A grade of W will be issued automatically by the Registration & Records Office.

1. Medical – a severe illness or other debilitating condition is affecting the student's ability to satisfactorily complete the course.

Military Leave – the active duty service as a member of the Texas National Guard or the armed forces of the United States of either the student or a person who is considered to be a member of the student's family or who is otherwise considered to have a sufficiently close relationship to the student that the person's active military service is considered to be a showing of good cause.

Six-Course Drop Limit

Under § 51.907 of the Texas Education Code, beginning Fall 2007 and thereafter, all first-year students enrolled for the first time at any Texas public college or university are limited to six course drops during their academic career. This includes student and faculty initiated drops and courses dropped at other Texas public institutions. This policy does not apply to courses dropped prior to census day or to complete withdrawals.

If the student is a first-time, first-year undergraduate student, and you check off any of the exempt reasons, the drop will be exempt from the six-course drop limit and you assign a grade of W for the drop.

However, if you check off any of the non-exempt reasons and you assign a grade of W for the drop, the drop will count toward the six-course drop limit. The Registration and Records office will automatically change the W to a WC, to indicate the "drop counts." If the student exceeds the six-course drop limit, the Registration and Records office will administratively change the W to a WF.
