

Growth form	Scientific name	Common name (click to learn more)	Size(s)	Notes
Grass	<i>Andropogon scoparius</i>	Little Bluestem	1 gal	The foliage color ranges from green to blue, and the dormant foliage varies from tan to rusty red. Little bluestem can have a very upright form, with fine-textured foliage.
Grass	<i>Aristida purpurea</i>	Purple Three Awn	1 gal	The fine-textured foliage ranges in color from green to blue. In the fall, the three long awns attached to each seed glow in the sunlight.
Grass	<i>Bouteloua gracilis</i> 'Blonde Ambition' PP22048	Blonde Ambition Blue Grama	3 gal	This showy selection of blue grama grass has huge chartreuse flowers that dance above the foliage
Grass	<i>Bouteloua gracilis</i>	Blue Grama	1 gal	Blue Grama is easily identified by its distinctive curved "comblike" seedheads, which appear during the summer.
Grass	<i>Muhlenbergia capillaris</i> 'White Cloud'	White Awn Muhly	1 gal	Its green, needle-like flower stems emerge during the fall and rise a foot or more above the foliage, creating an excellent texture variation for perennial borders. It blooms a bit later than Pink Muhly and as such, stands out in the late fall with its white airy plumes elevated high.
Grass	<i>Muhlenbergia capillaris</i>	Regal Mist®	1 gal & 5 gal	A frothy haze of deep pink flowers covers the plant in the fall.
Grass	<i>Muhlenbergia dubia</i>	Pine Muhly	1 gal	This little known grass is a perfect petite alternative to Deer Grass (<i>Muhlenbergia rigens</i>) or Big Muhly (<i>Muhlenbergia lindheimeri</i>) when space is limited. The green leaves are stiff and upright, providing the tidy formal look of Big Muhly, while the flowers are narrow tan rods similar to those of Deer Grass.
Grass	<i>Muhlenbergia emersleyi</i> 'El Toro'	Bull Grass	1 gal	This dense grass has a slightly coarse texture, with long blue-green leaves. In the fall months it sends up masses of loose, rosy-purple flower spikes, which dry to a tan color in the winter.
Grass	<i>Muhlenbergia lindheimeri</i>	Autumn Glow®	1 gal	Native to Texas, this clump grass has a strong vertical form, with slender, light green leaves. Tall spikes of tan flowers emerge in the fall
Grass	<i>Muhlenbergia rigida</i> Nashville®	Nashville® Muhly	1 gal	This southwestern native forms a small clump of fine-textured light green foliage. In the late summer and fall it sends up purple-tan spikes that dry to a wheat color.
Grass	<i>Muhlenbergia X 'Pink Flamingo'</i>	Pink Flamingo Muhly	1 gal	his hybrid combines the best of both parents, with the strong vertical form of Lindheimer muhly and the pink flowers of Gulf muhly. A narrow, upright clump of thin blue-green leaves is topped in the fall with dramatic arching plumes of soft pink flowers.
Perennial	<i>Abutilon palmeri</i>	Indian Mallow	1 gal	Soft, velvety leaves and small, cup-shaped apricot-colored flowers
Perennial	<i>Acalypha monostachya</i>	Raspberry Fuzzies™	1 gal	This groundcover has copper colored foliage and unique fuzzy hot pink to red flowers, blooming profusely all through the warm months
Perennial	<i>Asclepias subulata</i>	Desert Milkweed	5 gal	It has an erect, vertical form, with a dense cluster of gray-green herbaceous stems. It is virtually leafless, as short-lived leaves appear on new growth but drop quickly. Terminal clusters of pale yellow flowers appear intermittently from spring until fall.

Perennial	<i>Baileya multiradiata</i>	Desert Marigold	1 gal	Bright yellow daisy-like flowers appear spring through fall and may bloom continuously at lower elevations. The blossoms are carried far above the rosette of woolly, silver-gray foliage on slender stems. This plant tolerates full sun, heat, cold and drought.
Perennial	<i>Berlandiera lyrata</i>	Chocolate Flower	1 gal	In the summer and fall, yellow daisy flowers with maroon centers are borne on slender stems above the foliage
Perennial	<i>Conoclinium (Eupatorium) dissectum Boothill™</i>	Gregg's mistflower	1 gal	During the warm season this plant is covered with clusters of fuzzy lavender flowers that are magnets for butterflies.
Perennial	<i>Dalea bicolor v. bicolor Monterrey Blue™</i>	Monterrey Blue™	5 gal	This fast-growing deciduous shrub has a rounded form, with fine-textured green foliage. Delicate deep blue flowers spikes emerge in the fall months, attracting bees.
Perennial	<i>Dalea pulchra</i>	Indigo Bush	1 gal & 5 gal	It has an open, rounded form with delicate silver foliage. Masses of violet flowers produced in the winter and early spring attract bees.
Perennial	<i>Dalea versicolor v. sessilis Mountain Delight™</i>	Mountain Delight™ Indigo Bush	5 gal	This evergreen shrub has a mounding habit, with flexible branches of silver-grey foliage. Its long bloom period goes from fall to early spring, and the nectar-rich purple flowers attract bees.
Perennial	<i>Eriogonum fasciculatum v. poliofolium</i>	Flattop Buckwheat	1 gal	The small dark green leaves have a white woolly underside. White to pink flowers appear in dense flattened clusters throughout the spring and summer.
Perennial	<i>Gaillardia X 'Arizona Sun'</i>	Arizona Sun Blanketflower	1 gal	Arizona Sun is a variety selected for its profuse display of large, two-toned flowers that are produced throughout the warm season.
Perennial	<i>Galphimia gracilis</i>	Shower of Gold, Golden Thyrallis	1 gal	Abundant clusters of golden flowers are produced at branch tips from mid-spring through fall, followed by small round fruits.
Perennial	<i>Gaura lindheimeri 'Siskyou Pink'</i>	Pink Gaura	1 gal	Sprays of small pink orchid-like blooms cover the stems in low deserts during the spring and fall. Plant in full sun in middle to high deserts, but provide some afternoon protection in the hottest zones.
Perennial	<i>Gaura lindheimeri 'Pink Cloud'</i>	Pink Cloud Gaura	1 gal	Leaves are narrow and dark green, often with a purple tinge. Sprays of pink flowers are produced spring through fall, but here in the low desert blooming slows down in the summer.
Perennial	<i>Gossypium harknessii</i>	San Marcos Hibiscus	5 gal	Forming a rounded mound to 3-4 feet tall by 5-6 feet wide, this shrub is evergreen, with thick, heart-shaped glossy green leaves. Large yellow flowers with 5 distinctive red dots appear intermittently in the spring, early summer and fall months.
Perennial	<i>Gutierrezia sarothrae</i>	Snakeweed	1 gal	It has lime green, threadlike leaves and resinous green stems. The plant is covered with yellow, flattop flower clusters in the early fall. Although it will establish and thrive under almost any conditions, full sun exposures and minimal irrigation are recommended.
Perennial	<i>Hamelia patens Sierra Red™</i>	Firecracker Bush	3 gal	The lush oval green leaves complement the clusters of tubular red-orange flowers produced through the warm season. Hummingbirds love this shrub!

Perennial	<i>Justicia spicigera</i>	Mexican Honeysuckle	1 gal	This lush evergreen shrub is native to Mexico and South America. It has large, oval, velvety, medium green leaves. Bright orange tubular flowers are borne in clusters all year in warmer areas and during the summer in colder regions.
Perennial	<i>Lantana 'New Gold'</i>	New Gold Lantana	1 gal	This semi-evergreen groundcover forms a dense, compact mound of dark green foliage. Masses of bright gold flowers cover the plant throughout the warm months.
Perennial	<i>Lantana X 'Dallas Red'</i>	Dallas Red Lantana	1 gal	This colorful hybrid has bright red flowers with golden yellow highlights. The flower show begins in late spring and continues well into fall.
Perennial	<i>Linum lewisii</i>	Blue Flax	1 gal	Delicate, bright green foliage is adorned in the spring and early summer with sky blue flowers.
Perennial	<i>Melempodium leucanthum</i>	Blackfoot Daisy	1 gal	It has narrow grey-green leaves, brittle stems, and is covered with small white daisy flowers in the warm months
Perennial	<i>Oenothera elata</i>	Hooker's Evening-primrose	4 inch	This is one of the largest and showiest of the evening-primroses. The biennial spends its first year as a low rosette of leaves. The second year, clusters of bright yellow, 3 in., flowers are borne atop the leafy 3-6 ft. stems. These flowers unfurl in late afternoon or at dusk, are quite fragrant, and have four heart-shaped petals.
Perennial	<i>Oenothera speciosa</i>	Mexican Evening Primrose	1 gal	This herbaceous perennial has small green leaves and produces carpets of delicate light to dark pink flowers each spring.
Perennial	<i>Penstemon baccharifolius Diablo™</i>	Diablo™ Rock Penstemon	1 gal & 3 gal	It blooms in the late spring and summer with short terminal spikes of rose-red flowers that attract hummingbirds.
Perennial	<i>Penstemon barbatus 'Coral Baby'</i>	Coral Baby Penstemon	1 gal	This stunning hybrid Penstemon barbatus is a blooming machine.
Perennial	<i>Penstemon superbus</i>	Superb Penstemon	1 gal	This stunner shoots up spikes of vivid coral flowers as tall as six feet in the spring. Large blue-green leaves often have a tinge of purple. Hummingbirds love the flowers.
Perennial	<i>Psilostrophe tagetina</i>	Paper Flower	1 gal	This plant has narrow, silver-grey leaves, yellow flowers, and forms a small mound.
Perennial	<i>Ruellia brittoniana 'Katie'</i>	Dwarf Ruellia	1 gal	This compact herbaceous perennial has long, narrow, dark green leaves and blooms heavily during the warm months with showy tubular, petunia-like blue flowers.
Perennial	<i>Russelia equisetiformis</i>	Coral Fountain	3 gal	Its bright green, mostly leafless, weeping branches form a dense mound. Tubular coral-red flowers fill the branches in the warm months.
Perennial	<i>Russelia X St. Elmo's Fire™</i>	St. Elmo's Fire™	3 gal	Although similar to <i>Russelia equisetiformis</i> , this hybrid has deeper red flowers and a more open, airy growth habit. Also, the stems are lined with tiny round green leaves, while the species is essentially leafless.
Perennial	<i>Salvia chamaedryoides</i>	Mexican Blue Sage	1 gal & 5 gal	This low mounding perennial has small, fragrant, silvery leaves that make an effective backdrop for the short spikes of bright blue flowers.
Perennial	<i>Salvia clevelandii</i>	Chaparral Sage	1 gal & 5 gal	This evergreen shrub has highly aromatic gray-green foliage. The unusual flower spikes consist of clusters of blue-violet flowers stacked like shish-kebobs along the spike.

Perennial	<i>Salvia farinacea</i>	Mealycup Sage	3 gal	Mealycup sage provides an attractive mass of blue flowers in beds, borders and naturalized areas.
Perennial	<i>Salvia X Trident™</i>	Trident™ Sage	1 gal	This woody perennial is a three-way hybrid between <i>Salvia mojavensis</i> , <i>S. clevelandii</i> and <i>S. dorrii</i> . The small, aromatic silvery leaves provide an effective backdrop for the spikes bearing whorls of cobalt blue flowers. Flowers attract hummingbirds from spring through summer.
Perennial	<i>Scutellaria sp. 'Starrfire'</i>	Starrfire Trailing Skullcap	1 gal	Scarlett red flowers are produced on branch tips from late spring to fall
Perennial	<i>Scutellaria suffrutescens</i>	Pink Skullcap	1 gal	Waves of pink flowers that look like little snapdragons grace this plant from spring through fall.
Perennial	<i>Sphaeralcea ambigua Louis Hamilton™</i>	Louis Hamilton™ Globe Mallow	5 gal	This cutting-grown selection of the species has bright red-orange blossoms.
Perennial	<i>Tetranneuris acaulis</i>	Angelita Daisy	1 gal	It forms a compact, dense mound of slender green grass-like leaves. Golden daisy-like blossoms perch above the foliage on tall, leafless stems during the warm months.
Perennial	<i>Verbena rigida</i>	Sandpaper Verbena	1 gal	<i>Glandularia rigida</i> has rough, dark green leaves and vivid purple flowers in the spring and summer. If this plant starts to look ragged, just cut it back to the ground, and fresh growth will sprout from underground stems.
Perennial	<i>Wedelia texana Devil's River™</i>	Devil's River™	1 gal	This Texas native provides a lot of summer color, blooming from spring through fall with orange-yellow daisy-like flowers.
Perennial	<i>Zephyranthes X 'Prairie Sunset'</i>	Coral Rain Lily	1 gal	This hybrid between <i>Zephyranthes x 'Capricorn'</i> and <i>Zephyranthes candida</i> has a more evergreen quality during the hot summer months. The waxy crocus-like flowers are apricot colored.
Perennial	<i>Zephyranthes candida</i>	White Rain Lily	1 gal	Native to Central and South America, this little bulb forms a clump of narrow, glossy, dark green leaves. In the summer and early fall, it is covered with waxy white flowers.
Perennial	<i>Zinnia acerosa</i>	Desert Zinnia	1 gal	Native from southern Arizona to west Texas, this semi-woody perennial has gray-green needlelike leaves. In the summer it is covered with many small, papery white flowers with yellow centers.
Perennial	<i>Zinnia grandiflora</i>	Prairie Zinnia	1 gal	This deciduous, long-lived perennial groundcover spreads by underground stems to form colonies. It blooms though the summer and into fall with yellow-orange daisy-like flowers.
Shrub	<i>Anisicanthus quadrifidus v. wrightii</i>	Mexican Fire™	1 gal	Its narrow, rich green leaves provide an effective backdrop for terminal spikes of tubular red-orange flowers.
Shrub	<i>Artemesia filifolia</i>	Sand Sage	1 gal & 5 gal	The fragrant, threadlike leaves and stems of this airy evergreen shrub are covered with white hairs, giving it a lovely silvery cast.
Shrub	<i>Atriplex canescens</i>	Four Wing Saltbush	1 gal	Female plants produce unique papery-thin, 4-winged fruit that are a favorite source of food for birds and small mammals.
Shrub	<i>Berberis trifoliolata</i>	Agarita, Agarito	5 gal	A rounded shrub with beautiful gray-green, holly-like foliage and clusters of fragrant yellow flowers from February through April.

Shrub	<i>Calliandra eriophylla</i>	Pink Fairy Duster	1 gal	Tiny fern-like green leaves drop in the winter or in extreme summer drought to expose the the densely-branched form. Light pink to white powder puff flowers appear for a short time in the spring.
Shrub	<i>Calliandra X 'LIANCA' Sierra Starr™</i>	Sierra Starr	5 gal	This clone blooms almost year-round with stunning bright red flowers, which are irresistible to hummingbirds and native bees.
Shrub	<i>Caryopteris X clandonensis 'Dark Knight'</i>	Blue Mist	5 gal	Long, narrow grey-green aromatic leaves serve as an effective backdrop for the blue flowers.
Shrub	<i>Ericameria laricifolia Aguirre™</i>	Turpentine bush 'Aguirre'	1 gal & 5 gal	The aromatic needlelike leaves are covered with a sticky resin that smells like turpentine. Masses of showy yellow daisy-like flowers are produced at the branch tips in the fall.
Shrub	<i>Fallugia paradoxa</i>	Apache Plume	5 gal	It blooms in the spring with small white flowers, followed by white to pink feathery fruit clusters
Shrub	<i>Krascheninnikovia lanata</i>	Winterfat	1 gal	Its narrow leaves are covered with fine white hairs, giving the plant a woolly appearance. Plant in full sun and very well-drained soils.
Shrub	<i>Larrea tridentata</i>	Creosote Bush	5 gal	This tough evergreen shrub is especially aromatic after a rain. In the wild it has an open form with sparse olive green foliage on woody stems. Irrigated plants will be much more lush and grow faster. Small yellow spring flowers are followed by fuzzy seedpods.
Shrub	<i>Leucophyllum frutescens 'Green Cloud'</i>	Texas Ranger 'Green Cloud'	5 gal	This semi-evergreen, fast-growing shrub has lush green foliage and blooms frequently in the summer and fall with showy rose-pink flowers
Shrub	<i>Leucophyllum X 'Heavenly Cloud'</i>	Heavenly Cloud Sage	5 gal	Heavenly Cloud is a hybrid cross between <i>Leucophyllum laevigatum</i> and <i>Leucophyllum frutescens Green Cloud™</i> . The result is a plant that has the size and leaf color of Green Cloud™ with a showy purple flower that is a magnet for pollinators.
Shrub	<i>Leucophyllum laevigatum</i>	Chihuahuan Sage	5 gal	This evergreen shrub has a loose, spiky form and small olive-green leaves. Periodically during the summer and fall it explodes with fragrant lavender flowers.
Shrub	<i>Leucophyllum langmaniae 'Lynn's Legacy'</i>	Lynn's Legacy Sage	5 gal	This evergreen shrub grows moderately, forming a dense, rounded mound of sage green foliage. Masses of lavender flowers are produced in the summer and fall. This selection is not as dependent on changes in relative humidity for flowering, which means that it blooms more often during the warm months.
Shrub	<i>Leucophyllum langmaniae Rio Bravo®</i>	Rio Bravo® Sage	5 gal	This dense evergreen shrub has a natural rounded form, with lush, deep green leaves. Sprinkles of lavender flowers are produced on and off during the summer and fall months during periods of high humidity.
Shrub	<i>Leucophyllum X 'Convent'</i>	Convent Sage	5 gal	Convent is a selection of the Texas Rangers noted for its vibrant dark pink flowers. This evergreen shrub will reach a mature size of about 5 feet tall and wide.
Shrub	<i>Leucophyllum zygophyllum Cimarron®</i>	Cimarron® Sage	5 gal	This petite evergreen shrub has a soft, rounded form, with distinctively cupped grey-green leaves. Masses of blue flowers are produced on and off during the summer and fall.

Shrub	<i>Lycium andersonii</i>	Desert Wolfberry	1 gal	Clusters of small tubular lavender flowers are produced in the spring, followed by juicy red berries. This shrub is an important source of food and shelter for birds and animals.
Shrub	<i>Plumbago scandens</i> 'Summer Snow'	White Plumbago	1 gal	Dark, glossy green narrow leaves provide a lush backdrop for masses of white flowers that appear all summer.
Shrub	<i>Purshia plicata</i>	Antelope Bush	5 gal	This member of the rose family is native to the Chihuahuan Desert in northeast Mexico, primarily in the state of Nuevo Leon. It is a many-branched, upright shrub with small, 3-5 lobed, dark green leaflets. The 5-petaled rose pink flowers are quite showy.
Shrub	<i>Rhus lanceolata</i>	Flame Leaf Sumac	5 gal	This deciduous shrub or small tree has large, green, aromatic, compound leaves that turn a brilliant orange-red in the fall. Clusters of creamy white flowers are followed by fuzzy red-orange berries.
Shrub	<i>Rhus virens v. virens</i>	Evergreen Sumac	1 gal	The dark green, rounded compound leaves have thick waxy leaflets. Clusters of white flowers in the spring are followed by showy red berries.
Shrub	<i>Vauquelinia californica v. pauciflora</i>	Arizona Rosewood v. pauciflora	5 gal	This variety of <i>Vauquelinia californica</i> has slightly smaller and thicker leaves, smaller flower clusters, and a limited native range. This selection is native to southwestern New Mexico, southeastern Arizona and into northern Mexico.
Shrub	<i>Vauquelinia corymbosa ssp. angustifolia</i>	Chisos Rosewood	5 gal	This tough evergreen shrub is native to the Chisos Mountains of the Trans-Pecos region of southwest Texas, at elevations from 3000 to 5000 feet. Its leaves are more slender and sharply toothed than the species.
Succulent	<i>Agave havardiana</i>	Havard Agave	3 gal	This handsome plant has silver-grey leaves bearing sharp marginal teeth and a stout terminal spine.
Succulent	<i>Agave ovatifolia</i> 'Frosty Blue'	Whale's Tongue Agave	5 gal	This stunning agave has a bold silhouette and short, wide powder-blue leaves.
Succulent	<i>Agave victoria-reginae</i> 'Compacta'	Compact Queen Victoria Agave	2 gal	This is a more compact form of <i>Agave victoria-reginae</i> , only reaching a size of about 10"-12" tall by 12" across, with shorter and wider leaves.
Succulent	<i>Agave victoria-reginae</i>	Queen Victoria Agave	2 gal	This small, compact agave forms a symmetrical rosette. The short, stout leaves are dark green with distinctive white markings.
Succulent	<i>Dasyliirion texanum</i>	Green Desert Spoon, Sotol	1 gal	The rosette of long, narrow, leathery green leaves blooms with an 8-foot-tall spike of creamy white flowers.
Succulent	<i>Dasyliirion wheeleri</i>	Desert Spoon, Sotol	1 gal	It slowly forms a dense rosette of leathery silver-blue leaves with hooks along the margins. Over time it develops a short stout trunk. The tall narrow flower spikes carry small tan blooms
Succulent	<i>Euphorbia antisyphilitica</i>	Candelilla	3 gal	The nearly leafless gray-green stems are pencil-like in appearance and have a waxy coating. Small creamy white flowers with red centers are produced in clusters following spring and summer rains.

Succulent	<i>Hesperaloe funifera</i>	Giant Hesperaloe	5 gal	This clumping, stemless, upright plant has stiff, broad, lime green leaves with coarse white fibers along the margins. In blooms in the summer, sending up a 12-15 foot tall flower spike of creamy white flowers.
Succulent	<i>Hesperaloe parviflora</i> 'PERPA' Brakelights®	Brakelights® Red Yucca	1 gal & 3 gal	This selection of <i>Hesperaloe parviflora</i> has traffic-stopping, vivid red flowers and a compact growth habit.
Succulent	<i>Hesperaloe parviflora</i>	Red Yucca	1 gal	Hesperaloe parviflora forms a three to four foot clump of stiff, leathery, grey-green leaves. The tubular flowers attract hummingbirds. This tough plant thrives in full sun, reflected heat, and even tolerates some light shade if drainage is adequate.
Succulent	<i>Hesperaloe parviflora</i> Desert Flamenco®	Desert Flamenco® Red Yucca	5 gal	Compared to regular Red Yucca, this plant displays loads of side branching on the flower spikes creating waterfalls of showy, tubular, pinkish-orange flowers.
Succulent	<i>Nolina microcarpa</i>	Bear Grass	1 gal	This grass-like plant forms a clump of slender leathery green leaves with finely toothed margins.
Succulent	<i>Nolina texana</i>	Bear Grass	1 gal	The slender leaves have smooth margins and soft tips. In late spring a 2-foot-tall spike of flowers is produced down inside the rosette of foliage.
Succulent	<i>Opuntia santa rita</i> Tubac™	Tubac™ Purple Prickly Pear	5 gal	Rounded pads are a soft blue-grey color in the warm months, deepening to a rich purple in the winter.
Succulent	<i>Opuntia</i> Walk in Beauty™ Ruffled Papaya	Opuntia Walk in Beauty™ Ruffled Papaya	5 gal	Papaya red, ruffled flowers in May and June. This reblooming beavertail is quite spineless with light green pads.
Succulent	<i>Yucca elata</i>	Soaptree Yucca	5 gal	This treelike yucca grows in southeastern Arizona, New Mexico, west Texas and Mexico. A spherical head of narrow, flexible leaves crowns each branch.
Succulent	<i>Yucca pallida</i>	Pale Leaf Yucca	5 gal	Native to north-central Texas, this low clumping yucca makes an excellent low maintenance groundcover. Its flexible, pale blue-green leaves measure 1 inch wide by 1 foot long with finely serrated, light yellow to white margins.
Succulent	<i>Yucca rupicola</i>	Twisted Leaf Yucca	5 gal	Native to central Texas, this yucca is often found growing under the filtered shade of mesquites and oaks. This petite, stemless yucca forms a low clump of bright green leaves which twist and turn.
Tree	<i>Acacia farnesiana</i> Sweet Sierra™	Podless Sweet Acacia	15 gal	Masses of fragrant yellow puffball flowers are produced in the spring that perfume the garden. This tree is notorious for being quite messy due to the heavy crop of plump brown seed pods. However this cultivar is virtually free of pods which greatly reduces the maintenance.
Tree	<i>Bauhinia lunarioides</i>	Anacacho Orchid	15 gal	This airy, semi-evergreen shrub or small tree is native to west Texas and Mexico. The bi-lobed, gray-green leaves are shaped like little butterflies. Small, delicate white five-petaled flowers are produced from late spring to early summer.
Tree	<i>Celtis reticulata</i>	Netleaf Hackberry	5 gal & 15 gal	It features arching branches, smooth gray bark that becomes fissured with age, and dark green leaves with the texture of sandpaper. Birds feed on the small orange-red fruit produced in the fall months.

Tree	<i>Chilopsis linearis</i> 'Bubba'	Bubba Desert Willow	15 gal	In late spring and summer 'Bubba' produces masses of large, dark burgundy, fragrant flowers.
Tree	<i>Chilopsis linearis</i>	Desert Willow	15 gal	Common along dry washes throughout the Southwest, this deciduous tree usually grows in a shrubby, multi-trunked form. Large orchid-like flowers provide warm season color, attracting hummingbirds and bees.
Tree	<i>Chilopsis linearis</i> 'Lopur' Desert Diva®	Desert Diva® Desert Willow	7 gal	Deep, emerald green leaves contrast nicely with velvety white buds. Most often, buds are a good indicator of flower color, but with this one there is a twist. The pearlescent buds open to a deep, dark, purple burgundy flowers creating a dramatic, over the top display.
Tree	<i>Cordia boissieri</i>	Mexican Olive	5 gal	The deep green leaves are large, leathery, and coarse in texture. Large white flowers with a yellow throat are borne in clusters from spring through fall.
Tree	<i>Forestiera neomexicana</i>	New Mexico Olive	10 gal	New Mexico Olive is a small vase-shaped, deciduous tree. It blooms in the early spring with small yellow flowers that provide rich nectar for honeybees.
Tree	<i>Parkinsonia X</i> 'Desert Museum'	Desert Museum Palo Verde	15 gal	Thornless, fast-growing and upright, this tree is a popular choice for parking lots and streetscapes. The small compound leaves and smooth bark are lime green. Masses of yellow flowers are produced from March through May, with sporadic flowering during the summer months.
Tree	<i>Prosopis glandulosa</i> v. <i>glandulosa</i> Maverick®	Thornless Texas Honey Mesquite	15 gal	Maverick® is a spreading deciduous tree with a fast growth habit. This is a grafted thornless selection of the Texas Honey Mesquite. It combines lacy bright green foliage with smooth grey bark. Yellow catkins are produced in the spring after the trees leaf out
Tree	<i>Prunus mexicana</i>	Mexican Plum	15 gal	Mexican Plum is a small-scale, single-trunked tree which produces masses of fragrant white flowers in the springtime.
Tree	<i>Quercus buckleyi</i>	Texas Red Oak	15 gal	Native to the hill country west of San Antonio, Texas, this deciduous oak has large, deeply lobed, bright green leaves. In the fall the foliage turns a spectacular red color.
Tree	<i>Quercus fusiformis</i>	Escarpment Live Oak	15 gal	Small oblong leathery green leaves provide a dense canopy and abundant shade. Plant in full sun and well-drained soils.
Tree	<i>Quercus gravesii</i>	Chisos Red Oak	15 gal	Vibrant red fall color in habitat. Fast growing for an oak, <i>Quercus gravesii</i> will tolerate lower elevations with some supplemental irrigation but will likely not have as colorful of a fall show.
Tree	<i>Quercus muhlenbergii</i>	Chinquapin Oak	15 gal	Native to west Texas, this deciduous tree has large oval green leaves with wavy margins. In the fall, the leaves turn orange and bronze.
Tree	<i>Sophora secundiflora</i>	Texas Mountain Laurel	5 gal	Glossy dark green compound leaves provide a lush look for desert gardens. Showy clusters of purple wisteria-like flowers perfume the air in the spring, and smell like grape soda.
Vine	<i>Parthenocissus</i> sp. Hacienda Creeper™	Parthenocissus sp. Hacienda Creeper™	5 gal	This self-attaching deciduous vine is a compact, slow-growing selection, with bright green palmate leaves.
