

## **NSF Graduate Research Fellowship Program (GRFP) Applications now Open!**

The National Science Foundation Graduate Research Fellowship Program (NSF GRFP) provides successful applicants with three years of funding for a research-based Master's or PhD in an eligible STEM field, which includes social sciences. The purpose of the NSF Graduate Research Fellowship Program (GRFP) is to help ensure the quality, vitality, and diversity of the scientific and engineering workforce of the United States. A goal of the program is to broaden participation of the full spectrum of diverse talents in STEM.

***The five-year fellowship provides three years of financial support inclusive of an annual stipend of \$37,000.***

Planning to apply for the NSF GRFP this October? The deadlines are rapidly approaching, **so join the Virtual Summer Boot Camp Advising Program now!**

NSF GRFP Virtual Summer Boot Camp participants will receive step-by-step guidance to develop the most competitive application possible. They will also gain valuable professional skills development in grant writing.

The NSF GRFP Summer Boot Camp is entirely virtual, and sessions will take place weekly from late July until late August. All sessions will be recorded for those unable to attend synchronously.

### **NSF GRFP Boot Camp Audience:**

- Undergraduates about to start their last year at UTEP who will have their first chance to apply this October.
- First- and second-year graduate students who have not applied previously during graduate school and plan to apply this October.

### **To be eligible for the NSF GRFP, one must:**

- Be a U.S. citizen or permanent resident
- Plan to pursue a research-based Master's or PhD in a STEM field funded by the NSF, which includes social sciences. MD and MD-PhD ineligible, no exceptions.
- Be active in research.
