Proposal Title: Fast Track admission requirement addition

We would like to add a requirement for Fast-Track student eligibility into the MA in Political Science to ensure the success of our Fast-Track students and maintain the high quality of the students in our programs. Specifically, we would like to add the below requirement:

"In addition to maintaining a GPA of at least 3.30 in the political science major, applicants must have completed POLS 3300 (Research Methods) with at least a B course grade and must have completed at least two upper-division political science courses with As."

The above requirement ensures that students are well-prepared for graduate level coursework in our MA program that is specific to political science content.
