April 2015

## PIPELINE COMPLETE, WATER EXPECTED IN MAY

The pipeline from the Roberto Bustamante Wastewater Treatment Plant to Rio Bosque Wetlands Park is complete. On Jan 28, El Paso County Water Improvement District #1 (EP#1) approved the license for El Paso Water Utilities (EPWU) to install buried pipe across the right-of-way for the old Rio Intercepting Drain. EPWU completed this final segment of the pipeline in March.

The first water deliveries from the pipeline are expected May 3. Before the license was granted, EP#1 and EPWU entered into a Memorandum of Understanding (MOU) under which EPWU may deliver 2,000 acre-feet (af) of water to Rio Bosque through the pipeline during the 5 months from May through September. 2,000 af is ~15% of the Bustamante Plant's output during that period.

Two prior contracts shaped the MOU. The 2001 Third Party Contract among the U.S. Bureau of Reclamation (USBR), EP#1 and the City of El Paso obligates EPWU to deliver 13,333 af of water from the Bustamante Plant to EP#1 from Feb 15 to Oct 15. Additional water produced from the plant during that time (7,692 af in 2014) is available for EPWU to use elsewhere, including the park. The second contract is a 1988 agreement between the USBR and

Pipeline construction at Rio Bosque, Oct 20, 2014. El Paso Water Utilities completed the final segment of the pipeline in March 2015.

EPWU authorizing construction of the effluent outfalls from the Bustamante Plant to the Riverside Canal and Riverside Drain. The contract states EPWU "shall, as directed by the USBR's 'Contracting Officer' or his/her authorized representative, discharge all or a designated portion of the...sewage effluent...to the Riverside Canal and/or Riverside Intercepting Drain." Because of this provision, EP#1 contends EPWU can deliver water via the pipeline to Rio Bosque – a park EPWU administers – only when EP#1 permits that use.

### Friends of the Rio Bosque Membership Application

Name: _____	<input type="checkbox"/> Bosque Buddy (12 and under) ..... \$6
Address: _____	<input type="checkbox"/> Student or <input type="checkbox"/> Senior (62+).....\$10
_____	<input type="checkbox"/> Individual.....\$15
E-mail: _____	<input type="checkbox"/> Family .....\$20
_____	<input type="checkbox"/> Bosque Booster .....\$50
_____	<input type="checkbox"/> Cottonwood Commando ..... \$75-\$249
_____	<input type="checkbox"/> Restoration Patron ..... \$250-\$499
_____	<input type="checkbox"/> Wetlands Society ..... \$500-\$999
_____	<input type="checkbox"/> Life Member ..... \$1,000

Please make checks payable to *Friends of the Rio Bosque* and mail to: Friends of the Rio Bosque, CERM-UTEP, 500 W. University Ave., El Paso, TX 79968-0684.

### Next Meetings

Thurs., Apr 23  
Thurs., May 28  
Thurs., June 25

6:30 - 7:30 p.m.  
Location  
to be announced

Info: 915-747-8663

In recent years, water has typically been delivered to Rio Bosque from the Bustamante Plant from early November to early February, a 3-month period. The other 9 months of the year, no deliveries took place. The additional water provided under the MOU will be of great benefit to the park. Thanks go to EPWU and EP#1 for making it available. Still, there remain 4 months – February, March, April and October – when no deliveries will take place. To ensure year-round availability of adequate water for the park, there is still work to be done. ✂

## **PARTNERS STEP UP FOR PARK**

Once again, Chihuahuan Desert Native Wildlife Conservation (CDNWC) and the El Paso/Trans-Pecos Audubon Society (EP/TPAS) have made

significant contributions to UTEP’s Rio Bosque Wetlands Park Gift Fund, the park’s main operating fund. Last year, costs to pump groundwater – already the park’s biggest operating expense – doubled with the addition of a second water-supply well. CDNWC stepped up to cover our expenses for operating the new well in 2014 and for replacing the water pump on our hard-working water trailer. EP/TPAS, as it has consistently for many years, contributed funds raised in its 2014 Birdathon. With the new pipeline in place, we had hoped to give our wells a rest in 2015. Now, with water deliveries via the pipeline limited under the MOU, it appears the wells will again be in steady use. Sincere thanks go to CDNWC and EP/TPAS. Their generosity is literally keeping important areas of the park alive! ✂

### **RIO BOSQUE CALENDAR**

Join us at Rio Bosque for a free walking tour or to help with habitat management, park maintenance or faunal monitoring. Coming up:

<b>APRIL</b>			<b>MAY</b>			<b>JUNE</b>		
18 (Sat.)	Workday	8 a.m.	9 (Sat.)	Bird Tour	7 a.m.	7 (Sun.)	Introductory Tour	8 a.m.
18 (Sat.)	Introductory Tour	4 p.m.	16 (Sat.)	Workday	8 a.m.	13 (Sat.)	Bird Tour	6:30 a.m.
25 (Sat.)	Faunal Monitoring	8 a.m.	17 (Sun.)	Introductory Tour	8 a.m.	20 (Sat.)	Workday	8 a.m.
26 (Sun.)	Bird Tour	8 a.m.	23 (Sat.)	Faunal Monitoring	7 a.m.	27 (Sat.)	Faunal Monitoring	7 a.m.

Meeting place for all activities is a bridge crossing the Riverside Canal. From I-10, take Americas Ave. (Loop 375) to Pan American Dr., turn left onto Pan American and travel 1.5 miles to the bridge. Please be prompt.
