Curriculum Change Memo

Date: September 1, 2020

From: Laura M. Uribarri, Asst. Dean, COBA

Through: Dr. Maria C. Mariani, Chair, Department of Mathematical Sciences
Dr. Erik Devos, Assoc. Dean and Chair, MBA Policy Committee

Through: Dr. Robert Kirken, Dean, COS
Dr. James Payne, Dean COBA

To: Dr. Aaron Velasco, Chair, Graduate Council
Dr. Art Duvall, Chair, Undergraduate Curriculum Committee

Subject: Revision to Fast Track Program for BS in Mathematical Sciences -
Applied Mathematics Concentration /MBA

The College of Science and the College of Business Administration seek approval to update the fast-track program for undergraduate students pursuing a BS in Mathematical Sciences – Applied Mathematics Concentration who are also interested in pursuing a Master of Business Administration Degree. **Specifically, this proposal revises the Master of Business Administration core courses in accordance with the new 36-credit hour degree plan.**

Admission requirements and dually counted hours remain the same: BS students would be required to have a 3.3 cumulative GPA and 90 credit hours in order to apply for admission to the MBA program. BS/MBA fast-track students would be allowed to take 12 credit hours of MBA core coursework which would count dually toward the BS elective requirements and the MBA core requirements. Students are required to earn a grade of “B” or higher in order for MBA credits to count dually toward the BS and MBA. The table below illustrates the revised MBA core courses which could count dually.

MBA core courses eligible for fast-track dual credit
MGMT 5311 - Organizational Management Seminar
MKT 5311 - Marketing Management
QMB 5311 - Quantitative Methods in Business
BLAW 5306 - Business Law and Ethics
FIN 5311 – Financial Management
ECON 5311 - Managerial Economics
OSCM 5308 – Concepts of Production Management
ACCT 5304 – Accounting Analysis

Changes to an Existing Fast-Track Program

College: College of Business Administration/College of Science
Graduate Degree: Master of Business Administration
Undergraduate Degree: BS in Mathematical Sciences - Applied Mathematics
Concentration *****Maximum Number of Graduate Credit Hours Allowed (up to 15
hours)*****
