We will celebrate the graduation of the DPT Class of 2018 on Saturday, October 20, 2018 at the TEP. The UTEP DPT Class of 2018 will be awarding the first DPT degrees in El Paso. The program was founded in 2008, with an initial cohort of 24 students. Since then, we have graduated over 150 students. Our recent graduates have enjoyed successful careers in a variety of healthcare settings, including hospitals, outpatient clinics, and rehabilitation centers. We are proud to have trained these professionals to provide high-quality patient care. The students have demonstrated their commitment to excellence through their hard work, dedication, and professionalism.

We encourage you to attend the graduation ceremony to support our students and celebrate their achievements. The ceremony will be held in the TEP, starting at 2:00 pm. Please join us as we honor the achievements of our students and congratulate them on their graduation. The reception will follow immediately after the ceremony.

We look forward to seeing you at the graduation ceremony. If you have any questions or concerns, please do not hesitate to contact us. Thank you for your support and for your continued partnership with the UTEP DPT Program.
