Proposal Title: BA in Art Studio - Correction of Required Upper-Division Hours

The BA in Art Studio degree plan does not currently meet the COLA BA requirement of a minimum of 45 upper-division hours for graduation. The current BA in Art Studio degree plan requires only 39 upper-division hours resulting in a deficit of 6 hours.

The Department of Art is proposing to remove the required DRAW 2308 Life Drawing (3 hours) from this degree plan and add the 3 hours back in the major area as a choice of either an additional upper-division major art area studio course or an upper-division art history course. It should be noted that for the BA in Art Studio: Drawing concentration DRAW 2308 will still be listed in the Major Art Area course options.

The remaining missing upper-division three hours will be situated in the minor. Currently the minor area only requires 9 hours of upper-division. This proposal will increase that to 12 upper-division hours which corresponds with the majority of COLA minors in regards to upper-division hours required.
