DISTINGUISHED ALUMNI

The University of Texas at El Paso is proud to recognize its 2024 Distinguished Alumni Award recipients presented by the UTEP Alumni Association. The award is the highest honor bestowed upon graduates who have excelled in their professions and sustained a commitment to the University.

RICHARD "DICK" MYERS

BBA IN MANAGEMENT, 1967

Richard "Dick" Myers is a dedicated business analyst and former UTEP Basketball player. Myers was recruited from Hutchinson Community College in Hutchinson, Kansas by Coach Don Haskins to play at UTEP, known as Texas Western College at the time. He was part of the historic 1966 UTEP Basketball team that won the NCAA National Championship over the University of Kentucky. His involvement contributed to the expansion of civil rights in the sports realm and opened a conversation on discrimination.

Upon graduating from UTEP, Myers stayed in El Paso and built his family alongside his wife, Elsie Myers. They

continued supporting UTEP Athletics, spending their time and talents with the Miner Athletics Club and the student athletes. Myers dedicated 20 years working at Farah Manufacturing, a leading local manufacturer and marketer of men's apparel, and subsequently obtained an administrative position at Coach New York, the American luxury fashion house, where he built a 14-year career and retired as the Vice President of Planning and Logistics in 2007.

Even during their time away from El Paso, the Myers family supported UTEP through donations to UTEP Athletics and the Woody L. Hunt College of Business.

OSCAR E. VENEGAS

B.S. IN CIVIL ENGINEERING, 1973

Oscar E. Venegas is a prolific engineer and a successful business leader with an unwavering commitment to education and his community. Venegas founded VEMAC, LLC in 2003 and served as its President until 2019, during which he grew and transformed the company into one of the most successful and highly respected construction management firms in the El Paso region.

His philanthropic impact is enduring as he has generously donated to UTEP Athletics and the Department of Civil Engineering, backing initiatives that help current and future students. He is an advocate for UTEP graduates and supports them directly by not only mentoring students, providing them with guidance

and knowledge, but also opportunities as engineers and businesspeople. Under his leadership at VEMAC, LLC, many graduates from the College of Engineering and the College of Business Administration have been hired to work in the firm.

Venegas' dedication also led him to establish the Alumni Association for Civil Engineers at UTEP, bringing together a successful group of UTEP civil engineering graduates to support the educational, research and service activities of the department. He serves on the Department of Civil Engineering Advisory Board and in the Athletic Advisory Board and was recognized with the College of Engineering Gold Nugget Award in 2012.

CANDIDATES FOR DEGREES FALL 2024

Congratulations, Class of 2024! As you leave your alma mater to make your mark upon the world, we want to stay connected with you and be part of your journey.

PICKS UP! GO MINERS!

¡Muchas Felicidades, Generación 2024! Al dejar su alma mater para comenzar a dejar su huella en el mundo, queremos seguir en contacto con ustedes y ser parte de su travesía.

¡VAMOS MINEROS Y ARRIBA ESOS PICOS!

REGALIA

HISTORY

Prior to 1980, The University of Texas at El Paso (and its predecessors, the Texas College of Mines and Metallurgy and Texas Western College) borrowed regalia for ceremonial occasions. In 1980, drama department faculty member C.L. Etheridge suggested that the time had come for UTEP to have its own unique regalia. President Haskell Monroe established the University Heritage Commission to raise funds for the creation of official regalia, to include a mace, chains of office for the President and the Vice President for Academic Affairs, a UTEP banner and seal, and a banner and seal for each of the colleges.

A University seal, depicting El Paso's sun, mountains and river, had been created for Texas Western College in 1949 by renowned local artist José Cisneros. This seal was incorporated into the official heraldic layout for the University banner designed by art department faculty

member Sally Bishop Segal, who also designed seals for the colleges of Liberal Arts, Science, Nursing and Allied Health (now the College of Health Sciences), and the Graduate School. Albert Ronke, drama department faculty member, designed the seals for the colleges of Business Administration, Education and Engineering. All nine seal designs in their heraldic layout were then crafted into fabric by Esther "Terrie" Cornell. In 2001, the seals for Engineering, Business and Health Sciences were updated by Sally Segal to reflect new programs offered by those colleges.

UTEP alumnus James Love created the Chain of Office for the President, consisting of eight seals reproduced on two-inch-diameter enameled disks; the Chain of Office for the Vice President for Academic Affairs; and the University Mace. C.L. Etheridge developed the ceremonial rituals used in University Commencements since 1981.

BANNERS

Among the many traditions associated with Commencement, the presentation of the ceremonial University and college banners symbolizes the accomplishments of the graduates whom we honor on this occasion and the University's commitment to their success. Each banner bears a unique seal placed on a 4 x 6-foot heraldic field, or saltire, and each incorporates symbols and colors that define it:

COLLEGES

Woody L. Hunt College of Business

Colors: Brown – Business and Accounting
Copper – Economics

Symbols: Flame – depicts knowledge and enlightenment; Miner's Pick – represents unity with the University's identity; Column – symbolic of strength and an emblematic inference to the importance of international accreditation; Scroll – associated with commerce and contracting; Laurel Branches – denote academic and professional success; Globe – international

Education

Color: Light Blue

Symbols: Lamp – lamp of learning; Book – learning and literacy; Sigma – Greek symbol for "all-encompassing;" Book, Ruler and Compass – the tools of learning

University Banner

Colors: Orange, White and Blue

Symbols: Open Book – the learning process; the Sun, Mountains and River – the city of El Paso; Star – The Lone Star of Texas; Laurel Branch – high academic achievement; Oak Branch – solidity and permanence

Engineering

Color: Dark Orange

Symbols: Castle Structure – civil engineering; Gear – mechanical engineering; Bolt of Lightning – electrical engineering; Hammer and Assaying Scale – metallurgical and mining engineering; Human Form – industrial engineering; Computer Card and Binary Numbers – computer science

THE UNIVERSITY MACE

A symbol of authority and dignity of office, the Mace has been associated with civil and academic ceremonies from at least the 14th century. The Mace is designed to convey honor, optimism, hope, accomplishment, learning and scholarship, and its association with special events denotes tradition, solemnity and a commitment to excellence. At The University of Texas at El Paso, the Mace plays a prominent role in all Commencement and Convocation ceremonies.

The University Mace is a timeless and inspiring symbol that combines forms selected from the distinctive Bhutanese architecture of the UTEP campus; the natural landscape of the Chihuahuan Desert; and the multicultural heritage of the U.S.-Mexico border region. The Mace captures the University’s rich history as well as its highly promising future, from its beginnings as Texas’ first mining school in 1914 to today’s competitive research university serving a 21st century student demographic.

GOWNS, CAPS AND HOODS

The tradition of the gown, cap and hood worn at UTEP events dates back to universities in the Middle Ages, when such garments had very practical applications. The gown and hood kept the chill away as students and teachers labored in halls of learning that were often damp and drafty.

Originally, the mortar board, or flat square cap, was a hat which, when removed, provided its wearer with a flat writing surface. Writing instruments and paper were kept in the long sleeves of the gown.

Until modern times, caps and gowns were made of black fabric to illustrate the gravity of learning. Although today’s gowns, caps and tassels are available in a variety of colors, the symbolism of color remains. For example, students who graduate from UTEP wear a tassel whose color represents the college from which they receive their degrees.

The hood drapes over the shoulders and is worn by those who have earned a master’s or doctoral degree. It consists of a black shell, lined in satin, and bears the color of the institution that conferred the degree. The hoods worn by UTEP graduates have an orange lining crossed with a white chevron. The velvet on the border bears the color of the field of learning in which the degree was earned.

COMMENCEMENT STOLES

The University of Texas at El Paso Alumni Association honors Faculty and Student Marshals, Banner Bearers and the University Banner Bearer with an orange satin stole bearing the Class Medallion and Alumni Association logo. Inaugurated in May 2004, the stoles are proudly worn by students who were selected to represent their college based on their exceptional academic achievement.

The University Banner Bearer – selected based on academic achievement, leadership and campus involvement – is considered the highest honor bestowed upon a student during Commencement. This student follows the Grand Marshal and leads the college banners

in the processional. The University Banner Bearer is the second to receive their diploma in their respective college.

In the second phase of the processional, undergraduate and graduate Student Marshals lead their fellow candidates and are the first in their college to receive their diplomas.

The College Banner Bearers carry their college banner and lead their college in the second phase of the processional. These students are second in their college to receive their diploma except in the college represented by the University Banner Bearer.

CLASS MEDALLION

The first class medallion was created to commemorate UTEP's 100th Commencement ceremony in May 1998 at the Sun Bowl featuring The Honorable George W. Bush, then Governor of Texas.

Because of the medallion's popularity, University officials decided to create a Class Medallion for each year's graduating class starting in the new millennium. The Class Medallion unifies graduates of the spring, summer and winter graduation classes into a single class determined by the graduation year. A scholarship from the Medallion Endowed Scholarship Fund is awarded to a Commencement candidate during the spring and winter ceremonies.

"MEN O' MINES"

(1932; Alma Mater 1956)

In 1932, biology professor Burt Franklin Jenness wrote a seven stanza poem titled "Men O' Mines" that was published in that year's yearbook. Band director Rayo Reyes set it to music and Katherine Owsley arranged the music for a four-part choir. By 1934 the song was regularly performed at games, assemblies and special functions. Copies were sent to civic clubs throughout El Paso for popularization by club song leaders.

In 1956, music graduate student J. Sande Morrison rewrote the song for choir. Its first two verses and chorus were adopted with some minor changes as the new alma mater for Texas Western College after approval by the Music Department, executive council of the student body, and alumni. Sometimes the chorus is played alone and called "Miner Victory."

The University premiered a new version of the Alma Mater at the 2015 Spring Commencement. It was arranged by Edward Rodriguez, then a Choral Music Education student and a member of the UTEP Chamber Singers.

MINING MINDS

To honor the graduates, "Mining Minds," the iconic piece of public art installed in 2010 to enhance the entrance of The University of Texas at El Paso campus, will glow in orange and blue through the weekend of Commencement. Michael Clapper, the sculptor who created "Mining Minds," honored then-President Diana Natalicio by selecting and converting into binary code on the pick the final lines from her Fall 2008 Convocation remarks: "Believe in yourself and in your dreams. Believe in UTEP and its aspirations. Share the dream!"

At night, orange light illuminates the steel structure, while LEDs emanate from the perforated ones and zeros at each end of the pick. On special occasions, including historic dates, annual milestones and to celebrate special accomplishments, the pick illuminates the campus' entrance in orange and blue. The majestic pickaxe sculpture is located in the Sun Bowl-University Roundabout, in front of the University Bookstore.

*1. Far beneath the crags of Franklin
Stand our Alma Mater's halls.
Gleams afar her rock-hewn campus,
Dust brown walls against the hills.
Gem of learning in a country
Whose own wealth of lore enthalls.
Hail the light of Texas Western
And the mission she fulfills!*

Chorus:

*Up! Men of mines, and hit the trail;
The Texas spirit shall not fail;
Miners fight for the right!
For the orange and white!
Tamp! Tamp! Tamp! Men of mines,
Tramp! Tramp! Tramp! Men of mines,
Now clear the way, for it's today,
That we must gain the victory.*

*2. May the canyon walls above her
Echo back her classic name,
And the deeds of men who leave her
Stir the heights on which she stands.
May the pangs of recollection
Set their memories aflame,
Till they see again the beauty
Of the vista she commands.*
