

**Craig A. Field, Ph.D., M.P.H.**

**Curriculum Vitae**

**BIOGRAPHICAL INFORMATION**

---

Director, Latino Alcohol and Health Disparities  
Research Center  
Associate Professor, Department of Psychology  
The University of Texas at El Paso  
500 W. University Ave.  
El Paso, TX 79902

Phone: (915) 747-8539  
E-mail: cfield@utep.edu

**EDUCATION**

---

- 2002 MPH, University of Texas Houston Health Science Center, School of Public Health, Dallas Campus  
Thesis: Risk factors associated with traumatic injury: A hospital based case control study (Chair: Raul Caetano, MD, MPH)
- 1998 PhD, Clinical Psychology, University of Texas Southwestern Medical Center at Dallas  
Dissertation: Assessing readiness to adopt self-management behaviors in asthma patients (Chair: Robert Gatchel, PhD)
- 1993 BA, Psychology, University of North Texas

**CURRENT APPOINTMENTS/TITLES**

---

- 2014 Associate Professor  
University of Texas at El Paso, Psychology Department
- 2014 Adjunct Appointment  
University of Texas at El Paso, College of Health Sciences
- 2014 Director  
Latino Alcohol and Health Disparities Research Center

**PRIOR APPOINTMENTS**

---

- 2008 - 2013 *Research Associate Professor*  
University of Texas at Austin, School of Social Work, Center for Social Work Research, Health Behavior Research and Training Institute

- 2008 - 2013 *Program Director*  
University Medical Center at Brackenridge, Behavioral Health Services  
Trauma Department, Screening and Brief Intervention
- 2004 - 2008 *Research Assistant Professor*  
University of Texas School of Public Health, Health Promotion and Behavioral  
Sciences
- 2004 - 2008 *Research Assistant Professor*  
University of Texas Southwestern Medical Center at Dallas, Department of  
Psychology
- 2002 - 2004 *Faculty Associate*  
University of Texas School of Public Health
- 2002 - 2002 *Senior Research Associate*  
University of Texas Health Science Center at Houston, School of Public Health,  
Dallas Regional Campus
- 2000 - 2002 *Research Associate*  
University of Texas Health Science Center at Houston, School of Public Health,  
Dallas Regional Campus
- 1998 - 2000 *Assistant Instructor*  
University of Texas Southwestern Medical Center, Surgery Department

## HONORS

---

- 2014 Health Disparities Scholar, National Institutes of Health, National Institute on  
Minority Health and Health Disparities, Summer Institute, Translational Health  
Disparities.
- 2003 - 2012 Health Disparities Scholar, National Center on Minority Health and Health  
Disparities
- 2007 Young Investigators Award, University of Texas Health Science Center
- 2006 Fellow, National Institutes of Health, Office of Behavioral and Social Science,  
Summer Institute, Randomized Clinical Trials Involving Behavioral  
Interventions
- 2002 Junior Investigator Award, Research Society on Alcoholism
- 2001 Junior Investigator Award, Research Society on Alcoholism
-

## **RESAERCH INTERESTS**

---

Substance Use Disorders  
Health Disparities & Inequities  
Brief Motivational Interventions  
Motivational Interviewing  
Behavior Change  
Self Determination Theory  
Positive Psychology

## **PROFESSIONAL MEMBERSHIPS**

---

Research Society on Alcoholism  
American Psychological Association  
College on Problems of Drug Dependence  
Motivational Interviewing Network of Trainers

## **EDITORIAL REVIEW**

---

Addiction  
Addictive Behaviors  
Addiction Research and Theory  
Alcohol: Clinical and Experimental Research  
Academic Emergency Medicine  
American Journal of Drug and Alcohol Abuse  
American Journal of Preventive Medicine  
Drug and Alcohol Dependence  
Injury Prevention  
Journal of Consulting and Clinical Psychology  
Journal of Interpersonal Violence  
Journal of Studies on Alcohol and Drugs  
Journal of Substance Abuse Treatment  
Substance Abuse Treatment, Prevention & Policy Substance Use and Misuse  
Trauma, Violence and Abuse  
Violence and Victims

## **GRANT REVIEW PANELS**

---

1. National Center for Injury Prevention and Control (NCIPC) at the Centers for Disease Control and Prevention (CDC), Special Emphasis Panel/Scientific Review Group (ZCE1 JXS 01) for Elimination of Health Disparities through Translation Research (RFA-CD08-001), Atlanta, GA, July, 8, 2008.
1. National Center for Injury Prevention and Control (NCIPC) at the Centers for Disease Control and Prevention (CDC), Special Emphasis Panel/Scientific Review Group (ZCE1 JXS 10 R)for Translating Research to Protect Health Promotion, Prevention and Preparedness (RFA-CD-09-01), Atlanta, GA, July 14-15, 2009.
2. National Institutes of Health, Center for Scientific Review, Risk Prevention and Health Behavior Research, Initial Review Group, Special Emphasis Panel (ZRG1 RPHB-A) for NIH Challenge Grants in Health and Science Research funded by the American Recovery and Reinvestment Act (RFA-09-003) Washington DC, July 20-21, 2009.

3. National Institutes of Health, National Institute on Alcohol Abuse and Alcoholism, Epidemiology, Prevent and Behavior Research Review Subcommittee, (AA2), Washington, DC, March, 2014, June, 2014, October, 2014, March, 2015 and June, 2015, June, 2017.
4. National Institutes of Health, National Institute on Alcohol Abuse and Alcoholism, Review Panel, (AA3), Washington, DC, March 15, 2011; October 24, 2012; March 13, 2012; March 22, 2013; October 22, 2013. August, 7, 2015 and October 13, 2015, June 16, 2017
5. National Institutes of Health, National Institute on Alcohol Abuse and Alcoholism, Special Emphasis Panel/Scientific Review Group, P50 Alcohol research Center (ZAA1 GG 61), Washington, DC, May 13, 2015.
6. National Institutes of Health, National Institute on Minority Health and Health Disparities,, Special Emphasis Panel/Scientific Review Group, U54 Specialized Centers of Excellence on Minority Health and Health Disparities (ZMD1 XLN 02), Washington DC July, 2015.
7. National Institutes of Health, National Institute on Alcohol Abuse and Alcoholism, Special Emphasis Panel/Scientific Review Group, P50 Alcohol research Center (ZAA1 GG 62), Washington, DC, August, 7, 2015.
8. National Institutes of Health, National Institute on Alcohol Abuse and Alcoholism, Special Emphasis Panel/Scientific Review Group, P60 Alcohol research Center (ZAA1 GG 63), Washington, DC, August, 7, 2015.
9. National Institutes of Health, Center for Scientific Review, Special Emphasis Panel, Disease Prevention and Management, Risk Reduction and Health Behavior Change (ZRG1 RPHB-z B), Washington, DC, November 19-20, 2018.
10. National Institutes of Health, Center for Scientific Review, Special Emphasis Panel, Intervention to Prevent and Treat Addictions Study Section, (IPTA), Washington, DC, October 24-25, 2019.
11. National Institutes of Health, Center for Scientific Review, Small Business: Disease Prevention and Management, Risk Reduction and Health Behavior Change (ZRG1 RPHB-Z), San Antonio, TX, March 9-10, 2020.

87. Lopez, C., Fetterman, K., & Field, C. A. (2020, June). Predicting alcohol consumption outcome among clients based on language content of BMI session. *Poster submitted to be presented at the annual scientific meeting of the Research Society on Alcoholism, New Orleans, LA*.

## GRANT FUNDNG

---

### 1. VALES+TÚ: TARGETING PSYCHOSOCIAL STRESSORS TO REDUCE LATINO DAY LABORERS INJURY DISPARITIES

National Institute on Minority Health and Health Disparities (R01-MD-012928)

7/1/2018 – 6/30/2023

\$254,443

The central aims of the project are: (1) to determine the efficacy of VALES+Tú in reducing hazardous exposures at work, and (2) to determine the mediating effect of psychosocial stressors on the primary outcomes of VALES+Tú.

ROLE: CO-INVESTIGATOR

### 2. PEER COACHING TO REDUCE HOMELESSNESS AMONG COMMUNITY MEMBERS WITH SUBSTANCE USE DISORDERS

Substance Abuse and Mental Health Administration

9/1/17 – 8/31/2022

\$203,850

Project Goals include (1) Increase access to substance abuse and mental

health screening, treatment and supportive recovery services for the El Paso area homeless population with CODs and SUDs; (2) Improve the quality and impact of each patient interaction by creating a highly trained, culturally competent workforce; and (3) Generate outcome and process evaluation data to effectively analyze the impact of the program. The project is expected to serve 500 homeless participants (100 per year) during the five-year project period.  
*ROLE: PROGRAM EVALUATION*

### 3. PREVENTION PROGRAM TO REDUCE INJURY DISPARITIES AMONG LATINO DAY LABORERS

National Institute on Minority Health Disparities (R24MD007975)

4/1/2013 – 1/1/15

\$66,400

This study has the following aims: (1) Identify intervention priorities using a corner-based needs assessment to document occupational and psychosocial risk and protective factors that increase LDL risk for injury. (2) With the CAB, jointly design a culturally responsive and context appropriate OSHA 10-based safety intervention that also addresses psychosocial risks to reduce LDL injuries. (3) Collaboratively pilot a corner-level intervention and conduct an evaluation to assess the safety program's feasibility and acceptability as determined by the extent to which we can recruit, retain and follow-up LDL over the course of the study.

*ROLE: Co-investigator*

### 4. SCREENING AND BRIEF MOTIVATIONAL INTERVENTION IN THE PASO DEL NORTE REGION (PASOS 3)

PASO DEL NORTE HEALTH FOUNDATION (OR-2014-0447: 226811398A)

4/1/17-4/30/18

\$412,557

Building upon LAHDR's recent training efforts in the Paso del Norte region, PASOS 3 proposes to continue providing sustainable, high-quality, basic training in SBMI for community providers, consistent with the PASOS 2 SBMI Training Model. This project proposes to expand current training efforts to include two advanced training models: A BMI Booster and Advanced BMI Topics Training Model, both as enhancement opportunities for previous cohorts of trainees. Finally, the PASOS 3 project proposes an MI-Trainer Apprenticeship Model, such as to develop additional MI trainer resources within the Paso del Norte region.

*ROLE: PRINCIPAL INVESTIGATOR*

### 5. YOUTH RISK BEHAVIOR SURVEY (YRBS) IN EL PASO COUNTY

PASO DEL NORTE HEALTH FOUNDATION THROUGH INSTITUTE FOR HEALTHY LIVING (PI: WHIGHAM)

1/1/18-12/31/18

\$85,000

With funding from Paso del Norte Health Foundation and in collaboration with the Institute of Health Living and the Young Men's Community Association, a health surveillance project based on the Youth Risk Behavior Survey will be implemented in the El Paso Independent School District. Dr. Field's primary contributions to the project will be to develop the content of the survey based on input from key stakeholders, oversee the integrity of survey administration and data collection, oversee analyses and reporting of results to key stakeholders.

### 6. SCREENING AND BRIEF MOTIVATIONAL INTERVENTION IN THE PASO DEL NORTE REGION (PASOS 2)

PASO DEL NORTE HEALTH FOUNDATION (OR-2014-0447: 226811398A)

5/1/17-4/30/18

\$374,676

PASOS 2 continues to allow us to translate this research into practice through implementation and evaluation in community settings in the Paso Del Norte region. Building upon the Center's previous training efforts in this region, this proposal will use a broadened recruitment approach that will hold numerous information sessions on MI and hold open training sessions and booster sessions to recruited individuals interested in joining a community of learning. We will also continue training efforts with one organization, El Paso County Community Supervision and Corrections Department (EPCCSCD) who has committed to providing MI training to their supervision officers.

*ROLE: PRINCIPAL INVESTIGATOR*

7. LEVERAGING THE TEACHABLE MOMENT TO IMPROVE BRIEF MOTIVATIONAL INTERVENTIONS IN HEALTH CARE SETTINGS

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES  
THROUGH BUILDING SCHOLARS Program

7/1/2017-6/30/2018

\$40,000

This study will examine the contribution of the “teachable moment” or “sentinel event” on drinking outcomes following brief motivational intervention by conducting a grounded theory analysis of the lived experience of sentinel events among adult heavy drinking men previously admitted to a Level 1 Trauma Center due to injury. The proposed study will utilize existing data from 27 in-depth individual interviews with adult men who were recently hospitalized in a Level 1 Trauma Center for treatment of an injury, and were identified as heavy drinkers.

*ROLE: PRINCIPAL INVESTIGATOR*

8. PRESCRIPTION OPIOID MISUSE: PHARMACIST-DELIVERED INTERVENTION AT POINT OF SERVICE

NATIONAL INSTITUTE ON DRUG ABUSE (R21)

PI: GERALD COCHRAN AT UNIVERSITY OF PITTSBURGH

9/1/2017 – 8/31/2019

\$29,794

The primary aim of this study is to compare the effectiveness of Targeted Medication Therapy Management (TMTM) to Standard Medication Counseling (SMC) in community pharmacy for: (1) reducing opioid medications misuse and (2) activating patients to engage in care and improve health conditions associated with opioid medication misuse. This study will produce a manualized TMTM intervention protocol for broad and rapid dissemination across the US to enable community pharmacists to improve and safeguard patient health.

*ROLE: CO-INVESTIGATOR*

9. SCREENING AND BRIEF MOTIVATIONAL INTERVENTION IN THE PASO DEL NORTE REGION (PASOS)

PASO DEL NORTE HEALTH FOUNDATION (OR-2014-0447: 226811398A)

9/31/14-4/30/16

\$573, 275

The primary purpose of the screening and brief motivational intervention (S-BMI) program is to reduce binge drinking in the Paso del Norte region by implementing and evaluating S-BMI in medical and community based settings. This program will significantly advance Paso Del Norte Health Foundation’s alcohol initiative targeting reduction of binge drinking in the last thirty days among adults in the Paso Del Norte Region.

*ROLE: PRINCIPAL INVESTIGATOR*

10. COMPARITIVE EFFECTIVENESS OF CULTURALLY ADAPTED SCREENING AND BRIEF MOTIVATIONAL INTERVENTION

PATIENT CENTERED OUTCOMES RESEARCH INSTITUTE (AD-1306-03852)

4/15/2014-4/14/2017

\$1,398,394

In this comparative effectiveness study, we will examine the efficacy of a culturally-adapted BMI in a community hospital setting where at-risk, heavy-drinking Mexican-origin men who are unlikely to have sought formal treatment for alcohol problems present for medical treatment of an alcohol-related injury. We will randomize 600 heavy-drinking Mexican-origin men admitted to a community hospital setting for medical treatment of an alcohol-related injury to receive either a non-adapted brief motivational intervention (NA-BMI) or a culturally adapted brief motivational intervention (CA-BMI). We hypothesize that by accounting for culturally relevant risk (i.e., acculturative stress) and protective factors (i.e., familism) of heavy drinking among Latinos, CA-BMI will more effectively improve patient outcomes.

*ROLE: PRINCIPAL INVESTIGATOR*

11. MULTIDISCIPLINARY APPROACH TO REDUCE INJURY AND SUBSTANCE ABUSE  
NATIONAL INSTITUTE ON DRUG ABUSE (R01DA026088)

9/15/2008- 6/30/2013

\$3,168,500

This grant is a randomized clinical trial evaluating the effectiveness of brief advice (BA), brief motivational intervention with feedback (BMI), and brief motivational intervention with feedback and booster (BMI+B) among injured patients with drug problems. The study will increase the knowledge base with regard to the effectiveness of brief intervention among injured patients with drug use problems and, thereby, provide the ACS with the necessary evidence base to encourage trauma care screening, brief intervention and referral for treatment for drug use problems.

*ROLE: PRINCIPAL INVESTIGATOR*

12. MULTIDISCIPLINARY APPROACH TO REDUCE INJURY & ALCOHOL USE  
NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM (R01-AA015439)

9/30/2006 – 8/31/2011

\$2,547,941

This study examined the added value of a booster session as part of a brief motivational intervention to reduce binge drinking and its consequences in the trauma care setting. The study extends current findings regarding brief intervention with injured patients to include an evaluation of the treatment referral and harm reduction components.

*ROLE: PRINCIPAL INVESTIGATOR*

13. NIH LOAN REPAYMENT PROGRAM  
National Center on Minority Health and Health Disparities

9/1/2003 – 8/31/2009

The National Center on Minority Health and Health Disparities (NCMHD) offers educational loan repayment to qualified applicants through the Loan Repayment Program for Health Disparities Research (HDR-LRP). The Health Disparities Research Loan Repayment Program is designed to attract health professionals to minority health and health disparities research, for the purposes of improving minority health and reducing health disparities. Participants in this program receive educational loan repayment depending on total educational loan debt.

14. CLINICAL TRIALS NETWORK: TEXAS NODE  
NATIONAL INSTITUTE ON DRUG ABUSE (U10-DA020024)

PI: Adinoff, A.

9/1/2005 – 8/31/2010

\$29,543,012

This application proposes a new Clinical Trials Network (CTN) node representing Texas. The Texas Node is comprised of the University of Texas Southwestern Medical Center in Dallas and affiliated institutions as well as seven Community Treatment Providers in Dallas, Ft. Worth,

Austin, and El Paso. The Texas Node utilizes an administrative and organizational structure based on NIDA's Clinical Trial Network, its policies and procedures, and the initiation of centralized clinical, data management/statistical, and logistical centers. This collaboration will enable the Texas Node to take the lead in the development of future of protocols within the CTN, in addition to ancillary and externally funded studies that maximize the CTN platform.  
*ROLE: SCIENTIFIC COORDINATOR/TRAINING COORDINATOR*

15. MOTIVATIONAL INTERVIEWING/FEEDBACK FOR COLLEGE DRINKERS  
NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM (R01AA016005)

PI: Walters, S.

3/10/2006 – 2/28/2010

\$554,924

This study will evaluate the separate and collective effects of MI and feedback among “binge” drinking college students. Additionally, this study will evaluate the effects of the initial drinking assessment, through including a delayed-assessment control group. After an initial screen, 350 students at the University of Texas at Dallas who report at least one heavy (i.e., “binge”) episode during the previous two weeks will be randomized to: (1) MI with feedback, (2) MI without feedback, (3) Mailed feedback only, (4) Assessment only, or (5) Delayed assessment only. MI sessions will be delivered by trained and supervised “peer” counselors. Participants will be assessed via a secure internet site at baseline, 3, 6 and 12 months (12 months only for the Delayed-assessment group), with primary outcome measures including self-reported quantity and frequency of drinking, and drinking related problems.

*ROLE: CO-INVESTIGATOR*

16. COLLABORATIVE ALCOHOL RESEARCH DEVELOPMENT AND PLANNING  
NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM (U01-AA014289)

PI: Goebert, D. (University of Hawaii)

9/15/2003 – 6/30/2006

\$936,361

This project has the long-range goal of establishing and sustaining a program in alcohol research that focuses its efforts on the disproportionate rates of alcohol consumption in minority populations and on cultural perspectives necessary for accessing these groups, conducting research and developing programs, especially with regards to Asian Americans and Pacific Islanders. The purpose of the subcontract was to provide alcohol research training and mentoring of minority scientists at the University of Hawaii's John A. Burns School of Medicine.

*ROLE: CO-INVESTIGATOR*

17. ETHNICITY, ALCOHOL AND SPOUSAL VIOLENCE  
NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM

PI: Caetano, R. (R37-AA10908)

6/1/1995-3/31/2009

\$4,482,369

This study conducted a national survey in 1995 and a follow up national survey in 2000 of 1665 African-American, Hispanic, and White couples to advance our understanding of the longitudinal interrelationships of intimate partner violence with alcohol consumption patterns, ethnicity, socioeconomic status, and other associated factors.

*ROLE: CO-INVESTIGATOR (2003-2008)*
