

# What can you accomplish with an online degree from The University of Texas at El Paso?

## Practically anything you can imagine.

### Access

The online programs offered through UTEP Connect provide you with unmatched access to a first-rate education that seamlessly blends the superior curriculum and instruction of a top-tier university with the flexibility and convenience of online learning.

### Excellence

These programs are taught by the same faculty who teach on campus and are of the same high quality and excellence as face-to-face programs. Blackboard (the learning management system used) makes online learning easy.

### Support

All UTEP Connect students will have access to services and resources that on-campus students enjoy like the Career Center, Library, and Bookstore. In addition to their academic advisors, each student will also receive personalized guidance from an Enrollment Counselor and a Student Success Advisor, during their application process and for the duration of their program respectively.

If you're ready to advance your education and transform your future, UTEP Connect is ready for you. Get started now by exploring our portfolio of online degrees:
