

Guest Speakers

Diana Camacho

Electrical Engineer

El Paso Electric

Diana is a highly accomplished Electrical Engineer with a remarkable track record of expertise in power systems and sustainable energy solutions. She earned her bachelor's degree in electrical engineering from UTEP, where her passion for innovation and problem-solving first flourished. Building upon this foundation, Diana pursued and completed her master's degree in electrical engineering, further honing her skills and knowledge in the field. She takes great pride in her role where she actively collaborates with teams to ensure the reliability and efficiency of electrical systems. Additionally, Diana is dedicated to promoting awareness of emerging technologies and participates in initiatives geared towards this goal.

Yoshio Komiyama

Civil Engineer / Engineering Assistant

Texas Department of Transportation, El Paso District

Yoshio graduated from UTEP with a bachelor's of science in civil engineering and a minor in math in May 2023 and is currently pursuing her master's degree in civil and environmental engineering. She comes from a family of civil engineers and is a true testament of how persistence pays off. A dream of once becoming an architect is today being a civil engineer with the opportunity to make a difference and change the world.

Rebekah McIntier

Chemical Engineer / Systems Performance Engineer

Cummins

Rebekah is a New Mexico native and completed her undergraduate degree at New Mexico State University (NMSU) and her graduate degree at the University of Wisconsin-Madison. She is active in the Cummins campus recruiting team supporting recruitment and outreach efforts at UTEP and NMSU.

Mistress of Ceremonies

Cheryl Mele

Mechanical Engineer / Vice President Care and Corporate Communications

El Paso Electric
