

University of Texas at El Paso (UTEP)
PATHWAYS to Geoscience Virtual Summer Camp 2021 Application

Not sure about college and which path or direction to take? Do you enjoy the outdoors, computers, the laboratory environment, mathematics, chemistry, biology, world travel, and/or are just curious about the Earth, planets, and the environment? All of these areas of interests encompass the Geosciences. Geoscientists seek a greater understanding of Earth, protect the planet, predict/assess geological disasters, and find water, minerals, and energy resources. As a geoscientist, you can make a huge impact on the world around you!!

The ***PATHWAYS to Geoscience Virtual Summer Camp*** at UTEP will introduce you to the geosciences and prepare you for your college experience. This is a great opportunity to get paid to learn everything the Department of Earth, Environmental and Resource Sciences has to offer, while interacting for a week with other high school students and current UTEP students and faculty.

DATES: Camp 1: June 21st - June 25th, 2021 (M-F 8:30AM-1:00 PM)

Camp 2: June 28th - July 2nd, 2021 (M-F 8:30AM-1:00 PM)

Application Deadline: May 30th, 2021
