Alfonso Ibarra
Director of Care Management, University Medical Center

Alfonso Carlos Ibarra is a highly experienced healthcare professional and registered nurse with a strong background in care management, project leadership, and healthcare administration. Currently serving as the Director of Care Management at the University Medical Center of El Paso, he oversees a multidisciplinary team of case managers and social workers, driving improvements in patient outcomes, operational efficiency, and cost reductions. His leadership has resulted in significant achievements, including decreased readmission rates and streamlined resource allocation.

With over a decade of nursing experience across diverse roles, Alfonso has worked in case management, quality improvement, and direct patient care. He holds a Master's in Healthcare Administration from Webster University and a Bachelor of Science in Nursing from the University of Texas. His expertise spans policy development, interdisciplinary team collaboration, and healthcare infrastructure optimization, making him a valuable leader in the medical field. Alfonso is bilingual in English and Spanish and proficient in key healthcare systems such as Meditech, Cerner, and Midas.
