

DRESS FOR SUCCESS

FOR THE INTERVIEW

WOMEN

The Look: You want the interviewer to remember what you said, not what you wore. We recommend simple makeup and natural or subtle colored nail polish. Cover up tattoos and noticeable body piercings. Wear little or no perfume and jewelry.

Blouse: Wear a nice blouse that compliments your suit. Avoid low cut or see through fabrics.

Revealing clothes could distract or offend.

Suit: Wear colors such as gray, blue, black, subtle patterns, etc. Two-piece suit with either a knee-length skirt or slacks.

Avoid jeans, short skirts, dirty, baggy or torn clothes.

Accessories: Bring a portfolio to carry your résumé to avoid folding it. Be sure to silence your phone and watch to avoid distracting yourself.

Do not wear headphones, earbuds, sunglasses, or excessive jewelry. Avoid anything flashy or noisy.

Shoes: Wear comfortable, closed-toe dress shoes like low heels or flats.

You want to look and feel comfortable, and ready to have a tour of facilities.
