How to register for classes with a CRN

Note: Select the Check Your Registration Status link to view holds, academic standing, student status and registration permit/overrides on your account that may affect your registration status.

The first time you register for courses each semester, you will need to complete a Financial Liability Agreement and Acknowledgement of Withdrawal Procedures. Please read carefully and choose the appropriate answers. If this is not the first time you are registering for courses this semester, please skip ahead to step 8.

1. Once submitted, your registered courses should be listed under Current Schedule as seen below.

At the bottom of the page, enter all the CRN number(s) that were provided to you by your UTEP Connect Academic Advisor in the text boxes available. Then, click on the Submit Changes button underneath.

Go to https://my.utep.edu/My to access the MyUTEP dashboard.

Select the For Students tab and click on the Sign In button.

Enter your UTEP username and password, then click on the Log in Button.

Once logged in, click on the Goldmine link.

Then, click on the Registration link.

Next, click on the Add/Drop Classes link.

Choose the semester and year you are registering for in the Select Term dropdown menu. Click the Submit button.

Click on the Add/Drop Classes link.

A Course Reference Number (CRN) is a unique 5-digit identifier assigned to a class for registration purposes. An Academic Advisor will assign you your CRN number(s) during advising, so that you may register.
