We recently updated ESCI 2201, 2204 and 2105 so that they become junior level (ESCI 3201, 3204, 3105). This request should have also included changes to the co – and pre-requisites of several other courses (ESCI 3192, 4301, 4398).

This document only requests these pre- and co-req changes.
