WHY YOUR SPONSORSHIP MATTERS

When you sponsor the UTEP Alumni Association Golf Tournament, you're not just supporting a premier event, you're making a meaningful investment in student success. Proceeds benefit the Alumni Association Endowed Scholarship Fund, which helps students pursue their education and unlock opportunities that can transform their lives.

Your partnership empowers future generations of Miners. Together, we can create lasting impact and build a stronger community, one Miner at a time.

Meet Eduardo Hiram Ceballos Faour, Class of 2025

"The Endowed Scholarship Fund has helped completely change my life, from being a high school student in Juarez, Chihuahua, Mexico, to becoming a fully funded student in the United States as a Mexican. To this day, everything I have achieved at UTEP is thanks to this scholarship; without it, I wouldn't have been able to reach the point where I am now."

"Out of all the universities near my hometown of Ciudad Juarez, UTEP is the best equipped for my career in computer science. I participated in the Google Tech Exchange in Spring 2024, where I took computer science-related classes with them throughout the semester. This opportunity came about because UTEP has strong ties with Google programs; we even have a Google resident on campus. Thanks to this connection, I was able to join the program and travel to San Francisco and Atlanta."
