ENGLISH LANGUAGE INSTITUTE

As one of the most commonly-spoken languages in the world, English is certainly useful to know. In the world of business, good written and spoken English skills can be an advantage and the TOEFL is essential for international students to be admitted into American universities. At the English Language Institute (ELI) we know that no matter what your situation, learning English as an adult can be hard. So we do everything we can to make your experience the best it can be.

We offer a wide range of classes for English language learners at all levels for use at work, in the classroom and elsewhere. We also offer TOEFL prep for students who want to take the exam for admission to a university.

Our courses are

- taught by expert instructors to help improve your language proficiency
- organized to optimize engagement and active learning
- affordably priced

Admission to the ELI program is not the same as admission to The University of Texas at El Paso (UTEP). If you wish to obtain admission to the University, you must apply directly to UTEP.

ELI CUSTOMIZED PROGRAMS

ELI can design customized programs for sponsoring agencies, government entities, educational institutions and/or private companies to meet specific training needs and goals. We can also plan and teach group courses that are four weeks to six months in length at any time of the year. We would be pleased to put together a targeted English language program specifically designed for your group. For more details, contact the ELI Program Manager at **p3lang@utep.edu.**

How to enroll in the English Language Institute:

1

Pick the course(s) you want and contact us at **p3lang@utep.edu.**

2

After a brief consultation with us to ensure you are getting exactly the courses you want, you'll proceed to complete the application form and pay your fees.

To do this, go to the **ELI web page,** and scroll down to "New Student Enrollment Information."

- **Fill out the application form:**
  Go to "Application Form" and click on the link, then complete and submit the application form and supporting documents.
  Note: International participants must have an F-1 visa to attend the English Language Institute's in-person classes.

- **Pay your fees:**
  Click on the "Steps to Pay Online" link for information about what you need to do to pay your application fee. You will be asked if you are a new or returning student: you are considered a new student if you have never taken any ELI courses previously. You may also email **p3lang@utep.edu** with the subject line: **ELI Payment Information Inquiry** or call 915-747-5142 to request our assistance with payment plans.

- After your application is processed, you will receive an email on the status of your application from ELI within 5 to 14 days.

3 Some of our courses require a placement test. The placement test is used to determine your level of English proficiency in the course you want to take. You will be tested in grammar, reading, listening, writing, typing and speaking. Based on your results you will placed into your initial, appropriate starting level for each of these courses: Grammar, Reading, Writing, and Listening and Speaking. This placement test cannot be scheduled unless all relevant fees are paid beforehand.

If a placement test is required for the course you want to take, here's what you need to know:
- After the application fee has been received, ELI staff will contact you to schedule a placement test.
- If you are a returning student, you may not retake the placement to try and place at a higher level the following term. Anyone who has been away from the ELI program for six months is required to retest.
- After the test, ELI staff will advise you on your placement test score and place you at the appropriate level in your chosen course.

Admission to the ELI program is not the same as admission to The University of Texas at El Paso (UTEP). If you wish to obtain admission to the University, you must apply directly to UTEP.

WHAT OUR ENGLISH LANGUAGE INSTITUTE
INSTRUCTORS ARE SAYING

"Working for the ELI program has been a wonderful experience for me. I decided to apply to teach English because I enjoy watching the students learn the English language as they go through the program. Some of the students come from far away to learn English, so I feel that it is very important that the professors encourage the students to speak only in English when they are in the classroom and not try to use their native language so much.

"I have taught English for almost twenty years, face to face and online. Throughout my years of teaching English, I have learned that speaking only in the target language to the students helps them begin thinking more in that language. At first, they struggle, but after a few semesters they have trained their minds to speak in the target language. My alma mater is UTEP and I wanted to come back and make a difference."

*- **Delia Diaz,** ELI Instructor*

"I joined the Professional and Public Programs staff in Spring 2024, and it has been a blast! I have been teaching for 33 years, of which the last 12 have been with adult education. My first stint was teaching the Cisco Networking Academy Program in the early 2000s, but that didn't compare with the excitement I currently enjoy. The biggest difference is classroom size and student motivation, especially from international students. Teaching English as a second language can become quite a challenge, but when students grasp objectives like my current classes have, it cuts my work in half while compounding the enjoyment. I encourage anyone who has the drive, desire and time to learn English to enroll in any of the many programs Professional and Public Programs has to offer. If you find education to be expensive, try the alternative, knowledge deprivation!"

*- **Joel Sierra,** ELI Instructor*

"My name is Luis Carlos Rodriguez and I have been teaching for the English Language Institute at UTEP for a year now. It's been very wonderful meeting and getting to know not only many great students here at ELI, but also many very talented and helpful fellow faculty as well. People from many different backgrounds attend the classes at ELI, which makes for a fun and also varied experience here for both students and teachers."

*- **Luis Carlos Rodriguez,** ELI Instructor*
