Since March 2018, Professional and Public Programs has collaborated with Franklin High School, a local magnet school, to offer a hybrid paralegal certification course. The course is offered in partnership with JER Online, a third-party partner, and provides Franklin High School students with the opportunity to graduate high school with a paralegal certification.

“My goal is to become a successful lawyer. Besides learning the countless legal terms and insights into the rule of law here in the U.S., I also come out [of this program] with more confidence heading into the legal field. The program will benefit me in the future by allowing me to work in a firm outside of school.”
- William P.

“I enrolled in the program because of the long-term benefits and the available opportunity. I gained valuable skills that I can use in law and in everyday life. This program can benefit my future, because now, as I go into college, I will be a working paralegal.”
- Alyssa G.

“I wanted to obtain my paralegal certification and to gain experience so I can call things out as I see them and do what is right, regardless of consequences. [This program has made me] more competitive and [provided me with] some fundamental knowledge of the law.”
- Elizabeth H.

“I enrolled in [this] program because I wanted to see if I enjoyed law enough to pursue my dream career as a lawyer. [The program gave me] an understanding of the American system of law and how much work goes into navigating it. I learned about the importance of grammar and the power of words. This program has provided the building blocks for me to become a paralegal, a profession that will give me more experience to achieve my dream [of being a lawyer].”
- Samantha B.
