GRADUATE CURRICULUM CHANGE MEMO

Date: 4/4/2024

From: Rebecca A Reid, Department of Political Science and Public Admin

Through: Gaspare Genna, Department of Political Science and Public Admin

Through: Dean Anadeli Bencomo, College

To: Selfa A. Chew-Meléndez, College Curriculum Committee

Martine Ceberio, Graduate Council

Proposal Title: MA POLS Catalogue Changes

Our proposal includes two parts: a) the addition of POLS 5313 to MA POLS degree plans (both thesis and final paper), and b) adding language to applicant letter of recommendation requirement.

A) Add course POLS 5313: Political Communication to the MA in Political Science degree plan, both the thesis and final paper options. POLS 5313 was created in 1999 but has not been included in the degree plans. We seek to remedy this oversight.

B) We seek to add "current or" to the existing requirement for letters of recommendation to enhance clarity.

Desired Language:

3. Two letters of recommendation, preferably from current or former professors in either the bachelor's degree program or previous graduate programs.

UTEP's location at the intersection of political systems, nationalities, and cultures provides many fascinating and unique opportunities to study American Politics, Comparative Politics, and International Relations. Our master's degree is useful for many different career paths. UTEP graduates have gone on to jobs in government service, teaching, business, and non-profit organizations. Some of our MA graduates have subsequently completed doctoral programs and law school. We offer two degree plans in the MA program:

- Degree Plan Thesis Option consists of 30 credit hours, including six (6) thesis credit hours, and is designed for students who would like to develop in-depth research expertise in a specialized area; and
- Degree Plan Non-Thesis Option requires 36 credit hours, including a final paper project, and is designed for students who would like to develop broad knowledge in Political Science.

Spring Semester Admission: The deadline to apply for Spring admission into the MA Political Science program is November 15th. We encourage early applications for international student applicants and applicants seeking teaching assistantship positions, where the early admission deadline is September 30th.

Fall Semester Admission: The deadline to apply for Fall admission into the MA Political Science program is July 15th. We encourage early applications for international student applicants and applicants seeking teaching assistantship positions, where the early admission deadline is March 31st.

Admission Requirements

Admission is based on the entire record of the applicant and not a single criterion.

- 1. Completed application (available online) for the Graduate School.
- Bachelor's degree from an accredited college or university in the U.S. or proof of equivalent
 education at a foreign institution in Political Science, or a related area. Transcripts are
 required from the bachelor's degree and any other graduate or professional degree
 programs, including law school.
- 3. Two letters of recommendation, preferably from <u>current or former professors</u> in either the bachelor's degree program or previous graduate programs.
- A statement of purpose outlining one's interest in the program and career objectives. If the
 applicant's undergraduate GPA is below 3.0, any extenuating circumstances must be
 explained.
- Applicants from countries where English is not the first language are required to demonstrate English proficiency. Please consult the graduate school website for required scores.
- 6. Other evidence of background and experience that might be available.

Additional Policies

Deleted: Students in our MA program can apply for teaching and research assistantships. The early deadline to apply for funding assistantship consideration is March 31 for Fall admission, and November 15 for Spring admission.

- Independent studies are limited to three (3) hours of graduate coursework, taken with the
 permission of the instructor and the Director of Graduate Studies and justified with a
 proposal from the student outlining the objectives of the project by the end of the drop/add
 period.
- 2. No student can register for a graduate course in the Department of Political Science without the advice and approval of the Director of Graduate studies. This applies to the initial registration, and also to all subsequent enrollments.
- 3. Satisfactory performance in the MA program is defined as maintaining a 3.0 GPA. A grade of B or better must be earned in all the mandatory courses required in both degree plans, including:
