

# Timely Warnings – Crime Alerts

In order to keep the UTEP community informed about serious crimes and security issues, Timely Warnings may be issued in the form of a Crime Alert. Crime Alerts are issued on a case by case basis in a manner that will provide notification to the campus community about certain reportable criminal incidents that occur on or very near the campus. The institution must also believe the criminal incident poses a continuing threat to the community and the alert will aid in the prevention of similar crimes in the future. In the event that a situation arises, either on or off campus, that in the judgment of the Chief of Police, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the UTEP e-mail system to students, faculty, and staff. Depending on the particular circumstances of the crime, especially in situations that could pose an immediate threat to the community and individuals, the University Police Department may also post a notice on the campus wide electronic bulletin boards and will work with University Communications in providing the university community with more immediate notification. For media inquiries please contact Victor Arreola, Public Information Officer, and (915) 747-6437.

***Timely Warning***  
***March 24, 2020***

On Tuesday, March 24, two male employees of The University of Texas at El Paso tested positive for COVID-19. The employees traveled to an out-of-town event and returned to El Paso on Thursday, March 12.

Both employees are in self isolation and recovering at home.

Campus officials and support services are in contact by phone with the employees on a daily basis.

One of the employees had limited access into the Foster Stevens Basketball Center and the Larry K. Durham Sports Center on March 13. Both facilities have been isolated and have been cleaned regularly with disinfectant.

The following are recommendations to stay safe:

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose and mouth.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash immediately after use.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Follow CDC's recommendations for using a facemask.
- For the latest updates on the University's response to the COVID-19 outbreak, please visit [www.utep.edu/coronavirus](http://www.utep.edu/coronavirus).
