STUDIES IN ARCHITECTURE: 12 ICONIC BUILDINGS

By looking at “great” buildings throughout history, we will learn about the principals of architecture and the importance of materials, technology and patronage. Each week we will examine one or two important buildings and the role that innovation plays in any building, no matter its historical origins.

YOUR INSTRUCTOR: NANCY MCAFEE

Nancy is an art historian who spent 18 years at the Cleveland Museum of Art as an educator and community outreach director. She has an BA from Cornell and a MA in Art History from Case Western Reserve University. She teaches at Rochester Institute of Technology’s OLLI and has 4 grandchildren in Rochester and 4 in San Francisco.
