## ABOUT GLSEN

### Who We Are

## Championing LGBTQ issues in K-12 education since 1990

GLSEN works to ensure that LGBTQ students are able to learn and grow in a school environment free from bullying and harassment. Together we can transform our nation's schools into the safe and affirming environment all youth deserve.

## Our Work

GLSEN believes that every student has the right to a safe, supportive, and LGBTQ-inclusive K-12 education. We are a national network of educators, students, and local GLSEN Chapters working to make this right a reality.

Our research and experience has shown that there are four major ways that schools can cultivate a safe and supportive environment for all of their students, regardless of sexual orientation, gender identity or expression.
