

SciShield- Tutorial to Edit Hazards.

The screenshot shows the SciShield login page in a web browser. The browser's address bar shows the URL <https://utep.scishield.com>. The page header includes the UTEP logo and the text "Welcome to SciShield | SciShield". The main content area features a white box with the following text:

Welcome to SciShield - The Research Management Platform

[Log in with your UTEP NetID and Password](#)

[\(Click here for other access methods\)](#)

Please enter your UTEP NetID and Password to log in.

Access to this system is strictly limited to users associated with the University of Texas at El Paso. All access is monitored and logged.

At the bottom of the page, there is a SciShield logo and the text "SciShield © v3.10.182.2 (Burton Richter), All Rights Reserved" with links for [Contact Us](#) and [Mobile version](#).

Annotations on the page include:

- An orange arrow pointing to the "Log in with your UTEP NetID and Password" link.
- An orange arrow pointing to the "Please enter your UTEP NetID and Password to log in." text.
- A white box with an orange border containing the text: "STEP 1: Go to <https://utep.scishield.com> Click on any of the links to log".

The Windows taskbar at the bottom shows the system tray with a temperature of 73°F Sunny, a search bar, and various application icons. The system clock indicates 4:04 PM on 10/5/2023.

STEP 2: Use your UTEP username and password to login to your account.

UTEP Single Sign On

The username format is "user" from your email address "user@domain.edu".
Please do not enter your entire email address for the username.

Please login

User Name	Password

Compliance Summary

Training:

[View Dashboard](#)

Research Focus

Our lab focuses on safety promotion by providing training, doing evaluations, testing equipment, shipping infectious materials etc....

Lab Categories: No Categories

Major Hazard Categories: No Hazards

Hazards Last Certified by PI: 10/16/2023

[Edit Hazards](#)

Lab Status: Active

Emergency Shutdown Status: Not Indicated

STEP 4: On the bottom right click EDIT HAZARDS.

Do note that hazards must be confirmed EVERY YEAR

You will be required to confirm your hazards if section is red.

Franco Lab Hazards | SciShield

https://utep.scishield.com/node/1893324/edit/hazards

- Irritants
- Reactive chemicals
- Regulated chemicals
- Teratogens and/or reproductive hazards

Ionizing Radiation:

- Ionizing radiation (including x-ray) generating equipment
- Radioactive materials

Non-ionizing Radiation:

- Commercial or lab-built microwave/radio frequency emitting equipment
- Lasers
- Magnetic fields, high intensity
- UV light sources

Physical:

- Confined spaces
- Cryogenics and dry ice
- Electrical hazards
- Field work in extreme environments
- Heavy material handling equipment
- Heights (working at 4 ft. or higher)
- Heights (working at 6 ft. or higher)
- High heat
- Highly repetitive lab work
- Hot work
- Inert compressed gases
- Lithium Batteries
- Noise hazards
- Particulates from machines and operations
- Pressure and vacuum vessels
- Robotic machinery
- Shop equipment

Regulated Activities:

- Having minors in the lab
- Shipping materials outside of institution
- Transporting materials between buildings or campuses

No Hazards

STEP 5: Make any necessary changes and click SUBMIT.

* NOTE: Even if lab hazard's remain the same, the lab's PI must still confirm the Lab's Hazards, by simply clicking SUBMIT
