

Undergraduate Curriculum Change Memo

Date: February 2, 2021

From: Dr. John Hadjimarcou, Chair, Department of Marketing and Management

To: Dr. Art Duval, Chair, University Undergraduate Curriculum Committee

Subject: Request to remove the Departmental Approval and Program holds for MGMT 3312B

This memo is to request the removal of the Departmental Approval (DP) and Program holds for the MGMT 3312B – Employee Comp and Benefits Lab. MGMT 3312B is a required course for students with concentrations in general management and human resource management. In addition, all business students pursuing the HCM certificate are required to take this class. Therefore, there is no need for a DP or Program hold to prevent students from taking this class. As long as the students have successfully completed the prerequisite courses for MGMT 3312B, they should be able to register for this class without the need of a DP or Program override. The major restrictions should be for all business majors.
