a degreed social worker. Students are required to make formal application for the field practicum by contacting the Coordinator of Field Practicum in the academic semester preceding their placement.

Admission to Field Instruction

All BSW students must complete a supervised field instruction sequence. In order to be considered eligible for field instruction, students must meet the following criteria:

1. Have a 2.0 or better cumulative GPA on a 4.0 scale in University Core pre-professional courses.
2. Have a 2.5 or better cumulative GPA for all courses completed in Social Work by the end of the second semester of the foundation professional year of study.
3. Completed SOWK 2310, SOWK 2331, SOWK 2320, SOWK 3320, SOWK 3330, SOWK 3341, and SOWK 3355 with a grade of “C” or better in each of these courses.

Degree Plan

For a complete degree plan, please click here and select “Bachelor of Social Work.”
Course Information

For course descriptions, please click [here](#) and select Social Work (SOWK).
The College of Liberal Arts, UTEP’s largest college, consists of more than 20 undergraduate degree Departments and programs in the three broad areas of the humanities, social and behavioral sciences, and fine and performing arts. The College has been built on a long tradition of excellence. Many College of Liberal Arts faculty are internationally recognized scholars and leaders in their academic disciplines that draw on their research findings, scholarship, and creative activities to enhance the quality of students' classroom experience. Noted for its innovative educational programming that engages students in a variety of creative, scholarly and service activities, the College of Liberal Arts is dedicated to preparing students for a variety of careers and professions in a rapidly changing global environment.

In addition to its many outstanding degree programs, the College offers students many opportunities to enhance their classroom experiences with special activities that promote learning and achievement outside the classroom. All UTEP students can access a variety of instructional services delivered by faculty, staff and students in the new UTEP Writing Center managed by the Department of English. Students in the performing Arts, for example, regularly perform in concert, recitals and in a variety of theatre productions. Our world-class Dinner Theatre gives musical theatre students the opportunity to gain live performance experience with our long established and well respected production company.

College of Liberal Arts students not only learn from first rate scholars and teachers, but they are able to participate in faculty directed research projects or join research teams of faculty and other students who are studying important contemporary issues. Among many other research opportunities, Psychology students may participate in studies focused on legal decision-making, the accuracy of eyewitness identification, and the effectiveness of various smoking cessation techniques. Anthropology students are able to participate in important archeological research excavations. Others work with faculty studying life in border communities, or engage in research intended to find better ways to address a variety of social and community problems. Communication students are afforded the opportunity to produce and develop radio and television programs, produce documentary films or design advertising campaigns. Many History students have worked on public history projects for their communities, while Foreign Language and English students can be found working in schools as specialized instructors and tutors. Additionally, many Liberal Arts students serve the community by volunteering their services to nonprofit organizations. Hundreds of Criminal Justice students have served as interns in State and Federal Law enforcement agencies.

The College of Liberal Arts also supports programs that enhance the quality of life for all people living in the El Paso region. The Department of Music, for example, annually presents over 80 musical performances and recitals on campus each year. Every year more than 28,000 patrons enjoyed UTEP Dinner Theatre productions. The Art Department operates the Stanlee and Gerald Rubin Center for Contemporary Art which is one of our nation’s finest contemporary Art Galleries. The Department of History hosts an Annual History Day for area high school and middle school students. The English Department manages the West Texas Writing Project that serves as a national model of University and public school collaboration to help teachers become better writing instructors.

Degrees and Majors

Bachelor of Arts

The BA degree is offered in the following major fields: Anthropology, Art, Chicano Studies, Communication, Creative Writing, Criminal Justice, English, French, History, Latin American and Border Studies, Linguistics, Philosophy, Political Science, Psychology, Sociology, Spanish, and Theatre Arts; also Biology, Chemistry, Economics, Geological Sciences, Mathematics, and Physics.

Requirements for the Bachelor of Arts degree are designed to provide an essential unity in the programs of all Liberal Arts students and, at the same time, offer each student substantial latitude in course selection. The degree consists of a minimum of 120 semester hours, including at least 45 at the advanced (3000-4000) level. Twenty-four of the last 30 hours must be taken in residence. With exceptions noted in departmental program descriptions, a course taken to satisfy one degree area requirement (University Core Curriculum, major, or minor) may not be used to satisfy any other degree area requirement. No course used for Liberal Arts General Education Requirements may be double counted toward any other requirement.

University Core Curriculum (42 hours – students should refer to the University Core Curriculum section of this Catalog for a complete description)

Liberal Arts General Education Requirements (24-27 hours)

0-3 Communication Skills: ESL 2303 (for those whose post-primary education has been in a language other than English).

6 One Modern or Classical Language: Complete 2301 and 2302 in French, German, Latin, Portuguese, Russian, Spanish (prerequisites: completion of 1401 and 1402 in the language, or placement by examination); or SPAN 2301 and 2302 (non-native) or SPAN 2303 and 2304 (native) prerequisite: placement by examination); or LING 2403 and 2404.

18 Blocks: A total of 18 upper division hours distributed among 3 blocks. At least 3 hours must be taken in each block. No more than 9 of the 18 required hours may be taken in any one block. No course to meet this requirement may be taken in the student’s major or minor.

The Blocks are:

Visual and Performing Arts (courses with prefixes in Art, Dance, Music, and Theatre Arts and Film)

Humanities (courses with prefixes in Creative Writing, English, History, Languages and Linguistics, and Philosophy)

Social and Behavioral Sciences (Courses with prefixes in Anthropology, Communication, Criminal Justice, Political Science, Psychology, Social Work, and Sociology)

Courses in African-American Studies, Chicano Studies, Latin American/Border Studies, Religious Studies, Western Cultural Heritage (Humanities), and Women’s Studies that are also cross-listed will be counted in the block to which the course is cross-listed. If a course in not cross-listed, each Studies Program will determine into which block its courses will fit.

Major Field (27-36 hours)

Students will complete a major prescribed by an academic department in the College of Liberal Arts (or Science or Business Administration [for the Economics major]) of at least 27 hours, 18 or more of which must be advanced (3000-4000 level). Students should refer to the individual departmental listings in this Catalog for specific major field requirements.

Nine of the advanced hours in the major must be completed in residence within three years prior to the date of graduation. No course taken on a Pass/Fail basis may be counted for the major, even though the student changes majors after having taken the course. A completed degree plan must include a minimum grade point average (GPA) of “C” (2.0) in the major. Credit for courses taken to fulfill the major field requirements may not also be counted to satisfy minor or College General Education field requirements.

A student who fulfills requirements for two majors prescribed by academic departments in the College of Liberal Arts (or Science or Business Administration [for the Economics major]) may earn a degree with a double major, provided that the two majors are from different fields. The second major fulfills the requirement for a minor field. There must be a minimum GPA of “C” (2.0) in both majors. Credit for courses taken to fulfill the major field requirements in one major may not also be counted to satisfy requirements in the other major field.
Electives

Students will complete electives as needed to bring the total semester hours of credit to at least 120. Elective credit cannot also be used in meeting any other degree requirement. Electives of advanced (3000-4000) level may, however, be applied toward satisfaction of the requirement of 45 advanced hours.

Bachelor of Arts Degrees in Science and Math

The College of Liberal Arts offers BA degrees with majors in science and mathematics including:

- Bachelor of Arts in Biology with concentrations in Ecology and Biomedical Science
- Bachelor of Arts in Chemistry with General and Premedical concentrations
- Bachelor of Arts in Geology
- Bachelor of Arts in Mathematics
- Bachelor of Arts in Physics

It is strongly recommended that students considering these degree plans seek and receive informed advising in both the College of Liberal Arts and the College of Science to ensure that these degree plans are the best choice to prepare students for their future goals.

All of these degree plans are structured to include University Core requirements, College of Liberal Arts General Education requirements, and major and minor requirements.

Specific degree plans containing requirements are available in the Office of the Dean of the College of Liberal Arts.

Bachelor of Science in Psychology

The Psychology Department and each department in the College of Science offer the Bachelor of Science (BS) degree. The BS in Psychology is subject to the BS degree plan listed in the College of Science section and the BS degree plan listed in the Psychology Department section.

Bachelor of Fine Arts

This professional degree is offered in three fields: Art, Dance, and Music Theatre. The Art degree is offered with the following areas of specialization:

Major: Ceramics, Drawing, Graphic Design, Metals, Painting, Printmaking, and Sculpture

Minor: Art History, Ceramics, Drawing, Graphic Design, Metals, Painting, Printmaking, and Sculpture

For specific requirements, students should refer to the Art Department section of this catalog.

The BFA in Dance is a Ballet Performance major offered by the Department of Music. For specific requirements, students should refer to the Music Department section of this catalog.

The BFA in Music Theatre is a multi-disciplinary degree offered by the Department of Music and the Department of Theatre, Dance, and Film. For specific requirements, students should refer to the Liberal Arts Interdisciplinary section of this catalog.

Bachelor of Music

Students may pursue this professional Music degree in one of three areas:

1. General Music—choral and instrumental (All-Levels Teaching Program)
2. Performance—orchestra and band instruments, keyboard instruments, or voice.
3. Theory and Composition

For specific requirements, students should refer to the Music Department section of this catalog.

Minor Field (18 hours)

Students will complete a minor of at least 18 or more hours, nine of which must be advanced (3000-4000 level). The minor field must be selected from a discipline different from that of the major field. Credit for courses taken to fulfill the minor field requirements may not also be counted to satisfy major field requirements. No course taken on a Pass/Fail basis may be counted for the minor, even though the student changes minors after having taken the course. A completed degree plan must include a minimum GPA of “C” (2.0) in the minor. Students should refer to the individual departmental listings in this Catalog for specific minor requirements.

Liberal Arts minor fields are available in Anthropology, Art, Art History, Communication, Creative Writing, Criminal Justice, Dance, English and American Literature, Film Studies, French, German, History, Linguistics, Music, Philosophy, Political Science, Professional Writing and Rhetoric, Psychology, Sociology, Spanish, and Theatre Arts. Students should refer to the departmental listings for requirements.

Interdisciplinary minors are also available. However, no more than six hours from a student’s major field may be counted toward such a minor, and courses so counting may not help satisfy the major requirement. In addition, no more than nine hours from any one discipline will be counted as part of such a minor. Students electing an interdisciplinary minor may not elect an interdisciplinary minor. The following are approved interdisciplinary minors: African American Studies, Asian Studies, Border Studies, Chicano Studies, Humanities, Latin American Studies, Military Science, Religious Studies, Russian and Post-Communist Studies, Translation (Spanish/English), Urban Studies, and Women’s Studies. (Students should refer to the section on Interdisciplinary Minors.)

Minors may also be selected from the following approved disciplines in other colleges:

Accounting Minor: ACCT 2301 and ACCT 2302, CIS 2320, and 9 hours from ACCT 3321, ACCT 3322, ACCT 3323, ACCT 3327, ACCT 4301, ACCT 4305, or ACCT 4328

Bilingual Education: BED 4327, BED 4340, BED 4341, BED 4342, BED 4343, BED 4344. Please see Teacher Certification below.

Computer Information Systems Minor: ACCT 2301 and CIS 2320, CIS 2335, CIS 3385, CIS 3350, and CIS 3355

Early Childhood Education: ECED 3333, ECED 3340, ECED 4353, ECED 4356, ECED 4358, ECED 4359. Please see Teacher Certification below.

Economics Minor: ECON 2303, ECON 2304, and either ECON 3302 or ECON 3303, plus 9 hours from ECON 3300 or ECON 4300 level courses

General Business Minor: CIS 2320 and 15 hours from BLAW 3301, ACCT 3309 or ACCT 2301, MKT 3300, MGMT 3303, or MGMT 3304, FIN 3310, ECON 3320, or CIS 3345

Management Minor: CIS 3320, ACCT 2301, and 12 hours from BLAW 3301, MGMT 3303, MGMT 3311, MGMT 3320, POM 3321, or MGMT 4325

Marketing Minor: DMB 2301, ACCT 2301, MKT 3300, MKT 3302, plus 6 hours from MKT 3305, MKT 3320, MKT 4390, MKT 4391, and MKT 4392

Speech-Language Pathology Minor for Bachelor of Arts (Liberal Arts) Students: SLP 1312, SLP 4309 (5 hours); and 12-13 hours selected from SLP 2111, SLP 2131, SLP 4320, SLP 3310, SLP 3312, and SLP 4312. For students pursuing admission to the MS in Speech Language Pathology, the SLP 1312 course(s) not selected as part of the minor (totaling 3-4 hours) may be used as elective credit in the Linguistics major. These students will be advised jointly by Linguistics and Speech-Language Pathology.

Science Minors are available in Biology, Chemistry, Geology, Mathematics, and Physics. Students should refer to the College of Science departmental listings for details.
Interdisciplinary Minors

The College offers several interdisciplinary programs of study that can be pursued in conjunction with any major (except an interdisciplinary major). These minors require the completion of a minimum of 18 semester hours.

African American Studies

The African American Studies Program offers students an interdisciplinary opportunity to examine the African American experience in detail. Specific requirements are listed under African American Studies.

Asian Studies

Hudspeth Hall, 316
(915) 747-6248
tschmid@utep.edu

DIRECTOR: Tom Schmid

The Asian Studies minor is designed to give students a broad background in the philosophies, histories, arts, and politics of Asian cultures that particularly serves students interested in comparative cultural studies or careers in international business, government service, or teaching overseas. As world economies continue to globalize, with China, Taiwan, Japan, and other Asian regions playing central roles, it becomes increasingly important for the emerging workforce to have some knowledge of the diversity of Asian thought and social practices. The UTEP Asian Studies minor strives to fill this need.

Students must take nine hours of courses from the following list that constitutes the minor’s core. At least three disciplines must be represented by the core courses. The remaining nine hours may be taken from the core courses not taken to satisfy the core requirement or from the list of optional courses. No more than nine hours (total of core and optional) may be taken from any one discipline. No more than six hours may be taken from a student’s major area.

Asian Studies Core Courses: ASIA 3300; HIST 3330; PHIL 3340; POLS 3339; RS 3310

Asian Studies Optional Courses: ANTH 3306; ASIA 3350; ECON 4325; ENGL 3331 (when the topic is Asian literature); ENGL 3317; HIST 2301; HIST 2302; HIST 3324; HIST 3338; HIST 3339; HIST 3390 (when the focus is Africa); MGMT 4325; POLS 3332, POLS 3334, POLS 3360, POLS 4314, POLS 4330, POLS 4338, POLS 4348; POLS 4355; POLS 4364; POLS 4365; RS 3350 (when the focus is Asia).

Asian Studies (ASIA)

3300 Introduction to Asian Studies

An overview of central issues relevant to the study of East Asia, Southeast Asia, and other Asian regions through multidisciplinary approaches. Examines the interrelationships of history, policies, philosophy, religion, economics, and the arts to achieve this goal. May be team-taught. Prerequisite: Junior standing.

3350 Special Topics in Asian Studies

To accommodate special topics offerings from various departments on a proposal by proposal basis. May be repeated once for credit with the topic varies. Prerequisite: Junior standing.

Chicano Studies

The Chicano Studies minor offers students the choice of four options: Social Science, Humanities, Fine Arts, and Interdisciplinary. Specific requirements may be found under the Chicano Studies section of this Catalog.

Humanities

The minor in Humanities is offered through the Western Cultural Heritage Program. Specific requirements are listed under the Western Cultural Heritage section of this Catalog.

Inter-American Jewish Studies

A broad, flexible, interdisciplinary minor designed for undergraduates to gain an understanding of Jewish civilization and its creative and cultural experience. The minor which is non-theological in orientation, is an academic exploration of the multi-faceted, socio-historical, 4,000 year record of Jewish people. Courses taught in and cross-listed with the minor highlight the diversity of cultural, political, social, and religious experiences of Jewish people in different times and places. The minor is structured to provide an in-depth liberal arts education that will constitute a foundation for advanced academic study, professional careers in a variety of fields, and a more complex and rich understanding of the world. A key component of the minor is an examination of the rich cultural tradition of the Jewish people of Mexico and Latin America.

The Inter-American Jewish Studies Undergraduate Minor

- Complete 18 hours of advanced level courses (3300-4300) from the Inter-American Jewish Studies minor course offerings. This includes courses in Literature, Linguistics, Art, History, Philosophy, Border Studies, Religion, Music, Theater, Communication, Humanities and Western Cultural Heritage.
- In consultation with the director, students should design a proposal for a coherent course of studies.
- The proposal must be approved by the director and be on file in the office where the Inter-American Jewish Studies Minor is located in Hudspeth Hall room 214.

Jewish Studies (JS)

2300 Introduction to Jewish Studies (3-0)

An inter-disciplinary overview of the major themes, issues and contexts of Jewish studies. This course examines religious, historical, literary, sociological, and philosophical approaches to the study of the Jewish tradition. Readings may include religious texts, Bible commentary, Jewish philosophy, mysticism, Hasidism, Jewish literature, and contemporary Jewish thought. This course may be repeated for credit when the topic varies.

3300 Special Topics in Jewish Studies (3-0)

An inter-disciplinary examination of a particular theme or topic in Jewish studies. This course covers an area in Jewish studies for which no regular course is offered. The specific topic will be listed when the course is offered. This course may be repeated for credit when the topic varies.

3301 Theories in Jewish Studies (3-0)

Through the interdisciplinary perspectives of literary studies, history, sociology, and philosophy this course will survey the works of Jewish scholars and writers from antiquity to the present. This course will cover major theories of the Jewish experience from the Bible through Late Antiquity and the Middle Ages to modern and contemporary times. This course may be repeated for credit when the topic varies.

3310 Directed Study (0-0-3)

A directed program of independent readings and assignments for students who wish to investigate an area of Jewish studies not covered by regular course offerings. Under faculty supervision the student will be required to complete several short written assignments or one long, end-term research essay. This course requires the
Latin American and Border Studies

Minors are available in both Latin American Studies and in Border Studies; they provide a student with any other major the opportunity to take advantage of the University's rich resources in these areas. Specific requirements are listed in the Latin American Studies section.

Military Studies

The Military Studies minor is intended for students with an interest in the military as a social institution and in its policies and problems, not solely as reflected in formal military, air, or naval science instruction, but, particularly, as illuminated by the social sciences and humanities.

Students are required to complete a core course and to elect fifteen hours from among the optional courses. Not more than twelve hours of the optional courses may be selected from a single department; nor may a student elect courses from both Military Science and Aerospace Studies.

Core Course: HIST 3313

Optional Courses (15 hours): AS 3301, AS 3302, AS 4301, AS 4302; HIST 3305, HIST 3307, HIST 3308, HIST 3311, HIST 3312, HIST 3321, HIST 3324, HIST 3366, HIST 3374, MS 3301, MS 3302, MS 4301, MS 4302; POLS 3330, POLS 3332, POLS 3335, POLS 4330, POLS 4331; SOCI 3381; no more than one course from CS 1310, CS 1401, CS 1420, CIS 2315, CIS 2335, CIS 3345, or HSCI 3302.

Religious Studies

The Religious Studies minor is designed to provide an interdisciplinary framework within which students can take courses that explore the nature of religion and its impact on human culture, past and present. Courses are academic and non-sectarian in nature. Specific course listings and requirements may be found under Religious Studies.

Russian and Post-Communist Studies

The Russian and Post-Communist Studies minor is a broad, interdisciplinary plan designed to help acquaint students from any major with the Post-Soviet and East European world. It is especially recommended for students who plan advanced study in Russian and Post-Communist fields at the graduate level or who plan careers in business, education, or government agencies dealing with Russia and Post-Communist countries.

Core Courses: HIST 3332 or HIST 3333, POLS 4332 or POLS 4331; and one course chosen from RUSS 3301, RUSS 3350; ENGL 3381, ENGL 3382.

Optional Courses: HIST 2302, HIST 3369, or HIST 3374; POLS 4341; RUSS 3320; SOCI 3341; GEOG 1310.

Translation and Interpretation (Spanish/English)

The Translation and Interpretation Program is designed to provide qualified students with the opportunity to acquire skills in these fields. Translation Certificates in either Spanish or English or both will be awarded to those who pass professional level competency examinations. Consultation with the Program Coordinator is necessary for students to be admitted into the Program. Details of the Program are listed in the Languages and Linguistics section of this catalog.

Urban Studies

The Urban Studies minor is intended for students with an interest in urbanism as an institutional phenomenon and a social process. It is an appropriate supporting study for all humanities as well as social and behavioral science majors, and is particularly appropriate for students who are pursuing professions or vocations which are functionally dependent on urbanism.

Students are required to complete all three of the core courses and to elect nine hours from among the optional courses. Including both core and optional courses, no more than six hours may be taken from any one discipline.

Core Courses: ANTH 3315, POLS 3311, and SOCI 3303.

Optional Courses: POLS 3352, SOWK 3360, SOCI 3327, and, with the approval of the Urban Studies advisor, all special topics courses when the topic is related to urbanism.

Women's Studies

The Women's Studies Program provides a broad, interdisciplinary minor in which students can take course work to specialize in issues of gender and/or women. Specific requirements are listed under the Women's Studies section of this Catalog.

Teacher Certification

Primary and Middle Grades Certification

Incoming students who plan to teach in elementary or middle schools will ordinarily earn the Bachelor of Interdisciplinary Studies degree. These students are referred to the description of that degree contained in the Catalog section for the College of Education.

Students who have completed a degree offered in the College of Liberal Arts, or who plan to earn such a degree, should consult with the Education Advising Office in the College of Education concerning the requirements for certification to teach in the elementary or middle schools.

Secondary Certification

Certification program requirements for students seeking a BA in Mathematics are described in the Catalog section for the College of Science. Other certification programs in the sciences are also described in that section.

Certification for teaching in secondary schools is available in the following Liberal Arts fields: Communication, Dance, English, Language Arts and Reading, French, History, Social Studies, Spanish, and Theatre Arts. Students who plan to teach these subjects in the secondary schools will earn the Bachelor of Arts degree in the selected field after meeting all the requirements for that degree as described above and in the Catalog section for the department of the major. In order to meet TEA's certification requirements, courses must be selected in accordance with the following restrictions and recommendations:

1. 36 semester hours in the major field are required. 21 semester hours in the major must be upper-division courses. A GPA of 2.5 or higher is required in the major. In the case of some majors, specific courses are required for students seeking secondary certification. For further information, students should read the section of the Catalog that describes the requirements of the major department.

2. 12 semester hours of courses in a supporting field are required. The supporting field will ordinarily be in an area where the student is interested in developing a second teaching field.

3. The minor must be taken in Education. A GPA of 2.5 or higher is required in the minor.
Military Science courses are designed to afford the student an opportunity to become a commissioned officer in the U.S. Army. These courses provide leadership training and military skills training required of an Army officer. Army ROTC is open to all male and female students in all academic majors leading to a bachelor's degree. Specific courses and requirements are listed under the departmental section for Military Science.

The University Honors Program, now a campus-wide endeavor involving students from all the colleges, began as a Liberal Arts Honors Program. Even today it remains most closely allied with the humanities disciplines, fostering academic excellence as well as intellectual curiosity and debate, establishing meaningful faculty-student dialogue, and building a sense of scholarly community. Honors courses, taught by outstanding faculty and limited in size, have been offered by the departments of Communication, Criminal Justice, English, History, Languages and Linguistics, Music, Philosophy, Political Science, Psychology, Sociology/Anthropology, and Theatre Arts. Moreover, History, Political Science, and Psychology offer departmental honors upon completion of an Honors thesis. Besides enrolling in courses restricted to program participants, Honors students may avail themselves of options for independent study or Honors contracts, in which special projects are carried out under faculty supervision. Through its close alliance with the University Honors Program, the College of Liberal Arts strengthens its commitment toward providing students with the satisfaction of having exercised their intellectual capabilities to the fullest.

Minor in Education for the BA with Secondary Certification

Admission to professional teacher certification programs is required before enrollment in the courses. Students should contact the Advising Office in the College of Education or the Secondary Education Advisor in the College of Liberal Arts for details. (For Admission to Teacher Education requirements, refer to that section in the College of Education section of this catalog.) The following courses are required for the students in the Liberal Arts disciplines who are seeking secondary certification:

**Pre-Block:**
- 3 Credits: British Literature Survey
- 3 Credits: Literary Studies
- 3 Credits: Shakespeare
- 3 Credits: British Literature
- 6 Credits: American Literature Survey
- 3 Credits: Diverse Literatures
- 6 Credits: Language and Writing
- 6 Credits: Electives (Language, Reading, and Writing)
- 3 Credits: Theory and Practice

Specific courses that satisfy these credit requirements are listed in the English Department section of this catalog.

Before students are allowed to take the TExES test, they must successfully write a textual analysis essay. Students must also earn a minimum score of 80% on the practice TExES. For additional information on requirements for the TExES test, see the Department of English section of the catalog.

Graduate Studies

Graduate degrees are offered in most Liberal Arts disciplines, including Art, Communication, English, History, Interdisciplinary Studies, Linguistics, Music, Political Science, Psychology, Sociology, Spanish, Teaching English, and Theatre Arts. Details of graduate programs are contained in the Graduate Catalog and are available from individual departments and the Graduate School.

Special Programs

Aerospace Studies

The Aerospace Studies curriculum includes the Air Force ROTC education program taught at New Mexico State University, leading to a commission as second lieutenant in the Air Force. The Air Force ROTC Commissioning Program is open to all qualified male and female students in all academic majors leading to a bachelor's degree. Specific courses and requirements are listed under the departmental section for Aerospace Studies.

Honors

The University Honors Program, now a campus-wide endeavor involving students from all the colleges, began as a Liberal Arts Honors Program. Even today it remains most closely allied with the humanities disciplines, fostering academic excellence as well as intellectual curiosity and debate, establishing meaningful faculty-student dialogue, and building a sense of scholarly community. Honors courses, taught by outstanding faculty and limited in size, have been offered by the departments of Communication, Criminal Justice, English, History, Languages and Linguistics, Music, Philosophy, Political Science, Psychology, Sociology/Anthropology, and Theatre Arts. Moreover, History, Political Science, and Psychology offer departmental honors upon completion of an Honors thesis. Besides enrolling in courses restricted to program participants, Honors students may avail themselves of options for independent study or Honors contracts, in which special projects are carried out under faculty supervision. Through its close alliance with the University Honors Program, the College of Liberal Arts strengthens its commitment toward providing students with the satisfaction of having exercised their intellectual capabilities to the fullest.

Military Science

Military Science courses are designed to afford the student an opportunity to become a commissioned officer in the U.S. Army. These courses provide leadership training and military skills training required of an Army officer. Army ROTC is open to all male and female students in all academic majors leading to a bachelor's degree. Specific courses and requirements are listed under the departmental section for Military Science.
Pre-Law

UTEP is an excellent place to prepare for law school. Law schools seek well-trained graduates from all disciplines, including sciences, math, languages, social sciences, health sciences, business, education, and liberal arts. In selecting students, law schools are less interested in a student's major than in evidence that the student has well-developed analytical skills, writing skills, and skills in critical reading. Any course or major that helps students acquire these skills is appropriate for pre-law students. For more information, students should contact a pre-law advisor.

Minor in Legal Reasoning

This program is made available through the Law School Preparation Institute (LSPI). The program is designed for majors from all colleges. For students in the College of Liberal Arts, the program fulfills the requirement of a minor. The program allows students to study various aspects of the law and legal issues. Through the program, students become familiar with the reading, writing, and analytical skills necessary for law school and a career in the legal world. The program is valuable for students intending to apply to law school. Students are required to complete twelve hours of core courses and six hours of electives.

Core Courses (12 hours from the following):
- POLS 4322  Legal Reasoning or POLS 3322: Law and Society
- POLS 4325  Special Topics in Law & Politics or POLS 3340: Western Political Heritage I
- ENGL 3365  Advanced Composition and Rhetoric
- ENGL 3366  Advanced Composition II

Electives (6 hours from the following):
- BLAW 3301  Legal Environment of Business
- BLAW 4325  International Business Law
- CRJ 4311  Immigration Law and Administration
- ENGL 3359  Technical Writing
- HIST 3310  American Legal History
- HPHL 3305  Philosophy of Law
- POLS 3362  International Law and Politics
- PSYC 3315  Psychology and the Law

With approval of departmental or program advisors, appropriate special topics courses from any department or program

Western Cultural Heritage

The College of Liberal Arts offers a special sequence of interdisciplinary courses that can be used to fulfill the Block requirement in the Liberal Arts General Education Requirements. Details of these courses, the creation of which was facilitated by grants from the National Endowment for the Humanities, can be found under the Western Cultural Heritage section of this Catalog.
Aerospace Studies

The college Air Force Reserve Officer Training Corps (AFROTC) curriculum provides preprofessional preparation for future Air Force officers. It is designed to motivate and prepare college men and women for their initial active duty assignments as Air Force commissioned officers. The curriculum is designed to give the student an understanding of the military instrument of national power with emphasis on the United States Air Force and how it fits into American society. Inherent in course content and methodology are opportunities for the student to develop the capacity to think creatively, speak and write effectively, and lead and manage efficiently.

The Air Force ROTC Commissioning Program is open to all qualified male and female students in all academic majors leading to a bachelor's degree. The program is also open to graduate students. The program is divided into the General Military Course (Basic Course) and the Professional Officer Course (Advanced Course).

Scholarships

Four-year Scholarships
Air Force ROTC scholarships are available annually. These scholarships are awarded on a nationally competitive basis to high school graduates. Interested high school seniors should obtain application requests from their counselors and submit the request by December. Application forms are also available at the Aerospace Studies Program.

Two and Three-Year Scholarships
These scholarships are awarded on a nationally competitive basis to college students. Students, including those not enrolled in Aerospace Studies, may apply through the Aerospace Studies Program. Contact the detachment personnel for more information on these scholarships.

One-year Scholarships
Limited one-year scholarships are available for certain high demand majors. Contact the detachment personnel for more information on these scholarships.

General Military Course (GMC)
The first two years of Air Force ROTC (AS 1121-1122 and AS 2121-2122) form the basic course known as the GMC. Basic courses are normally taken during the freshman and sophomore years. There is no military obligation associated with basic courses and they count as free elective credit. Scholarships are available for qualified students. All GMC students with Air Force ROTC scholarships must complete one English composition course prior to completion of the first two years of the program. Students may also receive a monthly study stipend from $250-$300 if they qualify.

Professional Officer Course (POC)
The last two years (AS 3301-3302 and 4301-4302) form the advanced course known as the Professional Officer Course (POC). The POC normally requires two academic years to complete. The two academic years can be a combination of junior-senior, senior-graduate, or all graduate years. A one-year program may be offered for specific majors. Students must attend a four-week or a five-week summer orientation course. Advanced courses may be taken out of sequence. Students may also receive a monthly study stipend from $350-$400 if they qualify. Cadets also receive payment for the summer orientation course.

Leadership Training
This training is an integral and mandatory portion of the Aerospace Studies curriculum. Within the framework of the cadet wing, it provides a progression of experiences designed to develop each student's leadership potential and serves as an orientation to military life.

Course Information
For course descriptions, please click here and select Aerospace Studies (AS).
African American Studies

The African American Studies Program provides for individuals of all backgrounds a humanistic lens and course of study for analysis of the Black experience. Research, teaching, and related academic and social activities focus on African American history and culture and attendant complexities of "race" relations in Texas, the American southwest, the nation, and the Diaspora. The program's curriculum centers on the African American experience as it relates primarily to past, present, and future issues of (1) economic and business development; (2) leadership and service; (3) changing family structures and values; (4) gender politics; (5) the rapidly changing world of science and technology; and the importance of these issues in the local and global consciousness and behavior of African Americans and others of African descent. Students explore these issues using the interdisciplinary approach, comparative methodology, and computer literacy to acquire the critical thinking skills and knowledge for leadership, involvement in community development, preparation for graduate school, and to meet the personal and professional challenges of the 21st century.

Individuals minoring in African American Studies and mastering the subject matter acquire empowering knowledge and self-awareness with respect to race and ethnicity. They are equipped intellectually to become better citizens in their towns, cities, nations, and global communities based on their understanding and problem solving abilities when faced with the damaging and debilitating manifestations of bigotry, segregation, and other discordant "isms." Those seeking employment as teachers, ministers, engineers, scientists, musicians, athletes, aviators, scholars, public servants, social workers, filmmakers, and military personnel will find the African American Studies Program an excellent complement to their major course of study.

To earn a minor in African American Studies, students are required to complete the following core courses:

- AFST 2300 Introduction to African American Studies
- AFST 2301 Theories in African American Studies
- AFST 3390 Topics in African American Studies

With the permission of the director of the African American Studies Program and the chair of the relevant department, the student may substitute an independent study course for "Topics in African American Studies." If the option is selected, the student is strongly encouraged to do an independent study course in some aspect of local, regional, state, national, or global history impacting on the past or present lives of African Americans or their endeavors to envision new societal changes or improvements.

The final three courses for completion of the minor may be selected from the vast variety of General Courses that are listed below, provided that at least six hours are at the upper-division (3300-4300) level. The student is urged, however, to select at least one course that will combine both the major and minor fields of study to address a pertinent and pressing praxis problem in the history of African Americans or those of African descent; their interactions with other groups (Asians, Native Americans, Hispanics, or Anglos); or a national or global aspect of contemporary "race" relations issues. The student may also earn three credits by designing a practicum course that permits him or her to do field work in the community, nation, or a foreign country using cognitive skills, comparative methodologies, or theoretical perspectives acquired while minoring in African American Studies. In addition to the core courses, students may complete the minor by selecting from upper-level courses listed below.

General Courses

**College of Business Administration**

- Economics
  - ECON 3367 Economic Development

**College of Education**

- Early Childhood Education
  - ECED 4353 Play Development in Early Childhood

**Course Information**

For course descriptions, please click [here](#) and select African American Studies (AFST).
The Department of Art is dedicated to providing the highest quality education, professional presentation, and production in the Visual Arts. The Department will honor, maintain, and develop the traditions, history, and techniques of the Visual Arts with the purpose of contributing to the development of the contemporary state of the Arts for the University and the community at large.

Department of Art Mission Statement

The Department of Art offers a comprehensive program in the visual arts. Degrees awarded include the Bachelor of Fine Arts (BFA), the Bachelor of Arts (BA), and the Bachelor of Arts with All-Levels Teacher Certification. Students may choose majors in the following areas: Ceramics, Drawing, Graphic Design, Metals, Painting, Printmaking, and Sculpture. Studio Art and Art History minors are available to Liberal Arts BA and BFA students.

The Department of Art, located in the Fox Fine Arts Center and in Seamon Hall, has more than 30 professionally equipped studios. The Department’s facilities, including the Digital Arts studio; the Glass Gallery; and the Stanlee and Gerald Rubin Center for the Visual Arts, which includes three galleries and the Departmental lecture hall, are among the finest in the Southwest.

UTEP Art students have the opportunity to pursue studies in a rich and diverse curriculum comprised of advanced technologies, contemporary art practice, theory and criticism, and traditional crafts. With programs taught by distinguished faculty in art education, art history, ceramics, drawing, graphic design, metals, painting, printmaking, and sculpture, our students can explore a personal vision through virtually any medium via these nine disciplines.

The suggested class schedule for freshmen art majors is as follows:

First Semester: ARTF 1301 Basic Design I, ARTF 1302 Basic Drawing I, and ARTH 1305 History of World Art I, along with 3 to 6 additional credits required under the chosen degree plan.

Second Semester: ARTF 1303 Basic Design II, ARTF 1304 Basic Drawing II, and ARTH 1306 History of World Art II, along with 3 to 6 additional credits required under the chosen degree plan.

Bachelor of Fine Arts (a minimum of 120 semester hours)

For a complete degree plan, please click here and select “BFA in Art.”

Bachelor of Arts (120 semester hours)

For a complete degree plan, please click here and select “BA in Art.”

Bachelor of Arts with All-Levels Teacher Certification (a minimum of 120 semester hours)

For a complete degree plan, please click here and select “BA in Art” and indicate a secondary education minor.

Minor Degree Plans for Non-Art Majors

The Department of Art also offers Liberal Arts majors the opportunity to seek a minor in Studio Art or Art History.

Art History (18 hours)

ARTH 1305, ARTH 1306, and ARTH 2303 or ARTH 2313, plus 9 hours of upper-division (3300+) courses in Art History.
Ceramics (21 hours)

ARTF 1303*, ARTH 1306; CERM 2304, CERM 2314, CERM 3304, CERM 3314, and CERM 3324

* Students electing this minor must seek a prerequisite waiver from the Art Department for this course.

Drawing (21 hours)

ARTF 1302 and ARTF 1304; DRAW 2308, DRAW 2318, DRAW 3318, DRAW 3328 and DRAW 3338.

Graphic Design (24 hours)

ARTF 1301, ARTF 1302, and ARTF 1304; ARTG 2306, ARTG 2326, ARTG 3316, ARTG 3326 and ARTG 4306

Metals (18 hours)

ARTF 1303*; MTLS 2303, MTLS 2313, MTLS 3303, MTLS 3313, and MTLS 3323

* Students electing this minor must seek a prerequisite waiver from the Art Department for this course.

Painting (21 hours)

ARTH 1306, ARTH 2313; PTNG 2301, PTNG 2331, PNTG 3301, PNTG 3331, and PNTG 3341.

Printmaking (21 hours)

ARTF 1302 and ARTF 1304; PRNT 2305, PRNT 2325, PRNT 3305, PRNT 3325, and PRNT 3335

Sculpture (18 hours)

ARTF 1303*; SCUL 2302, SCUL 3302, SCUL 3332, SCUL 3342, and SCUL 4302

* Students electing this minor must seek a prerequisite waiver from the Art Department.

Chicano Studies offers a variety of courses from a number of disciplines. These courses are designed to impart knowledge about the Mexican-origin population, and its distribution in the U.S., its history, literature, culture, economic features, social issues, and language. Chicano Studies is designed to provide individuals with the opportunity to prepare for (1) careers in community development programs and teaching at all levels; (2) further study in the fields of the humanities, social science, law, and education; (3) advanced study in cultural, gender and American studies; and (4) professional studies such as law and health. All courses listed in this interdisciplinary program are open to students meeting the academic prerequisites. Students may start at the sophomore level. Credit may be counted toward:

1. An interdisciplinary minor in Chicano Studies (30 semester hours of core courses; see below)
2. A minor (18 hours): Social Science Option, Humanities Option, Fine Arts Option, and Interdisciplinary Option

Students desiring to pursue one of these programs should consult with the Chicano Studies Director to determine a course of study suitable to their interests and professional needs.

**Major in Chicano Studies (30 hours)**

For a complete degree plan, please click here and select “BA in Chicano Studies.”

**Minor in Chicano Studies (18 hours)**
For students with multiple interests, a minor in Chicano Studies may be pursued with another major. 18 hours are required to complete a minor, at least 12 of which must be upper-
division courses. Students have the choice of four options from which to choose:

Social Science Option (18 hours)
1. 3 CHIC 3311 (It is recommended that this course be taken first.)
2. 3 CHIC 4301, CHIC 4304; ANTH 3325, ARTH 3373, ARTH 3383; POLS 4313, POLS 4315; SOCI 3325; SPAN 3320, SPAN 3330
3. 12 CHIC 3301, CHIC 3303, CHIC 3304, CHIC 3339, CHIC 4304, CHIC 4306, CHIC 4307, CHIC 4350, CHIC 4450; ENGL 3374; POLS 4313, POLS 4315, POLS 4339, POLS 4370 (when topic is appropriate); SOWK 3328, SOWK 3336

Humanities Option (18 hours)
1. 3 CHIC 3311 (It is recommended that this course be taken first.)
2. 3 ARTH 3373, ARTH 3383; CHIC 3302, CHIC 4301; PHIL 2313; SPAN 3320, SPAN 3330
3. 12 CHIC 3301, CHIC 3303, CHIC 3304, CHIC 4307, CHIC 4350, CHIC 4450;
   ENGL 3310, ENGL 3374; HIST 3309, HIST 3328, HIST 3342, HIST 3390 (when topic is appropriate); PHIL 4353 (when topic is appropriate); SPAN 3325

Fine Arts Option (18 hours)
1. 3 CHIC 3311 (It is recommended that this course be taken first.)
2. 6 MUSL 1326, MUSL 3325; CHIC 3304; DANC 1140*, MUSA 1142*; KIN 2342 "DANC 1140 and MUSA 1142 may be repeated for credit. Only 3 credits of 1140 and 1142 (combined) may be applied toward the minor.
3. 3 ARTH 3353, ARTH 3363, ARTH 3373, ARTH 3383
4. 6 THEA 3335; CHIC 3302, CHIC 3303, CHIC 4307; SPAN 4390 (when topic is Spanish Cinema)

Interdisciplinary Option (18 hours)
1. 3 CHIC 3311 (It is recommended that this course be taken first.)
2. 3 ANTH 3325; ARTH 3373, ARTH 3383; CHIC 3302, CHIC 4301, CHIC 4304; PHIL 2313; POLS 4313, POLS 4315; SOCI 3325; SPAN 3320, SPAN 3330
3. 12 BED 4340; CHIC 3301, CHIC 3303, CHIC 3304, CHIC 3339, CHIC 4304, CHIC 4306, CHIC 4307, CHIC 4350, CHIC 4450 (when topic is appropriate); ENGL 3310, ENGL 3374; HIST 3309, POLS 4315; SPAN 3325; SOWK 3328, SOWK 3336, THEA 3335 (Students desiring to enroll in BED 4340 need to consult first with the Chicano Studies Adviser to obtain registration clearance.)

Core Courses

Anthropology
ANTH 3325 Chicanoos and Mexicans in the U.S.

Art History
ARTH 3353 Pre-Columbian Art and Architecture
ARTH 3363 Art in Mexico: Ancient to Modern
ARTH 3373 Contemporary Latin American and Chicano Art
ARTH 3383 Spanish Colonial and Modern Art of Mexico and the Borderlands

Bilingual Education
BED 4340 Principles of Bilingual Education/ESL (Students desiring to enroll in BED 4340 need to consult first with the Chicano Studies Adviser to obtain registration clearance.)

Chicano Studies
CHIC 3301 La Chicana
CHIC 3302 Chicano Cinema
CHIC 3303 The Border Image in Mexican Film
CHIC 3304 Chicano/Latino Music in the U.S.
CHIC 3311 Chicano Studies: Societal Issues
CHIC 3339 Cultural Diversity and Youth in the U.S.
CHIC 4301 Chicano Legal History
CHIC 4304 Environmental Justice and Minority Communities in the U.S.
CHIC 4306 Colonias on the U.S.-Mexico Border
CHIC 4307 Hispanic Entrepreneurship
CHIC 4350 Topics in Chicano Studies
CHIC 4450 Topics in Chicano Studies

Dance
DANC 1140 Ballet Folklorico

English
ENGL 3310 Chicanana Literature
ENGL 3374 Folklore of the Mexican American

History
HIST 3309 Mexican American History
HIST 3328 History of Hispanic Peoples in the United States
HIST 3342 The Spanish Borderlands
HIST 3350 The Mexican Revolution
HIST 3390 History Special Topics (when topic is appropriate; advisor’s approval required)

Kinesiology
KIN 2342 Spanish Dance

Applied Music
MUSA 1142 Mariachis

Music Literature and History
MUSL 1326 The Music of Mexico
MUSL 3325 Music on the Border

Philosophy

Communication

The Department of Communication affords students the opportunity to pursue a Bachelor of Arts degree in Communication. Five study concentrations are available: Communication Studies, Digital Media Production, Media Advertising, Organizational and Corporate Communication, and Print Media. In addition to taking core courses, each student completes requirements for his/her sequence, as well as six or nine hours of electives.

Degree Plans

For a complete degree plan, please click [here](#) and select your desired major.

Spanish Language Media Option

Students choosing to pursue this option must:

1. Demonstrate a proficiency in spoken and written Spanish through an acceptable score on an examination developed by representatives from the Departments of Communication and Languages and Linguistics. The examination would include objective questions (e.g. in grammar and vocabulary), as well as a writing sample.

2. Take the following existing courses, including bilingual sections of five courses listed below.

All students enrolled in the Spanish Language Media option will enroll in the bilingual section of COMM 2371, “Writing for the Mass Media.” Other course requirements in each major are provided below.

Spanish Language Print Media Concentration

Any upper-division course [except those included in sequence requirements for the Print Media major](#).

Minors

Minor in Communication (18 hours)

COMM 1370, 2371, 3371, and nine hours of upper-division Communication courses. A MINOR PROGRAM REQUEST FORM including departmental approval must be filed with the department.

Minor in Film Studies
The minor requires 18 semester hours of film courses, 12 of which must be advanced (3300-4300) level, including:

1. Required courses: THEA 1390, THEA 3390, and THEA 4390
2. Elective courses: THEA 2391, THEA 2396, THEA 3302, THEA 3303, THEA 3391, THEA 3393, THEA 3394, THEA 3395, SPAN 5303, ENGL 3302, PHIL 3325

**Minor in Screenwriting (Interdepartmental)**

Eighteen hours of course work, twelve hours of which are required and six of which are from a menu of options, from the Departments of Communication, English, and Theatre and Dance to train students in the art of writing for the cinema. Coursework culminates in the production of a short screenplay.

As a prerequisite to the program, students must take FILM 1390, Introduction to the Art of the Motion Picture, either as fulfillment of the Visual and Performing Arts Block of the Core Curriculum or as an elective. It is also recommended that students fulfill the Humanities Block of the Core Curriculum with ENGL 2314, Introduction to American Drama.

**Teacher Certification**

Students seeking the BA degree in Communication may choose a minor in secondary teacher education with certification in Journalism or Speech. The Print Media Concentration with a minor in secondary education will lead to certification in journalism. The Electronic Media Concentration will also lead to certification in Journalism, provided that COMM 3311, 3313, and 4311 are taken as part of the degree plan electives. The Communication Studies Concentration with a minor in secondary education will lead to certification in Speech.

**Course Information**

For course descriptions, please click here and select Communication (COMM) or Film (FILM).
Creative Writing

CHAIR: Johnny Payne

We offer a Bachelor’s in Creative Writing with a curriculum that combines literary studies with intensive writing workshops. We emphasize the rigorous study of literature alongside the acquisition of skills in the writing of fiction, poetry, essays, plays, screenplays and literary translation. As such, our degree plan strikes a balance between theory and practice, between critical and imaginative thinking. As students progress in their degree plan, they are free to place emphasis on or specialize in the study and writing of a specific genre. Another feature of our undergraduate degree is the possibility for qualified students to write a creative honors thesis. This is a chance for students to work closely with faculty on a culminating project, in a way that is usually only possible for graduate students. Our faculty is comprised of well-published, active writers who also have a passion for teaching. We believe in closely mentoring our students to give them a quality experience as writers in the making.

Bachelor of Arts in Creative Writing (120 credit hours)

For a complete degree plan, please click here and select “BA in Creative Writing.”

Honors Thesis Sequence Students

After completion of the Creative Writing sequence courses, students may apply for acceptance into the honors thesis program. Requires a 3.0 minimum GPA in the major. If accepted, students will replace one upper-division literature course with an Honors Thesis course, to be taken in their final semester as an undergraduate. They will be required to produce a creative thesis manuscript. Qualified students who are accepted into the honors option may choose to write a thesis in Spanish. The instructor of the Honors Seminar will be the first reader of all theses for that year, and will enlist a second reader for each from the remaining faculty or allied faculty.

CRW 4306 Honors Seminar
Total Major Hours: 30 (sophomore and upper-level)

Minor in Secondary Education for students majoring in Creative Writing

Students will follow the requirements of the School of Education. However, they are expected to take CRW 3376, Teaching Creative Writing as their pedagogy course within that major.

Minor in Creative Writing (18 hours, at least nine in upper-division) intended for students not majoring in Creative Writing

| ENGL 3341 | History of Form I (3 hours) |
| ENGL 3342 | History of Form II (3 hours) |
| CRW 3362  | Introduction to Creative Writing (3 hours) |
| Any three CRW courses taken from the following list (all 3 hours): |
| CRW 3371  | Reading and Writing Fiction |
| CRW 3372  | Reading and Writing Poetry |
| CRW 3373  | Writing in Society |
| CRW 3374  | Narrative Technique |
| CRW 3375  | Poetics |
| CRW 4301  | Playwriting |
| CRW 4302  | Screenwriting |
| CRW 4303  | Non-Fiction |
| CRW 4304  | Literary Translation |

Total Minor Hours: 18

Criminal Justice

101 Jack Vowell Hall
(915) 747-7943
crimjust@utep.edu

DIRECTOR: S. Fernando Rodriguez

PROFESSORS: Daudistel, Graves, Hosch, Malpass, Wood

ASSOCIATE PROFESSORS: Curry, Rodriguez

ASSISTANT PROFESSORS: Lee, Meissner

LECTURERS: Adcox, Alvarez, Eastman, Given, Goldstein, Leverton, Millan, Pokluda, Shannon, Velasquez, Wiles, Zamora

The Criminal Justice Program offers an interdisciplinary major leading toward a BA degree designed to provide students with a broad social science background for understanding crime, criminal behavior, and the criminal justice system and to offer the opportunity to prepare for a professional career in criminal justice.

Requirements for the BA Degree in Criminal Justice

For a complete degree plan, please click here and select “BA in Criminal Justice.”

Minor in Criminal Justice

Students who wish to minor in Criminal Justice should complete CRU 1301, CRU 1306, CRU 2313, CRU 2328, CRU 3300, and CRU 3313 for a total of 18 semester hours.

Course Information

For course descriptions, please click here and select Criminal Justice (CRU).
English

CHAIRPERSON: David Ruiter

PROFESSORS EMERITI: Tommy Boley, Robert Northcutt Burlingame, Lillian Collingwood, Rick DeMarinis, Robert Esch, Joseph Leach, James Mortensen, Gail Mortimer, Joan Phelan Quarm, Ray Smail, Walter Taylor, Maureen Potts Thompson, Leslie Ulman, John West

PROFESSORS: Armitage, Gladstein, Mangelsdorf, Meyers, Polette, Posey, Stafford

ASSOCIATE PROFESSORS: Abarca, Cappel, Clark, Dick, Fredericksen, Foster, Johnson, Lawson, Marchino, Polette, Ruiter, Scenters-Zapico, Schmid

ASSISTANT PROFESSORS: Baca, Brunk-Chavez, Carter, Gunn, Jayasuriya, Mansfield-Kelley, Perrillo, Rohrleitner, Salinas, Ward, Yothers

LECTURERS: Armendariz, Bronner, Cason, Fourzan, Gilden, Miller, Montoya, Mullins, Palmer, Robison, Thompson, Varela

Undergraduate Degree Requirements

Requirements for all undergraduate degrees from The University of Texas at El Paso include successful completion of ENGL 1312 or 1313 (or ESOL 1312). Course work toward this goal consists of a three-step program to develop college-level competence in composition, rhetoric, and research procedures. This program is designed to provide students with the skills in language and communication which they will need for the remainder of their undergraduate careers and for professional achievement in their selected fields following graduation.

Students place into a first-year composition course by virtue of their placement test scores. Students should be enrolled in a composition course every semester until they complete the first-year composition sequence. All students must present test scores for placement in the first-year composition program. For information in this catalog concerning placement into the proper freshman composition courses, students should refer to the University College section, under Student Assessment and Testing.

Developmental English Program

The Developmental English Program prepares students for the first-year composition sequence. The program consists of ENGL 0111, 0310, and 0311. The program is located in Education 205; the phone number is (915) 747-5693.

English Degree Majors

For complete degree plans, please click here and select “BA in English” or “BA in English and American Literature.”

Teacher Certification

Students seeking secondary certification in English must complete the B.A. requirements as described above. Certification requires 36 semester hours of courses in the major as described in the Liberal Arts section of this catalog. Students should note that ENGL 4355 may not be counted as part of the major since it is required for the minor in Education. For further information on requirements for certification, students should refer to the catalog sections for the College of Liberal Arts and the College of Education.

Minors in English

There are three options for the minor in English, each of which requires the completion of 18 advanced hours:

1. Literature–3 hours, British Literature before 1800; 3 hours, British Literature since 1800; 3 hours, American Literature; plus 9 elective hours in literature courses. (Note: ENGL 2311 and/or 2312 may be counted in the minor, but the remaining hours must be advanced hours.)

2. Composite–The students may elect to concentrate on a specific field such as Folklore, American Studies, Ethnic Studies, or Dramatic Literature, or may elect a more varied course of study. Students selecting this minor should consult with the director of the program in which they intend to complete most of their course work.

3. Professional Writing and Rhetoric–Required Courses (9 hours): ENGL 3359 Technical Writing (ENGL 3355 Workplace Writing may be substituted for English 3359 with permission of PWR Program Director), ENGL 3365 Advanced Composition and Rhetoric, ENGL 4300 Senior Writing Practicum. Elective Courses (9 hours): ENGL 3303 Grammar and Writing, ENGL 3355 Workplace Writing, ENGL 3357 Computers and Writing, ENGL 3358 Special Topics in Writing, or other writing-intensive courses as approved by the Director of Professional Writing and Rhetoric.

Bilingual Professional Writing Certificate

Students in any major who have some fluency in both English and Spanish are eligible to pursue certification. They are required to pass, with a "B" or better, a combination of two English classes and two Translation classes in the Department of Languages and Linguistics. They then pass an exit exam to receive the certificate. For further information, consult either the Department of English or the Department of Languages and Linguistics.

Course Information

For course descriptions, please click here and select English (ENGL).
History

CHAIRPERSON: Paul Edison

PROFESSORS EMERITI: Kenneth K. Bailey, Robert Righter, Kenneth B. Shover,

PROFESSORS: Ambler, Deutsch, Jackson, Kawashima, C.E. Martin, McGee,

ASSISTANT PROFESSORS: Arenson, Erekson, Fan, Lightfoot, Schiavone-Camacho, Shepherd

B.A. Degree in History

For a complete degree plan, please click here and select “BA in History.”

Departmental Honors

A candidate for departmental honors in History must have demonstrated ability in history, must normally have a grade point average (GPA) of 3.5 in history and 3.0 overall by the end of the junior year, and must maintain these averages until graduation. To graduate with Departmental Honors, a student must satisfactorily complete an honors thesis, which will be judged by a thesis committee. A candidate for Departmental Honors must request approval of candidacy during the second semester of the junior year. The Department reserves the right to accept or reject any student, taking into consideration the number of applicants, availability of faculty, and competence of individual students. Once accepted, the honors candidate will enroll in HIST 4390 during both semesters of the senior year, accumulating a total of 6 hours of 4390 credit on completion of the honors program. Students can contact the chairperson or the undergraduate advisor for further information.

Minor in History

Students wishing to minor in History are required to complete HIST 2301 and 2302, plus 12 hours of advanced (3300-4300 level) courses in History. The 12 hours of advanced courses must include courses from at least two of the history fields.

Teacher Certification

Students seeking secondary school certification in History may choose from two different degree options. Under the first plan, students will follow the requirements for the history major as outlined above and complete a minor in secondary education. HIST 3317 and 4330 are required for this track, which will lead to certification specifically in History. Under the second plan, which combines History with social studies, students will take a modified list of history courses including HIST 3317, 4325, and 4330. They must also take ECON 2303 and 2304, GEOG 1306 and 1310 (also available as ANTH 1310 and SOCI 1310), and two upper-division Political Science courses. This curriculum will lead to certification in History, Economics, Geography and Political Science. For further information on requirements for certification, students can refer to the catalog sections for the College of Liberal Arts and the College of Education. Students interested in either of these certification options should consult with an undergraduate advisor in the Department of History, the College of Liberal Arts advisor for secondary education certification, or the College of Education.

Course Information

For course descriptions, please click here and select History (HIST).
Languages and Linguistics

CHAIR: Kirsten F. Nigro

PROFESSORS EMERITI: Richard Ford, Arturo Pérez

PROFESSORS: Amastae, Elerick, García, Louden, Natalicio, Nigro, Sobin, Teschner

ASSOCIATE PROFESSORS EMERITA: Sandra Beyer, Eleanor Greet Cotton

ASSOCIATE PROFESSOR EMERITUS: Frederick Kluck

ASSOCIATE PROFESSORS: Armengol, Garabano

ASSISTANT PROFESSORS: Blume, Courtney, Evans, Jacobson, Pérez del Solar, Urzúa

LECTURERS: Avila, Fontaine, Enríquez, Gámez, Izadi, Jenerett-Ware, Khatib, Nodjimbadem, Schmidt, Suárez

Major in Languages

B.A. Degree

Students may earn a BA in French or Spanish. For complete degree plans, please click here and select your desired major.

Minor in Languages

The basic requirement is 16 hours in a language, at least 12 of which must be advanced (3300-4300) level. SPAN 3357 is required for the Spanish minor.

Major in Linguistics

B.A. Degree

For a complete degree plan, please click here and select “BA in Linguistics.”

Linguistics and Speech-Language Pathology

Students seeking admission to the Master of Science in Speech-Language Pathology may become qualified applicants to that program by pursuing the B.A. in Linguistics in combination with the Liberal Arts minor in Speech-Language Pathology. Refer to this minor in the list of Liberal Arts minors. These students will be jointly advised by Linguistics and Speech-Language Pathology.

Minor in Linguistics

LING 2320, and either LING 3301 or LING 3302, and (1) an additional 12 semester hours in Linguistics courses at the 3000-4000 level, or (2) an additional nine semester hours in Linguistics courses at the 3000-4000 level plus LING 2322.

Placement Examinations

Spanish

Courses at the elementary and intermediate level in Spanish are of two types: Spanish for Non-Native Speakers (SPAN 1301-1302-2301-2302) and Spanish for Spanish Speakers (SPAN 2303-2304). Students with no knowledge or very little knowledge of Spanish will register for SPAN 1301. Those who have acquired a significant knowledge of the language (by taking two or more years of high school Spanish) are strongly urged to take the Placement Exam. Those who know Spanish by virtue of using it with family or friends MUST take the Spanish Placement Exam before enrolling. The Placement Exam is offered by the Student Assessment and Testing Office, 127 Academic Advising Center (915-747-5009 for schedule). The Department of Languages and Linguistics reserves the right to rectify errors in placement caused by a student's failure to observe these guidelines, including the option to drop a student enrolled in an inappropriate course. Students who take the Placement Exam and place out of one or more courses will receive equivalent credit upon completion, with a grade of "C" or better, of the course into which they have placed. No credit is granted by examination only. For further information, including information about the CLEP and AP exams, students should consult the Spanish advisor.

French

Students who have acquired a significant knowledge of French through high school study (usually two years or more) or by some other means are urged to take the French Placement Exam before enrolling. The Exam is offered by the Student Assessment and Testing Office, 127 Academic Advising Center (915-747-5009 for schedule). The Department of Languages and Linguistics reserves the right to rectify errors in placement caused by a student's failure to observe these guidelines, including the option to drop a student enrolled in an inappropriate course. Students who take the Placement Exam and place out of one or more courses will receive equivalent credit upon completion, with a grade of "C" or better, of the course into which they have placed. No credit is granted by examination only. For further information, including information about the CLEP and AP exams, students should consult the French advisor.
Latin, Portuguese, and German

Students who have acquired a significant knowledge of any of these languages through high school study (usually two years or more) or by some other means are urged to consult the department's placement director for advising. Students with no or inadequate knowledge of either of these languages should enroll in the first-semester course.

ESOL

A placement exam is required of all students who were admitted based on TOEFL (less than 600) or PAA scores. Information about testing schedules is available from the Student Assessment and Testing Office (915-747-5009).

Teacher Certification

Programs, which combine the BA degree with secondary certification, are available in French and Spanish. An endorsement is also available for ESL. Several Linguistics/Spanish courses are required for certification in Bilingual Education. Interested students must consult with the departmental undergraduate advisor. Certification for secondary teaching in the following three areas requires the courses listed.

Secondary certification in French requires 36 hours in the major (which may include FREN 1301, FREN 1302, FREN 2301, and FREN 2302). FREN 3301 or FREN 3303 and FREN 3357 are required; FREN 3320 is highly recommended. FREN 3305 and FREN 3355 are recommended for students who are not native speakers of French. Note that FREN 4301 may not be counted as part of the major since it is a required course for the minor in Education. In addition, a passing score on the Texas Oral Proficiency Test (TOPT) is required for certification.

Spanish

All requirements for the BA degree, as described above, must be met. Secondary certification requires 36 hours in the major (which may include SPAN 1301, SPAN 1302; and SPAN 2301 and SPAN 2302 or SPAN 2303 and SPAN 2304). Note that SPAN 4301 may not be counted as part of the major since it is a required course for the minor in Education. In addition, a passing score on the Texas Oral Proficiency Test (TOPT) is required for certification.

Approved supporting fields for languages are any other language or the 12 hours of course work approved for the ESL endorsement. For further information on certification requirements, students should consult the catalog sections for the College of Liberal Arts and the College of Education.

Bilingual Professional Writing Certificate

Students in any major who have some fluency in both English and Spanish are eligible to pursue certification. They are required to pass, with a "B" or better, a combination of two English classes and two Translation classes. They then pass an exit exam to receive the certificate. For further information, consult either the Department of English or the Department of Languages and Linguistics.

Translation and Interpretation Program

The program in Spanish-English, English-Spanish translation is designed to complement any academic major and to provide qualified students with the opportunity to acquire skill and experience in translating and interpreting. It may be taken as a minor to satisfy the BA degree requirements of the College of Liberal Arts. Students will receive instruction primarily in the practice of translation, including utilization of available resource materials, but will also examine translation theory and issues of professional ethics and responsibilities. A second objective of the program is to develop students' writing ability in both English and Spanish. Students normally begin with TRAN 3359 and then take senior-level classes. Those who wish to take 4300-level classes must consult the Program Coordinator.

Program participants who have completed at least two (2) semesters of work in translation are eligible to take professional-level certification examinations, either English to Spanish or Spanish to English or both. Translation Certificates will be awarded to those who demonstrate professional-level competency in this manner. Students should consult the Program Coordinator for additional information about certification testing.

The Minor in Translation will consist of 18 hours, which includes TRAN 4390 and five courses chosen from the following: TRAN 3359, TRAN 4381, TRAN 4382, TRAN 4383, TRAN 4384, and TRAN 4389.

PROGRAM ACADEMIC ADVISOR: Meredith Abarca

The program in Latin American/Border Studies (LABS) is designed to play a critical role in the fulfillment of UTEP's institutional mission, which includes providing students with perspectives based on UTEP's geographic and social setting, thereby contributing to the formation of a broader intellectual and artistic foundation for the 21st Century and to the search for solutions to regional, national, and international problems. UTEP’s location in the largest urban center on the U.S.-Mexico border provides a unique opportunity for understanding the modern world through an immediate and concrete experience in the study of Latin America, and for development of a comprehensive view of the Americas and the ways in which different parts of the Americas interact at various points of contact, including the U.S.-Mexico border. The program includes study of Latin America and of the Border as the zone of expanding connections and fusions between North and South America.

B.A. in Latin American and Border Studies

The Latin American Studies degree is an interdisciplinary major consisting of interrelated fields designed to provide students with the opportunity to prepare themselves for appropriate employment in business, government, or education or for advanced study in a Latin American area at the graduate level. In addition to the regular academic program, lectures, special seminars, and other Latin American resource opportunities are provided. Students should contact the Center for Inter-American and Border Studies to establish contact with our program advisor.

In addition to fulfilling the general requirements for the Bachelor of Arts degree, the student must complete 30 hours of credit toward the major. In order to provide flexibility and relevance in the program, the program includes an 18 hour core and a 12 hour disciplinary component, focusing on either Latin America or the Border.

Students may satisfy the language requirement by successfully completing SPAN 2301 and SPAN 2302 (for non-native speakers) or SPAN 2303 and SPAN 2304 (for native speakers), or by completing PORT 2301 and PORT 2302. This requirement may be waived upon successful completion of an approved competency examination. If the requirement is waived, students must complete one of the following: SPAN 3320 Hispanic Civilization (recommended for students relatively fluent in the language), SPAN 3355 Advanced Conversation, SPAN 3356 Advanced Conversation for Native Speakers, or SPAN 3357 Advanced Composition (recommended for students needing enhancement of either oral or writing skills).

For a complete degree plan, please click [here] and select “BA in Latin American and Border Studies.”

Minor in Latin American/Border Studies

The minor in Latin American/Border Studies is structured to serve as a complement for the widest possible variety of major fields and thus prepare students for careers in business, industry, government, education, public service, research, law, health, as well as the demands of citizenship in a complex, inter-related world. The minor includes courses that are broadly integrating and problem-based as well as courses that are more narrowly focused. It is envisioned as a means for integrating the specialized majors with a cross-disciplinary and international context.

The 18-hour minor in LABS may be combined with any major. It includes the following requirements:

- 3 hours, SPAN 2302, SPAN 2304. This requirement may be waived upon successful completion of an approved competency examination.
- LABS 3300 The Americas
- 12 hours of electives in courses of Latin American or Border content, selected with the approval of the Latin American/Border Studies Advisor. These electives are designed to provide appropriate complements to the student’s major, thereby adding the perspectives of disciplinary breadth and a Latin American/Border perspective.
The Center for Inter-American and Border Studies at the University of Texas at El Paso offers an online Border Studies Certificate program through the UT Telecampus. It consists of three courses that can be taken for undergraduate academic credit, or for non-credit, professional development. The courses provide an integrating view of the US-Mexico border, along with an emphasis on border culture and on the institutions, mechanisms, problems, and solutions of border governance.

The program is designed for working professionals in fields in which knowledge of the border is desirable, including business, political science, criminal justice/law enforcement, education, health, environmental studies, social work, and public administration. The program is also beneficial to undergraduate students enrolled in these same areas, particularly those with aspirations in professional or graduate programs in law, medicine and health, industry and business.

Students completing the program will possess useful knowledge concerning the history of many border problems as well as knowledge of the institutional means for dealing with them. The program develops practical knowledge of the workings of cross-border interactions, as well as strategies that can be used to improve professional (commercial and public) interactions.

For more information, consult the UT Telecampus website at www.telecampus.utsystem.edu.

Military Science

107 Military Science Building
(915) 747-5621
mmcanfield@utep.edu

CHAIRPERSON: LTC Matthew M. Canfield

Courses offered by this department are designed to offer qualified students an opportunity to become a commissioned Army officer. The curriculum provides opportunities for leadership training and experience that are not duplicated in other college courses. Instruction encourages the development of resource management skills, self-assurance, confidence, personal discipline, executive abilities, personal responsibility, professional ethics, physical stamina, bearing, and other fundamental qualities required of an Army officer. These same qualities will enhance any civilian career.

The first two years (MS I and MS II) comprise the Basic Course which offers an introduction to Military and Confidence Building Skills, First Aid and Survival Skills, Land Navigation, and Leadership Assessment and Managerial Skills. Basic Courses are normally taken during the freshman and sophomore years without any military obligation. The last two years (MS III and MS IV) constitute the Advanced Course and are normally taken during the student's junior and senior years. All MS courses require a non-credit Leadership Lab. Additionally, Advanced Course students are required to satisfactorily complete selected courses in Written Communication, Human Behavior, Computer Literacy, Math Reasoning, and Military History prior to commissioning.

Eligibility

Basic Course

Enrollment in the Basic Course is open to all students at any academic level. Credit for all or part of the Basic Course may be granted by the Professor of Military Science (PMS) for participation in high school ROTC or for active military service of four or more months. This is done on a case-by-case basis.

Two-Year Program

Students who did not enroll in the Basic Course, or who cannot be given credit for the Basic Course by virtue of active military service or participation in Junior ROTC (high school), may qualify for the Advanced Course by attending a four-week summer training course (Leaders' Training Course, located at Fort Knox, Kentucky). Applicants for the camp should visit the Department of Military Science no later than May 1st to obtain application forms and schedule a physical examination. Students must have a minimum of four semesters remaining prior to completion of a baccalaureate or advanced degree.

Advanced Course

Admission requires approval of the PMS based on medical fitness, an acceptable degree plan, a cumulative GPA of 2.0 or higher, and military qualification under one of the following plans:

1. Prior military service
2. Completion of the Basic Course requiring MS 1101, 1103, 2202, and 2204
3. Completion of Leaders' Training Course at Fort Knox, Kentucky
4. Junior ROTC-advanced placement (approved on an individual basis by the PMS)

The student is required to sign a contract with the U.S. government to accept a commission in the Army or Army Reserve upon graduation.

Scholarships

Four-Year Scholarships

Army ROTC scholarships are available annually. These scholarships are awarded on a nationally competitive basis to high school graduates. Interested high school seniors should obtain application requests from their counselors and submit the request by January 1st. Application forms are also available at the Military Science Department. Students majoring in nursing may apply for dedicated nursing scholarships.

Three-Year Scholarships

The Professor of Military Science awards these scholarships to college freshmen. Freshmen, including those not enrolled in Military Science, may apply through the Military Science Department. Applications may be submitted from mid-November through mid-April. Nursing students may apply for a three-year dedicated nursing scholarship.

Two-Year Scholarships

The Professor of Military Science awards these scholarships to college sophomores. Sophomores who have not been in ROTC must attend Summer Camp at Fort Knox, Kentucky where they will receive the "hands on" foundation of the basic ROTC course. Applications may be submitted from mid-November through the end of May.

Pay and Allowances

All students enrolled in Army ROTC are furnished uniforms, textbooks, and equipment on a loan basis. All advanced course cadets are paid $450 per month during the Junior year and $500 during the Senior year, for a maximum of ten months, excluding the five-week Advanced Leadership Course. The U.S. Government pays the tuition, required fees, textbooks, and essential classroom supplies for Army ROTC scholarship students. Additionally, four-year and three-year ROTC scholarship recipients are paid $300-350 per month during the fall and spring semesters of their freshman and sophomore years.
Additional Programs

Qualified cadets may attend Airborne School, Air Assault School, Cadet Field Training, Drill Cadet Leader Training, Mounted Maneuver Training, Army Science Board, Northern Welfare Cadet Orientation, Combat Survival Training, United Officer Training, and ROTC nurse summer training. Additionally, Advanced Course cadets may attend Cadet Troop Leadership Training (CTLT), serving a two to three-week tour with an active Army unit upon completion of the National Advanced Leadership Camp.

Commissions Offered

Upon successful completion of all Military Science studies and requirements for a baccalaureate degree, a cadet is awarded a commission as a Second Lieutenant in the United States Army or Army Reserve/National Guard and may be required to serve on active duty not to exceed three years (four years for ROTC scholarship students). Since UTEP offers a general Military Science curriculum, a commission in most branches of the Army is possible. Following graduation, newly commissioned officers are sent to an Officer Basic Course (OBC) to qualify for a specific branch, and then complete a tour of active duty through a variety of challenging assignments. Reserve officers return to a local Reserve unit upon completion of OBC. Active duty can be delayed for those students who wish to pursue graduate studies leading to a master’s degree, law degree, medical degree, or others.

OBC. Active duty can be delayed for those students who wish to pursue graduate studies leading to a master's degree, law degree, medical degree, or others. Additionally, four-year and three-year ROTC scholarship recipients are paid $300-350 per month during the fall and spring semesters of their freshman and sophomore years.
An in-depth examination of the profession of arms as it relates to military ethics and professionalism and the national security system. Provides the opportunity to develop executive leadership and managerial skills associated with their attendant functions such as planning and analysis; training management; Command and Staff relationships; personnel, fiscal, and logistics management. Concurrently the MS IV student is placed in leadership, managerial, and instructional roles within an Army Command and Staff framework, and is required to exercise those skills in day-to-day operations. Prerequisites: MS 3301, MS 3302, and PMS approval.

Elective Courses

1113 Marksmanship (0-3)
An extensive skill course emphasizing the techniques of marksmanship and the firing of .22 caliber rifles, pistols, and match-grade air rifles. No military obligation. Laboratory fee required.

1116 Marksmanship (Advanced) (0-3)
An intensive, advanced skill course emphasizing the techniques of competitive marksmanship with match-grade .22 caliber rifles. May be repeated for credit. No military obligation. Prerequisites: MS 1113 and department approval. Laboratory fee required.

1199 Civilian and Military Leadership (1-0)
A study of leadership principles with an emphasis on leadership dynamics, ethics, decision-making skills, and effective methods of communication. Effective management and leadership skills will be studied through the use of historical case study and practical exercises.

3313 U.S. Military History (3-0)
A study of United States military history from colonial times to present. The course begins with an overview of military doctrine and terminology and will then consider the origins of the U.S. military system. Discussions will focus on the evolution of warfare, the progression of military professionalism and contemporary military affairs to include joint operations. Open to all UTEP students.
Music

CHAIRPERSON: Lowell Graham
PROFESSOR EMERITUS: Arvyl Paul; Hugh Cardon
PROFESSORS: Fountain, Graham, Hufstader, Ross, White
VISITING ASSISTANT PROFESSORS: Siqueiros
LECTURERS: Gutierrez, Haddad, Han, Walker

The Department of Music offers programs leading toward the Bachelor of Music (BM) degree in three major fields of Music Education; General Studies with Teacher Certification, Performance, and Theory and Composition. In addition, a Bachelor of Fine Arts in Music Theater is offered jointly by the Music and Theater and Dance Departments. Information about this program is found in the Liberal Arts Interdisciplinary Studies section of this catalog.

Majors in Performance

Performance majors may select orchestra/band instruments, keyboard instruments, keyboard performance/pedagogy, voice or guitar, as a concentration within the major.

For complete degree plans, please click here and select “Bachelor of Music, Performance.”

Major in Music Theatre

Students should refer to the Liberal Arts Interdisciplinary Program section for degree requirements.

Major in Theory and Composition

For a complete degree plan, please click here and select “Bachelor of Music, Theory and Composition.”

Major in General Music with Teacher Certification

For a complete degree plan, please click here and select “Bachelor of Music, General” and indicate an education minor.

Minor in Music

Students pursuing the BA degree in another discipline may minor in music, with either an applied music or an academic music option. Some background in music is required and the student will take placement tests in both theory and applied music.

For the Applied Music Option

2 hours (2 semesters) participation in band, choir, or orchestra depending on area
4 semesters of MUSA 1091 Recital
4 hours (4 semesters) MUSA 1195 Individual instruction, lower level
9 hours (3 semesters) MUSA 3391 Individual instruction, upper level
MUSL 1321 Introduction to Music History

For the Academic Music Option

Music Theory: MUST 1313, MUST 1314, and MUST 1111, MUST 1112
Music History/Literature: MUSL 1321, MUSL 3321, and MUSL 3322

Course Information

For course descriptions, please click here and select Applied Music (MUSA), Music Education (MUSE), Music Literature and History (MUSL), or Music Theory (MUST).
Philosophy

203 Worrell Hall
(915) 747-6617
philos@utep.edu

CHAIRPERSON: Jules Simon
ASSOCIATE PROFESSOR EMERITUS: Peter Robinson
PROFESSOR: Haddox
ASSOCIATE PROFESSORS: Best, Springer, Simon, Symons
ASSISTANT PROFESSOR: Ferret, Garbayo

Bachelor of Arts in Philosophy Degree

The requirements for a Bachelor of Arts in Philosophy are 30 semester hours of philosophy courses, 21 hours of which are advanced (3300-4300) and 3 hours of which are at the lower level.

For a degree plan, please click here and select “Bachelor of Arts in Philosophy.”

Minor in Philosophy

The requirements for a minor in Philosophy are 18 semester hours of Philosophy of which 9 are advanced (3300-4300). The following courses are required: PHIL 3314, PHIL 3317, PHIL 3335, and either PHIL 4351 or PHIL 4352.

Course Information

For course descriptions, please click here and select Philosophy (PHIL).
Political Science

CHAIRPERSON: Gregory Schmidt
PROFESSORS EMERITI: C. Richard Bath, Howard D. Neighbor, Roberto E. Villarreal
ASSOCIATE PROFESSOR EMERITUS: Thomas J. Price
PROFESSORS: Graves, Kruszewski, Schmidt, Staudt, Webking
ASSOCIATE PROFESSORS: Boehner, Coronado, Genna, Payan, Rocha, Weaver
ASSISTANT PROFESSORS: Hiroi

Major in Political Science

In addition to POLS 2310-POLS 2311, the major requires 27 semester hours in Political Science, including POLS 2312, which should be taken in the sophomore year. At least one course must be taken in three of the following subfields: American Political Behavior and Institutions, Law and Politics, International Relations, Comparative Politics, Political Thought and Theory, and Public Administration. Each major must also complete a minor of at least 18 hours. The minor may be from another liberal arts discipline, from approved inter-disciplinary minors, or from approved disciplines in other colleges, and should be selected in consultation with the departmental undergraduate advisor.

For a degree plan, please click [here](https://academics.utep.edu/politicalscience) and select “Bachelor of Arts in Political Science.”

Minors in Political Science

Three options are available to students majoring in other disciplines:

**Political Science** - 18 hours, including POLS 2312, one advanced course in each of three of the six subfields, and 6 additional hours in Political Science.

**Comparative and International Politics** - 18 hours, including POLS 3360, POLS 3339, and 12 advanced hours from the subfields.

**Public Administration** - 18 hours, including POLS 3350, POLS 3352, and POLS 4354 and 3 courses from POLS 3311, POLS 3351, POLS 3352, POLS 4310, POLS 4355, and POLS 3354.

European Studies Concentration

For students who wish to complete an education in European Studies that is more thorough and rigorous than a minor, the Department of Political Science offers a major in Political Science with a concentration in European Studies. Students wishing to take advantage of this concentration should follow this plan:

1. Major in Political Science and include in the courses used to satisfy the requirements for the major POLS 3360, POLS 3332, POLS 3339, POLS 4330, POLS 4346, POLS 4347, and POLS 3345.
2. Minor in European Studies (as described elsewhere in this catalog), substituting other core courses for POLS 4346 and POLS 4347.
3. Satisfy the language requirement with GERM 2301 and GERM 2302, FREN 2301 and FREN 2302 or SPAN 2301 and SPAN 2302.

Departmental Honors in Political Science

Outstanding students may complete an Honors Thesis. For details, students should consult with the Chairperson.

Teacher Certification

For information on certification in the composite social studies area, students should refer to the Liberal Arts section of this catalog.

Course Information

For course descriptions, please click [here](https://academics.utep.edu/politicalscience) and select Political Science (POLS).

POLS 2310-POLS 2311 fulfill the legislative requirements of the State of Texas for courses on the Constitutions of the United States and Texas.
Psychology

112 Psychology Building
(915) 747-5551
psychology@utep.edu

CHAIRPERSON: Edward Castañeda
PROFESSORS EMERITI: Edmund B. Coleman, James V. Devine, Judith P. Goggin, Philip Himelstein, Randolph H. Whitworth
ASSOCIATE PROFESSOR EMERITUS: Guido A. Barrientos
PROFESSORS: Castañeda, Cohn, Hosch, Malpass, Moss, Wood, Zarate
ASSOCIATE PROFESSORS: Crites, Francis, Lucker, Meissner, Morera, Sobin Wiebe
ASSISTANT PROFESSORS: Cooper, O’Dell, Schwartz Scullin

The Psychology Department offers two programs leading to a Bachelor’s Degree.

B.S. Degree

The BS degree is recommended for students who intend to pursue graduate work in psychology because the BS requires a more extensive mastery of mathematics and laboratory science than the BA. Training in science and mathematics is advantageous for students who elect to continue in psychology beyond the baccalaureate.

For a degree plan, please click here and select “Bachelor of Science in Psychology.” Foreign language, while not required, is strongly recommended. For additional requirements, students should refer to the Bachelor of Science degree plan in the College of Science section.

B.A. Degree

For a degree plan, please click here and select “Bachelor of Arts in Psychology.”

Minor in Psychology

Specific requirements are as follows:
18 hours (12 advanced) including PSYC 1301, PSYC 1303, PSYC 3201-PSYC 3101, and at least one of the following: PSYC 3320, PSYC 3330, PSYC 3348 or PSYC 4324.

For additional requirements, students should refer to the Bachelor of Arts degree plan.

Departmental Honors in Psychology

A candidate for departmental honors in psychology will have demonstrated ability in psychology, will have maintained a grade point average (GPA) of 3.0 overall and in psychology by the end of the junior year, and will maintain these averages until graduation. The candidate may be enrolled in either the BS or BA degree plan in psychology. The main requirement for Departmental Honors will be the satisfactory completion of the honors thesis that will be judged by the thesis-research director in conjunction with the Honors Committee.

The candidate for departmental honors should request approval of candidacy during the second semester of the junior year. The Department of Psychology reserves the right to accept or not accept a qualified student, taking into consideration the number of applications, the number of available faculty, and the competence of an individual student. The accepted honors candidate will enroll in PSYC 4353 during at least one semester of the senior year and will have accumulated a total of 6 hours of PSYC 4352/4353 credit upon completion of the honors program. Other regulations, procedures, and important dates for honors candidates are available from the Chairperson, Department of Psychology.

Course Information

Religious Studies

211 Worrell Hall
(915) 747-7945
religion@utep.edu

COORDINATOR: Bruce Lawson

Minor in Religious Studies

The Religious Studies Program is designed to provide an interdisciplinary framework within which students can take courses to explore the nature of religion and its impact upon human culture, past and present. Courses are academic in nature and non-sectarian.

Students must complete 18 hours of courses approved by the Coordinator of Religious Studies, of which at least 12 must be at the upper-division level. Of the 18 hours, students must take 9 hours of core courses, selecting one course from each of the following categories:

1. Introduction to Religious Studies: RS 1301 Introduction to Religious Studies
2. World Religions: HIST 3331 History of Religion in the East, HIST 3359 History of Religion in the West, RS 3310 Major World Religions
3. Nature of Religious Experience: PHIL 3322 Philosophy of Religion

The remaining 9 hours of courses needed for the concentration may be selected from among core courses not taken to satisfy the core requirement, non-core courses (listed below), or other courses approved by the Coordinator. No more than six hours from a student's major may be counted toward the minor, and courses so counting may not be used to satisfy major requirements.

Sociology and Anthropology

CHAIRPERSON: Josiah Heyman
PROFESSORS EMERITI: Julius Rivera, Ellwyn Stoddard
PROFESSOR: Campbell, Daudistel, Heyman
ASSOCIATE PROFESSORS: Carmichael, Curry, Howard, Lee, Luykx, Rodríguez
ASSISTANT PROFESSORS: Collins, Grineski, Morales, Núñez

Major in Sociology

Specific requirements are 30 semester hours in Sociology, of which 21 must be at the advanced (3300-4300) level, including SOCI 1301, 2312, 3311, and 4301. For a degree plan, please click here and select “Bachelor of Arts in Sociology.”

Major in Anthropology

Specific requirements are 30 semester hours in Anthropology, of which at least 18 must be at the advanced (3300-4300) level. ANTH 1301, 1302, and 4380 are required. In addition, two courses must be taken from each of two groups: Archaeology and Physical Anthropology group (3303, 3304, 3309, 3310, 3340, 3347, 3359, 3360, 3380, 3384, 4312, 4313, 4365) and Cultural Anthropology group (3303, 3306, 3309, 3311, 3315, 3319, 3320, 3321, 3325, 3326, 3330, 3358, 3361, 4304, 4306, 4308, 4346). Other courses (e.g., 4370-Studies in Anthropology) may be substituted by permission of the department, depending on topic. Single courses may not be double counted for both groups. Students are encouraged to gain fieldwork experience; ANTH 3347 and/or 3647 and/or 3358 are strongly recommended. Two semesters of field courses may be counted toward the major, provided the research topics differ.

Minor in Sociology

Eighteen semester hours of Sociology are required, 9 of which must be advanced level (including SOCI 1301, 3311, and 4301).

Minor in Anthropology

Eighteen semester hours in Anthropology, including at least 9 at the advanced level. ANTH 1301, 1302, and 4380 are required.

Applied Cultural Anthropology Certificate

Official Requirements

- Required: ANTH 3311 Applied Cultural Anthropology.
- Required: ANTH 3358 Ethnographic Methods.
- Required: ANTH 4303 Internship in Anthropology taken twice, amounting to six credits.
  or  Three credits of internship plus one course from ANTH 3303, 3315, or 3380

Total: 12 credits as part of major or minor.

NOTE: The certificate is open to majors, minors, and non-majors/non-minors. If the certificate is taken outside the major, it may result in taking more than 120 credits for completion.

Cultural Heritage Management Certificate

Official Requirements

- Required: ANTH 3380 Cultural and Environmental Resource Management
- Required: ANTH 3647 Archeological Field Studies. (ANTH 4303, Internship in Anthropology, may be substituted for this requirement with permission of the department, in cases where the work involves Cultural Resource Management. The internship may be taken for two semesters [six credits] or the student may take three internship credits and add an additional three credits from ANTH 3358, 3359, or 3360, with no double counting allowed.)
- Required: ANTH 3309, Archeological Methods
  or  ANTH 3360, Laboratory Methods in Archeology.

Total: 12 credits as part of major or minor.

NOTE: The certificate is open to majors, minors, and non-majors/non-minors. If the certificate is taken outside the major, it may result in taking more than 120 credits for completion.

Theatre and Dance

371 Fox Fine Arts
(915) 747-5146 (ph)
(915) 747-5438 (fax)
theatredancefilm@utep.edu

CHAIR: Joel Murray
PROFESSORS EMERITI: R. Milton Leech
PROFESSORS: Gladstein, Nadel
ASSOCIATE PROFESSORS: Gordon, Murray, Taylor
ASSISTANT PROFESSORS: Fleming, Herman, Saldaña
LECTURERS: Barba, Domínguez, Lockhart, Harper, Smith

The University of Texas at El Paso’s Department of Theatre and Dance is rooted in the liberal arts tradition to help prepare its students for careers in both professional and academic theatre, television, and film. The department provides thorough training in contemporary performance practices and thorough study of theatre and film history, dramatic literature, aesthetics, and theory. The department also helps students to develop conceptual, critical and argumentation skills fundamental to a liberal arts education. Instruction emphasizes cultural, social, and historical traditions that helped to create and continue to sustain dramatic theatre, television, and film. The faculty encourages a global perspective of performance through training that fosters an awareness of the intellectual, social, and political life of the contemporary world. Finally, the department seeks to visibly contribute to the quality of life in El Paso and the surrounding region by offering works of artistic merit that reflect the multicultural characteristics of its geographical location.

Major in Theatre

There are four Bachelor of Arts concentrations students can choose from: Generalist, Performance, Technology/Design, and Theater Education. There is also an interdisciplinary Bachelor or Fine Arts in Music Theatre. All Theatre majors must take a minimum of 120 credits to graduate, 45 of which must be at the 3300-4300 level.

Outside of the theatre credits needed in the various concentrations, students in the BA Generalist, Performance, and Technical and Design concentrations must take 42 credits to satisfy the University Core requirements, 18 credits to satisfy the Liberal Arts General Education requirements, and 18 credits to satisfy the requirement for a minor (see the catalog for minor options and requirements). Students in the Theatre Education concentration must take 42 credits to satisfy the University Core requirements and 18 credits to satisfy the Education component.

For degree plans, please click here and select “Bachelor of Arts in Theatre.”

BFA in Music Theatre with a Theatre Concentration

Students should refer to the Liberal Arts Interdisciplinary Program section for degree requirements.

Minors in Theatre

Prospective Minors in Theatre Arts have three concentration options: Generalist, Performance, and Technology/Design.

Generalist Minor

The generalist minor requires 18 semester hours, 9 of which must be at the 3300-4300 level: THEA 1313, THEA 2301 or THEA 2306, THEA 2303, THEA 3325.

Two courses from: THEA 3342, THEA 3341, THEA 3204, THEA 4300, THEA 4304, THEA 3343, THEA 3351, THEA 4318, THEA 3352, THEA 3306

Performance Minor

The performance minor requires 18 semester hours, 9 of which must be at the (3300-4300) level: THEA 1313; THEA 2303, THEA 2314, and THEA 3325.

Two courses from: THEA 3313, THEA 3314, THEA 3351, THEA 4304, THEA 4313, THEA 4318, THEA 3352, THEA 3316, THEA 4340, THEA 3204.

Technology/Design Minor

The technical and design minor requires 18 semester hours, 9 of which must be at the 3300-4300 level: THEA 1313, THEA 2301 or THEA 2306, THEA 2304, THEA 3306.

Two courses from: THEA 3342, THEA 3341, THEA 3204, THEA 4332, THEA 4330, THEA 4304, THEA 4304, THEA 3343, THEA 3351, THEA 4318, THEA 3352, THEA 3325.

Bachelor of Fine Arts in Dance

The BFA in dance provides an education through dance: studio, stage to careers. It builds upon the technical strengths of ballet, contemporary dance and a core of academic subjects, along with Music Theatre Dance including jazz and tap, World Dance, Dance History, Composition and Choreography, Music, Acting, and Somatics. Students may then choose to enroll in the College of Education for a teaching certification in Dance under the Alternative Teacher Certification Program (ATCP) or the Field-Based Teacher Certification Program.

For degree plans, please click here and select “Bachelor of Fine Arts in Dance.”
Minor in Dance

Students entering a dance minor program must demonstrate technical competence in ballet, modern dance, jazz beyond the elementary level. All students must take a minimum of 18 credit hours including 9 upper-division credits.

The following courses are required of all students:

- DANC 1304 Dance Appreciation 3
- DANC 3303 History of Theatrical Dance I 3

Students should design a coherent program of 9 additional dance credits with approval of a dance minor advisor from the following courses to include a variety of techniques that complement a student’s major field.

- DANC 1341 Ballet I 3
- DANC 1342 Ballet II 3
- DANC 2341 Ballet III 3
- DANC 2342 Ballet IV 3
- DANC 3341 Ballet V 3
- DANC 3342 Ballet VI 3
- DANC 4341 Ballet VII 3
- DANC 4342 Ballet VIII 3
- DANC 1151 Dance Performance 1
- DANC 3151 Dance Performance 1
- DANC 2345 Contemporary Dance I 3
- DANC 2346 Contemporary Dance II 3
- DANC 3345 Contemporary Dance III 3
- DANC 3346 Contemporary Dance IV 3
- DANC 3361 Somatics 3
- DANC 3304 Major Issues in Dance History 3
- DANC 4345 Contemporary Dance V 3
- DANC 4346 Contemporary Dance VI 3
- DANC 3347 Character and Jazz Dance I 3
- DANC 3348 Character and Jazz Dance II 3
- DANC 1371 Dance for the Music Theatre I 3
- DANC 2371 Dance for the Music Theatre II 3
- DANC 3371 Dance for the Music Theatre III 3
- DANC 4371 Dance for the Music Theatre IV 3
- DANC 3301 Dance Theory and Composition 3
- DANC 4301 Choreography 3
- DANC 1140 Ballet Folklorico 1
- PE 1146 Hispanic Dance 1
- DANC 3322 World Dance 3

Course Information

wch@utep.edu

DIRECTOR: Ronald Weber
PROFESSORS: Haddox, Louden
ASSISTANT PROFESSOR: Simon
LECTURERS: Montoya, Nemeth-Jesurun, Wren

Each of the classes in the Humanities Program (HUMN 3301, 3302, and 3303, and 4390) fulfills the upper division Humanities electives for all students and the upper division Humanities block for all students in the College of Liberal Arts. Courses in the Humanities Program are an exciting and challenging way to satisfy all upper division humanities requirements. Whatever one’s major, as one approaches the end of the college career these dynamic courses are the ideal way to bring meaning and structure to all of the diverse subjects and experiences that make up a college career. Humanities students question the world. Through shared inquiry of history’s great ideas and creations students evaluate our cultural and intellectual heritage, exploring such basic human questions as how we learn; the nature of the state; the rights and responsibilities of individuals in the community; concepts of human nature; the human species as victim, antagonist, or part of nature; the supernatural; esthetics; and technology. HUMN 3301, 3302, and 3303 are also offered in a totally online format.

Minor in Humanities

Students can fashion a minor concentration in the Humanities based upon their own plans and interests. All students should design a proposal for a coherent course of study. All proposals must be approved by the Director of the Humanities Program and be on file in the Humanities Office.

Complete 6-hours from the Humanities sequence and 3 hours of Humanities 4390 plus 9 hours of advanced level courses to include courses from Art, Communication, Music, Literature, Religious Studies, Jewish Studies*, Theatre Arts, Humanities, Languages and Linguistics*, History, Philosophy, Women’s Studies*, Chicano Studies* and African American Studies*.

* Apply to Humanities Minor when topics are from the Humanities.

Course Information

For course descriptions, please click [here](#) and select Humanities (HUMN).
Women's Studies

DIRECTOR: Brenda Risch

PROFESSORS: Gladstein, Martin, McGee-Deutsch, Staudt

ASSOCIATE PROFESSORS: Abarca, Byrd, Coronado, Howard, Leyva, Marchino, Simon, Sowards, Topp, Weibe,

ASSISTANT PROFESSORS: Lightfoot, Risch, Rohrielner,

LECTURERS: Baker-Heller, Benanti, Hibbert, Montelongo, Varela, Weinberg

Women and men are invited to participate in this interdisciplinary program that studies women, gender relations, and sexuality. The program offers both: 1) interdisciplinary courses studying a range of issues that cross disciplines and 2) courses which deal with the impact of gender within individual disciplines, such as History, Political Science, and Sociology, to name a few. While the Women's Studies Program was created in 1981, UTEP has offered individual courses in Women's Studies since the early 1970's. The program's primary goal is to foster gender equality in scholarship, in the workplace, and in society as a whole.

Women's Studies courses offer students a rigorous education in theories of women's oppression, diverse gender roles and sexual identities, the history of gender relations, contemporary economic and social policies affecting women and men, and the creative work of women in the United States, Mexico, and around the globe. Women's Studies courses also demonstrate that knowledge is created both in and outside of the University; therefore, many courses integrate the knowledge and experience of community activists, community organizations, and women in the El Paso/Juárez region.

A minor in Women's Studies complements any major at the University and will prepare students for a wide range of careers. Whether a student plans to be a lawyer, a journalist, business executive, social worker, educator, or political official, women's studies courses can help students learn about the specific challenges women face and develop solutions to gender inequity. If a student plans to attend graduate school, the minor in Women's Studies will prepare her or him for advanced study as a Women's Studies scholar.

Minor in Women's Studies

To complete the Women's Studies minor, students must earn at least 18 hours in courses approved for Women's Studies credit. WS 2300, Introduction to Women's Studies is required. At least 12 hours must be completed at the upper-division level and in more than one discipline. Students desiring to pursue a minor in Women's Studies should consult with the Women's Studies Director to determine a course of study suitable to their interests and professional needs. The following list of courses has been approved for Women's Studies credit. Courses that are not listed but contain a substantial women's studies component may be approved for the minor by the Women's Studies Director.

Certificate in Women's Studies and Gender Studies

To complete a Certificate in Women's Studies and Gender Studies, students must earn at least 12 hours in courses approved for Women's Studies credit from at least two different disciplines. WS 2300, Introduction to Women's Studies is required. Students desiring to pursue a certificate in Women's Studies should consult with the Women's Studies Director to determine a course of study suitable to their interests and professional needs. The following list of courses has been approved for Women's Studies credit. Courses that are not listed but contain a substantial women's or gender studies component may be approved for the certificate by the Women's Studies Director.

Course Information

For course descriptions, please click [here](#) and select Women's Studies (WS).
In 1913, the curriculum of the Texas State School of Mines and Metallurgy included physics and mining, engineering, mathematics, chemistry, geology, mineralogy, shop work, and drafting. From these roots, The University of Texas at El Paso’s College of Science has grown to over 100 faculty in five academic departments—Biological Sciences, Chemistry, Geological Sciences, Mathematical Sciences, and Physics.

The College of Science seeks to educate scientists and mathematicians who want to participate in the discovery, creation, application and dissemination of knowledge, and who desire professional preparation as scientists, teachers, leaders and informed citizens in a multicultural and global society. This is the primary mission of the College of Science.

The College of Science offers degree programs at the undergraduate and graduate level in Bioinformatics (MS), Biological Sciences (BS, MS, PhD), Chemistry (BS, MS, PhD), Environmental Science (BS), Geological Sciences (BS, MS, PhD), Mathematical Sciences (BS, MS), and Physics (BS). In addition, the College offers a Master of Arts in Teaching (MAT), with specializations in Mathematics, Life/Earth Science, and Physical Science, and doctoral (PhD) degrees in Environmental Science and Engineering, and in Materials Science and Engineering. Reflecting the long connection between the arts and sciences, each academic department also offers a Bachelor of Arts degree program. Each of our academic departments offers a variety of opportunities for undergraduate students in major departments. In addition, a grade of ‘C’ or better must be achieved in the following courses: all courses used toward the BS degree.

In addition to the above requirements, elective courses of general interest or relevance to the major field of study are needed to complete the required 120 semester hours of credit. A GPA of 2.0 is necessary to advance knowledge. The Minority Access to Research Careers (MARC), the Research Initiative for Scientific Enhancement (RISE), and the Medical Professions Institute (MPI) focus on providing opportunities for undergraduate students in major departments. In addition, a grade of ‘C’ or better must be achieved in the following courses: all courses used to fulfill the University Core Curriculum requirements, all lower-division courses in the major and minor, and all lower-division MATH and STAT courses. Additionally, some departments require a grade of “C” or better in required upper-division courses that are prerequisites for later courses in a sequence. Individual degree plans may restrict or extend some elective courses.

The BS degree in all science disciplines requires a minimum of 120 semester hours of credit including a minimum of 37 upper-division (junior and senior) semester hours. A GPA of 2.0 is necessary to advance knowledge. The Minority Access to Research Careers (MARC), the Research Initiative for Scientific Enhancement (RISE), and the Medical Professions Institute (MPI) focus on providing opportunities for undergraduate students in major departments. In addition, a grade of ‘C’ or better must be achieved in the following courses: all courses used to fulfill the University Core Curriculum requirements, all lower-division courses in the major and minor, and all lower-division MATH and STAT courses. Additionally, some departments require a grade of “C” or better in required upper-division courses that are prerequisites for later courses in a sequence. Individual degree plans may restrict or extend some elective courses.

For degree plans, please click here and select your desired major.

Minor: Specific disciplines may require a minor. Those disciplines that require a minor have requirements with respect to total hours and how many of these must be in upper division hours. Some disciplines prescribe courses that fulfill the minor requirements, whereas others allow wide latitude in the courses selected. Students should check the selections of the catalog dealing with minor fields for their major as well as their minor department. All lower-division courses in the minor must be completed with a “C” or better. Each degree plan specifies acceptable minors and College of Science minors are listed by each department. Secondary teacher certification requires a minor in secondary education.

Elective Courses: In addition to the above requirements, elective courses of general interest or relevance to the major field of study are needed to complete the required 120 semester hours of credit. A GPA of 2.0 is necessary to advance knowledge. The Minority Access to Research Careers (MARC), the Research Initiative for Scientific Enhancement (RISE), and the Medical Professions Institute (MPI) focus on providing opportunities for undergraduate students in major departments. In addition, a grade of ‘C’ or better must be achieved in the following courses: all courses used to fulfill the University Core Curriculum requirements, all lower-division courses in the major and minor, and all lower-division MATH and STAT courses. Additionally, some departments require a grade of “C” or better in required upper-division courses that are prerequisites for later courses in a sequence. Individual degree plans may restrict or extend some elective courses.

For degree plans, please click here and select your desired major.
Double Majors

A student who fulfills requirements for two majors prescribed by academic departments in the College of Science (or any other college) may earn a degree with a double major. Double majors in a single department are not allowed. Double majors must satisfactorily complete all course work required of the major in each department/college. A course of study requiring more than 120 semester credit hours may well result from seeking a double major; students should seek advice from their principal advisor before beginning.

Second Baccalaureate Degrees

Students who have earned a baccalaureate degree at an accredited institution may be eligible to enroll as candidates for a second baccalaureate degree in the College of Science. This degree will be awarded upon satisfactory completion of all Bachelor of Science degree requirements in the College of Science. Students seeking a second baccalaureate degree must complete at least 24 semester hours, specified by the department, following the award of the first baccalaureate degree. Students may petition the Dean of Science to reserve up to 9 semester hours taken during the last semester of the initial degree for credit toward the second BS degree. Students may not obtain a second baccalaureate degree in the same academic department as the first degree.

Pre-Science Program

Circles of Learning for Entering Students (CircLES)

The Entering Students Program for Engineering and Science

Engineering Bldg., Room E-229
Phone: (915) 747-6083
Fax: (915) 747-8878

Program Description

Circles of Learning for Entering Students (CircLES) is a comprehensive retention program targeting first-time freshman and first-time transfer students in the sciences, engineering and mathematics (SEM). The goals of CircLES are to increase retention, improve academic performance, and add value to a student’s education through the creation of an environment where students make connections with the university, the colleges, faculty, upper-division students, and their peers. A learning environment is emphasized in the first year where entering students can be successful and begin to develop lifelong learning habits. There are four major foci within the CircLES Program, all coordinated by the Director of the Entering Student Program. Areas of focus include: 1) a mandatory college-specific orientation program in the summer prior to matriculation; 2) mandatory placement in learning communities (clusters) in the first year; 3) strong developmental advising and early intervention; 4) leadership development. Since its inception, the CircLES program has become recognized as a model on campus and elsewhere for creating a strong foundation for entering students to springboard them toward a successful college and (eventually) professional career.

Mission Statement

The CircLES Program is dedicated to: 1) providing pre-engineering and pre-science students with the skills and knowledge to become successful college students; 2) developing leadership skills and self-awareness in entering and other students to foster their success; and 3) connecting entering students to the university, the Colleges of Engineering and Science faculty, and each other.

Educational Objectives for the CircLES Program

1. To provide pre-engineering and pre-science students with the motivation, skills and knowledge to become successful college students and to become successful engineering and science students.
2. To introduce pre-engineering and pre-science students to team building and group dynamic skills.
3. To begin developing leadership skills in pre-engineering and pre-science students.
4. To increase the awareness of pre-engineering and pre-science students of the opportunities available to engineering and science graduates.

Advising

All students enrolled in the College of Science must be advised prior to registration. Students should follow the directions for obtaining academic advice outlined in the Advising: College of Science section. Although the Department of Psychology may not require advising, it is strongly recommended that students seeking the BS in psychology obtain degree plan advice from the Office of the Dean of Science. In particular, these students are advised not to postpone the required courses in mathematics.

Students planning a career in Clinical Laboratory Science, Nursing, Physical Therapy, Pharmacy, or other allied health fields are referred to the College of Health Sciences section of this catalog and should be advised in that College.
Pre-professional Advice

The Office of the Dean of Science sponsors a Medical Professions Institute, which houses the Pre-professional Advisor. Students should work closely with this advisor if they are interested in entering medical, dental, veterinary or physician assistant schools. These professions normally require a baccalaureate degree. No particular major is required for entrance, although a minimum of two years of biology, two years of chemistry (including a year of organic chemistry), a semester of calculus, and one year of physics are required for admission to most health professional schools. Thus, a major in Chemistry, Biological Sciences, Microbiology, or Physics might be appropriate.

Secondary Teacher Certification (8-12)

Secondary Teacher Certification

The College of Science encourages students to consider teaching in the secondary schools as a career goal. The College realizes that better prepared mathematics and science teachers will result in better prepared freshmen enrolled at UTEP. Certification for teaching in the secondary schools is available in the following BS degree fields: Mathematics Certification, Mathematics/Physics Certification, Science 8-12 (formerly known as Composite Certification) (Biology, Chemistry, Environmental Science, or Interdisciplinary Studies), Life Science Certification (Biological Sciences or Interdisciplinary Studies), Physical Science Certification (Chemistry or Interdisciplinary Studies). All majors leading to high school teacher certification require a minor in Secondary Education.

Science 8-12 Certification where the major is in Biological Sciences, Chemistry, or Environmental Science includes a minor in Secondary Education and 19-20 additional hours in science. Science 8-12 Certification where the major is Interdisciplinary Studies requires 58 hours in the sciences. Physical Science Certification where the major is in Chemistry requires 11 additional hours in physics. Physical Science Certification where the major is Interdisciplinary Studies requires 52 hours in chemistry and physics courses. Life Science Certification where the major is Biological Sciences requires 20 additional hours in science. Life Science Certification where the major is Interdisciplinary Studies requires 56 hours of science. Mathematics Certification requires 46 hours in mathematics and an additional 8 hours in science. Mathematics/Physics Certification requires 43 hours in mathematics and 14 hours in physics.

Students planning to teach mathematics may also obtain certification with a BA degree Mathematics (offered by the College of Liberal Arts). In addition, those who already hold a baccalaureate degree in mathematics or science may obtain a post-baccalaureate or alternative secondary teacher certification in the College of Education. Students should refer to the College of Education section of this catalog for details on these programs. Students of mathematics and sciences considering teaching should inform themselves on these options and decide which is best for them.

Minors in Secondary Education

Secondary certification requires a minor in Secondary Education. Secondary Education minors for BS degrees in Mathematics or Science consist of 21 semester hours. The following courses are required for the minor:

- EDPC 3300 Developmental Variations
- RED 3342 Reading and Study in the Content Areas
- SCED 3311 Curriculum Planning in the Secondary School
- SCED 3317 Multicultural Education in the Secondary School
- SCED 4691 Student Teaching in the Secondary School.

The minor for Mathematics students includes:

- SCED 4367 Teaching Math in Secondary School

The minor for Science students includes:

- SCED 4368 Teaching Science in Secondary School

Admission to Secondary Teacher Education

The College of Education secondary education professional development program may be started prior to admission to teacher education. However, in order to enroll in three of the courses, including the internship, a student must be admitted to secondary teacher education, which requires the following:

1. Credit for ENGL 1311, ENGL 1312, and COMM 1301 with a grade of "C" or better
2. Credit for MATH 1508 or higher with a grade of "C" or better
3. Completion of a minimum of 60 hours of college courses with a minimum overall GPA of 2.5 and minimum major GPA of 2.5.

Application for admission to the program is completed with the Secondary Education Advisor in the College of Science and filed in the College of Education Student Services Office, Education Room 412. Additional requirements may be found in the College of Education section of this catalog.

Secondary Teacher Preparation Programs

Students preparing to teach are advised to carefully plan their course work to allow for the completion of their major coursework before the Internship Semester. The Internship Semester consists of SCED 4691 and SCED 3317. Students are interns in secondary schools for 4 and one-half days a week and take SCED 3317 during the remaining one-half day. Because students are in the schools everyday, it is almost impossible to complete upper-division majors courses during this semester.

Internship Semester

Students preparing to teach are advised to carefully plan their course work to allow for the completion of their major coursework before the Internship Semester.

The Internship Semester consists of SCED 4691 and SCED 3317. Students are interns in secondary schools for 4 and one-half days a week and take SCED 3317 during the remaining one-half day. Because students are in the schools everyday, it is almost impossible to complete upper-division majors courses during this semester.

Minors Outside the College of Science

Approved College of Science minors of Biology, Chemistry, Geology, Mathematics, and Physics are detailed in the academic department sections of this catalog. These minors are approved minors for the BS in Psychology. In addition to these minors, the following minors outside the College of Science are approved for the listed BS degrees:

- **Accounting (BS in Applied Mathematics and Mathematics)**
  Students should refer to the College of Business Administration section of this catalog.
- **Anthropology (BS in Biological Sciences and Geological Sciences)**
  Students should refer to the Department of Sociology and Anthropology, College of Liberal Arts section of this catalog.
- **Computer Science (BS in Applied Mathematics, Biological Sciences, Chemistry, Geological Sciences, Mathematics, and Psychology)**
  Students should refer to the Department of Computer Science, College of Engineering section of this catalog.
- **Economics (BS in Applied Mathematics and Mathematics)**
  Students should refer to the College of Business Administration section of this catalog.
Environmental Science (BS in Chemistry)

BIOL 1305, BIOL 1107, BIOL 3414; CE 3325, CE 4390; and an additional course selected from GEOL 4380, GEOL 4384, or MICR 3328-MICR 3128. (The additional science, not the major of minor, cannot include BIOL 1305-BIOL 1106.)

General Business (BS in Mathematics)

Students should refer to the College of Business Administration section of this catalog.

Management (BS in Mathematics)

Students should refer to the College of Business Administration section of this catalog.

Psychology (BS in Biological Sciences)

Students should refer to the Department of Psychology, College of Liberal Arts section of this catalog. (PSYC 1303 is waived if STAT 2380, STAT 2182, and STAT 2381 are completed with a "C" or better.)

Secondary Education/Mathematics (BS in Mathematics)

Students should refer above.

Secondary Education/Science (BS in Biological Sciences, Chemistry, Environmental Science, Mathematical Science)

Students should refer above.

Degree Plans

Degree plans are the major tools by which students, their advisors, their departments, and the College of Science track academic progress. Generalized degree plans are available on-line at the College of Science website. However, any student who has completed 60 credit hours and is calculus-ready is required to file for an individualized degree plan that is specific to their personal academic history. The degree plan also lists the outstanding requirements for graduation, and must be obtained from the Office of the Dean of the College of Science (Dean of the College of Liberal Arts for the BA degree). A copy of the degree plan must be updated following the completion of 90 credit hours. Each student is required to obtain confirmation of their standing from the Office of the Dean of the College of Science prior to registering for the semester in which all course work for a degree will be completed. The academic dean (Science, Liberal Arts) is therefore the final gatekeeper for determining if all requirements for a degree have been met and the student may proceed to graduate.

Lower-Division Courses

The prerequisite structure in science programs requires careful attention to course sequences. These courses should be completed before the student reaches Junior standing (60 semester credit hours). These and all freshman courses specified as required for the degree must be completed before Senior standing (90 semester credit hours) in order to count toward the minimum hours required for the degree.

Enrollment in MATH 1411 or equivalent is required in order to declare a major. It is to the student's advantage to continue enrolling in the other required mathematics courses since success in these courses largely depends upon what was learned in the previous course and delaying enrollment in higher level courses often requires considerable review.

Required Lower-Division Courses in the Major and Minor should be completed with a grade of "C" or better before enrollment in upper-division courses. These lower-division courses are listed below. Other lower-division College of Science courses required for the various degree plans are included in brackets. These courses should also be completed with a "C" or better before enrolling in upper-division courses if the discipline is the minor.

Applied Mathematics

MATH 1411, MATH 1312, MATH 2313, MATH 2300
[CS 1401 or CS 1420; PHYS 2420, PHYS 2421]

Biological Sciences

BIOL 1305 - BIOL 1107, BIOL 1306 - BIOL 1108; (for biomedical track) MICR 2440
[CHEM 1305 - CHEM 1105, CHEM 1306 - CHEM 1106; MATH 1411, MATH 1312
(or STAT 2380 - STAT 1182, STAT 2381)]

Chemistry

Psychology

PSYC 1301, PSYC 1303
Upper-Division Courses

A minimum of 37 semester hours of upper-division course work is required. The various majors have different requirements for upper-division course work in the major and minor. See those respective sections. Upper-division courses are not often offered each semester and summer. Students are cautioned to plan ahead in terms of when these courses are generally offered and what prerequisites are needed.

Environmental Science

esci@utep.edu

PROGRAM DIRECTOR: Carl Lieb
PROGRAM COORDINATOR: Joel Gilbert

Major in Environmental Science

The Environmental Science Program offers students an interdisciplinary degree plan in which the student will select a concentration area in Environmental Biology, Environmental Chemistry, Environmental Geoscience, or Environmental Hydroscience.

All students will fulfill the University Foundation courses and the Environmental Science Core, a sequence of environmental science classes. In addition, students take courses in their selected concentration area. Each concentration area is different and contain unique course requirements.

The BS degree in Environmental Science may be used to obtain a concentration in Secondary Teacher Certification 8-12.

Environmental Science Concentrations

Students will choose a concentration from among Environmental Biology, Environmental Chemistry, Environmental Geoscience, and Environmental Hydroscience, or Secondary Education (See descriptions below.)

For degree plans, please click [here](#) and select “Bachelor of Science in Environmental Science.”

Minor in Environmental Science

(18 hours required, including a minimum of 6 hours in upper division courses)

- ESCI 1301-1101 Introduction to Environmental Science + Lab
- ESCI 2201 Environmental Practice
- STAT 2380-2182 Statistical Methods I and Computing Laboratory for Statistics 2380 (if STAT 2380 not required by major)
- ESCI 4301 Environmental Science Senior Seminar

At least two from:

- ESCI 2101 Laboratory for Environmental Practice I (rocks, sediment)
- ESCI 2102 Laboratory for Environmental Practice II (water, air)
- ESCI 2103 Laboratory for Environmental Practice III (biologic)

Three to six hours from:

- CHEM 3324-3124 Organic Chemistry I and Laboratory for Chemistry 3324
- CHEM 3310 Analytical Chemistry
- GEOG 3306 Weather and Climate
- GEOG 4307 Geography of Arid Lands
- GEOL 4385 Introduction to Geographical Information Systems
- GEOL 4380 Environmental Geology and Geophysics
- GEOL 4384 Nuclear Waste Disposal
- GEOP 4332 or 4334 Exploration Geophysics: Seismic Methods or Non-Seismic Methods
- GEOP 4336 Introduction to Remote Sensing
- HSCI 3306 Environmental Health
- PHYS 2230 Thermal and Fluid Physics
- PHYS 3325 Survey of Modern Physics
- PHYS 3331 Thermal Physics

*Courses listed here that are offered by the student’s major department cannot be counted towards the minor

Secondary Education Concentration

Environmental sciences majors wishing to achieve secondary education certification as they complete the B.S. degree must minor in Secondary Education and follow certification tracks for Science for grades 8-12. Adequate scores on State-administered examination after completion of all coursework are also required for teacher certification.

**Major** (a minimum of 32 semester hours including 15 semester hours of upper division course work): ESCI 1301 - ESCI 1101, ESCI 2201, ESCI 2101, ESCI 2102, ESCI 2103, STAT 2380, STAT 2182, ESCI 4301, GEOG 3306, BIOL 4225 and BIOL 3414 are required. Additionally, ten (10) semester hours of upper division courses are selected from BIOL 3321, BIOL 4428, ZOOL 4380-ZOOL 4181, CHEM 3324-CHEM 1324, GEOG 3412, HSCI 3306

**Minor** (21 semester hours taken as field blocks): EDPC 3300, RED 3342, SCED 3311, SCED 3317, SCED 4368, SCED 4691. See the preceding section on Minors in Secondary Education for an overview of admission and internship requirements to the Teacher Education Program.

Additional Science: Certification is offered in Science.
Science (30 semester hours): CHEM 1305 - CHEM 1105*, CHEM 1306 - CHEM 1106*, BIOL 1305 - BIOL 1107, BIOL 1306 - BIOL 1108, PHYS 2420, GEOL 1311

* Courses used to satisfy program requirements for Core Curriculum

Course Information

For course descriptions, please click here and Environmental Science (ESCI).
Chemistry

CHAIRPERSON: Jorge Gardea-Torresdey

PROFESSORS EMERITI: Harold Alexander, William C. Herndon, Winston D. Lloyd

PROFESSORS: Chianelli, Davis, Dirk, Eastman, Elizze, Gardea-Torresdey, Pannell

ASSOCIATE PROFESSOR EMERITUS: Joseph Scruggs

ASSOCIATE PROFESSORS: Bevor, Gardner, Michael, Salvador, Sauder

ASSISTANT PROFESSORS: Bernal, Lee, Martinez, Narayan, Noveron

The Department of Chemistry offers both a BS degree and a BA degree in Chemistry. Both degrees include the opportunity to obtain a concentration in Secondary Teacher Certification. The BS degree in Chemistry is certified by the American Chemical Society if the course of study is 44 semester hours specified below, plus a minor, three semesters of calculus, and two semesters of calculus-based physics.

### B.S. in Chemistry

For degree plans, please click [here](#) and select “Bachelor of Science in Chemistry.” For secondary education options, please select a secondary education minor.

#### Secondary Education Minor

Science Certification:

**Major:** CHEM 1305-CHEM 1105, CHEM 1306-CHEM 1106, CHEM 2101, CHEM 2261-CHEM 2161, CHEM 3310-CHEM 3110, CHEM 3321-CHEM 3221, CHEM 3322-CHEM 3222, CHEM 3351-CHEM 3151, CHEM 3352-CHEM 3152, CHEM 4330 or CHEM 4332

**Minor:** This concentration requires a minor in secondary education: EDPC 3300 (Requires Admittance into Teacher Education), SCED 3311, SCED 3317, RED 3342, SCED 4368 (science), and SCED 4691 (Internship).

**Other:** BIOL 1305-1107, BIOL 1305-1108, GEOL 1311, and PHYS 2420, PHYS 2421, MATH 1312, and MATH 2313 are required.

Physical Science Certification:

**Major:** CHEM 1305-CHEM 1105, CHEM 1306-CHEM 1106, CHEM 2101, CHEM 2261-CHEM 2161, CHEM 3310-CHEM 3110, CHEM 3321-CHEM 3221, CHEM 3322-CHEM 3222, CHEM 3351-CHEM 3151, CHEM 3352-CHEM 3152, CHEM 4211-CHEM 4212, CHEM 4365, CHEM 4330 or CHEM 4332

**Minor:** This concentration requires a minor in secondary education: EDPC 3300 (Requires Admittance into Teacher Education), SCED 3311, SCED 3317, RED 3342, SCED 4368 (science), and SCED 4691 (Internship).

**Other:** MATH 1312, MATH 2313, PHYS 2420, PHYS 2421, PHYS 3323, and PHYS 4355 are required.

### B.A. in Chemistry

Students should refer to the College of Liberal Arts section of this catalog for the general requirements for the BA degree. The major may be selected from two concentrations: general and pre-medical/pre-dental. For degree plans, please click [here](#) and select “Bachelor of Arts in Chemistry.”

### Minor in Chemistry

A minor in chemistry requires CHEM 1301-CHEM 1101, CHEM 1306-CHEM 1106, eight hours of organic chemistry (including two credit hours of laboratory), plus three additional credit hours of chemistry at or above the 3000 level. Majors in mathematics or physics may select from CHEM 2261-CHEM 2161, CHEM 3321-CHEM 3221, CHEM 3322-CHEM 3222, CHEM 3310-CHEM 3110, CHEM 3351-CHEM 3151, or CHEM 3352-CHEM 3152. Other majors may select from CHEM 3321-CHEM 3221, CHEM 3322-CHEM 3222, CHEM 3330, or CHEM 4332.

### Five-Year B.S.-M.S. Program

The curriculum for the BS degree in Chemistry can be completed in three and one-half years. After admission to the Graduate School of the University, it is possible to obtain the MS degree at the end of the 5th year of study in chemistry. Qualified students should consult their academic advisor about the course of study and regarding various forms of financial assistance obtainable through this program.

### B.S. Degree with Departmental Honors in Chemistry

The catalog is archived. For the current UTEP catalog, please visit catalog.utep.edu.
A candidate for Departmental Honors in chemistry will have demonstrated ability in chemistry, will have maintained a GPA of 3.0 by the end of the junior year, and will maintain this average until graduation. The main requirement for Departmental Honors will be the satisfactory completion of an Honors Thesis based on research in chemistry. Usually this research will be carried out under the direction of a member of the faculty of the Department of Chemistry or a suitable faculty member from another department of the University. The satisfactory completion of the Honors Thesis will be judged by the Thesis-Research Director in conjunction with the Departmental Honors Committee. Other faculty and outside referees may be consulted if it is deemed to be appropriate to do so.

The candidate for Departmental Honors must request approval of candidacy during the second semester of the junior year. The Department of Chemistry reserves the right to accept or not accept a qualified student taking into consideration the number of applicants, the number of available faculty, and the competence of an individual student. The accepted honors candidate will enroll in CHEM 4176 or CHEM 4376 during both semesters of the senior year and will have accumulated a total of 6 hours of CHEM 4176 and CHEM 4376 credit on completion of the honors program. Other regulations, procedures, and dates for use by honors candidates are available from the Chairperson, Department of Chemistry.

Advising/Placement

All chemistry majors are required to consult with and have their enrollment approved by their department advisor before every enrollment.

All entering freshman students with at least one year of high school chemistry with an "A" or "B" in chemistry may take an Achievement Examination given by the department. If a student scores 80 or above, he or she will be given credit for CHEM 1305.

An entering freshman student with two years of high school chemistry with grades of "A" or "B" may take Achievement Examinations given by the department over CHEM 1305 and 1306. If the score is 80 or above, credit for CHEM 1305 and 1306 will be given.

Course Information

For course descriptions, please click here and select Chemistry (CHEM).
Geological Sciences

CHAIRPERSON: Diane I. Doser

PROFESSORS EMERITUS: Kenneth F. Clark, Jerry M. Hoffer, David V. LeMone, Robert H. Schmidt

PROFESSORS: Anthony, Doser, Jarvis, Miller, Pavlis, Pingitore, Serpa

ASSOCIATE PROFESSORS: Gilt, Goodell, Langford, Velasco

ASSISTANT PROFESSORS: Borrok, Ellis, Hurtado, B. Konter, J. Konter

The department of Geological Sciences offers both the B.A. and B.S. degrees in Geological Sciences and the B.S. in Geophysics.

Bachelor of Science in Geological Sciences

For degree plans, please click here and select “Bachelor of Science in Geological Sciences.”

Bachelor of Science in Geophysics

For degree plans, please click here and select “Bachelor of Science in Geophysics.”

Bachelor of Arts in Geological Sciences

Students should refer to the College of Liberal Arts section of this catalog for the general requirements for the BA degree. For degree plans, please click here and select “Bachelor of Arts in Geological Sciences.”

Minor in Geology

A minor in geology requires GEOL 1313-GEOL 1103 (or GEOL 1311), GEOL 1314 - GEOL 1104 (or GEOL 1312), GEOL 2411 or GEOL 3412, and additional upper-division geology or geophysics courses to bring the total to 18 semester hours.

Minor in Geography

A minor in Geography requires GEOG 1306-GEOG 1106, GEOG/SOCI/ANTH 1310, GEOL 4385 or SOCI/ANTH 3332 and three courses chosen from the following list: GEOG 3306-GEOG 3310, GEOG 3312, GEOG 3341, GEOG 4307, GEOG 4310/ SOCI/ANTH 4313, GEOG 4366, GEOL 3330, GEOL 3350, GEOL 3412, GEOL 4385, GEOP 4336, POLS 3332, SOCI 3330/ANTH 3310, SOCI 3315/ANTH 3319, SOCI 3317/ANTH 3319, SOCI/ANTH 3320, SOCI/ANTH 3321, SOCI/ANTH 3361, SOCI/ANTH 4308, SOCI/ANTH/GEOG 4312.

Distributed Minor

A distributed minor is available for Bachelor of Science in Geological Science majors only. It requires the following courses: CHEM 1305 - 1105 and CHEM 1306 - 1106, MATH 1312, PHYS 2420, PHYS 2421, and PHYS 2230, and at least 6 semester hours of upper-division classes in one of the following disciplines: Anthropology, Biological Sciences, Chemistry, Environmental Science, Mathematics, Physics, or Statistics.

"C" Rule

Students must earn a grade of “C” or better in all courses taken within the Department of Geological Sciences that are used to satisfy the above Geology and Geophysics degree requirements. Continuation in sequence courses (such as GEOL 3315) after receiving a “D” in one of these courses is permitted with permission of the instructor. A student receiving a grade of “D” in a required course must repeat the course at its earliest offering. Students receiving consecutive grades of “D” will not be allowed to continue sequence courses until grades of “C” or better have been earned in the appropriate courses. A minimum GPA of 2.0 must be achieved in required science courses taken outside the Geological Sciences department.

Departmental Research

All undergraduate students are encouraged to complete a research experience. The preferred option is completion of a Senior Thesis (GEOL 4399). However, an appropriate Directed Study (GEOL 4166 - GEOL 4366 or GEOP 4167 - GEOP 4367) or Undergraduate Research (GEOL 4189 - GEOL 4389) course also fulfills this requirement.
Departmental Honors in Geology or Geophysics

The main requirements for Departmental Honors in Geology or Geophysics will be the satisfactory completion of a Senior Thesis based upon research in geology or geophysics, maintenance of a 3.25 GPA or better until graduation, and the presentation of a seminar on the thesis topic. The research will be carried out under the direction of a member of the faculty of the Department of Geological Sciences. Satisfactory completion of the Senior Thesis will be judged by the thesis-research director and the Departmental Honors Committee. Policies and procedures of the Honors degree will be administered by the Departmental Honors Committee. Departmental Honors may be awarded with or without other University honors.

Course Information

For course descriptions, please click here and select Geography (GEOG), Geology (GEOL), or Geophysics (GEOP).
The Department of Mathematical Sciences offers both a BS degree and a BA degree in Mathematics and the BS in Applied Mathematics. The BA in Mathematics allows for a concentration in Teacher Certification. The BS in Mathematics allows for concentrations in Actuarial Sciences, Secondary Education, and Statistics.

Registration for each course in Mathematical Sciences (with a MATH or STAT prefix) requires a minimum grade of "C" in all prerequisite courses.

B.S. in Mathematics

Students may select a degree plan that includes one of the following concentrations: general, actuarial sciences, secondary education, or statistics. For degree plans, please click here and select "Bachelor of Science in Mathematics."

B.S. in Applied Mathematics

The requirement to obtain the BS in Applied Mathematics consists of the general College of Science requirements and specific major requirements. For a degree plan, please click here and select "Bachelor of Science in Applied Mathematics."

B.A. in Mathematics

Students should refer to the College of Liberal Arts section of this catalog for the general requirements for the BA degree. The specific courses required for this major are (40 semester hours including 24 of upper-division course work): MATH 1411, MATH 1312, MATH 2313, MATH 2300 or MATH 2325, MATH 3323 or MATH 4326, MATH 3341, MATH 3320, MATH 3329, STAT 3330, STAT 4380, MATH 4303, and one of the following: MATH 2326, MATH 3319, MATH 3327, MATH 4325, MATH 4329, MATH 3328, MATH 3328 (non-geometry), and MATH 4341.

Minor in Mathematics

A minor in mathematics requires MATH 1411, MATH 1312, and an additional minimum of 4 courses, at least 2 (3 for the BA) of which must be upper-division courses. Approved courses include MATH 2300, MATH 2325, MATH 2313, MATH 2320, MATH 2326, MATH 3319, MATH 3320, MATH 3323 or MATH 4326, MATH 3325, MATH 3327, MATH 3328, MATH 3329, MATH 3341, MATH 4325, MATH 4329, MATH 4336, MATH 4341, STAT 3330, STAT 3381, and STAT 4380.

Minor in Statistics

Students may minor in Statistics by taking 18 hours (six advanced) as follows: CS 1420 or equivalent, MATH 2301 or 1411, plus 12 hours from STAT 2380, 2381, 3330, 4380, and MATH 3320 and MATH 4370 (topics in Statistics). Students who plan to pursue graduate studies in Statistics-related areas are urged to take STAT 4380.

Advising

All undergraduate mathematics majors are required to consult with and have their enrollment approved by their undergraduate advisor before every enrollment.

Placement

Students who intend to register in MATH 0310, MATH 0311, MATH 1319, MATH 1320, MATH 1411, MATH 1508, or MATH 2301 must present an official document at registration showing that they have met the prerequisite requirements. For information, please contact the respective incoming student placement office.
showing that they have either an adequate placement examination score or received a grade of "C" or better in the prerequisite course. Placement exam scores expire after two years.

GPA

Mathematics majors must maintain a 2.0 GPA in all MATH and STAT courses (students should refer to the Standards of Academic Performance section of this catalog).

Prerequisites

All mathematics (MATH) or statistics (STAT) courses that have MATH or STAT prerequisites require a grade of "C" or better in the prerequisite course.

Course Information

For course descriptions, please click here and select Mathematics (MATH) or Statistics (STAT).
The Department offers both a B.S. and a B.A. degree in Physics. The B.S. includes the opportunity to obtain concentrations in Applied Physics, Medical Physics, or Secondary Teaching Certification.

### B.S. in Physics

The requirements to obtain the BS in Physics consist of the general College of Science requirements plus specific major requirements. Students may select a general concentration, applied physics concentration, medical physics concentration, or secondary education concentration. For degree plans, please click [here](#) and select “Bachelor of Science in Physics.”

### B.A. in Physics

Students should consult the College of Liberal Arts section of this catalog for the general requirements for the BA degree. For a degree plan, please click [here](#) and select “Bachelor of Arts in Physics.”

### Minor in Physics

A minor in physics requires PHYS 2420, PHYS 2421, PHYS 2230, PHYS 3325, and an additional 5 (6 for the BA) semester hours selected from PHYS 3323, PHYS 3243, PHYS 3331, PHYS 3351, PHYS 4341, PHYS 4342, or PHYS 4355.

### Physics Honors Program

The Physics Honors Program is designed to recognize and enhance the development of talented physics students. The program consists of departmental awards for outstanding achievement and special courses, seminars, and research laboratories for honors students. In addition, Physics Honors Students are also eligible to earn the BS degree with Departmental Honors and to participate in the five-year BS/MS Program.

Incoming freshmen or students with fewer than 30 semester hours of credit are eligible to be Physics Honors students if they graduated in the top 20% of their high school graduating class and their combined SAT score is 1000 or more with at least 600 on the math portion of the SAT (or equivalent for other examinations). Students with 30 or more semester hours of credit must have a minimum 3.2 GPA (with at least 3.2 GPA in all physics and mathematics courses) to be eligible.

### B.S. Degree with Physics Department Honors

Physics Honors students who satisfactorily complete an undergraduate Honors Thesis based on research in Physics are eligible to receive the BS degree with Departmental Honors in Physics. Usually the research will be carried out under the direction of a member of the faculty of the Department of Physics. The satisfactory completion of the Honors Thesis will be judged by the Thesis research director in conjunction with the Physics Department's Honors Committee. The candidate for Department Honors must request approval of candidacy prior to the beginning of the senior year. Upon acceptance by the department, the candidate shall enroll in PHYS 4177, PHYS 4277, and PHYS 4377 for successive semesters and must have accumulated a total of 6 semester hours of PHYS 4177, PHYS 4277, and PHYS 4377 credit on completion of the Honors Thesis Program.

### Five Year B.S.-M.S. Program

The Department of Physics provides an opportunity for qualified students to participate in a five-year bachelor/master of science degree program. The program is limited to students who maintain at least a 3.0 GPA. Freshmen honors students should consult with the departmental undergraduate advisor about the details of this program including course selection and admission to the Graduate School.

### Course Information

For course descriptions, please click [here](#) and select Astronomy (ASTR), Physical Science (PSCI), or Physics (PHYS).
This catalog is archived. For the current UTEP catalog, please visit catalog.utep.edu.
A baccalaureate nursing program was established at El Paso in 1970 under the administration of The University of Texas System School of Nursing. In 1976, the School of Nursing became an integral part of The University of Texas at El Paso and was organized as a College of Nursing. The Health Science and Medical Technology Programs were transferred to the College in 1979, and shortly thereafter, the name was changed to the College of Nursing and Allied Health. In 1999, the School of Nursing became an integral part of the once again renamed College of Health Sciences and the School of Nursing. On September 1, 2006, the School of Nursing again became its own independent unit and is now known as The University of Texas at El Paso School of Nursing.

The School of Nursing is located approximately one mile from the main UTEP campus, at 1101 North Campbell Street, and is housed in a large, modern building which includes classrooms, laboratories, faculty offices, and lounges for both students and faculty.

The School of Nursing provides undergraduate nursing programs leading to the Bachelor of Science in Nursing degree (Traditional 4 year BSN; RN to BSN Option and Fast Track accelerated program for students with a previous degree) as well as the graduate program culminating in the Master of Science in Nursing degree.

School of Nursing Programs

DEAN: Robert L. Anders
PROFESSORS EMERITI: Patricia Castiglia, Audree Reynolds
PROFESSORS: Amaya, Anders, Joyce, Olson, Reynolds
ASSOCIATE PROFESSORS EMERITI: B. Kinsinger, L. Lantican, J. Lara
ASSOCIATE PROFESSOR: Martinez
CLINICAL ASSOCIATE PROFESSORS: Pierson, Robinson
ASSISTANT PROFESSORS: Edmonds, Kao, Lujan, McKee, O'Connor
CLINICAL ASSISTANT PROFESSORS: Bass, Beeman, Farnsworth
INSTRUCTORS: Beeman, Blanco, Culton, Flahive, Fowler, Francis, Hennessy, Herbias, McCallister, Monsivais, Padilla, Pope, Rankin, Snell, Tolouian, Wholeben

Mission

The mission of the School of Nursing is to prepare professional practitioners of nursing to care for the health needs of individuals, families, groups, and communities in society. Nursing has a major role in assuring that changing health needs are met. The mission of the School of Nursing is derived from the mission of the University of Texas at El Paso.

Objectives of the Undergraduate Nursing Program

1. Provide professional nursing care to individuals, families, groups, and communities in various developmental stages and from different sociocultural backgrounds.
2. Use critical thinking and apply theories, principles, and concepts in making clinical judgments about the health care needs of individuals, families, and communities.
3. Intervene to minimize or alleviate stressors: to reinforce positive adaptive behavior; to promote, maintain, and restore health; and to care for the ill, disabled, and terminally ill.
4. Collaborate with other professionals, agency personnel, and consumers in planning, implementing, and evaluating health care.
5. Practice nursing within the framework of legal, ethical, moral, and professional standards.
6. Use research findings in the care of clients/patients.
7. Provide leadership within the nursing profession and in health affairs.
8. Develop a lifetime commitment to intellectual inquiry, self-directed learning, and professional growth.
9. Use undergraduate education as a basis for graduate study.

Bachelor of Science in Nursing

The undergraduate nursing program at the University of Texas at El Paso is fully accredited by the Commission on Collegiate Nursing Education (CCNE) and approved by the Texas State Board of Nursing (BON). The curriculum provides an innovative, integrated and conceptual model for teaching and learning wherein critical thinking and decision making are emphasized.

The curriculum is grounded in the sciences and is focused on addressing nursing and health care across the life span. The degree plan consists of approximately two years of lower-division course work followed by two or more years of upper-division nursing courses taken at the School of Nursing. The entire program is possible to complete in eight full-term semesters. The curriculum culminates in preceptored courses that include learning and practice with experienced professional nurses in acute care facilities and community health care settings.

Upon successful completion of the program, students are awarded the degree and are eligible to take the State Board Examination (NCLEX) for registered nurse licensure.

Degree Requirements for a Bachelor of Science in Nursing
Student Affairs

General Information for All Nursing Students

Degree Requirements for a Bachelor of Science in Nursing, RN to BSN Option

Contact Jose Blanco, jblanco@utep.edu 747-8237

Contact Lisa Hennessy, lhennessy@utep.edu, 747-7249

Traditional Four Year Program

The traditional BSN curriculum consists of 120 semester hours. Pre-requisite courses include the natural, physical, and behavioral sciences, general education courses, and University Core courses. Student applicants to the nursing major must meet all university admission requirements and are subject to the academic requirements stated in the current UT El Paso catalog. Acceptance into the nursing major is dependent upon completion of 49 degree plan semester credit hours, the number of applicants, academic performance (2.0 overall GPA and 2.5 GPA in pre-requisite courses), space availability, and the Test of Essential Academic Skills (TEAS) that is offered by Assessment Technologies Institute (ATI). Students must also commit to full time enrollment status.

Fast Track Program

The Bachelor of Science in Nursing Fast Track Program is a 15 month accelerated program designed for second-degree students interested in making a career change. Student applicants to the nursing major must meet all university admission requirements and are subject to the academic requirements stated in the current UT El Paso catalog. University Core and Pre-professional courses or equivalencies in a baccalaureate degree earned within the past seven may be applied to the BSN degree.

Acceptance into the nursing major is dependent upon having earned a previous baccalaureate degree, completion of the University Core and nursing degree prerequisite courses, the number of applicants, academic performance, space availability and the Test of Essential Academic Skills (TEAS) that is offered by Assessment Technologies Institute (ATI). Students must also commit to full time enrollment status.

Baccalaureate of Science in Nursing Degree Plan

For degree plans, please click here and select “Bachelor of Science in Nursing.”

RN to BSN OPTION

The University of Texas at El Paso School of Nursing offers a flexible, affordable educational opportunity to registered nurses to continue their professional development. RN student applicants are required to complete the Texas core requirements and may receive advanced placement credit. The online RN to BSN degree plan includes five (5) required nursing courses for registered nurse students to complete the Bachelor of Science in Nursing (BSN) degree. The Admissions Office provides specific information about transfer and course requirements.

The RN to BSN option was developed in concert with regional Associate Degree in Nursing (ADN) programs and is approved by the Board of Nursing for the State of Texas (BON) and the American Association of Colleges of Nursing (AACN). Students may qualify for admission into the RN-BSN program based on the following criteria:

Graduate of an accredited diploma or associate degree nursing program
Minimum overall GPA of 2.0
Current licensure as a registered nurse
Documentation of health clearances
Submission of a completed admission application to the University of Texas at El Paso

The RN to BSN program builds upon previous nursing knowledge and experience. It eliminates duplication of content and clinical practice experience achieved by the experienced registered nurse. Specific ‘RN-only’ courses have been designed to enhance the educational experience gained in an associate degree nursing. These courses, designed for the registered nurse, will assist the transition into the professional role of nursing.

Applicants must complete or receive advanced credit standing (up to 57 credits) for University Core courses (44), Pre-professional courses (14) and Professional courses (32). Students accepted into the RN-BSN option must complete 36 credits at UTEP or through UT Telecampus in order to meet residency requirements and will be required to take Professional courses (20 credits) and take (or receive credit for) Electives (10 credits).

General Information for All Nursing Students

Student Affairs

It is the responsibility of the student:

1. To become familiar with and comply with regulations of the School of Nursing and the College of Health Sciences;

2. To keep the School of Nursing Office and the Admissions Office informed of his or her current (1) local address, (2) telephone number, or where he or she may be reached, and (3) permanent address and phone number;
Special Expenses

- TEAS (Test of Essential Academic Skills)
- Required dress for clinical practicum (Uniforms, lab coat, name pin, and identification patch).
- Ongoing assessment and testing in preparation for registered nurse licensure examination.
- Health and Clinical Clearances including a drug screen
- Background Checks (Declaratory Order, if applicable)
- Application fee for licensure exam (NCLEX) and Jurisprudence Exam

This list is not inclusive and is subject to change.

Student Employment

The School of Nursing assumes no responsibility for students employed in a health care agency. A student is personally responsible and liable for any activities conducted while employed. Professional liability insurance purchased by a student is valid in the student role, but not in the employment role (check individual policy). An individual who practices nursing illegally may jeopardize his/her future as a licensed professional. A student employed in an agency has the responsibility, personally and professionally, to engage in only those activities which fall within the job description for non-professional workers, and has a responsibility to refuse to participate in activities which he or she has not been legally licensed to perform.

Nursing Student Organization

All enrolled students are eligible for membership in the Nursing Student Organization, an affiliate of the Texas Nursing Students' Association and the National Student Nurses' Association. The UTEP Chapter has goals consistent with those of the National Student Nurses Association. Its purpose is to aid in the development of the individual student, the profession of Nursing and the delivery of health care.

Sigma Theta Tau

Delta Kappa Chapter of Sigma Theta Tau was chartered at The University of Texas at El Paso in 1980. The purposes of Sigma Theta Tau are to recognize the achievement of scholarship of superior quality, to recognize the development of leadership qualities, to foster high professional standards, to encourage creative work, and to strengthen commitment on the part of individuals to the ideals and purposes of the profession of nursing. Each year invitations to membership are extended to selected students in either the undergraduate or graduate programs who are within the upper one-third of their graduating class and who have a minimum 3.00 GPA.

Financial Aid

Students enrolled in the School of Nursing are eligible to apply for all forms of financial assistance available to other majors. Specific information can be obtained from the Financial Aid Office at https://academics.utep.edu/Default.aspx?tabid=359&event=finaid

Armed Services

The United States Armed Services view the Reserve Officers Training Corps (ROTC) as an exceptionally valuable source for officers who have an appreciation of nursing's contribution to the defense of the nation. ROTC offers programs whereby nursing students may earn a commission while they complete their nursing curriculum. Scholarships that provide for tuition, books, and supplies are available. Monthly stipends are offered to advanced students. In addition to financial assistance, ROTC offers leadership/management courses which are valuable assets in a nursing career. A six-week summer training program provides valuable experience for students in health care facilities between the academic years. Interested students should contact the Department of Military Science or the Department of Aerospace Studies on campus.

Admission and Pre-Nursing Advising

Students seeking admission to the University as freshmen or transfers should consult the Undergraduate Admission section in this Catalog. Students transferring from other nursing programs must submit to the School of Nursing Dean, a statement from the dean or department chair of the previous program stating that the student is eligible to return to that program. Students are classified as pre-nursing majors until they are admitted into the nursing program.

Applicants to the School of Nursing must be accepted to the University and official transcripts must be evaluated by the University prior to consideration for admission.

- All University Core and program prerequisite courses must be passed with a “C” or better
- University policy states that courses may not be repeated in which a student earned a grade of “C” or better
- The minimum cumulative GPA (at UTEP) to apply is 2.0
- The minimum prerequisite GPA to apply is 2.5. Historically, the minimum competitive prerequisite GPA is 3.0
- The minimum Science GPA to apply is 2.5. Historically, the minimum competitive Science GPA is 3.0.
- All Science courses must be current and completed within four (4) years prior to eligibility to apply for the Nursing Program.
- Selections are based on the cumulative GPA, Prerequisite GPA, Science GPA, and Test of Essential Academic Skills (TEAS) scores.
- Additional information can be found at https://academics.utep.edu/nursing

Clinical Requirements

Students accepted into the nursing major and upper division nursing courses or the Graduate Nursing Program must have in their record proofs of health clearance and other requirements for the practicum component of clinical courses.

Note: Failure to comply with these requirements will result in students having holds placed on registration or being dropped from courses.

1. Health Clearance: Includes physical exam, lab work and immunizations.

- Up to date health clearance must be documented prior to enrolling in any Nursing classes. Health clearance is done by the Student Health Center (SHC).
- For ongoing students the physical exam, immunizations, and lab work may be done at SHC at reduced rates; check for the fee schedule (747-6624). Students who have had their physical exam, lab work and/or immunizations done by a private physician or through their employers may submit copies to the Student Health Center for review and clearance. The physical examination should be comprehensive and include appropriate age and gender specific screening tests. The name and address of the Health Care Professional who completed the exam should be printed clearly or typed on whatever form is presented.
- Physical Exam
- Immunizations/Tests:
1. Tetanus/Diphtheria (Td) within 10 years
2. MMR (Measles, Mumps, Rubella) Vaccine (at least one dose since 1980 if born after 1956)
3. Titers Documenting Immunity to:
   - Hepatitis B
   - Rubella
   - Rubella (Measles)
   - Varicella
4. If needed, based on titer, the following must be completed with a follow up titer documenting immunity:
   - Booster MMR
   - Varicella series
   - Hepatitis series
5. CBC
6. Urinalysis
7. Tuberculosis Screening: PPD yearly (or biannually as required for clinical clearance). For positive PPD or BCG received in the past, the policy of the Center for Disease Control will be followed, which includes a yearly TB questionnaire, exam by a Health Care Provider, and, chest x-ray every 5 years, or as indicated.

   Note: The Student Health Center (SHC) is the only repository for health clearance information.

   Clearances must be valid through the entire semester for which the student is registering and must be on file 10-14 days PRIOR to the start of the semester. (See Compliance Web Page for deadline dates). Students who are newly admitted and are to register for the first time should take documentation of the health items directly to the Student Health Center. The SHC will create a file for them so that they may have permission to register and pay fees. No other services may be provided until the student has paid appropriate SHC fees at the time of registration.

2. Clinical Clearance: The following items are required to be turned into the Compliance Office in the Student Support Center.

   - Cardio Pulmonary Resuscitation (CPR) certification is required and must be current as indicated by the certifying body. The certification is required and must be current until the end of the semester for which the student is registering. It must be American Heart Association Healthcare Provider or its recognized equivalent. Students must submit a copy of both sides of the CPR card. If the CPR expires during a semester, students must renew immediately to avoid being dropped from clinical courses.
   - Professional liability insurance must be purchased annually during Fall registration. Students beginning in the Spring or Summer semesters must purchase prorated liability insurance. All upper division students enrolling in nursing courses will be required to show evidence of professional liability insurance coverage of at least a minimum amount of $1,000,000 limit each claim and $3,000,000 limit aggregate.
   - All students are encouraged to maintain an acceptable health insurance policy since students are responsible for their own health care costs. A Student Accident and Sickness Insurance Plan is available upon request through the Dean of Students’ Office, 102 W. Union.
   - Community-Wide Orientation: All nursing students must complete the on-line City-Wide Orientation once each year. The on-line Community-Wide Orientation is at http://www.epcc.edu/nursing/cwo/EnrollmentOrientation. Certificate of completion must be submitted to the Compliance Office in the Student Support Center.

3. Background Check

   - Students accepted to the School of Nursing are required to pass a background check prior to matriculation. This is required by the area agencies in which clinical rotations take place and is also a licensure requirement by the Texas Board of Nurse Examiners. Application forms are available through the College of Health Sciences student Support Office.

4. Drug Screening

   - Students accepted to the School of Nursing are required to pass a drug screen prior to matriculation. This is required by the area agencies in which clinical rotations take place. Application forms are available through the college of Health Sciences Student Support Office.

Academic Progress

A nursing student must meet or exceed the following minimum requirements for each course in the Nursing curriculum in order to pass that course:

1. Course grade must be equal to or greater than 75.0. The grading scale is 90-100 = A, 80-89 = B, 75-79 = C, 60-74 = D and Below 60=F.
2. Pass both the didactic and the clinical components of a course. Failure in either component results in a failing grade for the entire course regardless of the specific grades received.
3. Score at or above the minimum level (as decided by Nursing) on any national/standardized comprehensive exams associated with a course.

Rigorous study is required to succeed in the Nursing Program. Multiple hours of preparation are required beyond the classroom periods and clinical experiences. Students must be willing to accept this as a condition of succeeding in the program.

Course Repeat Policy

Repeating a nursing course due to failure or withdrawal is not automatic. The student must request permission from Undergraduate Nursing Administration to repeat a course by using the designated form found at https://academics.utep.edu/Portals/297/Repeat%20course%20form.doc. The decision to give permission to retake is based on the following:

1. Space availability
2. Nursing GPA
3. Previous failures
4. Previous withdrawals
5. Course faculty recommendation (which takes into consideration attendance, following remediation plans within the course, etc.)

Progression

Students must successfully complete all prerequisite courses to progress through the curriculum sequence. Repeating a course disrupts the normal timeline of progression. Successful completion of a failed course does not guarantee automatic progression into succeeding courses. Students who vary from the normal timeline are placed in subsequent courses on a space available basis each semester. Successful passing of the national standardized exams (given in each of the major clinical courses) at or above a level designated by the School of Nursing, is also linked with progression in the clinical courses.

Course Withdrawal and Failure

In accordance with University policy, a Nursing course may only be attempted twice. A withdrawal from a course that results in a "W" counts as an attempt. Students are not encouraged to withdraw from nursing courses as this impedes progress in the completion of the degree plan, but if a student chooses to withdraw from a course, this should be in writing (See Student Handbook). A School of Nursing student may repeat or withdraw from a nursing course only once. Recommendation of the faculty, the student's written request, space availability and approval by the Assistant Dean for Undergraduate Education are needed to retake courses. Failure to successfully complete a Nursing course in two attempts results in dismissal from the School of Nursing. In addition to the two attempt limit, any two failing grades in the Nursing curriculum and/or a faculty recommendation to not allow a student to repeat a course results in dismissal from the School of Nursing.
Safe and Effective Nursing Practice Policy

All nursing students must perform within the limits of safe practice. A faculty member may drop a student from a course with an “F” (regardless of grades received) if the student’s nursing practice is deemed to be unsafe as defined in the Safe Practice Policy of the School of Nursing, a copy is posted on the Official Bulletin Board in the School of Nursing.

Retention/Conferences

Retention in the major is taken seriously. A retention action plan (RAP) is in place in the SON. Faculty and/or students may initiate the process. A retention action plan will help determine areas of difficulty and recommendations for the student to apply to improve potential success.

Students are advised to discuss academic progress and/or situations first with the immediate faculty member, then with the faculty member with overall responsibility for the specific course (the course manager).

Faculty members are available to confer with students outside of class according to posted office hours. The Director of the School of Nursing and the Undergraduate Program Director are prepared to confer with students as needed. Student Support staff are also available for referrals to appropriate UTEP student services.

Student Grievances

Related to Grades and/or other Student Issues:

A student may challenge his/her grade as determined by a member of the faculty of the University during or within one year after the end of any credit course, qualifying or comprehensive examination, for which the student has been enrolled. A challenge to a grade may be pursued only on the basis of: malice, bias, arbitrary or capricious grade determination, or impermissible discrimination. In no event shall a challenge be pursued only on the basis of the standards employed in setting grades, so long as those standards are employed impartially. Grievances for other course related issues may also be pursued.

The student must attempt to resolve grievances concerning grades through the following steps:

1. Submit a written account of the event/situation that describes the actions taken or omitted and provide substantiating data that describes the basis for the grievance to the following persons:
   - First, the faculty member directly involved;
   - Second, the Assistant Dean for Student Affairs;
   - Third, the Dean of the School of Nursing.

Having failed to resolve the matter after consultation with the above persons, the student may consult with and/or file a challenge with the Chairperson of the Student Welfare and Grievance Committee. Contact the Dean of Students for specific information.

Graduation Requirements

1. To be eligible for graduation, a student must have attained a minimum 2.0 Cumulative Grade Point Average (CGPA) in the baccalaureate degree plan and a minimum Grade Point Average (GPA) of 2.0 in the Nursing Major.

2. A candidate must successfully complete the prescribed curriculum and must meet all other requirements of the University and School of Nursing.

Testing Program

In order to assist faculty with academic advisement of students, and to provide a means of ongoing evaluation of the School of Nursing curriculum, nursing students are required to participate in a testing and evaluation program in addition to course examinations. In most of the clinical courses, students are required to pass these exams at or above the national average in order to progress to the next clinical course. In the final semester, students are required to score at or above a score (predictive at 90% or better that success on the NCLEX will be achieved on the first attempt) on the Comprehensive Predictor Exam offered by Assessment Technologies Institute (ATI). This is a course requirement in NURS 4612 (See NURS 4612 syllabus for further details).

Licensure as a Professional Nurse

Graduates seeking licensure must successfully complete the National Council of State Boards of Nursing-Registered Nurse Examination (NCLEX-RN) and the Texas Nursing Jurisprudence exam which are administered by the Board of Nurse Examiners (BON) for the State of Texas. BSN graduates must complete the BSN licensure application which includes criminal background check information. The SON Director will verify the eligibility status of applicants.

All students are required to read and sign the Licensure Eligibility Notification Form prior to being admitted into the clinical courses. (Usually completed during the 4th semester).

Students who have a reason to believe that they may be ineligible for licensure may petition the Board of Nurse Examiners for a Declaratory Order as to eligibility. The Declaratory Order Request form can be downloaded from the BNE web site. The website to review current rules and regulations is: www.bne.state.tx.us.

Course Information

For course descriptions, please click here and select Nursing (NURS).
A baccalaureate nursing program was established at El Paso in 1970 under the administration of The University of Texas System School of Nursing. In 1976, the School of Nursing became an integral part of The University of Texas at El Paso and was organized as a College of Nursing. The Health Science and Medical Technology Programs were transferred to the College in 1979, and shortly thereafter, the name was changed to the College of Nursing and Allied Health. In 1999, the School of Nursing became an integral part of the once again renamed College of Health Sciences and the School of Nursing. On September 1, 2006, the School of Nursing again became its own independent unit and is now known as The University of Texas at El Paso School of Nursing.

The School of Nursing is located approximately one mile from the main UTEP campus, at 1101 North Campbell Street, and is housed in a large, modern building which includes classrooms, laboratories, faculty offices, and lounges for both students and faculty.

The School of Nursing provides undergraduate nursing programs leading to the Bachelor of Science in Nursing degree (Traditional 4 year BSN; RN to BSN Option and Fast Track accelerated program for students with a previous degree) as well as the graduate program culminating in the Master of Science in Nursing degree.

The nursing programs are fully accredited by the Commission on Collegiate Nursing Education (CCNE) and approved by the Texas State Board of Nursing (BON).
The Bachelor of Multidisciplinary Studies (BMS) degree gives students an opportunity to pursue a broad, interdisciplinary studies curriculum rather than having to follow a perspective specialized major. As an individualized program of study, the BMS emphasizes a broad learning experience and a wider perspective than that provided by traditional undergraduate majors. Students focus on an interdisciplinary theme, period, set of problems, specialization, or perspective not currently available through established majors and minors.

The BMS degree encourages students to select courses from the entire university course inventory, tailoring their study to their own personal and professional interests and needs. The degree provides students with a fundamental knowledge of skills necessary to competently express themselves, think creatively, solve problems, and understand the nature and function of people and the environment.

The multidisciplinary degree plans and areas of concentration developed by students and their advisors are reviewed by a program review committee composed of academic faculty and a University College representative.

Admissions Requirements

- New, transfer, and returning students may declare their intention to work toward a BMS degree if they meet UTEP’s admission requirements.
- All students admitted into the BMS program are required to meet each semester with a BMS advisor to select their concentrations and electives.

Bachelor of Multidisciplinary Studies Degree Requirements

The Bachelor of Multidisciplinary Studies degree requires a minimum of 120 semester hours, including at least 45 hours at the advanced/upper division (junior and senior) level. In addition to completing the 42 semester hour University core curriculum, each student defines, in consultation with a BMS advisor, three areas of concentration totaling 45 semester hours, including a minimum of 27 hours of advanced work. Each area of concentration is composed of 15 hours, 9 hours of which must be advanced. The goal of the concentration is to give students an interdisciplinary foundation that satisfies individual educational and professional goals while maintaining academic rigor and integrity. Thirty-three hours of electives, 18 of which must be advanced, bring the degree total to a minimum 120 semester hours.

In addition to completing organized courses, we recommend that students complete a capstone experience that integrates the multidisciplinary coursework: a course with a service learning component, a professional internship experience related to their concentration, or an independent research project. This involvement combines academic classroom-based activities with practical and/or research experience.

Degree Plan

For degree plans, please click here and select “Bachelor of Multidisciplinary Studies.”
Intelligence and National Security Studies

FACULTY: Aldouri, Gorman, McCune, Schauer, Soden, Telless, Valero
COORDINATOR: Mark Gorman

Undergraduate Certificate in Intelligence and National Security

The undergraduate Certificate in Intelligence and National Security is designed to familiarize students with the history of intelligence and national security, the intelligence cycle, global security risks, the political climate, international relations issues and how government and private organizations work jointly on matters of security. This program is valuable for students with an interest in pursuing a career in the Intelligence Community or the global marketplace. The undergraduate Certificate in Intelligence and National Security will consist of 18 semester hours of study. Courses may be substituted where appropriate at the discretion of the director of the certificate program.

Admissions Standards

Any UTEP undergraduate student in good academic standing is eligible for enrollment in the Certificate in Intelligence and National Security.

Certificate Requirements

Two Intelligence and National Security Courses (6 Credit Hours)

INSS 3301 History and Development of Modern Practices of Intelligence and National Security
INSS 3302 Pro-Seminar in Intelligence and National Security

Two courses in Politics, Economics and History from the following courses (6 Credit Hours)

ECON 3366 Economics of Latin America
ECON 4325 International Economy
ECON 4368 Economy of Mexico
HIST 3312 History of American Foreign Policy Since 1914
HIST 3313 American Military History
HIST 3324 The United States in Vietnam and East Asia
MS 3313 U.S. Military History
POLS 3361 International Security
POLS 4364 International Political Economy
POLS 4330 Foreign Policy of the United States

Two courses in a Focus Area (6 Credit Hours)

Students must select six credits from a focus area in consultation with appropriate faculty members. The director of the certificate program must approve the courses proposed for satisfaction of the student’s focus area requirement. Students may not apply courses used for satisfying the Politics, Economics, and History component of the Certificate for satisfaction of the Focus Area requirement.

Course Information

For course descriptions, please click here and select Intelligence and National Security Studies (INSS).

WALTER G. AUSTIN, JR., CPA, Associate Professor Emeritus of Accounting, 1995
B.B.A., M.B.A., Texas Tech University; Ph.D., University of Texas at Austin

GABRIEL AVILA, Lecturer of Languages and Linguistics 2001
B.A., M.A., University of Texas at El Paso

CAROLYN AWALT, Assistant Professor of Teacher Education, 2003
B.A., M.A.T., Antioch University; M.A., Ph.D., University of Texas at Austin

ISABEL BACA, Assistant Professor of English, 2005
B.A., M.A., University of Texas at El Paso; Ph.D. New Mexico State University

KALLOL K. BAGCHI, Associate Professor of Information and Decision Sciences, 2002
B.S., M.S., Calcutta University (India); P.G. Diploma, Ph.D., Jadavpur University (India); Ph.D., Florida Atlantic University

KENNETH KYLE BAILEY, Professor Emeritus of History, 1960
B.A., M.A., Ph.D., Vanderbilt University

JAIME BARBA, Lecturer of Theatre, 2006
B.A., The University of Texas at El Paso

EDUARDO BARRERA, Associate Professor of Communication, 1992
B.A., Instituto Tecnologico y de EstudiosSuperiores de Monterrey, Mexico; M.A., Ph.D., University of Texas at Austin

GUIDO ALAN BARRIENTOS, Associate Professor Emeritus of Psychology, 1963
B.A., Universidad de San Carlos (Guatemala); M.A., Ph.D., University of Kansas

HERBERT H. BARTEL, P.E., Associate Professor Emeritus of Civil Engineering, 1972
B.S.C.E., Southern Methodist University; M.S.C.E., University of Texas at Austin; Ph.D., Texas A&M University

TUNNA BARUAH, Assistant professor of Physics, 2006
PhD, Pune University, India

KIM B. BAUER, Associate Professor of Art, 1989
B.F.A., Michigan State University; M.F.A., Eastern Michigan University

THERESE M. BAUER, Lecturer in Art, 1993
B.F.A Michigan State University; M.F.A., Eastern Michigan University

DINA CANDELABRO BEARD, Lecturer of DevelopmentalMathematics-University College, 2001
B.S., Fayetteville State University

PATRICIA BECKER, Lecturer of Teacher Education, 2004
B.A., M.Ed., University of Texas at El Paso

JAMES E. BECVAR, Associate Professor of Chemistry, 1978
A.B., College of Wooster; Ph.D., University of Michigan

KATHIE BEEMAN, Instructor of Clinical Nursing, 2000
B.S., Winona State University; M.S.N., University of Texas at El Paso

THOMAS B. BEEMAN, Clinical Associate Professor, 2008
B.S.N., Winona State College; M.S.N., Medical College of Georgia; Ph.D., American University

RAYMOND BELL, Lecturer of Computer Science, 1983
B.A., University of Texas at El Paso; M.A., University of California, Los Angeles

CANDYCE S. BERGER, PhD. Associate Professor, Department of Social Work (2008).
B.A from Washington University in St. Louis, MSW from George Warren Brown School of Social Work at Washington University in St. Louis, PhD from University of Southern California

RICARDO A. BERNAL, Assistant Professor, Department of Chemistry, 2006
B.S. Texas A&M University; M.S. UTEP; Ph.D. Purdue University, Postdoc, MRC-LMB Cambridge, UK

ANDREA BERTA, Lecturer of Developmental English/English, 1997
B.A., University of Texas at El Paso; M.L.I.S., University of Texas at Austin

STEVEN BEST, Associate Professor of Philosophy, 1993
B.A., University of Illinois; M.A., University of Chicago; Ph.D., University of Texas at Austin

KIERSTAN BETANCOURT, Program Advisor/Lecturer of Entering Student Program and Academic Advising Center, 2008
B.A., New Mexico State University; M.S. Portland State University

AMITAVA BISWAS, Assistant Professor of Speech Language Pathology, 2000
B.S., India Institute of Technology; M.S., Indiana University

DENNIS J. BIXLER-MÁRQUEZ, Professor of Teacher Education and Chicano Studies, 1978
B.A., M.Ed., University of Texas at El Paso; M.A., Ph.D., Stanford University

JOSE BLANCO, Instructor of Nursing, 2002
B.S.M., M.S.N., University of Texas at El Paso, M.Ed., University of San Diego

RICARDO BLÁZQUEZ, Executive Director of the Center for Interamerican and Border Studies and Adjunct Professor of Business, 2008.
B.A. DePaul University; M.M. The Kellogg School at Northwestern University

SANDRA BLYSTONE, Lecturer of Developmental English/English, 1989
M.A., University of Texas at El Paso

MICHAEL HENRY BLUE, Associate Professor Emeritus of Physics, 1964
B.S., Colorado State University; Ph.D., University of Washington

MARÍA BLUME, Assistant Professor of Languages and Linguistics, 2005
B.A., Pontificia Universidad Católica del Perú; Ph.D., Cornell University

CHARLES R. BOEHMER, Associate Professor of Political Science, 2002
Ph.D., Pennsylvania State University

MAX CARLTON BOLIN, Professor Emeritus of Physics, 1965
B.S., Wabash College; M.S., Purdue University; Ph.D., Texas A&M University

KATE BONANSINGA, Assistant Professor and Director of the Stanlee and Gerald Rubin Center for the Visual Arts, 2001
M.A., University of Illinois at Urbana-Champaign

DAVID BORROK, Assistant Professor of Geological Sciences. 2007
CRISTIAN E. BOTEZ, Assistant Professor of Physics, 2005
B.S., University of Bucharest; M.S., Ph.D., University of Missouri, Columbia

DELMAR LEE BOYER, Professor Emeritus of Mathematics, 1965
B.A., Kansas Wesleyan University; M.A., Ph.D., University of Kansas

GARY P. BRAUN, Associate Professor of Accounting, 1994
B.S., University of Nevada, Reno; Ph.D., University of Arizona

SAMUEL JOHN BRIENT, JR., Professor Emeritus of Physics, 1962
B.S., Ph.D., University of Texas at Austin

JOHN RICHARD BRISTOL, Professor Emeritus of Biological Sciences, 1970
B.A., Cornell College; M.A., Ph.D., Kent State University

DONNA MARIE BRONNER, Lecturer of English, 2005
B.S., Saint Mary College, Kansas; M.F.A., University of Texas at El Paso;
B.S., Ph.D. Kansas State University

ARTURO BRONSON, Professor of Mechanical Engineering, 1983
B.S., M.T., M.S., University of Texas at El Paso; Ph.D., Ohio State University

GARY D. BROOKS, Associate Professor Emeritus of Educational Leadership and Foundations, 1968
B.S., Millikin University; M.S.Ed., Ed.D., Indiana University

LANCE E. BROUGHTERS, Professor of Marketing and Management, 2003
B.S., Ohio State University; M.A., Ph.D., Florida State University; Ph.D., University of Florida

RUFUS E. BRUCE, Professor Emeritus of Physics, 1966
B.S., Louisiana State University; M.S., Ph.D., Oklahoma State University

SAMUEL BRUNK, Professor of History, 1998
B.A., Washington University; M.A., Ph.D., University of New Mexico

BETH BRUNK-CHAVEZ, Assistant Professor of English, 2002
B.A., New Mexico State University; M.A., University of Texas at El Paso;
Ph.D., University of Texas at Arlington

VINCENT BURKE, Associate Professor of Art, 1999
B.A., Carleton College; M.F.A., Louisiana State University

ROBERT NORTHCUTT BURLINGAME, Professor Emeritus of English, 1954
B.A., M.A., University of New Mexico; Ph.D., Brown University

LOU ELLA BURMEISTER, Professor Emeritus of Teacher Education, 1968
B.A., M.A., Ph.D., University of Wisconsin

BARTHY A. BYRD, Associate Professor of Communication, 1984
B.A., M.A., New Mexico State University; Ph.D., University of New Mexico

SERGIO F. CABRERA, Associate Professor of Electrical and Computer Engineering, 1992
B.S., Massachusetts Institute of Technology; M.S., University of Florida; Ph.D., Rice University

HOWARD CAMPBELL, Professor of Anthropology, 1991
B.A., University of Idaho; M.A., Ph.D., University of Wisconsin

ALBERT GEORGE CANARIS, Professor Emeritus of Biological Sciences, 1970
B.S., M.A., Washington State University; Ph.D., Oregon State University

MATTHEW M. CANFIELD, Lieutenant Colonel, US Army Professor of Military Science and Leadership

ERZA CAPPELL, Associate Professor of English, 2002
B.A., Queens College; M.A., New York City College; Ph.D., New York University

STEPHANIE CAPSHAW, Clinical Assistant Professor of Occupational Therapy, 2004
B.S.O.T., M.A., Texas Woman's University

MARY E. CARLSON, Associate Professor of Physical Therapy, 1999
B.S., Indiana University, M.S., Ph.D., Texas Woman's University

DAVID L. CARMICHAEL, Associate Professor of Anthropology, 1991
B.A., University of New Mexico; M.A., Ph.D., University of Illinois

DAVID J. CARREJO, Assistant Professor of Teacher Education, 2005
B.S., M.A.T., University of Texas at El Paso; Ph.D., University of Texas at Austin

JAMES B. CARTER, Assistant Professor of English, 2008
B.S. Ed., B.A. Western Carolina University; M.A. University of Tennessee-Knoxville; PhD. University of Virginia

MARTHA CASAS, Associate Professor of Teacher Education, 2001
B.S., M.A., University of Texas at El Paso; Ed.D., Harvard University

TIMOTHY G. CASHMAN, Associate Professor of Teacher Education, 2002
B.A., University of Northern Iowa; M.A., University of New Mexico; Ph.D., Washington State University

ROBERT CASON, Lecturer in English, 1989
B.A., University of Texas at El Paso; M.A., Marquette University;
J.D., Ph.D., Southern Illinois University

EDWARD CASTAÑEDA, Professor of Psychology, 2007
B.A., M.A., The University of Texas at El Paso; Ph.D., The University of Michigan

PATRICIA T. CASTIGLIA, R.N., Professor Emerita of Nursing, 1990
B.S., University of Buffalo; M.S., Ph.D. State University of New York at Buffalo

ANTONIO CASTRO, Associate Professor of Art, 2000
B.F.A., University of Texas at El Paso; M.F.A. Temple University

MIGUEL CASTRO-COLÍN, Assistant Professor of Physics, 2005
B.S., Universidad Autónoma del Estado de México; M.S., University of Texas at El Paso; Ph.D., University of Houston

MARTINE CEBERIO, Assistant Professor of Computer Science, 2004
B.S., M.S., Ph.D., University of Nantes, France

DANIEL CHACÓN, Associate Professor of Creative Writing, 2000
B.A., M.A., California State University; M.F.A., University of Oregon

ERNESTO CHÁVEZ, Associate Professor of History, 1993
B.A., M.A., Ph.D., University of California, Los Angeles

JAIIMY VICTOR CHAVEZ, Lecturer in Communication, 2002
B.A., M.A., University of Texas at El Paso

YOONSIK CHEON, Assistant Professor of Computer Science, 2003
B.S. Korea University, Seoul, Korea; M.S., Ph.D., Iowa State University

JACK F. CHESSA, B.A., M.A., New Mexico State University; Ph.D. University of New Mexico

B.A., M.A. University of Texas at El Paso

B.S., M.S., Ph.D., University of Texas at El Paso

B.A., M.A., Ph.D., Texas Woman’s University

B.A., M.A., Ph.D., Texas Woman’s University

B.A., M.A., Ph.D., Texas Woman’s University

B.A., M.A., Ph.D., Texas Woman’s University

B.S.I.E., Instituto Tecnológico de Laguna; M.S.O.R., Instituto Tecnológico y de Estudios Superiores del Monterrey; M.S.I.E., Georgia Institute of Technology; Ph.D., University of Arkansas

ROBERT D. GUTIERREZ, Senior Lecturer of Communication
B.A., M.A., University of Texas at El Paso

RUBEN GUTIERREZ, Lecturer of Music, 1992
B.M., M.M., University of Texas at El Paso

DAVID A. HACKETT, Associate Professor of History, 1971
B.A., Earlham College; M.A., Ph.D., University of Wisconsin

JOHN H. HADDIX, Professor of Philosophy, 1958
B.A., M.A., Ph.D., University of Notre Dame

JOHN HADJIMARCOU, Associate Professor of Marketing, 1994
B.S., M.B.A., West Virginia University; Ph.D., Kent State University

ERIC A. HAGEDORN, Associate Professor of Physics, 2003
B.S., Pennsylvania State University; M.S., Ph.D., University of Wisconsin
M.S., Novosibirsk, USSR; Ph.D., University of Texas at El Paso

VLADIK Y. KREINOVICh, Professor of Computer Science, 1990
M.S., Leningrad University; Ph.D., Institute of Mathematics, Novosibirsk, USSR

JOANNE KROP, Lecturer in the Entering Student Program, 2001
M.A., University of Texas at El Paso

ZBIGNIEW A. KRUSZEWSKI, Professor of Political Science, 1968
Baccalaureate, Lycee, Cawthorne, England; Ph.D., University of Chicago

KUMAR, VINOD, Assistant Professor of Mechanical Engineering, 2008
Ph.D., Rice University

RICHARD P. LANGFORD, Professor of Geological Sciences, 1997
B.A., Colorado College; M.A., Indiana University; Ph.D., University of Utah

LETICIA LANTICAN, Associate Professor Emerita of Nursing, 1986
B.S.N., M.A., University of the Philippines; M.S.N., University of California, San Francisco

JESUS B. LARA, Associate Professor Emerita of Nursing, 1988
B.S.N., University of the Philippines; M.S., University of California; Ed.D., St. Louis University, Philippines

BRUCE LAWSON, Associate Professor of English, 1988
B.A., Bethel College; M.A., San Diego State University; Ph.D., University of Southern California

JUAN OTTO LAWSON, Professor Emeritus of Physics, 1967
B.S., Virginia State College; M.S., Ph.D., Howard University

JOSEPH LEE LEACH, Professor Emeritus of English, 1947
B.A., Southern Methodist University; Ph.D., Yale University

WILLIAM JOSEPH LEACH, Associate Professor Emeritus, 1947
B.A., M.A., University of Texas at El Paso

DANA WESSELL LIGHTFOOT, Assistant Professor of Biological Sciences, 1997
B.S., University of the South, Sewanee; M.S., Stanford University

YOLANDA C. LEYVA, Associate Professor of History, 2001
Ph.D., University of Arizona

WEN-YEE LEE, Assistant Professor of Chemistry, 2003
B.S., National Taiwan Normal University, Taipei, Taiwan; M.S., Ph.D., University of Texas at El Paso

ROBERT MILTON LEECH, Professor Emeritus of Theatre and Dance, 1949
B.F.A., M.F.A., Ph.D., University of Texas at Austin

SUSAN LEECH, Assistant Professor of Occupational Therapy, 2004
B.S., University of Colorado; M.D.T., Texas Woman’s University

CHARLES F. LEINBERGER, Associate Professor of Music, 1999
B.M., Northern Arizona University; M.M., University of Miami; Ph.D., University of Arizona

DAVID VONDEMBERG LEMONE, Professor Emeritus of Geological Sciences, 1964
B.S., New Mexico Institute of Mining and Technology; M.S., University of Arizona; Ph.D., Michigan State University

LAWRENCE M. LESSER, Associate Professor of Mathematical Sciences, 2004
B.A., Rice University; M.S., Ph.D., University of Texas at Austin

MING-YING LEUNG, Professor of Mathematical Sciences, 2003
B.Sc., M.Phil., University of Hong Kong; M.S., Ph.D., Stanford University

JOHN MELVIN LEVOSKY, P.E., Professor Emeritus of Mechanical Engineering, 1967
B.S.M.E., B.S.I.E., Lamar State College; M.S., Ph.D., Oklahoma State University

SHERRY S. LEWIS, Lecturer of Communication, 1988
B.A., M.A., University of Texas at El Paso

YOLANDA C. LEYVA, Associate Professor of History, 2001
Ph.D., University of Arizona

M. LESSER, Visiting Professor of Teacher Education, 2005
B.A., University of Texas at El Paso; M.Ed., Sul Ross State University; Ph.D., New Mexico State University

LUC LONGPRÉ, Associate Professor of Computer Science, 1994
B.S., M.S., University of Montreal; M.S., Cornell University

JORGE A. LÓPEZ, Professor of Physics, 1990
B.S., M.S., University of Texas at El Paso; Ph.D., Texas A&M University

BRUCE LOUDEN, Professor of Languages and Linguistics, 1991
B.A., University of California, Santa Cruz M.A., San Francisco State University; Ph.D., University of California, Berkeley

VANESSA LOUGHEED, Assistant Professor of Biological Sciences, 2005
B.Sc., Ph.D., McMaster University, Ontario, Canada

AMANDA M. LOYAL, Clinical Assistant Professor of Pharmacy, 2004
B.S., University of Texas at El Paso; Pharm.D., University of Texas at Austin in cooperation with University of Texas at El Paso

HUANNMIN LU, Lecturer of Mechanical Engineering, 1989
M.S., Capital Normal University, Beijing, China; M.S., Ph.D., University of Texas at El Paso

FAITH W. HILL, Assistant Professor of Social Work
OSVALDO D. MENDEZ, Associate Professor of Mathematical Sciences, 2000
B.S., Universidad Nacional de Rosario, Argentina; M.S., Ph.D., University of Minnesota

ZULMA MENDEZ, Assistant Professor of Educational Leadership and Foundations, 2005
B.A., M.A., University of Texas at El Paso; Ph.D., University of California, Riverside

ARTIE LOU METCALF, Professor Emeritus of Biological Sciences, 1962
B.S., Kansas State University; M.A., Ph.D., University of Kansas

GEORGE DOUGLAS MEYERS, Professor of English, 1982
B.S., New York University; M.A., Columbia University; Ed.D., University of Maryland

DONALD A. MICHIE, Professor of Marketing and Management, 1984
B.B.A., Ph.D., University of Wisconsin at Madison; M.B.A., Marquette University

JEAN HEININGER MCULKA, Associate Professor Emerita of Communication, 1961
B.A., University of Texas at El Paso; M.A., Northwestern University

GRACE FREDERICK MIDDLETON, Professor Emerita of Speech-Language Pathology, 1970
B.S., Oklahoma State University; M.C.D., Oklahoma University; Ed.D., Texas Tech University

CAROL P. MILLER, Lecturer of English, 1995
B.A., M.A., University of Texas at El Paso; Ph.D., New Mexico State University

KATE C. MILLER, Professor of Geological Sciences, 1991
A.B., Princeton University; M.S., Ph.D., Stanford University

R. TIMOTHY MILLER, Assistant Professor of Biological Sciences, 2005
B.S., The University of Texas at El Paso; Ph.D., University of Texas at Austin

JAMES MILSON, Professor Emeritus of Teacher Education, 1970
B.S., M.Ed., Texas Wesleyan College; Ph.D., University of Texas at Austin

MANUEL MIRANDA-ARANGO, Assistant Professor of Biological Sciences, 2007
B.A., M.S., Ph.D., Universidad Autónoma de México

CAROLYN T. MITCHELL, Senior Lecturer in Communication, 1998
B.S., University of Mary Hardin-Baylor; M.A., University of Texas at El Paso

FRANÇOIS MODAVE, Assistant Professor of Computer Science, 2001
B.S., M.S.; University of Dauphine, France; Ph.D., University of Toulouse III-Paul Sabatier, Toulouse, France

DIANE MONSIVIAS, Assistant Professor of Nursing, 1999
B.S.N.; Duke University; M.S.N., University of Texas at El Paso; Ph.D., The University of Texas Health Science Center at Houston

IRMA VICTORIA MONTELONGO, Lecturer of the Entering Student Program, 2007
B.A., M.A., Ph.D. Candidate, the University of Texas at El Paso

NICOLE MONTOYA, Lecturer in Western Cultural Heritage, 2005
B.A., M.A., University of Texas at El Paso

HECTOR MORALES, Instructor of Clinical Nursing, 2009
B.S.N.; M.S.N., The University of Texas at El Paso

MARIA CRISTINA MORALES, Assistant Professor of Sociology, 2006
B.A., University of Texas at El Paso; M.S., Ph.D., Texas A&M University

OSVALDO F. MORERA, Associate Professor of Psychology, 1999
B.S., The Ohio State University; M.A., Ph.D., University of Illinois, Urbana-Champaign

GAIL LINDA MORTIMER, Professor Emerita of English, 1976
B.A., University of Tulsa; Ph.D., State University of New York, Buffalo

PANAGIS G. MOSCHOPOULOS, Professor of Mathematical Sciences, 1989
B.A., University of Athens; M.Sc., McGill University; M.A., Ph.D., University of Rochester

DONALD E. MOSS, Professor of Psychology, 1975
B.S., M.S., Ph.D., Colorado State University

JOHN A. MOYA, Associate Professor of Electrical and Computer Engineering, 2000
B.S.E.E., M.S.E.E., New Mexico State University; Ph.D., University of New Mexico

 SOMNATH MUKHOPADHYAY, Assistant Professor of Information and Decision Sciences, 2002
B.S., Jadavpur University, (India); M.S., Ph.D., Arizona State University

JAMES MICHAEL MULLINS, Lecturer of English, 1999
B.A., M.F.A., University of Texas at El Paso

PATRICK J. MULLINS, Senior Lecturer of Communication, 2004
M.A. William Paterson University; M.A., New York University.

JUDITH H. MUNTER, Associate Professor of Teacher Education, 2000
B.S., University of Wisconsin; M.S., Florida International University; Ph.D., Florida State University

LAWRENCE E. MURR, P.E., Professor of Metallurgical and Materials Engineering, 1989
B.S.C., Albright College; B.S., M.S., Pennslyvania State University

JOEL K. MURRAY, Associate Professor of Theatre and Dance, 1999
B.A., University of New Hampshire; M.A., Ph.D., Bowling Green State University

JAMES R. MYERS, JR., Lecturer of Electrical Engineering, 1991
B.A., Texas Tech; M.S., University of Texas at El Paso

MYRON H. NADEL, Professor of Theatre and Dance, 1998
B.S., The Juilliard School of Performing Arts; M.A., Columbia University

MAHESH NARAYAN, Assistant Professor of Chemistry, 2005
B.S.C., Bombay University; Ph.D., Ohio State University

JOHN ANTHONY NARVARTE, Associate Professor Emeritus of Mathematical Sciences, 1970
B.A., University of Texas at Austin; M.S., St. Mary's University; Ph.D., University of Arizona

DIANA S. NATALCIO, Professor of Languages and Linguistics, 1971
B.S., St. Louis University; M.A., Ph.D., University of Texas at Austin

PATRICIA NAVA, P.E., Professor of Electrical and Computer Engineering, 1996
B.S.E.E., M.S.E.E., Ph.D., New Mexico State University

M. SUSANA NAVARRO, Associate Professor of Educational Leadership and Foundations, 1991
B.A., University of Texas at El Paso; Ph.D., Stanford University

HOMER NAZERAN, Associate Professor of Electrical and Computer Engineering, 2002
B.S., University of Texas at Austin; M.S., Case Western Reserve University, Cleveland; Ph.D., The University of Texas Southwestern Medical Center, Dallas and The University of Texas at Arlington

SOHEIL NAZARIAN, P.E., Professor of Civil Engineering, 1988
B.S., University of Tehran; Iran; M.S., Tufts University; Ph.D., University of Texas at Austin

HOWARD DUNCAN NEIGHBOR, Professor Emeritus of Political Science, 1968
B.S., M.S., Kansas State University; Ph.D., University of Kansas

B.A., University of Michigan; M.A., University of Maryland; Ph.D. New York University

B.A., M.A. New Mexico State University
ROBERT DOLF TOLLEN, Associate Professor Emeritus of Economics and Finance 1972
B.A., M.A., West Texas State University; Ph.D., University of Texas at Austin

AUDREY TOLOUIAN, Instructor in Clinical Nursing, 2008
A.S., Niagara Falls Community College; B.A., Trinity College of Vermont; MSN, University of Phoenix

JOSEPH W. TOMAICA, Associate Professor of Health Promotion, 1994
B.A., State University of New York College, Geneva; M.A., Ph.D., State University of New York, Buffalo

MICHAEL M. TOPP, Associate Professor of History, 1993
B.A., Trinity College; M.A., Ph.D., Brown University

LORRAINE TORRES, Lecturer of Clinical Laboratory Science 1995
B.S., M.S., B.S.M.T., University of Texas at El Paso

CURTIS B. TREDWAY, Associate Professor of Music, 1993
B.M.E., Florida State University; M.M.E., Ph.D., University of Southern Mississippi

MARY CORN TREJO, Associate Professor of Communication, 1967
A.B., Southwest Missouri State College; M.A., University of Missouri, Columbia; Ph.D., University of Tulsa

SAM TRIMBLE, Associate Professor of Music, 1982
B.M., University of South Florida; M.M., North Texas State University

LUIF TRUEBA, Assistant Professor of Metallurgical and Materials Engineering, 2005
B.S., University of Texas at El Paso; Ph.D., University of Missouri/Rolla

ROBERT P. TRUSSELL, Assistant Professor of Special Education, 2006
B.S., Frostburg State University; M.A., University of Texas at El Paso; Ph.D., University of Missouri

Tzu-Liang Tseng, Assistant Professor of Industrial Engineering, 2004
B.S., Tung Hai University; M.S., Ph.D., University of Wisconsin

Hideaki Tsutsui, Assistant Professor of Theatre and Dance, 2008
B.S., University of Northern Arizona; M.F.A., Florida State University

JANA TURNBOW, Program Advisor/Lecturer of the Entering Student Program and College of Business Administration, 2008
B.B.A., M.A., New Mexico State University, Las Cruces

Charles D. Turner, P.E., Professor of Civil Engineering, 1990
B.S., M.S., University of Nebraska, Lincoln; Ph.D., Colorado State University

Craig E. Tweedie, Assistant Professor of Biological Sciences, 2005
B.Sc., B.S., Ph.D., University of Queensland; Postdoc, Michigan State University

Godwin J. UdO, Professor of Information and Decision Sciences, 2001
H.N.D., Institute of Management and Technology, M.S., University of Missouri; Ph.D., Clemson University

Char Ullman, Assistant Professor of Teacher Education, 2005
B.A., University of Wisconsin, Madison; M.A., Northeastern Illinois University; Ph.D., University of Arizona

Leslie Ullman, Professor Emerita of Creative Writing, 1979
B.A., Skidmore College; M.F.A., University of Iowa

Erik Unsworth, Assistant Professor of Music, 2003
M.M., Indiana University

Alfredo UrzuÁ, Assistant Professor of Languages and Linguistics, 2007
Licenciatura, University of Guadalajara, Mexico; M.A., University of California at Los Angeles; Ph.D. Northern Arizona University

Bryan E. Usevitch, P.E., Associate Professor of Electrical and Computer Engineering, 1995
B.S., Bingham Young University; M.S., Ph.D., University of Illinois, Urbana-Champaign

Luis Valdez-Sanchez, Associate Professor of Mathematical Sciences, 1995
B.S., University of Texas at El Paso; M.A., Ph.D., University of California, Berkeley

Oscar Varela, Professor of Economics and Finance, 2007
B.S., M.A., University of New Orleans; M.A., Ph.D., University of Alabama

Steven T. Varela, Lecturer of English, 2001
B.A., University of Texas at El Paso; M.A., New Mexico State University; M.Ed. University of Texas at El Paso

Noe Vargas, Assistant Professor of Mechanical Engineering, 2007
B.S., CETYS Universidad, Mexico; M.S., University of Leeds, U.K.; Ph.D., Arizona State University

Shailendra K. Varma, Professor of Metallurgical and Materials Engineering, 1984
B.E., Met.E., University of Roorkee, India; M.S., University of Denver; Ph.D., Georgia Institute of Technology

Jack Vaughn, Lecturer of Information and Decision Sciences, 1995
B.S., Virginia Polytechnic Institute; M.S., U.S. Naval Postgraduate School
