INTRODUCTION

1.1 Description of University

The University of Texas at El Paso's (the “**University’s**”) fundamental mission is to provide quality higher education to the citizens of El Paso, Texas, West Texas, and Northern Mexico. The University is located in one of the largest bi-national communities in the world. As an academic institution of the University of Texas System, the University is mandated to be an institution of the first class for the education of all qualified individuals who seek admission. The University’s faculty and administration are committed to the transmission of knowledge through the instruction of students, the advancement of knowledge through research and publication, and the application of knowledge through service.

More information regarding University is available on the Internet at www.utep.edu.

The University provides high-quality programs of study leading to bachelors, masters and doctoral degrees to a diverse population. The University is becoming increasingly known for the quality of faculty research and is committed to augmenting support for their efforts. With more than \$83 million in annual research spending, UTEP is dedicated to becoming the first national research university serving a 21st century student demographic. In the area of service, the University offers diverse programs for young people; continuing education; extensive programs in art, music and drama; lectures, and numerous other services. The University was also ranked 7th among the best universities in the nation in 2012 by Washington Monthly magazine. The University has an enrollment of approximately 23,922 students in 81 degree-granting programs at the undergraduate level, 74 master's degree programs, and 22 doctoral programs. There are approximately 3,600 people employed by the University. The majority of the students commute to campus, with less than 1.5 percent of students residing in dormitories. The University is comprised of 75 buildings on a 360-acre campus. Most of the campus is contiguous. Off-campus locations are the College of Health Sciences, Graduate Business Center and the Office for Institutional Advancement. All sites are located approximately one and one-half miles from the main campus, near Downtown El Paso. There is the possibility that other facilities that are physically separate from the main campus will exist in the future.

1.2 Background and Special Circumstances

Proposers may review frequently asked questions (FAQs) and the Solicitation Manual at the Miner Mall Sourcing Manager Internet address, www.sourcingmanager.utep.edu.

University will make available certain sites on the University’s Campus for the installation and operation of beverage vending machines. A map of the Campus is attached to this RFP as **Appendix Four**. There are currently about one hundred and one (101) beverage vending machines located at the sites identified in **Appendix Six** of this RFP. Vending machine locations may not be changed without prior written authorization from University. University currently has agreements with Sodexo for Food Services and Follett for Bookstore operations.

1.3 Objective of Request for Proposal

The University is soliciting proposals in response to this Request for Proposal for Selection of a Vendor to Provide Beverage Vending Machine Services and Supply Beverages for Dining and Concessions with Certain Exclusive Pouring and Sponsorship Rights, RFP No.724-1805-JBT (this “**RFP**”), from qualified and experienced vendors to provide beverage vending and fountain machines and the necessary beverage services (collectively, “**Services**”) with certain exclusive pouring rights and sponsorship opportunities.

The Services, which are more specifically described in **Section 5.3** (Scope of Work) of this RFP, include (1) installation, operation and maintenance of beverage vending machines and related equipment at specified locations on Campus, and (2) provision of beverages, dispensing equipment and related supplies for dining and concession operations on Campus operated by University and third party concessionaires (“**University Concessionaires**”). In exchange for monetary and non-monetary consideration, the Contractor (if any) (Ref. **Section 2.3**) selected by University in accordance with the requirements and specifications set forth in this RFP, will be granted certain exclusive rights to have Contractor’s products be the only beverages sold, served, or offered for sale on the Campus by University and/or any of University’s Concessionaires, except as otherwise provided by the Agreement.

The Office of Procurement, on behalf of the University desires to obtain written proposals from companies who wish to obtain Exclusive Soft Drink Pouring Rights and Vending Rights for certain related Sponsorship Opportunities for the University campus facilities for the contract period specified herein. In general and in addition to other needs specified herein, Proposer is requested to submit a Proposal as described in this Request for Proposal (RFP). In return for the specified Exclusive soft drink pouring rights and certain Related Sponsorship Opportunities offered to the Proposer, the Proposer shall provide the University equipment, services, fees and pricing guarantees. Pursuant to the terms of the contract and subject to the exclusions, no competitive products or related items including, but not limited to premium items, shall be made available, sampled, advertised and /or promoted at University (subject to exclusions). The University's general goal is to improve beverage service and increase net revenues by maximizing the availability of product, offering marketing and sales opportunities, and developing strategies that benefit the University and the beverage provider. It is anticipated that an exclusive, seven-year agreement for beverages will provide additional revenue to support the Institution. Ultimately, we will create a relationship based upon a shared understanding of these mutual benefits emphasizing active and open communication, and most effectively applying the resources and expertise of each party. Each Proposer may also include in their Proposal any other items, such as programs, innovations, or resources that it believes would benefit the University. The University shall only consider Proposals from financially responsible firms presently engaged in the business of manufacturing, distributing or selling, or licensing the right to manufacture, distribute or sell Soft Drink Beverages available on a nationwide basis and providing support services in conjunction therewith. Information submitted by each proposer will determine which Proposal will best serve the University. Failure of successful Proposer to accept any items of its Proposal as part of the Contract may result in cancellation of the award."

The services solicited in this RFP will exclude photo vending services, personal hygiene product vending services, and snack vending.

1.4 Type of Agreement

The Contractor will be required to enter into an agreement with University as further described in **Section 4**, and in a form substantially similar to the *Beverage Vending and Pouring Rights Agreement* (the "**Beverage Vending and Pouring Rights Agreement**") attached to this RFP as **Schedule 1** of Appendix **Two** and incorporated for all purposes.

As part of this RFP, the Contractor and University will enter in to an agreement for sponsorship rights at specified facilities on Campus, in addition to the Beverage Vending and Pouring Rights Agreement, Contractor will also be required to enter into a separate agreement with University as further described in **Section 4**, and in a form substantially similar to the *Sponsorship Rights Agreement* (the "**Sponsorship Rights Agreement**") attached to this RFP as **Schedule 2** of Appendix **Two** and incorporated for all purposes.

The Beverage Vending and Pouring Rights Agreement and the Sponsorship Rights Agreement are sometimes collectively referred to as the "**Agreement**."

1.5 Term of Agreement

University is soliciting formal proposals from qualified Proposers to enter into the Beverage Vending and Pouring Rights Agreement with a seven (7) year initial term. University will have the option to extend the initial term of the Beverage Vending and Pouring Rights Agreement for one Three (3) year term.

The Sponsorship Rights Agreement and the Beverage Vending and Pouring Rights Agreement will expire on the same date with the same option to extend

1.6 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by [§61.003, Education Code](#)) to use the group purchasing procurement method (ref. §§[51.9335](#), [73.115](#), and [74.008](#), *Education Code*). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System (**UT System**), which is comprised of fourteen institutions described at <http://www.utsystem.edu/institutions>. UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of

other institutions in the purchase contemplated by this RFP. Any purchases made by other institutions based on this RFP will be the sole responsibility of those institutions.

The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any Work, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this **Section 2.5** will constitute a material failure to comply with advertised specifications and will be rejected by University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any Work will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of Work by the Proposer is subject to review by University to ensure compliance with the HUB program.

SECTION 1

GENERAL INFORMATION

1.1 Purpose

University is soliciting competitive sealed proposals from Proposers having suitable qualifications and experience providing services in accordance with the terms, conditions and requirements set forth in this RFP. This RFP provides sufficient information for interested parties to prepare and submit proposals for consideration by University.

By submitting a proposal, Proposer certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of services to be performed, the detailed requirements of services to be provided, and the conditions under which services are to be performed. Proposer also certifies that it understands that all costs relating to preparing a response to this RFP will be the sole responsibility of the Proposer.

PROPOSER IS CAUTIONED TO READ THE INFORMATION CONTAINED IN THIS RFP CAREFULLY AND TO SUBMIT A COMPLETE RESPONSE TO ALL REQUIREMENTS AND QUESTIONS AS DIRECTED.

1.2 Inquiries and Interpretations

University may in its sole discretion respond in writing to written inquiries concerning this RFP and mail its response as an Addendum to all parties recorded by University as having received a copy of this RFP. Only University's responses that are made by formal written Addenda will be binding on University. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by University prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. **Section 4 of APPENDIX ONE**). The Addenda Checklist must be received by University prior to the Submittal Deadline and should accompany the Proposer's proposal.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone and facsimile (**FAX**) numbers, and email address, to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to that party.

Proposers are also required to acknowledge the Addenda documents in Sourcing Manager located at <https://adminapps.utep.edu/sourcing/>.

1.3 Public Information

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the *Texas Public Information Act* (ref. [Chapter 552, Government Code](#)). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under §§[552.101](#), [552.104](#), [552.110](#), [552.113](#), and [552.131](#), *Government Code*.

1.4 Type of Agreement

Contractor, if any, will be required to enter into a contract with University in a form substantially similar to the Agreement between University and Contractor attached to this RFP as **APPENDIX TWO**, and otherwise acceptable to University in all respects (**Agreement or Sample Agreement**).

1.5 Proposal Evaluation Process

University will select Contractor by using the competitive sealed proposal process described in this Section. Any proposals that are not submitted by the Submittal Deadline or that are not accompanied by required number of completed and signed originals of the HSP will be rejected by University as non-responsive due to material failure to comply with this RFP (ref. **Section 2.5.4**). Upon completion of the initial review and evaluation of proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

University may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of Contractor on the basis of negotiation with any of the Proposers. In conducting negotiations, University will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

University may discuss and negotiate all elements of proposals submitted by Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University may defer further action on proposals not included within the competitive range pending the selection of Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interest of University.

After the Submittal Deadline but before final selection of Contractor, University may permit Proposer to revise its proposal in order to obtain the Proposer's best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Proposer is hereby notified that University will maintain in its files concerning this RFP a written record of the basis upon which a selection, if any, is made by University.

1.6 Proposer's Acceptance of RFP Terms

Proposer (1) accepts [a] Proposal Evaluation Process (ref. **Section 1.5 of APPENDIX ONE**), [b] Criteria for Selection (ref. **Section 2.3**), [c] Specifications and Additional Questions (ref. **Section 5**), [d] terms and conditions of the Agreement (ref. **APPENDIX TWO**), and [e] all other requirements and specifications set forth in this RFP; and (2) acknowledges that some subjective judgments must be made by University during this RFP process.

Emphasis should be on completeness, clarity of content, and responsiveness to the requirements and specifications of this RFP.
- 1.8.6 University makes no warranty or guarantee that an award will be made as a result of this RFP. University reserves the right to accept or reject any or all proposals, waive any formalities, procedural requirements, or minor technical inconsistencies, and delete any requirement or specification from this RFP or the Agreement when deemed to be in University's best interest. University reserves the right to seek clarification from any Proposer concerning any item contained in its proposal prior to final selection. Such clarification may be provided by telephone conference or personal meeting with or writing to University, at University's sole discretion. Representations made by Proposer within its proposal will be binding on Proposer.
