Why Earn a Graduate Certificate in Construction Management?

A graduate-level certificate in construction management is ideally suited to students who

- Are limited by time and resources and/or corporate sponsorship and are only able to commit to a 15 semester credit hour program
- Want to pursue construction management as a secondary interest
- Are getting degrees in other fields but would like to get a graduate certificate in construction management at the same time

Program Highlights

15 credit hours
In-state tuition: $782/credit hour*
Out-of-state tuition: $782/credit hour*

* Tuition is based on 2021-2022 rates and is subject to change.

- Available in an easily accessible 100% online format from UTEP’s College of Engineering
- Designed for engineers, architects and other construction industry professionals who are interested in learning how to manage complex construction projects
- Credits earned may be applied to a master’s degree
- Faculty have a wealth of industry experience
