STUDENT SPOTLIGHT

MARK CHAVEZ

Rams ECHS - Criminal Justice

"When I decided to join this program in eighth grade, I never thought it would lead me to where I am now. Being able to attend high school while also having my associate's degree and attending UTEP never crossed my mind when I signed up for the Early College program. It has been a huge help financially and has saved me so much time, all while I still get to enjoy my high school life. Now I only have 13 more classes to finish out my bachelors, so it should be smooth sailing from here on out."

IVAN CERVANTES

UTEP GTF Scholar - Psychology

"I was an intern through the Disney College Program for seven months. Throughout my time with the company, I was exposed to many areas of expertise such as the business aspect, Guest skills, how to bend my communication style to fit the Guest needs, how to become a Disney Leader, and overall, how to make those lifelong memories for the Guests that come to visit us from around the world... Taking on this internship allowed me to learn much about myself. Leaving my household at a young age was a difficult decision to take on, but I knew this was going to be a once in a lifetime opportunity, and I'm glad I took it on."

JOSE LOPEZ-AGUILAR

Clint Early College Academy - Computer Science

"The ECHS Accelerated Program has helped me in a multitude of ways. The most prevalent one being allowing me to finish my Associate's Degree during my high school years. Having the chance to earn my Associate's degree and gain experience in a college class well before enrolling in college is something I'm very thankful for, as it gave me the chance to learn about the college environment before I enrolled in one, allowing me time to adjust and learn so that I wouldn't be overwhelmed. Furthermore, it's given me the chance to meet amazing people who have helped me when I felt overwhelmed by everything going on. Overall, enrolling in the ECHS Accelerated Program was one of the best decisions I ever made, and I'm thankful for everything it's helped me achieve."
