Conflicts of Interest, Conflicts of Commitment, and Outside Activities

Section: V: Human Resources
Chapter: 29
Date Updated: February 1, 2021

29.1 Policy

29.1.1 Applicability

This policy applies to all University employees, including Executive Officers, Employees Involved in Procurement Activities, and employees involved in contract management.

29.1.2 Purpose

This policy is intended to protect the credibility and reputation of The U. T. System Administration, of The University of Texas at El Paso (University), and their employees, by providing a framework to address conflicts of interest, conflicts of commitment, and outside activities.

29.2 Primary Responsibility

The primary responsibility of employees of the University is the accomplishment of the duties and responsibilities assigned to one’s position of appointment.

29.3 Value in Certain Outside Activities

Regents’ Rule 30104 permits U. T. employees to engage in outside work or activities, subject to State laws, U. T. System Administration and University rules or policies. The University encourages outside activities that clearly contribute to the mission of the institution and/or provide important elements of professional development related to their institution responsibilities.

29.4 Un-Managed Conflicts of Interest and Conflicts of Commitment Prohibited

University employees may not have a direct or indirect interest, including financial and other interests, or engage in a business transaction or professional activity, or incur any obligation of any nature that is in substantial conflict with the proper discharge of the employees’ duties to their institution.
Activities on behalf of outside entities or individuals must not interfere with a University employee’s fulfillment of his/her duties and responsibilities to the University. Such conflicts of commitment may arise regardless of the location of these activities, the type of outside entity, or the level of compensation.

29.5 Approval for Outside Activities Required

(A) Approval requirements shall apply, at a minimum to:

(i) Executive Officers;

(ii) Employees involved in Procurement Activities, and employees involved in contract management;

(iii) all full-time members of the faculty employed on a 12-month or 9-month basis;

(iv) part-time members of the faculty only if the activity reasonably appears to create a conflict of interest;

(v) all full-time administrative and professional staff and full-time classified staff; and

(vi) part-time administrative and professional staff and part-time classified staff only if the activity reasonably appears to create a conflict of interest.

(B) The following activities require electronic approval prior to engagement with annual approval required thereafter:

(i) all outside employment or other compensated activity;

(ii) any outside activity, regardless of compensation, that reasonably appears to create a conflict of interest or a conflict of commitment; and

(iii) outside board service as described in Section 29.6.4 below.

To further clarify the approval required under items (i), (ii) and/or (iii) above, employees must request approval for any substantial relationship between themselves and any program sponsored, funded, directed, or controlled by a foreign government, foreign agency, or foreign institution. Please also refer to section 29.12, Protection from Unwanted Foreign Influence, for guidance regarding substantial relationships with foreign entities.

29.6 Outside Activity Guidelines
29.6.1 Approval Authorities

The President has appointed the following individuals as the approval authorities under this policy:

(A) For Executive Officers: the President, or for the President, the Executive Vice Chancellor

(B) For Employees Involved in Procurement Activities: their supervisor

(C) For Employees involved in contract management: their supervisor

(D) For Members of the Faculty: the Dean or Department Chair (in large units)

(E) For Deans and Department Chairs: the Provost

(F) For Administrative and Professional Staff: their supervisor

(G) For other employees: their supervisor

29.6.2 Time Commitment

No outside activity may be approved if it creates a conflict of commitment. The time commitment of outside activities must not interfere with an employee’s duties and responsibilities with the University.

29.6.2.1 Faculty Time

Members of the faculty have flexibility in using their time to prepare for teaching and engage in research and other scholarly activity. Other responsibilities, such as presenting lectures, being available to meet with students, and participating in University committees, have more rigid time demands. During the academic term in which a faculty member holds a full-time appointment, the faculty member must attend to all their duties and other responsibilities and meet the minimum academic workload requirements. Additionally, during the academic term in which a faculty member holds a full-time appointment, faculty may be permitted to engage in an average of 8 hours of approved outside activity each week during the term of an appointment. Under no circumstances may the outside activity exceed 8 hours per week during the term of appointment without explicit approval of the President or designee and a written management plan.
29.6.2.2 Full time Employees

Under no circumstances may the permissible level of outside activity exceed an average of one day (8 hours) per week, during the term of an appointment, without approval of the President or designee and a written management plan.

29.6.2.3 Part time Employees

Under no circumstances may the permissible level of outside activity create a conflict of commitment.

29.6.3 Categories of Outside Activity

(A) Some activity is so integral to the mission of the University that it is encouraged and may be performed during normal operating hours and may be considered pre-approved, so long as the activity does not reasonably appear to create a conflict of interest and the amount of time committed does not interfere with the employee's University duties and responsibilities. These activities include the following:

Serving on a federal, state, or local government agency committee, panel, or commission. Acting in an editorial capacity for a professional journal. Reviewing journal manuscripts, book manuscripts, or grant or contract proposals. Attending and presenting talks at scholarly colloquia and conferences. Developing scholarly communications in the form of books or journal articles, movies, television productions, and similar works, even when such activities result in financial gain, consistent with intellectual property and other applicable U. T. System and institution policies and guidelines. Serving as a committee member, an officer, or a board member of a professional or scholarly society.

(B) Activity that clearly contributes to the mission of the University. Some outside activities clearly contribute to the mission of the University and/or provide important elements of professional development related to the employee’s University duties and responsibilities. These activities, when disclosed and approved, are permitted, can be encouraged, and may be performed during normal operating hours. Examples of these activities include:

Engaging in professional activity such as providing expert testimony, providing consulting services, professional/clinical practice, and serving on a board of directors

(C) University employees may also engage in activity that does not necessarily contribute to the mission of the University or provide elements of professional development related
to their University duties and responsibilities, so long as it does not reasonably appear to create a conflict of interest or a conflict of commitment with the employee's University duties and responsibilities. Any such activity must take place only outside of normal operating hours, without use of University resources, and is disclosed and approved as required by this policy.

29.6.4 Accounting for Outside Board Service

(A) Recognizing the benefit to be derived by the University from outside board service, and after thorough consideration of the time commitment that might be involved, time spent on uncompensated service on nonreligious boards, other than for reimbursement of usual and customary expenses, may be deemed to be of service to the University and may not require the use of a person’s own time, if disclosed and approved prior to engaging in such service.

(B) Service on an outside board for which the employee is compensated, and any service to a religious organization whether or not compensated, must be on the person’s own time. If the service occurs during normal office hours, the person must use vacation time, compensatory time, or other appropriate leave while providing the service. The service should be without cost to the University; and, except for service to religious organizations, must be disclosed and approved prior to engaging in such service.

(C) Participation on the board of a municipality; local religious congregation; neighborhood association; public, private or parochial school; political organization; youth sports or recreation league; affinity group such as the local orchid society or model train collectors club; and other similar outside boards on which the service is primarily personal rather than professional in nature and does not require time away from University responsibilities, is permitted without the requirement of disclosure and advance approval if it does not create a conflict of interest or conflict of commitment or the appearance of a conflict of interest or conflict of commitment.

29.7 Disclosure of Outside Activities and Interests

29.7.1 With the exception of the President, and the minimum purchasing threshold discussed below, all Executive Officers, Employees Involved in Procurement Activities, and employees involved in contract management shall electronically disclose for themselves and for immediate family members:

(i) a description of the nature and extent of all outside employment or other compensated activity;
(ii) a description of the nature and extent of any outside activity, regardless of compensation, that reasonably appears to create a conflict of interest or a conflict of commitment;

(iii) a description of the nature and extent of outside board service as described in Section 29.6.4 above;

(iv) a description, including the amount of compensation or interest, of any substantial interest in a business entity which should be provided no later than 30 days after acquiring the interest;

(v) a description of gifts over $250. Do not include gifts received from: one’s parent, child, sibling, grandparent, or grandchild; one’s spouse or the spouse of anyone mentioned above; or the parent, child, sibling, grandparent, or grandchild of one’s spouse.

29.7.2 The President is required by state law to file Personal Financial Statements with the Texas Ethics Commission. In lieu of filing the information listed above, the President shall file a duplicate copy of their Personal Financial Statement with the Office of the Chancellor of U.T. System Administration at the time that it is filed with the Ethics Commission. If the President seeks an extension of the time to file a Personal Financial Statement with the Texas Ethics Commission, the President must also notify the Chancellor’s Office of the extension.

29.7.3 Outside activities disclosed under institutional HOPs developed pursuant to UTS 175, “Disclosure of Significant Financial Interests and Management and Reporting of Financial Conflicts of Interest in Research,” need not be re-disclosed.

29.7.4 Minimum Purchasing Threshold: Employees Involved in Procurement Activities who are not authorized to make purchases of $15,000 or more, and who make no decisions or recommendations regarding purchases of $15,000 or more, are not required to disclose their outside activities and interests in the U.T. System electronic disclosure database.

29.7.5 In determining whether activity should be disclosed, the individual should resolve any uncertainty or doubt in favor of disclosure.

29.7.6 Executive Officers, Employees Involved in Procurement Activities, and employees involved in contract management with nothing to disclose must affirmatively indicate that fact in the electronic database.
29.8 **Electronic Database**

U.T. System Administration shall develop a shared service electronic reporting system that is consistent with this policy.

29.9 **Additional Process Requirements**

29.9.1 **Management Plans**

Management plans must be in place for all employees, including Executive Officers and Employees Involved in Procurement Activities and/or contract management for outside activities, that may create a conflict of interest or a conflict of commitment before the activity begins. The President shall designate an official(s) to develop and approve management plans to be developed under this policy.

29.9.2 **Appeals**

Individuals whose request for approval of outside activity is denied may request that the denying authority reconsider the decision and provide an explanation in writing. If the individual remains unsatisfied with the decision, he or she may access standard grievance procedures to the extent that they are otherwise applicable.

29.9.3 **Prospective and Retrospective Approval**

In rare instances, outside activity may be approved retrospectively when the individual is called upon to assist in an emergency or urgent situation where it would be impossible or unreasonable to obtain advance approval. In such cases, the activity must be fully disclosed and approval sought from the appropriate authority as soon as reasonably possible.

Some activity may also be prospectively approved, for up to one year, when an individual describes to the approving authority as fully as reasonably possible the general nature and extent of anticipated, but not confirmed, outside opportunities.

29.9.4 **Confidential Outside Activity**

If an individual wishes to engage in an activity for which some or all of the relevant information is confidential, the approving authority may nonetheless approve the activity without requiring full written disclosure upon satisfaction that there is a compelling reason to treat the information confidentially and the activity is otherwise fully compliant with this policy and all other applicable laws and University and U. T. System policies.
29.10 Rescinding Approvals

An approving authority may rescind an approved outside activity upon receipt of information indicating that the activity is not consistent with this policy or any applicable law or University or U. T. System policy. The individual for whom the activity may be rescinded shall be given notice of the information and an opportunity to respond.

29.11 Use of Property

University property may only be used for State purposes appropriate to the University’s mission. Use of University property for any outside activity must be explicitly approved in writing by the approving authority.

29.12 Protection from Unwanted Foreign Influence

In accordance with Regents’ Rule 30104, Section 5, a substantial relationship between any University employee, including a faculty member or researcher, and a program sponsored, funded, directed, or controlled by a foreign government, foreign agency, or foreign institution, is prohibited unless properly disclosed and approved in accordance with this policy.

29.13 Noncompliance

Noncompliance with this policy may subject one to discipline in accord with applicable procedures up to and including termination of employment.

29.14 Annual Report

Executive Officers, Employees Involved in Procurement Activities, and employees involved in contract management shall review and finalize all disclosures after the end of the calendar year during the annual reporting period (January through March of the following year).

29.15 Education and Training

Each institution must develop a training program to implement this policy that includes at a minimum: training for those responsible for approving and managing outside activities and interests, and annual distribution of the University’s Conflicts of Interest, Conflicts of Commitment, and Outside Activities policy to all employees.

29.16 Definitions

Administrative and Professional Staff – Employees who have been determined to be exempt from the Fair Labor Standards Act and are, therefore, not entitled to overtime pay. It also includes employees who are not exempt from the FLSA if they are authorized to execute contracts on behalf of the University
or who because of their job duties at the University have authority to exercise discretion with regard to
the award of contracts or other financial transactions.

**Business Entity** - Any entity recognized by law through which business is conducted, including a sole
proprietorship, partnership, firm, corporation, holding company, joint stock company, receivership, or
trust.

**Compensation** - Any form of benefit including but not limited to salary, retainer, honoraria, intellectual
property rights or royalties, or promised, deferred, or contingent interest. It also includes sponsored
travel or reimbursement.

**Conflict of Commitment** - A state in which the time or effort that a University employee devotes to an
outside activity directly or significantly interferes with the employee’s fulfillment of their institutional
responsibilities or when the employee uses State property without authority in connection with the
employee’s outside employment, board service, or other activity (See Sec. 8, RR 30104). Exceeding the
amount of total time permitted by U.T. System Administration or institution policy for outside activities
creates the appearance of a conflict of commitment.

**Conflict of Interest** - A significant outside interest of a University employee or one of the employee’s
immediate family members that could directly or significantly affect the employee’s performance of the
employee’s institutional responsibilities. The proper discharge of an employee’s institutional
responsibilities could be directly or significantly affected if the employment, service, activity or interest:
(1) might tend to influence the way the employee performs his or her institutional responsibilities, or the
employee knows or should know the interest is or has been offered with the intent to influence the
employee’s conduct or decisions; (2) could reasonably be expected to impair the employee’s judgment in
performing his or her institutional responsibilities; or (3) might require or induce the employee to disclose
confidential or proprietary information acquired through the performance of institutional responsibilities.

**Employees Involved in Procurement Activities** - An employee who makes decisions or
recommendations regarding:

A) contract terms or conditions on a contract;

B) who is to be awarded a contract;

C) preparation of a solicitation for a contract; or

D) evaluation of a bid or proposal.

**Executive Officer** - includes, but is not limited to, the President, all individuals who report directly to the
President (other than administrative support positions), and any employee who exercises broad and
significant discretion over key institution functions.
Immediate Family Members - include:

A) a spouse;

B) a dependent child or stepchild or other dependent, for purposes of determining federal income tax liability during the period covered by the disclosure statement; and

C) a related or non-related, unmarried adult who resides in the same household as the individual and with whom the individual is financially interdependent as evidenced, for example, by the maintenance of a joint bank account, mortgage, or investments.

Nature and Extent - Shall include a description of the activity, the time commitment, the amount of compensation, if any, and the anticipated length of time the commitment is expected to continue.

Outside Activity – Any activity which occurs outside of fulfilling one’s employment obligations at U.T. System Administration or a U.T. System institution.

Outside Board - The board, council, or other governing or advisory body of a business, civic, professional, social, or religious organization, whether for profit or nonprofit.

Outside Employment - Any activity performed by an employee, other than fulfilling employment obligations at U.T. System Administration or a U.T. System institution, for which remuneration is received, including distance teaching.

Substantial Interest in a Business Entity - For purposes of this policy, means:

(1) a controlling interest;

(2) ownership of more than 1 percent of the voting interest;

(3) ownership of more than $5,000 of the fair market value;

(4) a direct or indirect participating interest by shares, stock, or otherwise, regardless of whether voting rights are included, in more than 1 percent of the profits, proceeds, or capital gains; or

(5) service as an officer.

Not to include investments in mutual funds or retirement accounts, so long as the individual does not directly control the investment decisions made in those vehicles.
