MEET OUR TEAM

Welcome to the P3 Family!

Professional and Public Programs (P3) is excited to welcome one new team member to help us better serve our community.

Lina M. Terrazas is a proud native of El Paso. She graduated from Coronado High School and earned a BBA in International Business from The University of Texas at El Paso, going on to work in International Trade for over 12 years. She joined Professional and Public Programs as the Program Coordinator for Community Enrichment for Adults & Languages with the goal of giving back to her community. Lina Mariana is passionate about dogs, especially of her own French Bulldog, Mila. She is also an avid motorsports enthusiast and currently serves as Treasurer for the Carrera Region–Porsche Club of America. She enjoys spending her weekends riding motorcycles and loves traveling anywhere and everywhere with her husband, Andres.
WELCOME TO P3 KIDZ ON CAMPUS

P3 Kidz on Campus Summer Programs offer 9 weeks (beginning June 3, 2019) of grade-specific summer camps for kids entering kindergarten through 12th grade. Each week will offer educational, fun, creative, active and cultural experiences.

P3 Kidz on Campus camps are limited in size, and spaces are assigned on a first-come, first-serve basis.

Grade-level requirements are given in terms of the grade the student will be entering in Fall 2019. Camps are subject to cancellation due to insufficient enrollment.

EXTENDED DAY OPTION
(ENTERING KINDERGARTEN TO 8TH GRADE)

Extended stay is ideal for busy parents who need to bring their kids a little earlier in the morning and/or leave them a little later in the afternoon.

The Extended Day option offers supervised activities and fun from 7:30 to 9 a.m., 4 to 5:30 p.m., and lunch supervision through 12 to 1 p.m.

Lunch will not be provided, children must bring their own lunches. The cost is $20 per week for morning and afternoon sessions ($18 during the week of July 4th). The cost is $10 per week should you choose supervised lunch ($8 during the week of July 4th). Register for these options as you would any other course. Check our Extended Day schedule on pages 10-11.

See our Camps at a Glance Calendar on pages 12-15.

GENERAL INFORMATION

The following information applies to the Youth Programs and Camps, Community Enrichment for Adults, and Language and Cultural Studies course offerings.

Information
For information on Professional & Public Programs, course offerings, policies or registration, call 915-747-5142, fax 915-747-5538 or drop by the Professional & Public Programs Office on the UTEP campus, at Memorial Gym, Suite 111, Monday through Friday, 8 a.m.-5 p.m.

Registration Confirmation & Room Assignment
A confirmation will be e-mailed to you within 48 hours with all pertinent course information. Classes are located on campus unless otherwise noted. A participation form for each participant will be attached. Please bring the completed form to ensure prompt check-in.

Course Fees
Professional & Public Programs is committed to offering quality programs at affordable prices. Course fees are based on an estimated minimum number of students. Professional & Public Programs is self-sustaining; course fees cover all expenses. No support is received from state or local taxes.

Participation Guidelines
Participants, or their representatives, who behave in a manner which is disruptive to the learning process, interferes with the well-being of other participants or staff, or causes damage to University or contracted facilities, may be asked not to return to the class.

Register Early
A course is closed when it reaches maximum enrollment, so please register early. Courses that do not meet the minimum enrollment will be canceled. Registrants will be notified of course cancellations by phone and e-mail. Please provide day and evening phone numbers, as well as an e-mail address, with your registration. Refunds will be processed automatically for courses canceled by Professional and Public Programs. Please allow two to three weeks for processing.

Professional and Public Programs reserves the right to cancel any course. Class locations, dates, times and instructors are subject to change.

Refund/Credit Voucher Policy
To keep costs as low as possible, we have instituted the following refund and credit policy. For your protection, we ask that you carefully review the terms below. Exceptions will not be made.

If you choose to withdraw from a course for any reason, your written request must be received by Professional & Public Programs three business days prior to the first class meeting. A full refund of your registration, less a $15 processing fee per course and cost of materials and/or lab fees, will be given. Please allow two to three weeks for processing. Refund requests must include your name, daytime telephone number, the course number or name, and reason for dropping the course. Telephone requests will not be accepted.

Please note: Certain courses are governed by their own refund policy.
Credit vouchers will be given when you withdraw from a class within one to two business days prior to the first class meeting. Vouchers must be used toward another class of equal or greater value no later than Aug. 31, 2019. Each voucher will be issued in the amount of the registration, less a $15 processing fee and cost of materials and/or lab fees. Credit voucher requests must include your name, daytime telephone number, and the course number or name. Telephone requests will not be accepted.

Please note: Certain courses are governed by their own voucher policy.
No refunds will be given on or after the first class meeting. A $25 fee will be charged for returned or canceled checks.

Send your request via:

Special Accommodations/Needs
If you have a disability or require special accommodations, please contact us at 915-747-5142 or ppp@utep.edu.

Inclement Weather and Emergency Policy
If UTEP is closed due to inclement weather or emergency situations, area radio and TV stations will make an announcement. P3 adheres to the assessment of University officials to close the campus. Please tune in to your local radio stations and TV news stations to learn of campus closures. P3 cannot guarantee that they can contact course participants when the campus is closed due to inclement weather or emergencies. When in doubt, contact UTEP Police at 915-747-5611; call P3 for announcements; or visit the UTEP website (www.utep.edu) or Facebook page. Refunds cannot be issued under this policy, but P3 will make every effort to make up canceled courses, on a case-by-case basis.

Neither this course catalog nor any part of it may be reproduced, stored in a retrieval system, or transmitted in any form or by any means electronic, mechanical, photocopying, recording or otherwise, without the permission of the Professional and Public Programs at UTEP – Extended University.

All information in the Summer 2019 Course Catalog is checked and verified to the best of the department’s ability, however the program cannot be held responsible for any mistake or omission enclosed in the publication.

7/8-7/23       M, Tu, W, Th and F 1:30-4 p.m.

Placement test: Saturday June 29 at 9 a.m. at the UTEP Library, Room 204B

We also offer languages summer camps for entering grades K-12.
For more information, see our Camps at a Glance grid on pages 12-15.
Magic Chemistry
This course will explore the magic of science with fascinating chemistry tricks that will amaze family and friends. Participants will conduct unique hands-on experiments and demonstrations that make learning chemistry easy, exciting and fun.  
**19SYSC2100** | Fee: $67 | Meetings: 1  
6/8 | Sa 9 a.m.-4 p.m.

Junior Medical School
How do you cut a cornea out of an eyeball? What causes hiccups? How strong are bones, really? Junior doctors will discover the answer to these and many more questions with hands-on experiments and activities that will have them exploring the human body inside and out. Participants will learn how to give an injection, take blood pressure, determine blood types, use microscopes, touch real organs and tissues, and practice stitching up skin.  
**19SYSC2101** | Fee: $67 | Meetings: 1  
6/15 | Sa 9 a.m.-4 p.m.

Animal Dissection Detectives II
How are animal bodies the same or different from human bodies? How do blood vessels work? Do their skin, muscles, and incredible organs compare to each other? This course will safely investigate how each species, from small to large, plays an important role on our planet. Course participants will pair off to perform dissections to gain a better understanding of animal anatomy and body systems, and the course ends with participants interacting with three surprise live animals.  
**19SYSC2102** | Fee: $67 | Meetings: 1  
6/22 | Sa 9 a.m.-4 p.m.

Mini-Vet School
In this course, participants will learn the basics of what a veterinarian does and have hands-on interactions with many amazing live animals. The course covers topics real veterinarians encounter every day, such as animal behavior, first aid, dentistry care, lab tests, diseases and parasites, in a kid-friendly way. Our mini-veterinarians will use some cool lab tools, view X-rays, animal models and conduct their own tests. They will also learn how to take care of little animal patients like guinea pigs, mice, bearded dragons, snakes, frogs and more.  
**19SYSC2103** | Fee: $67 | Meetings: 1  
6/29 | Sa 9 a.m.-4 p.m.

Space Camp, Robots and Energy Explorers
In this electrifying course, participants will learn about different forms of energy while building windmills, investigating solar panels and electromagnets, and experimenting with motors. They will learn what astronauts have to know and what equipment they take into space. They will also touch real space food, launch their “egg-a-nauts”, make their own model spacecraft and participate in cool rocket races.  
**19SYSC2104** | Fee: $75 | Meetings: 1  
7/6 | Sa 9 a.m.-4 p.m.

Caterpillars, Beetles, Roaches and Other Crawly Critters
Participants will learn about creepy-crawlies and explore the anatomy, life-cycles, behavior, camouflage and other survival adaptation mechanisms of insects and arachnids. They will count the legs on a millipede, make a glowing firefly model, and explore their exoskeletons, the tiny walking shields of armor they depend on. Participants will also build miniature habitats to house and observe them, learn how to use a microscope to study tiny creatures, collect their own specimens, build a model ant hill and dissect invertebrates.  
**19SYSC2105** | Fee: $67 | Meetings: 1  
7/13 | Sa 9 a.m.-4 p.m.

Robots for Kids II
This course investigates robotics involving everyday household items. Participants who have never built robots before will build simple ones; they will learn about robotics and how scientists use robots in their investigations. They will also learn to wire up a basic circuit and make a Jigglebot in only 10 minutes. Participants will explore how to turn their recycled materials into cool moving creations: a cable car that can travel as long as there is string for it to move along, and a DIY double-pull double-throw (DPDT) switch that will enable them to turn their motors off and on.  
**19SYSC2106** | Fee: $85 | Meetings: 1  
7/20 | Sa 9 a.m.-4 p.m.

Zoo Veterinarians
This course is for kids who think they might want to become vets. Participants will learn what goes into keeping different exotic and domestic animal species (like guinea pigs, rats, mice, lizards, turtles, snakes and salamanders) healthy. Animal behavior, handling techniques, basic animal examinations and pet nutrition will be discussed. With hands-on activities and the help of many live animal visitors, participants will learn important vet skills. They will also identify and search for internal parasites, practice making sutures, giving injections, investigate organs, watch a real surgery and learn what to do in case of certain animal emergencies and diseases.  
**19SYSC2107** | Fee: $67 | Meetings: 1  
8/3 | Sa 9 a.m.-4 p.m.

Junior CSI Investigator
After a crime has been committed and the criminal has fled the scene, it’s up to our Junior Crime Scene Investigators to solve the crime and determine what has happened. Course participants will analyze fingerprints, footprints, soil and plant samples, DNA and handwriting. They will examine evidence under a microscope, use chemistry to identify mysterious substances, excavate bones, decipher secret messages and use their newly developed skills to solve cases in this awesome course.  
**19SYSC2108** | Fee: $67 | Meetings: 1  
8/10 | Sa 9 a.m.-4 p.m.

Summer Helpers Needed

Professional and Public Programs is always looking for qualified and enthusiastic summer helpers who can assist with our youth courses and camps. For more information, contact our Youth Programs and Camps Program Manager at 915-747-8474.

ALTERNATIVE P.M. CARE OPTIONS

Summer Cool Off Class (Grades 3-6)*

In this summer cool-off camp, campers will participate in water games and fun while increasing their fitness level.

Campers must bring a change of clothes, goggles and towel. Change time is incorporated into the allotted timeframe of the course. No food is allowed during pool hours; only water is allowed in the pool area.

NOTE: A Pool ID is NOT required for this camp. Campers will meet outside the main entrance of the Student Recreation Center for check-in by a P3 staff member. Only ENROLLED campers will be allowed to stay in the Student Recreation Center after check-in. Guardians/parents must sign out campers at the end of each session in the lobby area of the Student Recreation Center with a P3 staff member at 5:30 p.m. To minimize high volume of traffic, guardians/parents will only be allowed in the Student Recreation Center during drop-off and pick-up. We greatly appreciate your support and understanding.

*Due to a Student Recreation Center event, no camps will be taught during the week of 6/24-6/28.

Digital Development Series (Entering Grades 3-8)

Campers will explore and play with different technologies, including virtual and augmented reality, videogames, circuits and robotics. In these short sessions, campers will learn a little about the development and creation process, but will mostly play dancing and superhero games, and tinker with finished projects that will keep them active and immersed in virtual worlds. Each week, campers will have new and fun activities to engage with.

P3 KIDZ ABROAD CAMPS
Prepare yourself for an adventure exploring people, languages, and a culture different from your own! P3 Kidz Abroad offers children entering 1st through 8th grade the opportunity to participate in various one-week language and culture exploration experiences. Choose to transport your minds to France, Italy, Mexico, and Russia.

Children may also participate in programs for English as a Second Language. All programs feature cultural activities and language development.

P3 KIDZ ON THE MOVE
P3 Kidz on the Move is a program component that is integrated in selective weekly camps. This program is based on the philosophy of developing strong bodies in partnership with strong minds.

It focuses on skill-building, coordination, teamwork, and goal-setting in a non-competitive physical atmosphere.

P3 KIDZ DIGITAL TECHNOLOGY
Look what is new, immersed in the fabulous world of Digital Technology (DT).

DT includes: 2D, 3D and computer camp courses.

Spanish: Jugando en Español
Spanish: Jugando en Español will teach young students basic Spanish language elements, such as vocabulary, phrases, numbers, colors, shapes, days of the week and more.

19SLSK1KA1 | Fee: $85 | Meetings: 5
6/3-6/7 M, Tu, W, Th and F 9 a.m.-Noon
19SLSK6KA1 | Fee: $85 | Meetings: 5
7/8-7/12 M, Tu, W, Th and F 9 a.m.-Noon

Junior Explorers
Does your child show an interest in science? This camp will involve STEM activities like science-building, and hands-on activities using gears, blocks, dominoes and Play-Doh.

19SKSC1KA2 | Fee: $90 | Meetings: 5
6/3-6/7 M, Tu, W, Th and F 9 a.m.-Noon

Tumblemania
Campers will be introduced to basic gymnastics skills (rolling, hand support and balancing) in a positive, fun and energetic learning environment. Campers will also develop their locomotor skills via hopping, skipping and running, as well as improve upon their social awareness skills (sharing, taking turns and showing courtesy).

Required materials: Comfortable clothes, socks and shoes.

19SKHF1KP1 | Fee: $85 | Meetings: 5
6/3-6/7 M, Tu, W, Th and F 1-4 p.m.

Lost in Space
Campers will explore the universe and learn all about the planets and solar system. Additionally, they will also create their own solar system model using the knowledge acquired during the camp.

19SKSC2KA1 | Fee: $90 | Meetings: 5
6/10-6/14 M, Tu, W, Th and F 9 a.m.-Noon

I Am a Mini-Reader
Campers will learn the basics of reading by developing phonics, phonemic awareness and vocabulary through the use of sight words.

19SKRD2KP1 | Fee: $85 | Meetings: 5
6/10-6/14 M, Tu, W, Th and F 1-4 p.m.

Mosaic Art Fun
In this camp, young artists will explore their creativity and express their imaginations through mosaic art pieces.

19SKAR3KA1 | Fee: $85 | Meetings: 5
6/17-6/21 M, Tu, W, Th and F 9 a.m.-Noon

Science Disaster Blaster
This camp explores natural disasters, such as volcanoes, tornadoes, hurricanes, etc. and gives campers the opportunity to create their own experiments based on these events.

19SKSC3KP1 | Fee: $90 | Meetings: 5
6/17-6/21 M, Tu, W, Th and F 1-4 p.m.

I’m a Future Paleontologist
Campers will study paleontology (the science of fossilized animals and plants) as well as explore the age of the dinosaurs.

19SKSC4KA1 | Fee: $90 | Meetings: 5
6/24-6/28 M, Tu, W, Th and F 9 a.m.-Noon

Magical Art Science
In this camp, multiple science experiments will be used by campers to create amazing art.

19SKAR4KP1 | Fee: $85 | Meetings: 5
6/24-6/28 M, Tu, W, Th and F 1-4 p.m.

Tackling the Tools of Writing
This camp uses games and fun to teach campers phonics, spelling and vocabulary. It provides a good foundation for writing skills.

19SKWR5KA1 | Fee: $80 | Meetings: 4
7/1-7/5 M, Tu, W and F 9 a.m.-Noon

No class on 7/4 – Independence Day

Mini-Mathematician
Making math fun is vital to establishing a solid foundation for future academic success. This camp’s easy-to-learn techniques and fun games will help campers learn basic mathematics and also help them develop confidence in their abilities.

19SKMT5KP1 | Fee: $80 | Meetings: 4
7/1-7/5 M, Tu, W and F 1-4 p.m.

No class on 7/4 – Independence Day

Discovering Science
Does your child show an interest in science? This camp will invoke their inner scientist, as they discover different fields of science with hands-on projects using everyday materials.

19SKSC6KA2 | Fee: $90 | Meetings: 5
7/8-7/12 M, Tu, W, Th and F 9 a.m.-Noon

Learning ABCs & 123s
This camp builds a solid foundation for early childhood education. Campers will use a variety of games, music and activities to gain an understanding of basic pre-math and literacy skills.

19SKRD6KP1 | Fee: $85 | Meetings: 5
7/8-7/12 M, Tu, W, Th and F 1-4 p.m.

Mini-Art Garden
Campers will use creativity and imagination to create works of art by placing everyday household items in their garden.

19SKAR7KA1 | Fee: $85 | Meetings: 5
7/15-7/19 M, Tu, W, Th and F 9 a.m.-Noon

Little Masters of Math
Campers will learn the basic foundations of math including addition, subtraction, number operations, odds & evens, and number charts. They will also learn fun strategies that make math easy and understandable.

19SKMT7KP1 | Fee: $85 | Meetings: 5
7/15-7/19 M, Tu, W, Th and F 1-4 p.m.

Junior Scientist
Does your child show an interest in science? This camp will invoke their inner scientist, as they create experiments using everyday household materials.

19SKSC8KA1 | Fee: $90 | Meetings: 5
7/22-7/26 M, Tu, W, Th and F 9 a.m.-Noon

Junior Engineering
Campers will learn engineering strategies for building sturdy structures using LEGO® bricks, and then use that knowledge to build a robot for friendly competition. They’ll enjoy playing robot football and completing the hoop challenge in this fun robotics program.

19SKED8KP1 | Fee: $135 | Meetings: 5
7/22 - 7/26 M, Tu, W, Th and F 1-4 p.m.
Class in the Hat
In this camp, every day is full of fun with games and rhymes by Dr. Seuss. Campers will explore a different Dr. Seuss book each day.
19SKRD9KA1  | Fee: $85  | Meetings: 5  
7/29-8/2  | M, Tu, W, Th and F 9 a.m.-Noon

Reduce, Reuse, Recycle
Campers will use recycled materials and their imaginations to create works of art in this camp.
19SKAR9KP1  | Fee: $85  | Meetings: 5  
7/29-8/2  | M, Tu, W, Th and F 1-4 p.m.

Entering Grades 1-2

Reading Adventures
Campers will work on their independent reading skills by understanding the use of phonics and word-attacking techniques. This camp emphasizes effective literacy that engages, motivates and helps campers succeed in reading and grammar.
19SKRD11A1  | Fee: $85  | Meetings: 5  
6/3-6/7  | M, Tu, W, Th and F 9 a.m.-Noon
19SKRD41P1  | Fee: $85  | Meetings: 5  
6/24-6/28  | M, Tu, W, Th and F 1-4 p.m.

Dr. Seuss' Wild and Wacky Science Lab
In this camp, young scientists will dive into wild and wacky science adventures right from the pages of Dr. Seuss. They will explore Bartholomew's strange, glowing Ooblek, examine microscopic creatures called the Whos, experiment with bouncy, foldable green eggs and ham, make slippery Grinch slime, engineer a Zoo, and find out what the Lorax can teach us about the plant, bacteria and animal kingdom with a living Yertle the turtle. Learning science with Dr. Seuss will have campers doing experiments that will get them dirty while having tons of fun.
19SKSC11A2  | Fee: $90  | Meetings: 5  
6/3-6/7  | M, Tu, W, Th and F 9 a.m.-Noon

Spanish - Español Para los Chiquitos
The methodology used in this course is ideal for children who do not yet read or are currently learning Spanish. The textbook and CD activities focus on auditory comprehension and interactions and include word recognition, speaking, coloring, drawing and simple exercises to begin developing writing skills.
19SLYS11P1  | Fee: $85  | Meetings: 5  
6/3-6/7  | M, Tu, W, Th and F 1-4 p.m.

Kidz Engineering: Amusement Parks
Campers will design their own amusement park—perhaps the next Disney World?—in this camp. They will learn how to use LEGO® bricks and other building materials to make coasters and other awesome rides.
19SKED11P2  | Fee: $145  | Meetings: 5  
6/3-6/7  | M, Tu, W, Th and F 1-4 p.m.

Math is Fun
Making math fun is vital to establishing a solid foundation for future academic success. Using easy-to-learn techniques and fun games, campers will develop an understanding and confidence in basic mathematics.
19SKMT21A1  | Fee: $85  | Meetings: 5  
6/10-6/14  | M, Tu, W, Th and F 9 a.m.-Noon

Kidz Engineering Super-Structures
It’s never too early to begin fostering your camper’s engineering and building skills. In this new and exciting Snapology architecture camp, campers will create and build the future using LEGO® bricks.
19SKED21A2  | Fee: $135  | Meetings: 5  
6/10-6/14  | M, Tu, W, Th and F 9 a.m.-Noon

Artful Abstract Adventures
In this camp, campers will enjoy creating abstract art using various techniques and art materials, such as newspaper, tissue paper, tape, acrylics and much more.
19SKAR21P1  | Fee: $85  | Meetings: 5  
6/10-6/14  | M, Tu, W, Th and F 1-4 p.m.

Crazy Chemistry Mysteries
This camp will have campers solving chemistry mysteries such as: How does chemistry turn a white carnation into a pink flower? Will mentos and soda really explode in one’s mouth? Campers will learn chemistry secrets behind how soaps, bubble gum, ice-cream, Play-Doh and fireworks are made; they will discover the secret formulas behind captivating chemistry experiments, and investigate the secret ingredients of high-bounce balls, Pop Rocks, no-glue slime, smoky bubbles, glow lights inside a bottle and other mysterious chemistry projects.
19SKSC21P2  | Fee: $90  | Meetings: 5  
6/10-6/14  | M, Tu, W, Th and F 1-4 p.m.

Dinosaurs, Fossil Hunters, Volcanoes, Rocks and Bugs
In this camp, young paleontologists will dig into the mysteries of prehistoric Earth as they make fossilized plaster replicas of dinosaur teeth, eggs, claws, trilobites and ancient sea creatures; they will sort and classify fossilized shark teeth, investigate tar pits, break open geodes, identify mineral specimens and create cool dioramas of a swamp or forest of the Cretaceous, Jurassic or Triassic period; campers will also learn geology and explore the Earth’s extreme climate with experiments on earthquakes, volcanoes and geysers. Finally, they will study live invertebrates to investigate how they survived prehistoric times with skeletons on the outside of their bodies.
19SKSC31A2  | Fee: $90  | Meetings: 5  
6/17-6/21  | M, Tu, W, Th and F 9 a.m.-Noon

Improve Vocabulary
Campers will learn the basics of reading using phonics and by developing phonemic awareness. They will also build their vocabulary through the use of sight words.
19SKRD31P1  | Fee: $85  | Meetings: 5  
6/17-6/21  | M, Tu, W, Th and F 1-4 p.m.

Kidz Science Matters
In this camp, campers will explore the science behind different types of energy by experimenting with chemical reactions, electricity and magnets.
19SKSC31P2  | Fee: $90  | Meetings: 5  
6/17-6/21  | M, Tu, W, Th and F 1-4 p.m.

Kidz STEM Challenge
Using Science, Technology, Engineering and Math, campers will create projects using everyday household items and test their durability.
19SKSC41A1  | Fee: $90  | Meetings: 5  
6/24-6/28  | M, Tu, W, Th and F 9 a.m.-Noon
19SKSC81P2  | Fee: $90  | Meetings: 5  
7/22-7/26  | M, Tu, W, Th and F 1-4 p.m.

Krafty Kidz
Campers will create interesting artwork by experimenting with combinations of substances like salt, oil, food coloring, glue and shaving cream, with art materials such as color pencils, crayons, markers and paint.
19SKAR41A2  | Fee: $85  | Meetings: 5  
6/24-6/28  | M, Tu, W, Th and F 9 a.m.-Noon

P3 KIDZ ON CAMPUS
SUMMER CAMPS

ENTERING GRADES 1-2

Science Wizard School
Campers will discover how science can make magic as they mix up bubbling potions, make mysterious Polyjuice, Griffin claws, spider eggs, screaming mandrake root and wormwood leaves. They will investigate magical creatures like dragons, owls and snakes, and create their own magical optical illusions, wizard wands and a book of special science spells.

19SKSC41P2 | Fee: $90 | Meetings: 5
6/24-6/28 | M, Tu, W, Th and F 1-4 p.m.

Kidz Multi-Fitness Fun
Campers will engage in fitness activities to build upon their current fitness levels. Activities include stretching, strength-building exercises, sports activities, etc.

19KHFS1A1 | Fee: $80 | Meetings: 4
7/1-7/5 | M, Tu, W and F 9 a.m.-Noon
No class on 7/4 – Independence Day

Mini-Zooology Explorers
This camp explores the fascinating animal kingdom and lets kids think like zoologists as they examine fur, feathers, bones, teeth, claws, scales and skeletons. Campers will meet and interact with live animals like leopard geckos, bearded dragons, king snakes, pythons, mice, toads, salamanders and more. They will also investigate exciting zoological discoveries such as animals with a third eyelid, insects with ears on their legs, the biggest sea turtle that ever lived, etc.

19SKSC51A2 | Fee: $85 | Meetings: 4
7/1-7/5 | M, Tu, W and F 9 a.m.-Noon
No class on 7/4 – Independence Day

Manners, Math & Art
This camp teaches proper manners, math and art. Campers will learn and engage with each other through fun, hands-on activities.

19KLHS1P1 | Fee: $80 | Meetings: 4
7/1-7/5 | M, Tu, W and F 1-4 p.m.
No class on 7/4 – Independence Day

Reading to Succeed
This course helps campers in the first and second grades build a solid foundation for reading. They will be taught phonics skills, vocabulary and word-attack skills. The activities offered through this camp accommodate every style of learning. As their confidence levels increase, campers will be inspired to read.

19SKRD51P2 | Fee: $80 | Meetings: 4
7/1-7/5 | M, Tu, W and F 1-4 p.m.
No class on 7/4 – Independence Day

Kidz Engineering Combat Robots
This camp is the place to learn engineering strategies for building sturdy structures using LEGO® bricks and then applying that knowledge to build a robot for friendly competition. Campers will enjoy playing robot football and completing the hoop challenge in this fun robotics program.

19SKED61A1 | Fee: $145 | Meetings: 5
7/8-7/12 | M, Tu, W, Th and F 9 a.m.-Noon

A Step Toward Broadway: Kidz’ Theater Camp
Campers will use theatrical exercises, games and processes to help develop their artistic, expressive and cognitive skills. They will learn a variety of theatrical techniques including listening skills, reading comprehension, vocabulary and teamwork, that will benefit all aspects of their education.

19SKPDA61A2 | Fee: $85 | Meetings: 5
7/8-7/12 | M, Tu, W, Th and F 9 a.m.-Noon

Little Mathematician
Making math fun is vital to establishing a solid foundation for future academic success. This camp teaches basic mathematics using easy-to-learn techniques and fun games to help campers develop confidence in their abilities.

19SKMT61P1 | Fee: $85 | Meetings: 5
7/8-7/12 | M, Tu, W, Th and F 1-4 p.m.

Pirate Science: Fool’s Gold, Parrots, Sea Monsters and Shipwrecks
Campers will discover what it’s like to be a young pirate or pirate princess while conducting the best science- and pirate-themed experiments. They will investigate exploding treasure chests, build their own cannons, boats, and fishing poles, and search for hidden treasure. Campers will also conduct crazy water experiments, make pirate slime and secret treasure playdough, and much more.

19SKSC61P2 | Fee: $90 | Meetings: 5
7/8-7/12 | M, Tu, W, Th and F 1-4 p.m.

19SLYS71A1 | Fee: $85 | Meetings: 5
7/15-7/19 | M, Tu, W, Th and F 9 a.m.-Noon

Halloween Science Spooktacular
Halloween + science = amazing hands-on science experiments and STEM projects to get campers learning. This camp becomes a messy, gross, fun, haunted science lab as campers investigate fizzing cauldrons, witch’s explosive reactions, smoky ghost bubbles and Frankensteins’ frozen brains. Campers will create a mini-Halloween scene with a flying ghost, a slimy eyeball-flying catapult and other ghostly structures; they’ll also learn the best Halloween slime recipes plus the secrets of classic Halloween monsters. Finally, they will enjoy a real visit from creepy crawling living creatures.

19SKSC71A2 | Fee: $90 | Meetings: 5
7/15-7/19 | M, Tu, W and F 9 a.m.-Noon

Art Garden Creations
Using creativity and imagination, campers will create works of art by placing everyday household items in their garden.

19SKAR71P1 | Fee: $85 | Meetings: 5
7/15 - 7/19 | M, Tu, W and F 1-4 p.m.

Cheer FUN-damentals
This camp addresses cheering fundamentals and is designed for campers of all skill levels. Topics which will be addressed in class include fundamentals and proper technique, stretching, jumping, learning cheers/chants, dancing and much more. At the completion of this camp, campers will be able to successfully preform an exciting and energized routine with synchronized movements.

19SKHF71P2 | Fee: $85 | Meetings: 5
7/15-7/19 | M, Tu, W and F 1-4 p.m.

Basic Engineering
This camp is designed for children of all ages and abilities to build together. Campers will build super-cool cars, catapults and parade floats that use gears, axles and pulleys. They will work in teams under guided instruction to build a different model using LEGO® bricks each day. Camps include free building time to promote creativity.

19SKED81A1 | Fee: $135 | Meetings: 5
7/22-7/26 | M, Tu, W, Th and F 9 a.m.-Noon

Art in the Mix
In this camp, campers will learn to use mixed media in art. They will use various art supplies and other materials (like shaving cream) in combination with various techniques like printmaking, collaging and painting as they learn about different art techniques and styles.

19SKAR81P1 | Fee: $85 | Meetings: 5
7/22-7/26 | M, Tu, W, Th and F 9 a.m.-Noon

Spanish for Kids
In this introductory course, students will learn about basic Spanish language elements such as vocabulary, phrases numbers, colors, shapes, days of the week and more.

19SKAR81A1 | Fee: $85 | Meetings: 5
7/22-7/26 | M, Tu, W, Th and F 9 a.m.-Noon
Math FUN-damentals!
Making math fun is vital to establishing a solid foundation for future academic success. This camp uses easy-to-learn techniques and fun games to develop your camper’s understanding of and confidence in basic mathematics.
19SKMT81P1 | Fee: $85 | Meetings: 5
7/22-7/26 | M, Tu, W, Th and F 1-4 p.m.

Writing, Reading and Getting Smarter
Campers will improve their reading fluency, comprehension and critical thinking skills by engaging in writing exercises.
19SKWR91A1 | Fee: $85 | Meetings: 5
7/29-8/2 | M, Tu, W, Th and F 9 a.m.-Noon

Junior Archaeologists, Mummies, Treasure and Tombs
Camps will dig into the exciting science of archaeology as they learn about the life of the ancient Egyptians, pharaohs, hieroglyphics, amulets, ancient tombs, pyramids, gods, goddesses and treasures, with many hands-on projects. Interactive activities will include making mini-models of tombs, pyramids, mummies, canopic jars and mysterious amulets.
19SKSC91A2 | Fee: $90 | Meetings: 5
7/29-8/2 | M, Tu, W, Th and F 9 a.m.-Noon

Kidz Intermediate Engineering
In Snapology’s Intermediate Engineers program, campers will build super-cool models that use gears, axles and levers. They will work in teams under guided instruction to build cars, merry-go-rounds, go-karts and catapults.
19SKED91P1 | Fee: $135 | Meetings: 5
7/29-8/2 | M, Tu, W, Th and F 1-4 p.m.

Kidz Think Green & Creating Art
Campers will turn recycled materials found at home into orginal and interesting pieces of art.
19SKAR91P2 | Fee: $85 | Meetings: 5
7/29-8/2 | M, Tu, W, Th and F 1-4 p.m.

My Art Sketchbook
Campers will make and design their own sketchbooks using different techniques and materials. Techniques will include drawing, printmaking, collaging and creating patterns, and campers will use watercolor, acrylics, color pencils, and markers to make their sketchbooks unique.
19SKAR13A2 | Fee: $85 | Meetings: 5
6/3-6/7 | M, Tu, W, Th and F 9 a.m.-Noon

Youth Multi-Fitness Fun
Youth in this camp will engage in fitness activities to build upon their current fitness levels. Activities include stretching, strength-building exercises, sports activities, etc.
19SKH13A3 | Fee: $85 | Meetings: 5
6/3-6/7 | M, Tu, W, Th and F 9 a.m.-Noon

Kidz 2D Mobile
Game Development: Space
In this camp, kids will program and design a 2D mobile space game. They will learn about space and also study math, coding and design, while creating a jumping astronaut whose goal is to collect space artifacts and evade aliens. After the project is done, campers can take it home to share on their mobile (Android) device, or to play on any PC.
19SKIT13A4 | Fee: $185 | Meetings: 5
6/3-6/7 | M, Tu, W, Th and F 9 a.m.-Noon

Veterinarians in Training
This is the perfect camp for those who love animals and have an interest in veterinary science. Campers will explore how to take care of all kinds of animals, from exotic ones like snakes and lizards to furry animals like mice and gerbils. The camp will cover veterinary skills like reading X-rays, identifying internal parasites, giving animals medication, and performing basic animal examination (how to take temperature, check ears, eyes and teeth). Campers will also watch basic animal examination.
19SKSC13P1 | Fee: $90 | Meetings: 5
6/3-6/7 | M, Tu, W, Th and F 1-4 p.m.

Italian for Kids
In this class, children will learn the basics of Italian language, as well as explore Italian culture and customs. They will learn basic communication skills and gain an appreciation for an entirely new culture.
19SLY13P2 | Fee: $85 | Meetings: 5
6/3-6/7 | M, Tu, W, Th and F 1-4 p.m.

Swimming Conditioning and Fitness for Youth (ENTERING GRADES 3-12)
This camp will build upon the skill level and self-confidence of the campers while emphasizing safety in the water.

Required materials: Swimwear. Please bring a change of clothes, goggles, and towel. Change time is incorporated into the allotted timeframe of the camp. No food is allowed during pool hours; only water is allowed in the pool area.

NOTE: A Pool ID is NOT required for this camp. Campers will meet outside the main entrance of the Student Recreation Center for check-in by a P3 staff member. Only ENROLLED campers will be allowed to stay in the Student Recreation Center after check-in. Guardians/parents must sign out campers at the end of each session in the lobby area of the Student Recreation Center with a P3 staff member at 4 p.m. To minimize a high volume of traffic, guardians/parents will only be allowed in the Student Recreation Center during drop-off and pick-up. We greatly appreciate your support and understanding.

HOW TO APPLY TO THE ENGLISH LANGUAGE INSTITUTE (ELI):

1. Visit us at ppp.utep.edu

2. Scroll down and click on ENGLISH LANGUAGE INSTITUTE

3. Complete and submit your application form, supporting documents and application fees by the application deadline as listed in the Calendar and Fees document.

4. You must pay your application fees before your application can be processed. After your application is processed, you will receive an email from ELI within 5 to 14 days on the status of your application.

Admission to the ELI is not the same as admission to The University of Texas at El Paso (UTEP). If you wish to obtain admission to the University, you must apply directly to UTEP. The English Language Institute (ELI) offers an excellent, English as a second language program for students from all over the world. ELI is specifically designed to help learners gain functional command of English in listening, speaking, reading, and writing. We provide a quality, intensive program for non-native speakers that meets the learning needs of our diverse student population. Our teachers and staff are ready to make your experience a remarkable one.
ELI Core Program

ELI: Core Intensive English Program Summer 2019

This program is designed to help learners gain a functional command of English through grammar, listening, speaking, reading and writing. It caters to beginning English speakers as well as advanced students seeking to enter a higher-education program. Our Summer I programs run in intensive ten-week sessions. New students will be placed in appropriate levels according to their performance on a placement test.

Classes meet Monday through Friday, from 8 a.m.-1:20 p.m. In addition to core courses (24 hours a week), students may register for elective courses for an additional fee. Electives are offered Monday through Friday from 1:30-2:45 p.m., and evening classes take place Monday through Friday from 6-8 p.m. and Saturday from 9 a.m.-noon.

The Intensive English Program offers the following:

- Individualized attention
- Highly skilled instructors
- Exam preparation for the Test of English as a Foreign Language (TOEFL)

**NOTE:** Prospective students must register in order to take the placement test by submitting all necessary documents. International applicants who require an I-20 Form must submit all the required documents to the ELI by the submission deadline found in the Calendar and Fees section of the ELI webpage on the Professional & Public Programs website at ppp.utep.edu.

CORPORATE AND BUSINESS TRAINING

StrengthsFinder
Training Workshop

If you KNEW that it could make your job easier, make your team happier, and help you meet your goals more efficiently...would you at least give it a look? If you and your team could really understand why each of you naturally think, feel and behave in certain ways... would you say, yes, sign me up?

Managers and teams have experienced deep shifts in their culture, happiness, and productivity with the Strengths perspective. Just a half-day’s interactive session will give you an understanding of your team’s strengths, and provide you with tools you can use to achieve greater productivity, clearer communication, increased efficiency, and better employee engagement.

Mark your calendar for October 29, 2019 and bring your team (bring two!) to join Lisa Rice, certified Gallup Strengths Coach and CEO of Every Strength Counts, as she helps you explore your individual and team strengths. Call us at 915-747-5142 to learn more.

Meet the Presenter
Lisa Rice
CEO, Founder and Coach for Every Strength Counts, LLC.

Lisa Rice is the CEO, Founder and Coach for Every Strength Counts, LLC. She has over 20 years of experience coaching individuals and teams to use their innate strengths to improve productivity and be happier in their careers. As a certified Gallup Strengths Coach, Lisa is excited to make more people aware of how they can use their strengths in both their professional and personal lives.

With two master’s degrees, in Business and Public Administration, Lisa is definitely a lifelong learner and hopes to encourage others to always be learning.

Lisa has extensive experience in the non-profit world as a former CEO of a workforce development organization. She has always related to the needs of for-profit businesses because their success depends on the success of their people. She has helped businesses understand and grow the strengths of their workforce to help reduce turnover, get people in the right seat on the bus, and grow strong, effective and productive teams.

Lisa lives with her husband in Colorado Springs, CO. She enjoys time hiking and playing at the dog park with her three rescued golden retrievers.

Bonus: You’ll receive tips about how to use a Strengths perspective to improve your team this year.
