About the Program:

NanoAcademy is a workshop for students grades 4-12 to participate in STEM lessons designed by experienced teachers inspired by the ongoing research at Rice University, Arizona State University (ASU), and The University of Texas at El Paso (UTEP).

Lessons range from 4–12th grade in level and cover a variety of nanotechnology topics including: water pollution & treatment, alternative forms of medicine, cells and much more!

Dates & Locations:

Highlands High School
3118 Elgin Ave
San Antonio, TX 78210
February 1, 2020
8:00–12:00 CST
