- Await contact from the UHP office regarding your acceptance into the program

What to expect when entering the University Honors Program (UHP)

- Early registration access is available to all active Honors students
- You have the chance to apply for scholarships exclusively available to Honors students
- You’ll have the opportunity to connect with fellow Honors students, becoming part of a vibrant Honors community
- Enjoy exclusive events tailored for Honors students
- Upon graduation and completion of all requirements, student will be recognized with an Honors Degree
To earn the Business Honors Degree, students must fulfill the following requirements:

1. **Completion of Forms**
   All forms are submitted electronically, via MineTracker. Students must complete a total of 13 forms: 4 Event Forms, 4 Notice Forms, 4 Completion Form, 1 Senior Clearance Form. All forms can be accessed [here](#).

2. **Academic Requirements**
   Maintain a minimum 3.5 cumulative GPA.

3. **Terms required to complete with The University Honors Program (UHP)**
   Students must complete a minimum of 4 full terms within the UHP. Failure to complete this requirement will result in Honors degree not being awarded.

4. **Completion of College Requirements**
   Each college has specific requirements tailored to your field of study. To graduate with an Honors Degree, students must engage in a total of 4 Edge Experiences/High-Impact Practices at their own pace by the designated deadline. For each experience, students need to submit both a notice and a completion form, resulting in a total of 4 notices and 4 completion forms to be completed and submitted. To receive full credit, all 8 forms must be approved.

Remember, the same activity cannot be credited twice if it was performed at the same location with the same team. Additionally, one single activity cannot be split into two different Edge Experiences/High-Impact Practices. The focus is on the variety of activities performed, not the time spent on a single activity. However, this rule applies to all activities and colleges, some do require a minimum of time to receive credit.

Each college has specific preferences or requirements regarding each activity. Failure to meet these requirements will result in the non-approval of your submission.

- 4 Edge Experiences/High-impact practices must be completed. No repetitions are allowed.
- Once the student starts an Edge Experience, submitting a High Impact Practice Notice form is required.
- Once the experience is completed, a High Impact Practice Completion form is required.
- Once the forms are given a ‘thumbs up’ and ‘approved,’ the student must submit the forms in the Minetracker Path to receive full credit. Failure to complete this two-step process will result in not receiving approval for the activity.

Edge Experiences allowed by your college are listed below. Students must complete 2 different activities for each section. Activities can only be performed while in the Honors Program to receive credit.

A. Complete two of the following:

- Corporate academy: participate in a Hunt College Corporate Academy for one academic year.
- Research: conduct academic research for at least one semester; must register for RSRC 4033 and obtain a grade of “S” (e.g. Skov Essay Competition on Business Ethics).
- Study abroad/study away: participate in a College-approved study abroad or study away program.
B. Complete two of the following:

- Off-campus internship: participate in an internship related to your major and/or career plans; the internship must be registered in Handshake unless it is a formal internship course within the academic field of study
- Student leadership: join a Hunt College student organization or student government association and hold an officer position for at least one academic year (must be a UTEP-registered organization). The time of completion should be in the same organization and position.
- Professional development: participate in a professional development program (ex. Coursera, Alison) in your academic field for at least 20 hours within the same activity; different activities cannot be combined to meet the minimum hourly requirement
- Community engagement involves participation in at least one college-approved community service activity for a minimum of 40 hours of community service; hours from different activities cannot be combined to meet the 40-hour requirement; each activity must be registered through the CUE platform. Should be performed in the same semester
- Mentorship program: participate in one of the College’s mentorship programs for at least 20 hours

5. **Completion of University Honors Program (UHP) Group Event Participation**
   The UHP is a learning community and requires Honors students to participate in events with other Honors students. All students of the UHP are required to participate in 4 events with other Honors students. The UHP plans and organizes several events of its own every semester and announces these events in advance. We encourage Honors students to attend these UHP events, but we also allow students to select other interesting and meaningful UTEP events that might better fit their schedules. Students who attend non-UHP events should find at least two other Honors students to attend the event with them; the students must then submit information about their attendance through Honors Event Form on MineTracker. Before Honors graduation, approval of a total of 4 event forms is required. You can find detailed information and the steps necessary to receive credit for these events at www.utep.edu/honors by selecting ‘Community Events.’ Please note that while we encourage participation in as many UHP Group Events as possible, we also emphasize the importance of maintaining a balanced school-life schedule

6. **Completion of Graduation Clearance for the Honors Degree**
   Students are required to submit a Graduation Clearance Form by the deadline specified by the main Honors office. This form must be submitted during the last semester before graduation and to receive credit it must be approved by the main office. These deadlines are not flexible; some university offices impose deadlines that the Honors program must meet. Late submissions may result in the student not receiving Honors recognition. If a student is graduating in the summer but participating in the Spring commencement ceremony, the necessary documents must be submitted according to the UHP Academic Spring calendar due dates. Similarly, if a student is graduating in the summer but participating in the Fall commencement ceremony, the required documents must be submitted based on the UHP Academic Fall calendar due dates.
UNIVERSITY HONORS PROGRAM RECOGNITION

1. Honors Degree recognition on the transcript
2. Honors Convocation recognition in April every year
3. Recognized at commencement by the wearing of gold stole and pin
4. Commencement booklet mention
