Subject: Request to change required course in Accounting Minor for Non-Business Majors

---

This memo is to request a modification to replace CIS 3345 Management Information Systems with QMB 2301 Fundamentals of Bus Statistics. to better align the requirements of the accounting minor for *non-business* majors with the requirements of the accounting major. We recently updated the requirements for the accounting major, as well as the requirements for the accounting minor for *business* students. As part of those updates, we removed the CIS 3345 course requirement and replaced it with QMB courses.
