TEXAS PRIVATE HIGH SCHOOL CERTIFICATION

TEXAS Grant
Admission to a Texas Public University
Top 10 Percent Scholarship

UPDATED 11-26-09 EFFECTIVE 2009
Certification of Completion of Courses Equivalent to the Recommended High School Program
for students who entered Grade 9 BEFORE the 2007-2008 School Year

BACKGROUND INFORMATION

The Texas Legislature established new requirements for student eligibility for admission to any Texas public university under the Uniform Admissions Policy (Texas Education Code §§51.803-51.809). House Bill 3826 (80th Legislature) requires that all students complete at least the Recommended High School Program (RHSP) in order to be eligible for consideration for admission to a public university. However, a student of a Texas private high school may qualify for admission to a Texas public university having completed a portion of the RHSP or Distinguished Achievement Program (also known as the Advanced High School Program) equivalent in content or rigor or by meeting other qualifications. These changes became effective on September 1, 2009.

In 2009, the Texas Legislature made additional curriculum changes to the RHSP which impact eligibility requirements for students entering the ninth grade in the 2007-2008 school year or later. As a result, two different forms are available for use in certifying a student's eligibility. This particular form, TPHSC Form-2, should be used **ONLY FOR STUDENTS WHO ENTERED GRADE 9 IN THE 2007- 2008 SCHOOL YEAR OR LATER. TPHSC FORM-1 SHOULD BE USED FOR STUDENTS WHO ENTERED GRADE 9 BEFORE THE 2007-2008 SCHOOL YEAR.**

ELIGIBILITY FOR ADMISSION TO ANY TEXAS PUBLIC UNIVERSITY

A student scheduled to graduate from a Texas private high school may be considered for admission to a Texas public university if the student has completed the Recommended High School Program, or its equivalent, the Distinguished Achievement Program (also known as the Advanced High School Program), or its equivalent, or has achieved college readiness scores on the ACT or SAT entrance exams. Students of Texas private high schools who have completed only a portion of the Recommended or Distinguished Achievement Program because the courses are not available to the student may still be eligible for admission to a Texas public university.

ELIGIBILITY FOR TEXAS GRANT PROGRAM

A student scheduled to graduate from a Texas private high school may qualify for the TEXAS grant program only if the student completes the Recommended or Distinguished Achievement Program, or its equivalent.

ELIGIBILITY FOR THE TOP 10 PERCENT SCHOLARSHIP PROGRAM

A student scheduled to graduate from a Texas private high school may be considered for a Top 10 Percent Scholarship if the student has completed the Recommended High School Program, or its equivalent, the Distinguished Achievement Program (also known as the Advanced High School Program), or its equivalent. Students of Texas private high schools who have completed only a portion of the Recommended or Distinguished Achievement Program because the courses are not available to the student may still be eligible for the Top 10 Percent Scholarship.

COMPLETION AND SUBMISSION INSTRUCTIONS FOR TPHSC FORM-2

Please complete the right-hand column of the program and course table, indicating that the above named student has completed the equivalent of the required courses at your institution and complete the appropriate certification statement. Please note that final decisions about admissions, the TEXAS Grant, or the Top 10 Percent Scholarship are solely the responsibility of the university to which the student is applying.

For eligibility determination for the **TEXAS Grant**, the private high school should submit the completed certification to the admissions office and the financial aid office of the public institution to which the student is seeking admission by the institution's financial aid deadline.

IMPORTANT NOTICE: The financial aid office of a Texas public university will not consider a student eligible for a TEXAS Grant without this completed certification.

For consideration for admission to any Texas public university, the private high school should attach the completed certification to the student's high school transcript or diploma and submit to the admissions office of the public university to which the student seeks admission by the institution's admissions deadline.

IMPORTANT NOTICE: The admissions office of a Texas public university will not consider a student eligible for admission without this completed certification.

For consideration for the Top 10 Percent Scholarship, the private high school should submit the completed certification to the admissions office and the financial aid office of the public institution to which the student is seeking admission by the institution's financial aid deadline.

IMPORTANT NOTICE: The financial aid office of a Texas public university will not consider a student eligible for a Top 10 Percent Scholarship without this completed certification.

Important notes:

- Courses marked as “AP” are Advanced Placement courses; those marked “IB” are International Baccalaureate courses.
- * For students who select Mathematical Models with Applications, Algebra II is their fourth or final course. The student may not take Mathematical Models with Applications after taking Algebra II. The intent of the rule is that all students should have a rigorous math course in their senior year; however, students may continue to take mathematics courses at the middle school and receive high school credit.
- ** Integrated Physics and Chemistry (IPC) may be taken until SY 2012-2013. When IPC is phased out, all students will select:
 - o one credit from Biology, AP Biology, or IB Biology;
 - o one credit from Chemistry, IB Chemistry, or AP Chemistry;
 - o one credit from Physics, AP Physics, or IB Physics, or Principles of Technology I; and
 - o a fourth credit from the courses listed in 19 Texas 112 as approved for science credit.
- *** Foundation of Physical fitness is no longer required under the Recommended High School Program; however, it is still a requirement under the Distinguished Achievement Program.
- **** Communication Application is still required; however, it may be counted toward the 6 required elective credits as well in order to prevent the student from having to complete more than 26 credits
