Through: Dr. James Payne, Dean College of Business Administration

Proposal Title: Request the modification to the prerequisite for ACCT 2301

This memo is to request the modification to the prerequisite for ACCT 2301 - Principles of Accounting I to include all math courses that students can take to fulfill the math requirement for University Core. These classes are: MATH 1309, 1310, 1319, 1320, 1411, 1508, 2301; STAT 1380, 2480.

This change will allow the following:

- 1- Students from Liberal Arts and Education could minor in business without taking an additional math course if they fulfill their math requirement for university core with MATH 1309, 1310, 1319, STAT 1380, 2480.
- 2- The business minors could be reduced to 18 credit hours, which will be consistent with the number of hours required for minors in other Colleges, such as Liberal Arts and Education.
