HOME OF THE MINERS

2023 VIEWBOOK

The top and bottom of the "Mining Minds" sculpture are perforated with holes. These holes are actually binary code – a series of ones and zeros – which read, "Believe in yourself and in your dreams. Believe in UTEP and its aspirations. Share the dream!" The sculpture is illuminated in the evenings, and on special occasions, it is lit up in orange and blue.

PICK YOUR FUTURE

THE UNIVERSITY OF TEXAS AT EL PASO

THE UNIVERSITY OF TEXAS AT EL PASO

HERE'S WHERE WE TELL YOU WHY
UTEP SHOULD BE YOUR FIRST CHOICE.

EXCELLENT ACADEMICS

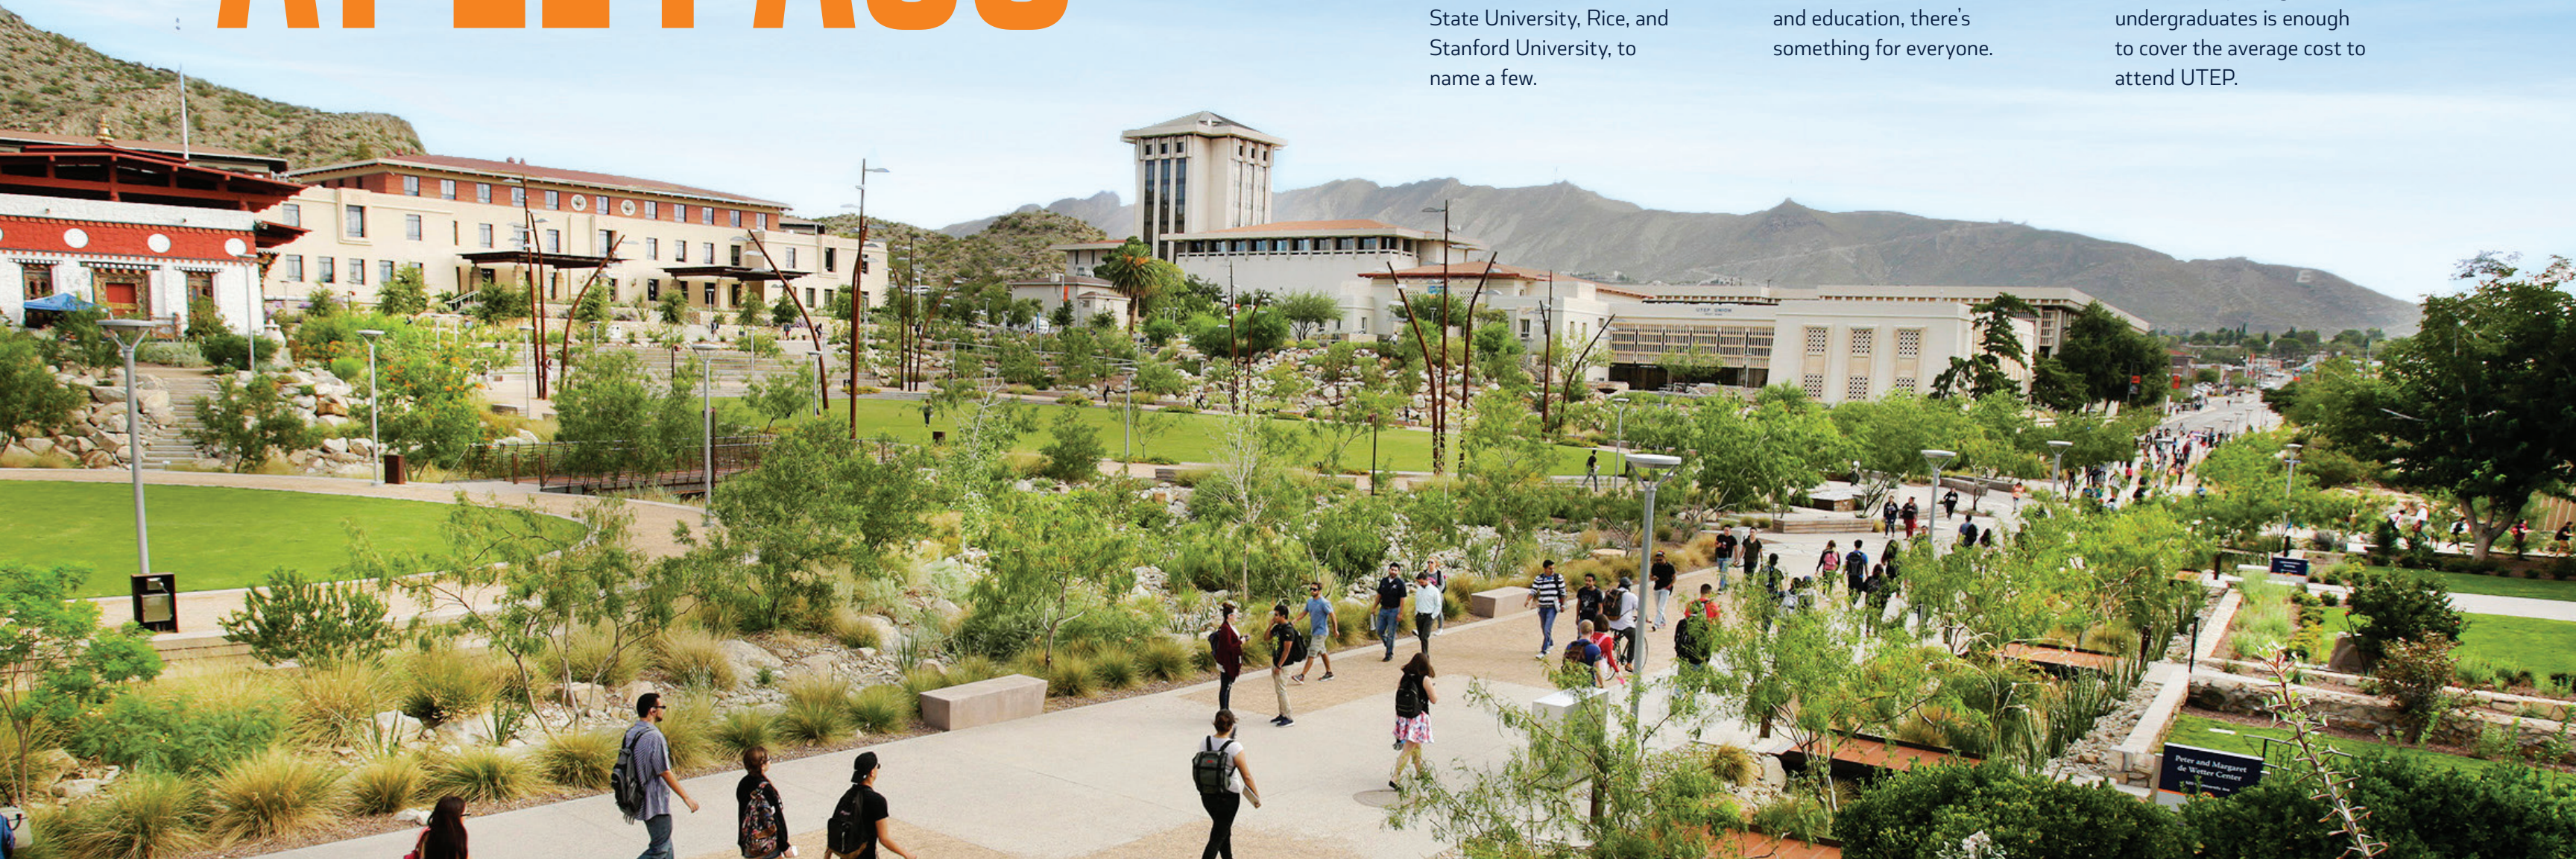

If you're looking for a nationally recognized university, look no further. We are among the top 4% of universities in the nation for research, alongside MIT, University of Texas at Austin, Arizona State University, Rice, and Stanford University, to name a few.

160+ DEGREE PROGRAMS

UTEP offers competitive degree programs taught by some of the brightest minds in academia. From aerospace and aeronautical engineering, criminal justice and nursing to forensic science, finance and education, there's something for everyone.

AFFORDABLE EDUCATION

We're one of the most affordable top-level research universities in the country! Nearly seven out of 10 students receive some form of grants and scholarships. In fact, the average financial aid package for undergraduates is enough to cover the average cost to attend UTEP.

EXPERIENCE WORLD-CLASS ACADEMICS

A place for discovery

As a top national public research university, we are shaping the next generation of scientists, artists, innovators and entrepreneurs. Whether you're interested in aerospace engineering, Latin American street art, 3D printing, or creating masterpieces in music, UTEP is the place to discover and collaborate.

Students can engage in research as early as their first year! As a Miner, you'll interact with expert faculty, immerse yourself in new challenges, and engage in experiential learning opportunities and undergraduate research. No matter what you study, you will have the resources, support and academic experience to prepare you for the next step in your life.

A TOP UNIVERSITY THAT'S ACTUALLY AFFORDABLE

Talent deserves opportunity. This past year, UTEP students received more than \$275 million in grants and scholarships!

EXPLORE GRANTS
AND SCHOLARSHIPS

WE'VE GOT YOU COVERED!

UTEP works hard every day to make sure college stays affordable for students and families. Thirty-six percent of undergraduates had their tuition and mandatory fees fully paid for in 2022!

Academic scholarships

Each year, UTEP students receive more than \$2 million in scholarships. Whether you're eligible for a UTEP academic scholarship or one of thousands offered by employers, private companies and organizations, UTEP's Office of Scholarships is available to assist you with the scholarship search and application process.

Paydirt Promise Program

If your family's adjusted gross income is \$75,000 or less, you may be eligible to attend UTEP tuition free! The Paydirt Promise Program¹ covers tuition and mandatory fees for eligible Texas residents and is open to first-time freshmen, returning students, and transfer students.

PHARMACY

Students interested in pursuing admission to the Doctor of Pharmacy (Pharm.D.) degree program at UTEP

Interested in attending medical school?

The Medical Professions Institute (MPI), Early Medical School Selection Program (EMSSP), and the Joint Admission Medical Program (JAMP) assist students considering careers in health-related occupations to prepare their path to success. From hands-on experiences and clinical practice, to preparing and applying for medical school, UTEP provides the resources and support for any student interested in the medical field.

Interested in attending law school?

The Patricia and Paul Yetter Law School Preparation Institute (LSPI) is designed to help UTEP students understand the legal profession and gain entrance to law school. The award-winning prelaw center provides semester internships for undergraduate students and summer internships for current law school students.

Interested in teaching?

UTEP is approved by the State Board for Educator Certification to recommend students for teaching certification in various baccalaureate degree areas.

PICK THE PERFECT MAJOR

EXPLORE
MAJORS

BECOME AN EXPERT

Woody L. Hunt College of Business

The college is among fewer than 5% of business schools accredited by AACSB. Four corporate academies prepare students with real-world knowledge: Banking, Risk Management, Human Capital Management, and more.

College of Education

Students who take state teacher certification exams pass 99% of the time. School districts from across the nation recruit UTEP graduates, who play a crucial role in transforming lives and unleashing the potential of future generations.

College of Engineering

Firsthand research experience accompanies a solid academic foundation from the classroom. Students graduate ready for a lucrative engineering career. Expert faculty support seven academic departments and 15 state-of-the-art laboratories and research centers.

College of Health Sciences

There are 17 research centers, clinics, and laboratories allowing students to find answers across various fields: physical therapy, metabolism, rehabilitative care for speech and hearing, AIDS, and more.

College of Liberal Arts

Five centers and institutes make up the home of the social sciences, humanities, and visual and performing arts at UTEP, including the Center for Arts Entrepreneurship, the Center for Inter-American and Border Studies, the Center for Law and Human Behavior, the National Security Studies Institute, and the Law School Preparation Institute.

College of Nursing

UTEP students pass the National Council Licensure Examination (NCLEX) for registered nurses at a rate of 96% compared to the national average of 86%.

School of Pharmacy

Prepare to serve diverse patients as a community pharmacist. UTEP's pharmacy program teaches Spanish proficiency and cultural sensitivity for future pharmacists to serve the U.S.-Mexico border region and beyond.

College of Science

The college has degree paths for in-demand fields, including forensic science, bioinformatics, environmental science, and resource sciences. The Medical Professions Institute boasts a 90% medical school acceptance rate for those with competitive GPA and MCAT scores and 55% overall, beating both Texas and national averages.

RESEARCH WITH REAL WORLD IMPACT

The Aerospace Center

Explore new technologies and challenges in space, aeronautics, defense and energy. Learn to use digital tools and skills to transform the way engineers design, build and test.

Center for Simulation

Train in "real life" scenarios that prepare you to be better, faster and safer as a caregiver. The Center for Simulation has nine simulation laboratories. With a 56-bed facility, it is one of the largest university-based simulation centers in the region.

W.M. Keck Center for 3D Innovation

Transform the way products are designed and manufactured with 3-D printing technology. Learn distributed and additive manufacturing.

Center for Arts Entrepreneurship

Collaborate with some of the most acclaimed musicians and creative professionals in the industry. Create a standout digital portfolio, grow your audience, and perform live.

DISCOVER A DESERT OASIS

Bhutan on the Border

Our campus sits in the foothills of the Franklin Mountains, overlooking the Rio Grande in the Chihuahuan Desert. Our Bhutanese-inspired architecture evokes the spirit of the Himalayan kingdom of Bhutan and creates one of the most beautiful academic settings in the Southwest.

Find something happening at Centennial Plaza or scope out a secret spot to study or relax in the Chihuahuan Desert Gardens. Across campus, students find time to study, lounge, bask in the sun, and gather and share under the big, blue West Texas sky.

FIND YOUR PLACE

250+ Student Organizations

No matter what you believe or how you identify, we're confident you'll find your place at UTEP. You are included and welcomed on campus.

From career-focused clubs to life-changing trips for thrill-seekers, there's no shortage of ways to get involved on campus. With over 1,000 events and activities happening each year, you'll have the opportunity to make lifelong friends, do what you love and explore new interests on campus.

Can't find what you're looking for? No worries. You can even create your own club!

SHAPE YOUR EXPERIENCES

Real Adventures

At UTEP, you'll be encouraged to explore by crossing disciplines, communities, and possibly the globe — allowing you to pursue your interests wherever they take you. You get to decide whether your journey abroad takes you to one continent or several, for a few weeks or a full academic year.

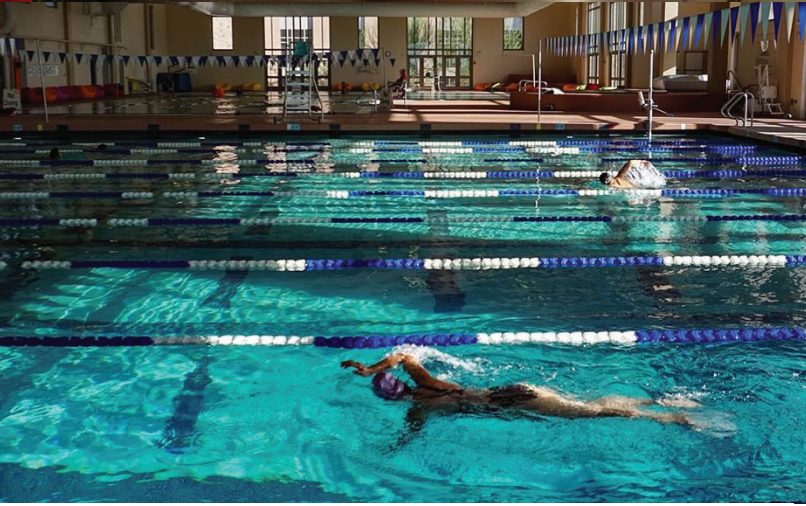

ENTER CAREER READY

Major companies seek out UTEP grads

When you start at UTEP, you can follow your dreams all the way to medical school, graduate school, and beyond. Because you can engage with material in tangible ways, your college experience at UTEP will earn you more than a diploma. You'll graduate with a competitive edge.

Miners are top picks for recruiters from Fortune 500 companies such as IBM, Lockheed Martin, JP Morgan Chase, Google, and national research partners and institutions such as NASA, the National Science Foundation, and the Department of Energy.

HOME AWAY FROM HOME

Love where you live and learn

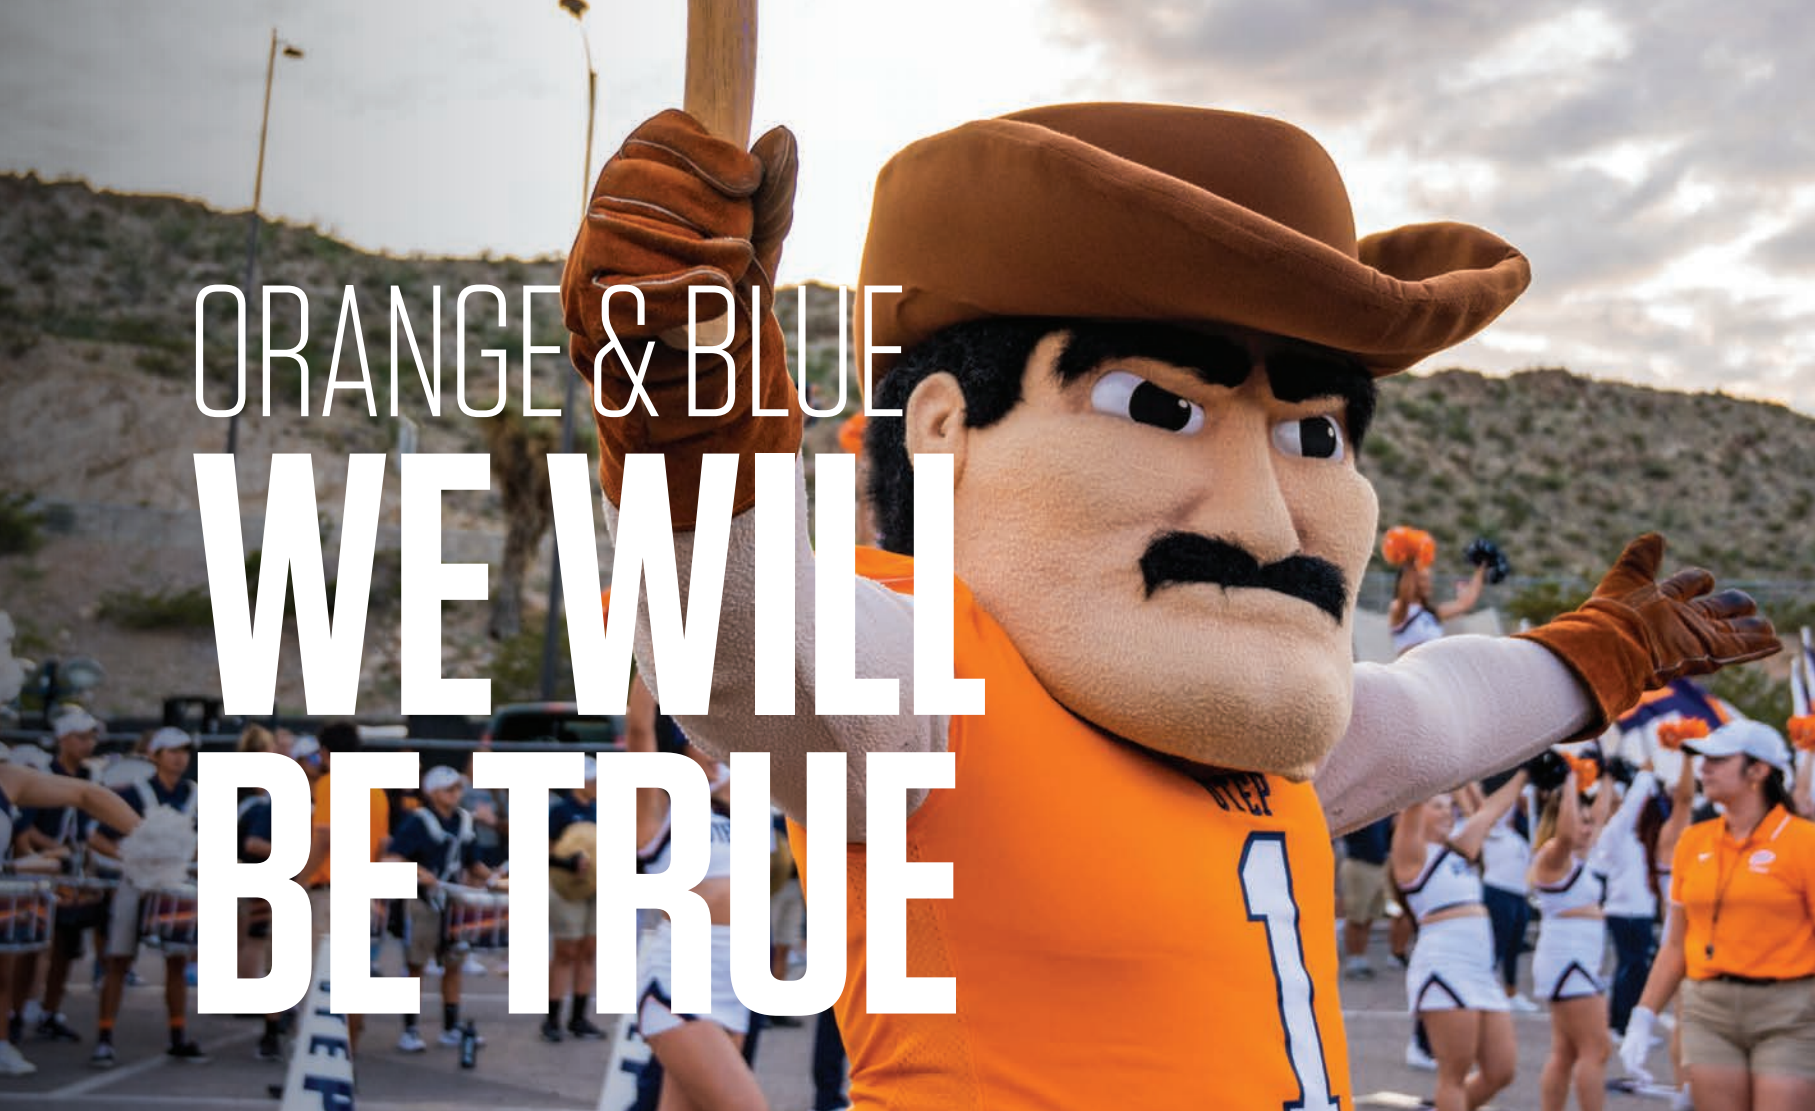

UTEP's campus is large enough to be exciting, yet somehow small enough that you can feel at home. From our apartment-style residence halls and state-of-the-art student recreation center, to dining options and wide open spaces, you'll have the freedom to schedule the day to fit your needs.

Miners have easy access to on-campus resources such as healthcare, counselors and tutors. Plus, we're committed to making sure everyone feels safe, respected and included.

Whether you're inside a classroom or outside exploring, our campus is an exciting place to learn — and an easy place to love.

ORANGE & BLUE WE WILL BETRUE

Traditions that excite and inspire

Every UTEP student is a true Miner at heart. UTEP began over 100 years ago as the School of Mines and Metallurgy. We raise our picks in honor of the history dug into these mountains.

Miners cheer for Division I athletic teams in the Don Haskins Center and the historic Sun Bowl Stadium. We unite for Commencement, celebrate Homecoming and roll up our sleeves to paint the M on the mountain.

LARGE U.S. CITY²

Where we are has a lot to say about who we are

Located along the U.S.-Mexico border, El Paso is one of the largest bilingual and bicultural communities in the Western Hemisphere. The 23rd largest city and second-largest city in the Southwest, El Paso is diverse, inclusive and friendly.

From mountain trails and sunshine to can't-miss culinary and day trips, there's always something new to discover. Whether you're chowing down on some of the best authentic Mexican food or dancing the night away at a downtown music festival, you'll find that El Paso is the place to be.

BECOME A MINER

From across the nation and around the world, students are starting their higher education journeys in the heart of West Texas. They're creating a new future where discoveries happen daily, connections are currency, and a college degree is just the beginning.

Will you accept the challenge of pushing yourself to achieve your maximum potential?
