

UTEP New Doctoral Student Milestones Agreement Form
Teaching, Learning, and Culture
Submission Deadline: October 31

Student name: _____ ID#: _____

Date of admission: _____

Dear Doctoral Student,

This form is provided for the purpose of informing students about the academic milestones that they will be expected to reach in order to earn their doctoral degree as well as when they are expected to complete these milestones. Students are expected to reach each milestone within the specified time period in order to make satisfactory progress through the program. Students who are not making satisfactory progress may lose funding, be placed on academic probation, or be dismissed from the program. If a student has ongoing concerns or grievances related to his or her Milestones Agreement, the student may obtain third party consideration of those concerns by following the institution's policies and procedures regarding academic grievances.

Advisor Selection

Upon entering the doctoral program, all students will have until September 30 to select a Primary and Secondary Advisor from the departmental doctoral faculty group. If a student does not select advisor(s) by September 30, the Program Director will assign advisor(s) to the student no later than October 10. Students are encouraged to request appointments with prospective advisors by email to discuss a possible advising relationship. If students require further guidance contacting potential advisor(s), they may contact the Program Coordinator.

Roles of Primary and Secondary Advisors

The Primary Advisor is responsible for all academic advising (see Academic Advising section in this form). When the Primary Advisor is not available, the Secondary Advisor will assume all academic advising responsibilities until the Primary Advisor becomes available.

Change of Advisor(s)

Students and faculty may initiate a change in advisor by submitting a Change in Advisor(s) form to the Program Coordinator, who will notify the student and/or faculty of the change. If initiated by faculty, the student will have the choice to select their new advisor within one month or have the Program Director assign them a new advisor.

Academic Advising

Academic advising includes the following elements that are designed to ensure that students remain in good academic standing and make satisfactory progress through the program. Advisors are responsible for the following:

- Ensuring that annual reviews between student and advisor and/or supervising committee occur. The results of this review will be included in the student's annual progress report form.
- Assisting the student to complete and submit the annual progress report in March.
- Assisting the student to initialize a degree plan within the first-year, including updates as needed.
- Providing suggestions on course selection.
- Clarifying the timetable for completing any remaining course requirements, examinations, and other requirements.
- Reviewing the student's Degree Plan to determine if the student is making progress consistent with the expectations of the program and reaching milestones according to the timeline provided on this form. Modifications are possible by working with the student and the Doctoral Studies Committee.
- Providing the student with assistance in understanding the requirements for successful completion of dissertation.
- Providing the student with assistance in assembling a dissertation committee.
- Providing the student with experiences and information that will optimize the student's career opportunities and success.
- Providing the student with guidance and mentorship on program and university policies and requirements.
- Providing the student with assistance in understanding Graduate School policies and the TLC Student Handbook.
- Assisting the student with program requirements and procedures.
- Providing office hours or appointment(s) to assist students.
