UNDERGRADUATE CURRICULUM CHANGE MEMO

Date: 10/4/2021

From: Michael Gonzales, Accounting and Information Systems

Through: Zuobao Wei, Accounting and Information Systems

Through: James Payne, College of Business

To: Chair, Undergraduate Curriculum Committee

Proposal Title: Change in prerequisite for CIS 4320

We propose to amend the prerequisites for CIS 4320 and require that students take CIS 3301 (Intro to Data Process & Prog) prior to taking CIS 4320. Many students are taking CIS 4320 before CIS 3301 or are taking them at the same time. It is difficult for the instructor to teach an advanced programming class if students have no prior programming experience.

COURSE CHANGE FORM

All fields below are required

College : Business Administration Systems   Department : Accounting and Information

Rationale for changing the course:
Students are taking the advanced programming course at the same time, or prior to taking the introductory programming course

All fields below are required

Subject Prefix and number CIS 4320

Course Title Advanced Programming

Change	From	To
Ex. Prerequisite	Ex. POLS 2310	Ex. POLS 2312
Prerequisite	None	CIS 3301

These changes will be reflected in Banner, Goldmine, and the catalog
