SECTION 1

INTRODUCTION

1.1 Description of University

Founded in 1914, The University of Texas at El Paso ("UTEP" or "University") is a vibrant top tier public research university of more than 25,000 students enrolled in 170 undergraduate and graduate degree programs. Set against the backdrop of the Franklin Mountains in the Chihuahuan Desert, UTEP is located at the heart of the U.S.-Mexico border in one of the largest binational communities in the world. UTEP maintains one of the lowest out-of-pocket costs of any doctoral research university in the U.S., underscoring its commitment to make education accessible to all. Rigorous program and research opportunities help prepare students to make significant contributions to their professions, their communities and the world. UTEP is designated as an R1 university (top tier doctoral university with very high research activity), one of only 130 in the country.

1.2 Background and Special Circumstances

The University seeks a highly qualified Consultant or team of highly qualified Consultants with sufficient qualifications, experience, and expertise to provide consulting services to help El Paso manufacturers develop AS9100D Series Aviation, Space and Defense Quality Management Programs, receive certification of this quality management standard and maintain compliance with this standard.

Working with the El Paso Chamber and UTEP’s W.M. Keck Center for 3D Innovation, the Aerospace Center has identified local manufacturers who have the potential to compete in aerospace and defense markets. We have visited 30 of these companies and have identified the lack of AS9100D quality certification as one barrier to participation in this market. The companies that we serve range in size with most of them employing no more than 20 people and a handful employing up to 100 people. A few have ISO 9001 certification or have deployed quality certification standards specific to customers that they work with. Others have no certified quality management standard in place.

Based on the responses to this RFP, the University will award this project in two phases to a single consultant or multiple consultants based on price, expertise, qualifications, and experience working with small companies on developing AS9100D Series Aviation, Space and Defense Quality Management Programs.

1.4 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by §61.003, Education Code) to use the group purchasing procurement method (ref. §§51.9335, 73.115, and 74.008, Education Code). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System (UT System), which is comprised of fourteen institutions described at http://www.utsystem.edu/institutions. UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP. Any purchases made by other institutions based on this RFP will be the sole responsibility of those institutions.

The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any Work will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. 5.4.1.5 A written plan based on the assessments of the best and most affordable and timely approach to achieving AS9100D certification for participating manufacturers and an estimate of the time required by the consultant to assist the manufacturer.

4.10 Contractor represents and warrants that: (i) Work will be performed solely by Contractor, its full-time or part-time employees during the course of their employment, or independent contractors who have assigned in writing all right, title and interest in their work to Contractor (for the benefit of University); (ii) University will receive free, good and clear title to all Work Material developed under this Agreement; (iii) Work Material and the intellectual property rights protecting Work Material are free and clear of all encumbrances, including security interests, licenses, liens, charges and other restrictions; (iv) Work Material will not infringe upon or violate any patent, copyright, trade secret, trademark, service mark or other property right of any former employer, independent contractor, client or other third party; and (v) the use, reproduction, distribution, or modification of Work Material will not violate the rights of any third parties in Work Material, including trade secret, publicity, privacy, copyright, trademark, service mark and patent rights.

4.11 If this Agreement requires Contractor’s presence on University's premises or in University's facilities, Contractor agrees to cause its employees, representatives, agents, or subcontractors to become aware of, fully informed about, and in full compliance with all applicable University Rules, including those relative to personal health, security, environmental quality, safety, fire prevention, noise, smoking, and access restrictions.

5. The Contract Amount.

5.1 So long as Contractor has provided University with its current and accurate Federal Tax Identification Number in writing, University will pay Contractor for the performance of Work in accordance with Exhibit C, Payment for Services.

5.2 The Contract Amount includes all applicable federal, state or local sales or use taxes payable as a result of the execution or performance of this Agreement.

5.3 University (a State agency) is exempt from Texas Sales & Use Tax on Work in accordance with §151.309, Texas Tax Code and 34 Texas Administrative Code (TAC) §3.322. Pursuant to 34 TAC §§3.322(c)(4) and

6. **Payment Terms.**

6.1 At least ten (10) days before the end of each month during the Term, Contractor will submit to University an invoice covering Work performed for University to that date, in compliance with Exhibit C, Payment for Services. Each invoice will be accompanied by documentation that University may reasonably request to support the invoice amount. University will, within twenty-one (21) days from the date it receives an invoice and supporting documentation, approve or disapprove the amount reflected in the invoice. If University approves the amount or any portion of the amount, University will promptly pay (each a **Progress Payment**) to Contractor the amount approved so long as Contractor is not in default under this Agreement. If University disapproves any invoice amount, University will give Contractor specific reasons for its disapproval in writing.

6.2 Within ten (10) days after final completion and acceptance of Work by University or as soon thereafter as possible, Contractor will submit a final invoice (Final Invoice) setting forth all amounts due and remaining unpaid to Contractor. Upon approval of the Final Invoice by University, University will pay (Final Payment) to Contractor the amount due under the Final Invoice.

6.3 Notwithstanding any provision of this Agreement to the contrary, University will not be obligated to make any payment (whether a Progress Payment or Final Payment) to Contractor if Contractor is in default under this Agreement.

6.4 The cumulative amount of all Progress Payments and the Final Payment (defined below) will not exceed the Contract Amount in Exhibit C, Payment for Services.

6.5 No payment made by University will (a) be construed to be final acceptance or approval of that part of the Work to which the payment relates, or (b) relieve Contractor of any of its duties or obligations under this Agreement.

6.6 The acceptance of Final Payment by Contractor will constitute a waiver of all claims by Contractor except those previously made in writing and identified by Contractor as unsettled at the time of the Final Invoice for payment.

6.7 University will have the right to verify the details in Contractor's invoices and supporting documentation, either before or after payment, by (a) inspecting the books and records of Contractor at mutually convenient times; (b) examining any reports with respect to the Project; and (c) other reasonable action.

6.8 **Section 51.012, Texas Education Code**, authorizes University to make payments through electronic funds transfer methods. Prior to the first payment, University will confirm Contractor's banking information. Changes to Contractor's bank information must be communicated to University in accordance with Section 12.14 in writing at least thirty (30) days before the effective date of the change and must include an IRS Form W-9 signed by an authorized representative of Contractor.

7.2 Contractor grants and assigns to University all rights and claims of whatever nature and whether now or hereafter arising in and to Work Material and will cooperate fully with University in any steps University may take to obtain or enforce patent, copyright, trademark or like protections with respect to Work Material.
7.3 Contractor will deliver all Work Material to University upon expiration or termination of this Agreement. University will have the right to use Work Material for the completion of Work or otherwise. University may, at all times, retain the originals of Work Material. Work Material will not be used by any person other than University on other projects unless expressly authorized by University in writing.

7.4 Work Material will not be used or published by Contractor or any other party unless expressly authorized by University in writing. Contractor will treat all Work Material as confidential.

7.5 All title and interest in Work Material will vest in University and will be deemed to be work made for hire and made in the course of Work rendered under this Agreement. To the extent that title to any Work Material may not, by operation of law, vest in University or Work Material may not be considered works made for hire, Contractor irrevocably assigns, conveys and transfers to University and its successors, licensees and assigns, all rights, title and interest worldwide in and to Work Material and all proprietary rights therein, including all copyrights, trademarks, service marks, patents, trade secrets, moral rights, all contract and licensing rights and all claims and causes of action with respect to any of the foregoing, whether now known or hereafter to become known. In the event Contractor has any rights in Work Material which cannot be assigned, Contractor agrees to waive enforcement worldwide of the rights against University, its successors, licensees, assigns, distributors and customers or, if necessary, to exclusively license the rights, worldwide to University with the right to sublicense. These rights are assignable by University.

8. **Default and Termination**

8.1 In the event of a material failure by a party to this Agreement to perform in accordance with its terms (default), the other party may terminate this Agreement upon fifteen (15) days’ written notice of termination setting forth the nature of the material failure; provided, that, the material failure is through no fault of the terminating party. The termination will not be effective if the material failure is fully cured prior to the end of the fifteen-day (15-day).

8.2 University may, without cause, terminate this Agreement at any time upon giving seven (7) days’ advance written notice to Contractor. Upon termination pursuant to this Section, Contractor will be entitled to payment of an amount that will compensate Contractor for Work satisfactorily performed from the time of the last payment date to the termination date in accordance with this Agreement; provided, that, Contractor has delivered all Work Material to University. Notwithstanding any provision in this Agreement to the contrary, University will not be required to pay or reimburse Contractor for any services performed or for expenses incurred by Contractor after the date of the termination notice, that could have been avoided or mitigated by Contractor.

8.3 Termination under Sections 8.1 or 8.2 will not relieve Contractor from liability for any default or breach under this Agreement or any other act or omission of Contractor.

8.4 If Contractor fails to cure any default within fifteen (15) days after receiving written notice of the default, University will be entitled (but will not be obligated) to cure the default and will have the right to offset against all amounts due to Contractor under this Agreement, any and all reasonable expenses incurred in connection with University’s curative actions.

8.5 In the event that this Agreement is terminated, then within thirty (30) days after termination, Contractor will reimburse University for all fees paid by University to Contractor that were (a) not earned by Contractor prior to termination, or (b) for goods or services that University did not receive from Contractor prior to termination.
9. **Indemnification**

9.1 To the fullest extent permitted by applicable laws, Contractor will and does hereby agree to indemnify, protect, defend with counsel approved by University, and hold harmless University and, The University of Texas System, and respective affiliated enterprises, regents, officers, directors, attorneys, employees, representatives and agents (collectively, Indemnities) from and against all damages, losses, liens, causes of action, suits, judgments, expenses, and other claims of any nature, kind, or description, including reasonable attorneys’ fees incurred in investigating, defending or settling any of the foregoing (collectively, Claims) by any person or entity, arising out of, caused by, or resulting from Contractor’s performance under or breach of this Agreement and that are caused in whole or in part by any negligent act, negligent omission or willful misconduct of Contractor, anyone directly employed by Contractor or anyone for whose acts Contractor may be liable. The provisions of this Section will not be construed to eliminate or reduce any other indemnification or right which any indemnitee has by law or equity. All parties will be entitled to be represented by counsel at their own expense.

9.2 In addition, Contractor will and does hereby agree to indemnify, protect, defend with counsel approved by University, and hold harmless Indemnities from and against all claims arising from infringement or alleged infringement of any patent, copyright, trademark or other proprietary interest arising by or out of the performance of services or the provision of goods by Contractor, or the use by Indemnities, at the direction of Contractor, of any article or material; provided, that, upon becoming aware of a suit or threat of suit for infringement, University will promptly notify Contractor and Contractor will be given the opportunity to negotiate a settlement. In the event of litigation, University agrees to reasonably cooperate with Contractor. All parties will be entitled to be represented by counsel at their own expense.

10. **Relationship of the Parties.**

Among other things, Contractor is required to: (1) have all employees complete and sign the I-9 Form certifying that they are eligible for employment; (2) examine verification documents required by the I-9 Form to be presented by the employee and ensure the documents appear to be genuine and related to the individual; (3) record information about the documents on the I-9 Form, and complete the certification portion of the I-9 Form; and (4) retain the I-9 Form as required by Applicable Laws. It is illegal to discriminate against any individual (other than a citizen of another country who is not authorized to work in the United States) in hiring, discharging, or recruiting because of that individual's national origin or citizenship status. If Contractor employs unauthorized workers during performance of this Agreement in violation of the Immigration Act then, in addition to other remedies or penalties prescribed by Applicable Laws, University may terminate this Agreement in accordance with Section 8. Contractor represents and warrants that it is in compliance with and agrees that it will remain in compliance with the provisions of the Immigration Act.

12.21 Limitations. The Parties are aware there are constitutional and statutory limitations (Limitations) on the authority of University (a State Agency) to enter into certain terms and conditions that may be part of this Agreement, including terms and conditions relating to liens on University's property; disclaimers and limitations of warranties; disclaimers and limitations of liability for damages; waivers, disclaimers and limitations of legal rights, remedies, requirements and processes; limitations of periods to bring legal action; granting control of litigation or settlement to another party; liability for acts or omissions of third parties; payment of attorneys' fees; dispute resolution; indemnities; and confidentiality, and terms and conditions related to Limitations will not be binding on University except to the extent authorized by the laws and Constitution of the State of Texas.

12.22 Ethics Matters; No Financial Interest. Contractor and its employees, agents, representatives and subcontractors have read and understand University's Conflicts of Interest Policy at https://www.utep.edu/compliance/conflicts-of-interest/index.html, University's Standards of Conduct Guide at https://www.utep.edu/compliance/, and applicable state ethics laws and rules at https://www.utsystem.edu/offices/systemwide-compliance/ethics. Neither Contractor nor its employees, agents, representatives or subcontractors will assist or cause University employees to violate University's Conflicts of Interest Policy, University's Standards of Conduct Guide, or applicable state ethics laws or rules. Contractor represents and warrants that no member of the Board has a direct or indirect financial interest in the transaction that is the subject of this Agreement.

12.24 Enforcement. Contractor agrees and acknowledges that University is entering into this Agreement in reliance on Contractor's special and unique knowledge and abilities with respect to performing Work. Contractor's services provide a peculiar value to University. University cannot be reasonably or adequately compensated in damages for the loss of Contractor's services. Accordingly, Contractor acknowledges and agrees that a breach by Contractor of the provisions of this Agreement will cause University irreparable injury and damage. Contractor, therefore, expressly agrees that University will be entitled to injunctive and/or other equitable relief in any court of competent jurisdiction to prevent or otherwise restrain a breach of this Agreement.

12.25 Access by Individuals with Disabilities. Contractor represents and warrants (EIR Accessibility Warranty) the electronic and information resources and all associated information, documentation, and support Contractor provides to University under this Agreement (EIRs) comply with applicable requirements in 1 TAC Chapter 213 and 1 TAC §206.70 (ref. Subchapter M, Chapter 2054, Texas Government Code). To the extent Contractor becomes aware the EIRs, or any portion thereof, do not comply with the EIR Accessibility Warranty, then Contractor represents and warrants it will, at no cost to University, either (1) perform all necessary remediation to make the EIRs satisfy the EIR Accessibility Warranty or (2) replace the EIRs with new EIRs that satisfy the EIR Accessibility Warranty. If Contractor fails or is unable to do so, University may terminate this Agreement and, within thirty (30) days after termination, Contractor will refund to University all amounts University paid under this Agreement. Contractor will provide all assistance and cooperation necessary for performance and documentation of accessibility testing, planning, and execution
criteria conducted by University or University’s third party testing resources, as required by 1 TAC §213.38(g).

12.26 Historically Underutilized Business Subcontracting Plan. Contractor agrees to use good faith efforts to subcontract Work in accordance with the Historically Underutilized Business Subcontracting Plan (HSP) (ref. Exhibit E). Contractor agrees to maintain business records documenting its compliance with the HSP and to submit a monthly compliance report to University in the format required by the Statewide Procurement and Statewide Support Services Division of the Texas Comptroller of Public Accounts or successor entity (collectively, SPSS). Submission of compliance reports will be required as a condition for payment under this Agreement. If University determines that Contractor has failed to subcontract as set out in the HSP, University will notify Contractor of any deficiencies and give Contractor an opportunity to submit documentation and explain why the failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. If University determines that Contractor failed to implement the HSP in good faith, University, in addition to any other remedies, may report nonperformance to the SPSS in accordance with 34 TAC §§20.285(g)(5), 20.585 and 20.586. University may also revoke this Agreement for breach and make a claim against Contractor.

12.26.1 Changes to the HSP. If at any time during the Term, Contractor desires to change the HSP, before the proposed changes become effective (a) Contractor must comply with 34 TAC §20.285; (b) the changes must be reviewed and approved by University; and (c) if University approves changes to the HSP, this Agreement must be amended in accordance with Section 12.6 to replace the HSP with the revised subcontracting plan.

12.26.2 Expansion of Work. If University expands the scope of Work through a change order or any other amendment, University will determine if the additional Work contains probable subcontracting opportunities not identified in the initial solicitation for Work. If University determines additional probable subcontracting opportunities exist, Contractor will submit an amended subcontracting plan covering those opportunities. The amended subcontracting plan must comply with the provisions of 34 TAC §20.285 before (a) this Agreement may be amended to include the additional Work; or (b) Contractor may perform the additional Work. If Contractor subcontracts any of the additional subcontracting opportunities identified by University without prior authorization and without complying with 34 TAC §20.285, Contractor will be deemed to be in breach of this Agreement under Section 8 and will be subject to any remedial actions provided by Applicable Laws, including Chapter 2161, Texas Government Code, and 34 TAC §20.285. University may report nonperformance under this Agreement to the SPSS in accordance with 34 TAC §§20.285(g)(5), 20.585 and 20.586.

12.27 Responsibility for Individuals Performing Work; Criminal Background Checks. Each individual who is assigned to perform any of Contractor’s duties and obligations under this Agreement will be an employee of Contractor or an employee of a subcontractor engaged by Contractor and previously approved by University in writing. Contractor is responsible for the performance of all individuals performing Work under this Agreement. Prior to commencing any Work on Campus, Contractor will at its expense (a) maintain throughout the term of this Agreement a list ("List") of all individuals who are or may be assigned to perform Work under this Agreement and provide a copy of the List to the University when created or updated, and (b) have appropriate criminal background screenings performed on each individual on the initial List as well as all updates to the List. Contractor will determine on a case-by-case basis whether each individual is qualified to provide Work. Contractor will not knowingly assign any individual to provide Work who has a history of criminal conduct unacceptable for a university campus, including violent or sexual offenses. Contractor will update the List each time there is a change in the individuals assigned to perform Work.

Prior to commencing performance of Work under this Agreement, Contractor will provide University a letter signed by an authorized representative of Contractor certifying compliance with this Section. Contractor will provide University an updated certification letter each time there is a change in the individuals on the List.

12.28 Certifications of Nonsegregated Facilities and Equal Employment Opportunities Compliance. Contractor certifies that, except for restrooms and wash rooms and one (1) or more lactation rooms each of which is segregated on the basis of sex: (1) it does not maintain or provide for its employees any segregated facilities at any of its establishments and that it does not permit its employees to perform their services at any location under its control where segregated facilities are maintained; (2) it will not maintain or provide for its employees any segregated facilities at any of its establishments; and (3) it will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. A breach of this certification is a violation of the Equal Opportunity clause. Segregated
facilities means any waiting rooms, work areas, rest rooms and wash rooms, entertainment areas, and transportation or housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin, because of habit, local custom, or otherwise. Contractor further agrees that, except where it has contracts prior to the award with subcontractors exceeding $10,000.00 which are not exempt from the provisions of the Equal Opportunity clause, Contractor will retain the certifications for each one of its subcontractors in Contractor's files, and that it will forward the following notice to all proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENTS FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES - A Certification on Nonsegregated Facilities must be submitted prior to the award of any subcontract exceeding $10,000.00 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e. quarterly, semiannually, or annually).

Contractor understands that the penalty for making false statements regarding the subject matters of this Section is prescribed in 18 USC §1001.

12.29 Debarment. Contractor confirms that neither Contractor nor its Principals are suspended, debarred, proposed for debarment, declared ineligible, or voluntarily excluded from the award of contracts from United States (U.S.) federal government procurement or nonprocurement programs, or are listed in the List of Parties Excluded from Federal Procurement or Nonprocurement Programs (http://www.sam.gov/) issued by the U.S. General Services Administration. “Principals” means officers, directors, owners, partners, and persons having primary management or supervisory responsibilities within a business entity (e.g. general manager, plant manager, head of a subsidiary, division or business segment, and similar positions). Contractor will provide immediate written notification to University if, at any time prior to award, Contractor learns that this certification was erroneous when submitted or has become erroneous by reason of changed circumstances. This certification is a material representation of fact upon which reliance will be placed when University executes this Agreement. If it is later determined that Contractor knowingly rendered an erroneous certification, in addition to the other remedies available to University, University may terminate this Agreement for default by Contractor.

12.30 Office of Inspector General Certification. Contractor acknowledges that University is prohibited by federal regulations from allowing any employee, representative, agent or subcontractor of Contractor to work on site at University’s premises or facilities if that individual is not eligible to work on federal healthcare programs including Medicare, Medicaid, or other similar federal programs. Therefore, Contractor will not assign any employee, representative, agent or subcontractor that appears on the List of Excluded Individuals issued by the United States Office of the Inspector General (OIG) to work on site at University’s premises or facilities. Contractor will perform an OIG sanctions check quarterly on each of its employees, representatives, agents, and subcontractors during the time the employees, representatives, agents, or subcontractors are assigned to work on site at University’s premises or facilities. Contractor acknowledges that University will require immediate removal of any employee, representative, agent, or subcontractor of Contractor assigned to work at University’s premises or facilities if the employee, representative, agent, or subcontractor is found to be on the OIG's List of Excluded Individuals. The OIG's List of Excluded Individuals may be accessed through the following Internet website: http://exclusions.oig.hhs.gov/

To the extent applicable to this Agreement, in accordance with §1861(v)(I)(i) of the Social Security Act (42 USC §1395x) as amended, and the provisions of 42 CFR §420.300 et seq, Contractor will allow, during and for a period of not less than four (4) years after the expiration or termination of this Agreement, access to this Agreement and its books, documents, and records; and contracts between Contractor and its subcontractors or related organizations, including books, documents and records relating to same, by the Comptroller General of the United States, the U.S. Department of Health and Human Services and their duly authorized representatives.

12.32 Affirmative Action. Exhibit F, Affirmative Action Compliance Program, contains a written copy of Contractor's Civil Rights "Affirmative Action Compliance Program," or if Contractor is not required to have such a written program, the reason Contractor is not subject to such requirement.

12.33 OSHA Compliance. To the extent applicable to the services to be performed under this Agreement, Contractor represents and warrants, that all articles and services furnished under this Agreement meet or exceed the

Section 2054.0593 of the Texas Government Code (enacted by SB 475, 87th Texas Legislature, Regular Session (2021)) requires the Texas Department of Information Resources (DIR) to establish and implement a state risk and authorization management program to provide a standardized approach for security assessment, authorization, and continuous monitoring of cloud computing services that process the data of Texas state agencies. DIR by rule shall prescribe (1) the categories and characteristics of cloud computing services subject to the state risk and authorization management program and (2) the requirements for certification through the program of vendors that provide cloud computing services. DIR shall evaluate vendors to determine whether a vendor qualifies for a certification issued by DIR reflecting compliance with program requirements. If yes, describe how Information Resources provide for multiple security levels of access.

4. Do Information Resources provide the capability to limit user activity based on user affiliation, role, and/or organizational unit (i.e., who can create records, delete records, create and save reports, run reports only, etc.)? If yes, describe how Information Resources provide that capability. If no, describe what alternative functionality is provided to ensure that users have need-to-know based access to Information Resources.

5. Do Information Resources manage administrator access permissions at the virtual system level? If yes, describe how this is done.

6. Describe Proposer’s password policy including password strength, password generation procedures, password storage specifications, and frequency of password changes. If passwords are not used for authentication or if multi-factor authentication is used to Information Resources, describe what alternative or additional controls are used to manage user access.

Complete the following additional questions if Information Resources will be hosted by Proposer:

7. What administrative safeguards and best practices does Proposer have in place to vet Proposer’s and third-parties’ staff members that would have access to the environment hosting University Records to ensure need-to-know-based access?

8. What procedures and best practices does Proposer have in place to ensure that user credentials are updated and terminated as required by changes in role and employment status?

9. Describe Proposer’s password policy including password strength, password generation procedures, and frequency of password changes. If passwords are not used for authentication or if multi-factor authentication is used to Information Resources, describe what alternative or additional controls are used to manage user access.

Use of Data

Complete the following additional questions if Information Resources will be hosted by Proposer:

1. What administrative safeguards and best practices does Proposer have in place to vet Proposer’s and third-parties’ staff members that have access to the environment hosting all systems that would hold or process University Records, or from which University Records may be accessed, to ensure that University Records will not be accessed or used in an unauthorized manner?

2. What safeguards does Proposer have in place to segregate University Records from system data and other customer data and/or as applicable, to separate specific University data, such as HIPAA and FERPA protected data, from University Records that are not subject to such protection, to prevent accidental and unauthorized access to University Records?

3. What safeguards does Proposer have in place to prevent the unauthorized use, reuse, distribution, transmission, manipulation, copying, modification, access, or disclosure of University Records?

4. What procedures and safeguards does Proposer have in place for sanitizing and disposing of University Records according to prescribed retention schedules or following the conclusion of a project or termination of a contract to render University Records unrecoverable and prevent accidental and unauthorized access to University Records? Describe the degree to which sanitizing and disposal processes addresses University data that may be contained within backup systems. If University data contained in backup systems is not fully sanitized, describe processes in place that would prevent subsequent restoration of backed-up University data.

Data Transmission

1. Do Information Resources encrypt all University Records in transit and at rest? If yes, describe how Information Resources provide that security. If no, what alternative methods are used to safeguard University Records in transit and at rest?

Complete the following additional questions if Information Resources will be hosted by Proposer:

2. How does data flow between University and Information Resources? If connecting via a private circuit, describe what security features are incorporated into the private circuit. If connecting via a public network (e.g., the Internet), describe the way Proposer will safeguard University Records.
3. Do Information Resources secure data transmission between University and Proposer? If yes, describe how Proposer provides that security. If no, what alternative safeguards are used to protect University Records in transit?

**Notification of Security Incidents**

*Complete the following additional questions if Information Resources will be hosted by Proposer:*

1. Describe Proposer’s procedures to isolate or disable all systems that interact with Information Resources in the event a security breach is identified, including any systems that would hold or process University Records, or from which University Records may be accessed.

2. What procedures, methodology, and timetables does Proposer have in place to detect information security breaches and notify University and other customers? Include Proposer’s definition of security breach.

3. Describe the procedures and methodology Proposer has in place to detect information security breaches, including unauthorized access by Proposer’s and subcontractor’s own employees and agents and provide required notifications in a manner that meets the requirements of the state breach notification law.

**Compliance with Applicable Legal & Regulatory Requirements**

*Complete the following additional questions if Information Resources will be hosted by Proposer:*

1. Describe the procedures and methodology Proposer has in place to retain, preserve, backup, delete, and search data in a manner that meets the requirements of state and federal electronic discovery rules, including how and in what format University Records are kept and what tools are available to University to access University Records.

2. Describe the safeguards Proposer has in place to ensure that systems (including any systems that would hold or process University Records, or from which University Records may be accessed) that interact with Information Resources reside within the United States of America. If no such controls, describe Proposer’s processes for ensuring that data is protected in compliance with all applicable US federal and state requirements, including export control.

3. List and describe any regulatory or legal actions taken against Proposer for security or privacy violations or security breaches or incidents, including the final outcome.
