

Finding lecture videos on your Webassign homepage:

1. Scroll down and you will see resources on the bottom left on your homepage

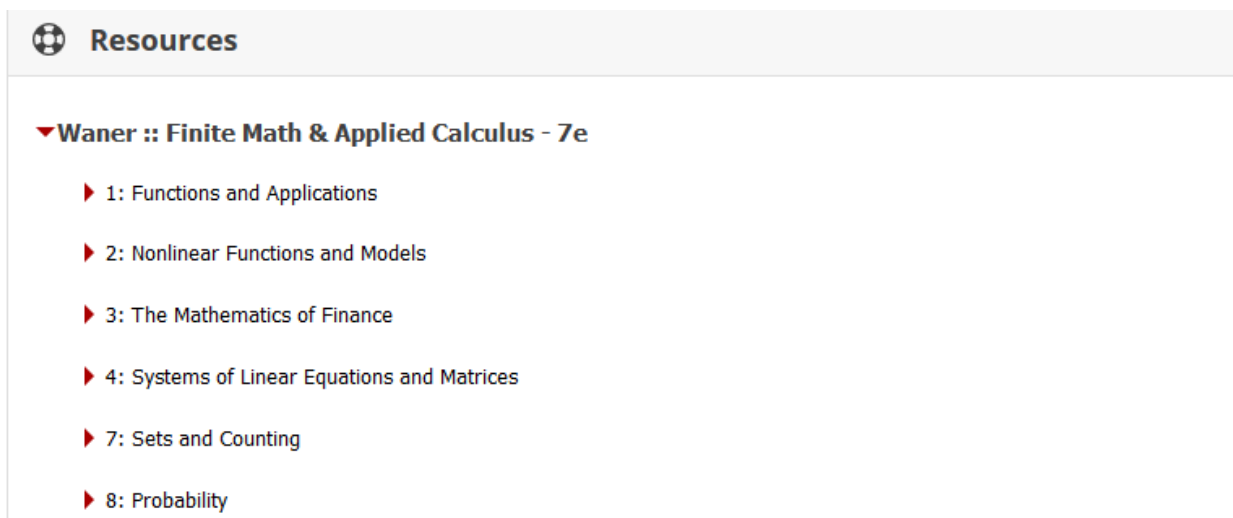

The screenshot shows a Webassign homepage with several sections. At the top, there are two assignment entries: "WC AppCalc Homework 8.5" and "Math 1320 Quiz 12 (8.3, 8.4, 8.5)", both dated "Wed, Apr 29, 2020, 11:59 PM MDT". Below these are buttons for "Current Assignments (15)" and "Past Assignments (18)". The "Grades" section shows "My Total : 0". The "Personal Study Plan -- Waner :: Finite Math & Applied Calculus - 7e" is visible. The "Resources" section is highlighted with a large orange arrow pointing upwards. To the right, the "About this Class" section provides details for "Math for the Social Sciences 1", including meeting times, start/end dates, and a link to "Finite Mathematics and Applied Calculus - 7e" by Waner and Costenoble, accompanied by a book cover image.

2. Click on **resources**, you will see Waner- Finite Math &Applied Calculus- 7e:

The screenshot shows the "Resources" section of the Webassign homepage. The "Resources" header is visible. Below it, the link "▶ Waner :: Finite Math & Applied Calculus - 7e" is highlighted with a large orange arrow pointing to the right.

3. Click on **Waner- Finite Math &Applied Calculus- 7e** and you will see:

The screenshot shows the "Resources" section for "Waner :: Finite Math & Applied Calculus - 7e". The resources are listed as follows:

- ▶ 1: Functions and Applications
- ▶ 2: Nonlinear Functions and Models
- ▶ 3: The Mathematics of Finance
- ▶ 4: Systems of Linear Equations and Matrices
- ▶ 7: Sets and Counting
- ▶ 8: Probability

4. Click on the **red triangle** next to any of the chapters and you will see the lecture videos for each section:

Resources

▼ Waner :: Finite Math & Applied Calculus - 7e

▼ 1: Functions and Applications

 [Lecture Videos Section 1.1: Functions from the Numerical, Algebraic, and Graphical Viewpoints](#)

 [Lecture Videos Section 1.2: Functions and Models](#)

 [Lecture Videos Section 1.3: Linear Functions and Models](#)

5. Click on any of the **sections** and then click on the **topic** and then click **play** and you will see the video:

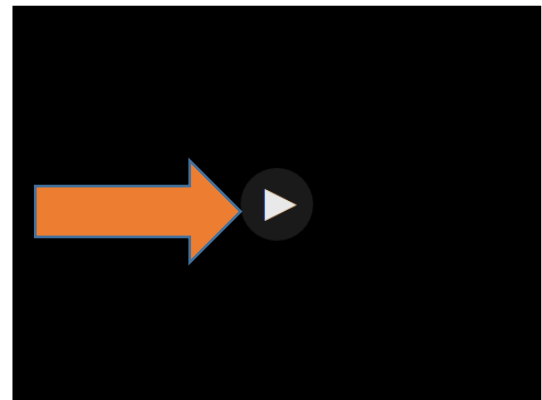

Finite Mathematics and Applied Calculus, 6e
Wane | Costenoble
