Proposal Title: Bachelor of Music in Commercial Music Curriculum Changes

The Department of Music is committed to UTEP's mission to provide our students with access and excellence. By continuing to offer the Bachelor of Music in Commercial Music degree that meets the requirement for accreditation, we believe that we can accomplish this mission. There are two parts to this proposal:

1. The addition of courses to the Commercial Music degree as required by the National Association of Schools of Music (NASM). All of the courses involved are already being offered by the Department of Music.
2. An update to the ensemble requirements for the Commercial music degree.

Part 1:

This proposal affects the program BM-CMUS, Bachelor of Music in Commercial Music. In 2017, the Department of Music began our periodic review with the National association of Schools of Music (NASM). The department chair has been working closely with NASM to clarify how to proceed to bring our degrees in line with the current requirements for our continued accreditation. NASM requires "Keyboard competency."¹ This is typically achieved through a four-semester sequence of Class Piano (MUSI 1181, 1182, 2181, 2182 in the ACGM).²

Most Commercial Music majors at UTEP enroll in MUSA 1271 and 1272 (Piano Class I and II) followed by MUSA 2255 and 2256 (Commercial Piano I and II). However, only MUSA 2255 and 2256, Commercial Piano I and II, appear in the current degree. MUSA 1271 and 1272, are prerequisites for MUSA 2255 and 2256. This discrepancy has also created Financial Aid issues for many music majors, as Piano I and II populate as Non-Contributing Courses in their degree evaluation (CAPP).

¹ *Handbook 2019-20*. The National Association of Schools of Music, (Reston Virginia, 2019) 102.

² *Lower-Division Academic Course Guide Manual*. Texas Higher Education Coordinating Board (Austin, Texas, 2019) 180-81.

Adding 4 semester credit hours to the degree can easily be accomplished by removing the 4 hours of electives currently in the degree. This will not require an increase in the total number of hours in the degree.

Part 2:

The ensemble requirements in the current degree plan are vague. This proposal will clarify ensemble requirements based on the student's primary instrument or voice. This proposal also reflects new requirements for Commercial Music majors whose primary instrument is guitar or piano (keyboard).

Currently, Commercial Music majors whose primary instrument is guitar or piano could take eight semesters of Large Ensemble and never play his or her instrument in an ensemble. To address this shortcoming, the Music Faculty has approved a plan for these students to take up to four semesters of MUSA 1137, Special Focus Ensembles, toward the eight-semester Large Ensemble requirement. MUSA 1137 includes Jazz 1, Jazz 2, and Commercial Music Ensemble.

Incidentally, Commercial Music majors whose primary instrument is Piano do not take Piano Class I and II, but they do take Commercial Piano I and II, based on the recommendation of the Piano faculty. This will not cause any serious problems.
